

EVENING HERALD

Published daily, except Sunday by
HERALD PUBLISHING COMPANY.
Publication office and mechanical department,
North Market Street.

The Herald is delivered in Shenandoah and
surrounding towns for Six Cents
a week, payable to the carriers. By mail, Three
Dollars a year or Twenty-five cents per month,
in advance.

Advertisements charged according to space
and position. The publishers reserve the right
to change the position of advertisements when-
ever the publication of news requires it. The
right is also reserved to reject any advertise-
ment, whether paid for or not, that the pub-
lishers may deem improper. Advertising rates
made known upon application.

Entered at the post office at Shenandoah, Pa.
as second class mail matter
THE EVENING HERALD,
Shenandoah, Penna.

Evening Herald.

TUESDAY, FEBRUARY 19, 1895.

THE sober truth about bond-selling
under present circumstances is that it
means the buying of gold.

THE sign of the three golden balls will
make a good emblem for the Democratic
party in the next campaign.

THE United States is borrowing more
money to pay peace expenses than Japan
and China combined are to carry on their
war.

THE new bonds are to run thirty years,
which is to say that they will mature long
before another Democratic President is
elected.

THE new Congress may not solve the
financial problem, but it will deliver the
country from the danger of Democratic
imbecility and dishonesty in that respect.

THE markets of the world are wide open
to us under the Gorman Tariff, but still
our exports are not showing any wonder-
ful gains, neither is there an extraordi-
nary demand from foreign countries for
American products and manufactures. The
tendency of values is to cheapness, and
if we had buyers here from England,
France, Germany, Russia, Italy, Australia,
India, China and Japan competing
with one another to buy our goods there
would surely be some stiffening to the
backbone of trade.

THERE is not a great deal of inventive
genius in the South, but whatever there
is being largely devoted these days to the
realization of a cotton picker that will
pick. The machine patented by a New
England man seems to be capable of
development into a practical picker, but
the fact that it comes from New England,
the hot-bed of abolition, has prejudiced
the people of the South against it. They
prefer to fish a few ideas from the New
England invention and have a machine
of their own. But while a perfect cotton
picker would be a good thing for the
South, it is not what the South most
wants in connection with cotton. It
needs to cultivate a sentiment antagonistic
to a five cent cotton party such as
that which has a grasp on things in
Washington to-day. The political party
that will keep the Treasury flush without
crying bonds for sale will do more for the
cotton industry than anything else.

THERE ought not to be, and assuredly
is in the minds of intelligent men, on either
side of the ocean, there is not an idea that
the blunders of the government will leave
it permanently without adequate revenue.
Its resources are incalculable. Its people
have decided by an overwhelming
majority against the policy which leaves the
Treasury helpless and bankrupt, and in
favor of the policy which for more than
thirty years has met every strain and
every emergency. It is the judgment of
competent financiers, in this country and
in Europe also, that in due time the
people of the United States will have
their wishes obeyed, and will raise enough
revenue to meet all their obligations,
whether wisely or unwisely incurred. It
is in this belief that the international
bankers have undertaken to place bonds
of the United States, and they are only
manifesting their abiding faith in the
good sense of the American people. The
debt of the nation, at its worst, is insignif-
icant in comparison with its enormous
resources. With such prosperity as the
country has enjoyed, and ought to regain
under wise laws, the net addition to the
nation's wealth should be more than
\$1,300,000,000 in a year, or \$100,000,000 in
a single month. It is not a desperate state
of things, if the people are forced to
borrow in a year as much as their in-
crease of wealth should be in a month.
If their present condition of business
were permanent and if there were reason
to expect that it would last long enough
to dry up the fountains of public pros-
perity, the case would be very different.
But the votes last November give most
conclusive reason for believing that no
such lasting paralysis of prosperity can
occur.

SILVER IN THE SENATE.

The Bill for Unrestricted Coinage Forced to the Front.

A TEST OF ENDURANCE PROBABLE.

Senator Jones Declares That There Must
Be a Vote on the Measure Before Other
Business Is Transacted—The House In-
creases Mexican Veterans' Pensions.

WASHINGTON, Feb. 19.—By a bold par-
liamentary move the silver men of the
senate, under the leadership of Senator
Jones, of Arkansas, forced aside all other
pending business, including appropriation
bills, and by a vote of 30 to 27 made the
bill for the unrestricted coinage of silver
the unfinished business before the senate.
Having succeeded in this, Mr. Jones
gave notice that the silver bill would be
kept before the senate until a final vote
was secured before adjournment today.
From the strength shown by the silver
men on the votes yesterday there seems
little doubt of Mr. Jones' ability to secure
the vote unless obstructive tactics and a
test of physical endurance is inaugurated,
which is regarded as likely.

The move of the silver men came as the
climax of an exciting day in the senate.
For two hours at the opening of the ses-
sion there was a renewal of the attack
and defense, the charge and countercharge,
concerning the course of the president
and the secretary of the treasury in negoti-
ating the recent bond contract with foreign
bankers. The two notable speeches of the
day were made by Mr. Gray, of Delaware,
whose relations with the administration
and such that his utterances in defense of
the president and secretary were regarded
as reflecting the attitude of the executive
branch, and by Mr. Sherman, of Ohio,
whose financial views are always received
with marked attention.

Mr. Gray placed the responsibility for
the bond contract on congress, asserting
that the president had fully warned con-
gress of the inevitable result if the present
financial laws were not revised. The sen-
ator declared that the drain of gold had
become so tremendous that the sub-treasury
at New York might not hold out another
twenty-four hours. In this crisis the pres-
ident had acted, and acted quickly, in order
to maintain the parity of the metals and
thus uphold the honor of the country. Mr.
Gray asserted that the people of the
country would not forget that the Ameri-
can congress had deserted the president in
the hour of trial.

Mr. Sherman's criticisms of the bond
contract were none the less severe because
of the calm and dispassionate manner in
which he set forth what he termed "its
hard and impolitic" features and the "ex-
cessive" rate of interest allowed on thirty-
year bonds. Mr. Sherman declared that
no bonds should be issued except to be
taken by the people of the United States,
and he asserted the abundant ability of
Americans to furnish all the gold neces-
sary. The Ohio senator did not, however,
question the president's position in favor
of gold payments, but presented the facts
of all bond issues since 1860, showing that
the government had always received gold
for its bonds and was bound by common
honesty to pay in gold.

The agricultural appropriation bill was
finally passed.

The attention of the treasury officials
was called to the statement made by Sen-
ator Gray to the effect that just prior to
the signing of the last bond contract the
secretary of the treasury had notified
him not to continue longer than the next
day to pay gold on demand for legal tend-
ers. This statement, it was said, was sub-
stantially correct. On Wednesday evening
of Jan. 30 Mr. Jordan in a telephone
message to the department said that he
could hold out until the following Satur-
day; but that the next day might decide
the situation.

The first indications of general with-
drawals of gold for the purpose of hoard-
ing in this country the treasury officials
say were noticed on Jan. 17 last. With-
drawals increased rapidly, until on the
25th of that month they amounted to
\$7,156,046. On Jan. 28 the first message of
the president on the urgency of the situa-
tion was presented to congress, and on
that day over \$4,000,000 were withdrawn.
On the day following the withdrawals
amounted to over \$8,000,000, and on the
30th to nearly \$4,000,000. The announce-
ment that negotiations for another loan
were in progress was made on the 1st of
February, and on the following day the
withdrawals had decreased to \$67,000. On
the 4th it was reported that a hitch in
the proceedings had occurred, and the with-
drawals on that day more than doubled.
From early in the year, it is said, every
effort has been made to gather gold coin
and collect it in New York and Boston,
the two principal points of withdrawals
for shipment, and on the 2d of February
every dollar that could be withdrawn with
safety from other points had been shipped
to these points.

Yesterday, under the rules, was suspen-
sion day in the house. Four bills were
in this manner considered—to promote the
efficiency of the revenue cutter service;
to equalize the pensions of Mexican veterans
by making them all \$12 per month, under
the general law; to equalize the duties
and pay of steamboat inspection service;
and to authorize the Altamonte Water
company to construct dams across the St.
Louis and Cloquet rivers. The first and
last bills failed to secure the necessary
two-thirds. The bill to equalize the pay
of Mexican veterans will benefit about 17-
000 pensioners, increasing their pensions
an aggregate of \$1,000,000. A bill was
passed to grant to the state of Alabama
for public use the Mount Vernon military
reservation. The last hour was devoted to
a discussion of a point of order raised by
Mr. Hayner against an item in the naval
appropriation bill.

Serious Fire in a Hospital.
MINNEAPOLIS, Feb. 19.—Fire broke out
in Asbury hospital, a Methodist institu-
tion. There were about thirty patients in
the hospital at the time, and all were
safely removed to St. Barnabas hospital,
just across the street. The force of laun-
dresses and nurses on the top floor were
rescued with difficulty. The flames were
extinguished before the building had been
seriously damaged. Serious results for
some of the patients are feared.

Another Overdue Steamer Safe.
NEW YORK, Feb. 19.—The long overdue
steamship City of St. Augustine, Captain
Gaskill, which sailed from Jacksonville
on Feb. 2 with a cargo of about 375,000 feet
of pine lumber, of this port, and for the
safety of which anxiety has been expressed
in shipping circles, is safe. A dispatch just
received in this city says she has put into
Bernuda, having run short of coal.

AT FOOT OF MT. OSSIPEE.

A Winter Item From a Sum- mer Resort.

The News Comes From Frozen-in Centre Harbor.

On the Shores of Ice-bound Lake Win-
nipegaukee.

The lake which the aboriginal Indians
designated "The Smile of the Great
Spirit," and which the poet Whittier has
immortalized in song, now presents to the
immortal lovers of its summer beauty, a
form and dreary waste of ice and snow,
over which the biting winter winds from
the bleak mountain tops hold high car-
nival.

It is a wonderful transformation from
the summer lake known to tourists, and,
as may well be believed, the chill and
nipping air is prolific of those foes to
mankind, kidney troubles, neuralgia and
rheumatism. Naturally, therefore, a
great desideratum in this locality, as
well as elsewhere, is how to cure these
painful curses of the human race.

One of the old residents here, Simon
D. Glines, of Centre Harbor, N. H., a
man known all over this section of the
country, has solved the question to his
satisfaction, and his advice and counsel
have done no end of good to those who
live in frosty climates.

"It is with the greatest pleasure," he
says, "that I offer my testimony and
advice for the good of others. I had
been troubled with kidney disease for
many years. I was afflicted with la-
grippe which increased the kidney
trouble."

"I was then attacked with rheumatism
and suffered tortures. I tried many doc-
tors and many remedies. Everything
failed to effect a cure.

"I am now entirely cured of both kid-
ney trouble and rheumatism, and I want

DR. SIMON D. GLINES.

to tell the people that I owe my present
good state of health entirely to Dr.
Greene's Nervina blood and nerve
remedy. After so many years of suffer-
ing it has completely cured me, and I
would advise all afflicted as I was to give
this splendid medicine a trial. I will
freely answer all letters of inquiry.

That Dr. Greene's Nervina blood and
nerve remedy will cure rheumatism,
neuralgia and kidney complaints, is be-
yond question. It has been proved again
and again, and is always successful.
Prominent people, as well as those in the
humble walks of life, are continually
testifying to the remarkable value of this
medicine; to such an extent, indeed, that
physicians, druggists and the people
everywhere have come to recognize Dr.
Greene's Nervina blood and nerve remedy,
as an absolute specific for these diseases—
the remedy that can always be depended
upon to cure. The spring is the very best
time to cure these affections, and this
remedy should be taken now.

Wherever these diseases exist, this
grand medicine should be used at once.
It is purely vegetable and harmless, and
what gives it greater value and the
people greater confidence in it, is the fact
that it is the prescription and discovery
of a well-known physician, the successful
specialist in nervous and chronic diseases,
Dr. Greene, of 35 West 44th St., New
York City, who can be consulted free,
personally or by letter.

RUN DOWN BY A TRAIN.

Trolley Car Smashed to Bits and a Lady
Passenger Beheaded.

PITTSBURGH, Feb. 18.—A wreck occurred
last night at 10 o'clock at the Rankin cross-
ing between the eastern express on the
Baltimore and Ohio and a trolley car on
the Braddock and Rankin branch of the
Second Avenue Electric line which re-
sulted in the death of Miss Anna Cusack
and the severe injury of William Jones,
both passengers on the electric car. The
Baltimore and Ohio train was an hour
late and was coming along at a high rate
of speed just as the trolley car approached
the crossing.

When the motorman and conductor saw
that a collision was inevitable they told
the passengers to jump for their lives.
There were twelve passengers, all of whom
succeeded in getting off except Miss
Cusack. She sat still because she could
not understand English, and did not know
the danger she was in. She arrived in
New York on Saturday, and was on her
way to Rankin to join her father, whom
she had not seen since she was 4 years old.

The car was struck fairly in the corner,
and was reduced to kindling wood. Miss
Cusack's head was cut entirely off and her
body horribly mutilated. William Jones
had his arm crushed and head badly cut.
All the others were bruised or slightly out
by flying pieces of the wrecked car.

Midnight Blaze at Easton, Md.
EASTON, Md., Feb. 18.—A Saturday mid-
night fire burned the immense livery
stable on West street, the largest on the
peninsula, owned by William Hopps, of
Baltimore, and occupied by C. S. Dun-
ham. An adjoining building, owned by
John T. Rathel and Samuel Norris, and
occupied by Samuel Williams as a paint
shop, was also destroyed. Contiguous
property was in great peril, but snow on
the roofs of the houses and on the streets
saved the town from a great conflagration.

A SWINDLER CHECKED.

He Intended to Rob Kansas Banks by Means of bogus Drafts.

Emporia, Kan., Feb. 19.—A clever scheme to swindle Kansas bankers by bogus drafts was discovered here yester- day, and the would be forger arrested. He gives the name of Hartwell P. Heath, and claims to hail from Pasadena, Cal., while papers found on him indicate that he is Frank H. Truesdale, and that he was for- merly connected with the New York and San Francisco papers. He refuses to talk.

Some days ago the Citizens' bank here
received a letter from Pasadena, Cal., pur-
porting to be from the cashier of the First
National bank of that place, introducing
Hartwell P. Heath. Yesterday a man giv-
ing that name presented a draft from the
Pasadena bank for \$500 on the Nassau
bank, of New York. The cashier was sus-
picious and made investigation. It re-
sulted in showing that the signature of
the California cashier was a forgery, and
that each of the Emporia banks had re-
ceived similar letters.

The man was arrested and held until
word was received from California pro-
nouncing all the letters forgeries. On be-
half searched fraudulent drafts amounting
to several thousands of dollars were found
on his person. Letters, cards, newspaper
clipping and railroad passes also found in
his pockets indicate the prisoner's real
name is Frank H. Truesdale, and that he
was formerly managing editor of the Em-
piria (N. Y.) Telegram, and lately con-
nected with the San Francisco Chronicle.
He had a receipt for dues in the San Fran-
cisco Press club and a personal letter from
Editor M. H. DeYoung, of the San Fran-
cisco Chronicle.

Telegrams received from Wichita, Kan.,
state that letters of introduction similar
to that presented at the Citizens' bank
had been received by several of the banks
there.

To Test Kentucky's Sunday Labor Law.

LOUISVILLE, Feb. 19.—As a result of the
police work on Sunday the names of 2,500
violators of the Sunday observance law
were reported to Chief of Police Taylor
yesterday. The authorities held a confer-
ence and decided to make test cases in the
various lines of business, next Thursday
being the day set for the hearing of the
first batch. Prominent among those for
whom warrants will be issued are Man-
ager Smith of the Western Union Tele-
graph company, D. F. O'Sullivan, Sunday
Critic, Louisville Courier Journal com-
pany, Louisville Commercial, Manager
Gifford of the telephone company and
many others. Mr. O'Sullivan is also a
member of the board of police safety.

To Succeed Justice Abbott.

TRENTON, Feb. 19.—Governor Werts last
night sent to the senate the name of Wil-
liam S. Gummere, of Trenton, to succeed
the late Justice Abbott on the supreme
court bench, and the name of Abram C.
Smith, of Hunterdon county, to succeed
himself as one of the lay members of
the court of errors and appeals. Wil-
liam Stryker Gummere is a son-
in-law of Chief Justice Beasley and a
brother-in-law of United States District
Court Judge Edward T. Green. He is a
nephew of the late Governor Parker, with
whom he was once associated in law
practice in Newark. Mr. Gummere is 44
years old. In politics he is a Republican.
Judge Smith is a Democrat.

Bishop McQuaid Must Apologize.

WASHINGTON, Feb. 19.—Last week's Pro-
testant Journal of New York, gave out
editorially that Bishop McQuaid, of
Rochester, had been reprimanded by Leo
XIII for the attack made from the pulpit
of his cathedral on Archbishop Ireland.
Inquiry made from men who have correct
information of this case from Rome con-
firms this news. Bishop McQuaid has
received a severe reprimand and is expected
to make due apology for his grave breach
of ecclesiastical discipline. The right of
Archbishop Ireland to speak and act as he
did in New York just before the late elec-
tion is practically acknowledged.

Young Ellis Charged with Manslaughter.

STOUGHTON, Mass., Feb. 19.—Everett
Ellis, the young man who, it is alleged,
shot John I. Fleming, the Canton news-
boy last Saturday, was arraigned in the
police court here yesterday, charged with
manslaughter. Owing to the boy being
under age it was found that the state of
Massachusetts and the town would have
to be notified. Judge Marden postponed
the hearing until next Saturday,
and the boy was released on \$1,000 bail,
which was furnished by his uncle.

Fatal Wreck in West Virginia.

HUNTINGTON, W. Va., Feb. 19.—A serious
wreck occurred on the Norfolk and
Western railroad, seven miles west of this
city. Train No. 2, southbound, was run-
ning at a rate of thirty-five miles an hour
when the engine jumped the track, fol-
lowed by two coaches. John Adkins, of
Wayne county, was killed outright, an
unknown lady from Petoskey, Mich., was
struck on the head and probably fatally
injured.

Desperate Battle With Moonshiners.

LEXINGTON, Ky., Feb. 19.—Deputy
United States Marshal G. W. Drake, with
two assistants, arrested seven desperate
moonshiners on Outen creek, Knott
county, after a hard battle. Among them
was Isaac Sloan, one of the five men who
murdered United States Marshal Erasmus
Wierman at the same place six years ago.
The entire party passed through Lexing-
ton yesterday on route for trial at Louis-
ville.

Reduced Interest Rate in North Carolina.

RALPH, Feb. 19.—The house of repre-
sentatives passed the 6 per cent interest
bill by a vote of 70 to 17. It was fought,
however, with an energy and power seldom
seen in the North Carolina legislature.
The bitter fight was made up of obstruc-
tion tactics by Democratic representatives
who have agreed in caucus to obstruct all
legislation possible. The bill had been
passed by the senate, and is now a law.

Captain Doherty's Trial Postponed.

NEW YORK, Feb. 19.—The trial of ex-
Police Captain Doherty, charged with re-
ceiving bribes, was postponed by Justice
Ingram in the court of oyer and ter-
miner until Monday morning, Feb. 25,
on motion of ex-Secretary Tracy, counsel
for Doherty.

Big Coal Breaker Destroyed by Fire.

WILKESBARRE, Pa., Feb. 19.—The large
coal breaker known as the William H., at
Duryea, was entirely destroyed by fire last
night. The loss is \$45,000. Three hundred
men and boys are thrown out of work.

Rebels Surround Peru's Capital.

LIMA, Feb. 19.—The insurgents have sur-
rounded this city. The government troops
are engaged in throwing up earthworks
and barricades for the defense of the
capital.

IN FAVOR OF MUNYON.

What People Say About His New Ideas.

The Learned Professor Gives Facts That Convince the Most Skeptical.

Mr. Riblet, 156 Ninth avenue, New York
city, says: "I can heartily indorse Profes-
sor Munyon's new treatment for ear-
rath and throat troubles. Three months
ago I was suffering greatly with astarrhal
deafness, noises in the ears and dreadful
dizziness in the head. I also had chronic
sore throat. I visited some of the most
noted specialists in New York without
receiving the slightest benefit. I was
almost in despair when I began to use
Munyon's Catarrh Cure, but to my sur-
prise my hearing was greatly improved in
by less than two weeks' treatment, and
to-day I am satisfied that I am completely
cured."

Munyon's Rheumatism Cure is guaran-
teed to cure rheumatism in any part of
the body. Acute or muscular rheuma-
tism cured in from 1 to 5 days. It never
fails to cure sharp, shooting pains in the
arms, legs, sides, back or breast, or sore-
ness in any part of the body in from one
to three hours. It is guaranteed to
promptly cure lameness, stiff and swollen
joints, stiff back, and all pains in the
hips and loins. Chronic rheumatism,
sciatica, lumbago or pain in the back are
speedily cured.

Munyon's Homeopathic Home Remedy
Company, of Philadelphia, put up speci-
fics for nearly every disease, which are
sold by all druggists, mostly for 25 cents
a bottle.

AMUSEMENTS

FERGUSON'S THEATRE.

TUESDAY, FEBRUARY 19th.

A PERPETUAL MOTION.

Cosgrove & Grant's Comedians in
the Rollicking Musical Farce
Comedy.

THE DAZZLER

In its fifth year of its daily hour acting
three hours of COMEDY,
SONG, DANCE, by a well coun-
selled, pretty girl and graceful dancers.
Everything new this year.

DON'T FORGET THE FUNNY LITTLE MAN.

Three feet two inches high.

Prices, 25, 50 and 75 Cents.

Reserved seats at Kirlin's drug store.

SOL. HAAK,

Wholesale agent for
Feligson's Newark, N. J., Export

Lager and Saazer Pale Beer.

No finer made. Fine liquors and Cigars
120 South Main St.

Dr. Theel's 17 Arch St.

The Only Genuine Specific in Amer-
ica, Notwithstanding What
Others Advertise.

**NERVOUS DEBILITY
AND THE RESULTS OF INDISCRETION**
Special Diseases, Varicose Veins and
Strictures (No Cutting) Permanently
Cured in 4 to 10 Days.

BLOOD POISON—Primary or Secondary
cured by entirely new
harmless method, 4 years' European Hospital
and 12 practical experience, in Certificates and
Diplomas prove. Send five Cent stamps for
book "TRUTH," the only True Medical
book advertised. It is a true friend to all
sufferers and to those contemplating marriage.
The most stubborn and dangerous cases solved.
Write or call and be cured. Hours 10 to 12
6'v's, 6 to 8 for examination and treatment
chronic and dangerous cases. Call daily 9 to
1:30; Wed. and Sat. from 9 to 4'v's, 6 to
1:30; Sun. 9 to 12. Treatment by mail.

For an advertisement of any-
thing worth bringing to the
notice of the public. They
rarely waste time over other
papers. Do you see the point?

..The Moral..

Is that if you have any induc-
ment to hold out to the 17,000
residents and the throngs of
strangers constantly visiting
the largest town in Schuylkill
you should use the columns of
the HERALD.

Not only does it guarantee
the widest publicity, but its
rates are proportionately low.

Job...

Printing

The reputation of our job
department for neatness and
despatch is well known, as the
amount of work turned out
will attest.

We have just added to this
department all of the latest
and neatest faces of type, mak-
ing it one of the most complete
job offices in the county. If you
are in need of this class of
work leave your order with

HARTMAN STEEL PICKET FENCE

As the cheapest and best fence made. Cheaper
than a wooden fence for residence, lawn, cem-
etary lots or any kind of fencing. M. H. MANN
has the agency and carries it in stock at his
marble and granite works, 127 N. JARDIN ST.

Forecast for 1895

Fair trade winds, with increasing
velocity in all branches of busi-
ness, followed by frequent
showers of Dollars into the
coffers of the HERALD adver-
tisers.

For Shenandoah and Vicinity.

Do You Want
To be in the
Shower of Dollars

Everybody in Shenandoah
looks to the columns of
