Local News Cleanings Condensed for Hasty Perusal.

How many Shenandoah people will pay the income tax? Progressive men are a blessing to a community. Our secret societies are increasing in membership. Look out for slop and slush in a few weeks more. The store keepers will soon be displaying spring goods. Extend a helping hand to the poor and needy in our midst. Blizzards have no terror for the plumbers or coal dealers. Let us all at least hang out our flags on Washington's birthday. A weather prophet of some note has just declared that we will "soon hear the blue birds sing." Four months from now we will all be looking back to this weather and wishing for a slice of it. A man never realizes the value of a deadlatch key until he returns home at a late hour of night and finds he has forgotten it. David Brown, of South White street, an old and highly respected citizen, is said to be a candidate for Supervisor at the hands of the incoming Council.

Ten days loss of time on account of sickness and a doctor bill to pay, is anything but pleasant for a man of a family to contemplate, whether he is a laborer, mechanic, merchant or publisher. Jas. O. Jones, publisher of the Leader, Mexico, Texas, was sick in bed for ten days with the grip during its prevalence a year or two ago. Later in the season he had a second attack. He says: "In the latter case I used Chamberlain's Cough Remedy with considerable success. I think, only being in bed a little over two days. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy." It should be borne in mind that the grip is much the same as a very severe cold and requires precisely the same treatment. If you wish to cure a cold quickly and efficiently give this remedy a trial. 25 and 50 cent bottles for sale by Grubler Bros.

Care guaranteed. No operation. Inquire at the Shenandoah drug store, No. 3 South Main street. 9-13-tf

MURDERER GENTRY ARRESTED.

Found Lying Unconscious on a Doorstep from Self Inflicted Wounds. PHILADELPHIA, Feb. 20.—James R. Gentry, the murderer of Madge York, the actress, was found unconscious on a doorstep at Thirty-third and Columbia avenues shortly before 1 o'clock this morning. A patrol wagon was summoned, and he was taken to the German hospital, where he soon afterwards regained consciousness, disclosed his identity, and acknowledged himself the murderer.

An examination by physicians revealed two incised wounds, penetrating the lungs. Gentry explained these by saying that he had attempted to commit suicide by stabbing himself with a penknife, but the knife broke or he would have persisted in his attempt. He had \$20 on his person, but said he had had nothing to eat for two days except snow, because he was afraid to go anywhere. He had been wandering about the park since Sunday night, and had fallen in the corner where was found from sheer exhaustion.

Gentry is also suffering from a compound fracture of the skull, and is severely bruised and wounded. These injuries, he says, he got in jumping from the fire escape in the rear of Zeisso's hotel after the commission of the crime. The physicians at the hospital say that he is in a very dangerous condition.

In one of his pockets were found two telegrams, signed "Madge." One of these said: "Will meet you in New York; unable to come today on account of rehearsal." The other told him that she would be in Chester, Pa., on the 14th inst., and in Philadelphia on the 16th. Both were signed: "With love, Madge."

Pension Conferrees Agree.

WASHINGTON, Feb. 20.—The house and senate conferrees on the pension appropriation bill have met and practically agreed upon their report. Three amendments were added to the bill in the senate and these will probably be accepted by the house conferrees with some verbal changes, but none affecting their intent. One amendment is to repeal the law providing that no pensions shall be paid non-residents who are not citizens of the United States except for actual disabilities incurred in the service. The second requires the examining surgeons to state the rating which they think applicants are entitled to. The third fixes \$2 per month as the lowest rate of pension to be paid.

Queen Victoria's Drawing Room.

LONDON, Feb. 20.—The queen held the first drawing room of the season yesterday in Buckingham Palace. There was a large number of debutantes present, and a full attendance of all officials and diplomats. For several years the queen has been unable to walk unassisted, and special elevators are always constructed in the houses which she occupies when she goes to the Riviera, and when she travels special platforms are constructed at the railway stations, so as to be exactly on a level with her carriage. Therefore at yesterday's drawing room her majesty sat.

Declares the Shooting Accidental.

CAMDEN, N. J., Feb. 20.—William H. Still, who on Monday shot his wife four times at their home at Snow Hill, a few miles from Camden, is locked up in the Camden jail, having surrendered himself yesterday. Still tells a queer story. He says he was examining the pistol when it exploded five times in rapid succession, that he became so frightened that he ran away. Four of the five balls took effect on the body of Mrs. Still. It is now feared that her wounds may prove fatal. Still's friends say he has had cause for jealousy.

Brooklyn's Accused Justice.

BROOKLYN, Feb. 20.—The trial of the charges preferred by Mayor Schlerer against Justice William Watson, of the Even street police court, was begun yesterday before Judges Brown, Cullen and Dykeman. The mayor charges Watson with incompetency, carelessness and negligence. The particular case of a striker who had been arrested for throwing stones at a car was cited, and it was shown that the justice had adjourned it three times, and that finally the striker was held for the grand jury.

Canadian Students on Strike.

TORONTO, Feb. 20.—Only six students turned up at lecture yesterday at the 'varsity'—four men and two women. The medical students have joined the strikers, and will hereafter refuse to attend any lectures delivered within the 'varsity' walls. Four of the leaders interviewed Premier Mowat yesterday and were told to formulate their grievances in writing, when the government will redress wrongs, if any. This the students will do.

Haverhill Strikers Still Determined.

HAVERTHILL, Mass., Feb. 20.—The employees of the Union factories held a crowded mass meeting. It was voted unanimously to keep up the strike six weeks longer and to levy an assessment of 20 per cent. on the weekly earnings of each person. A concert given at the Academy of Music in aid of the strikers' fund was attended by an audience of 830 people.

Germany and Samoa.

AUCKLAND, N. Z., Feb. 20.—A steamer which has arrived here from Samoa says it is rumored there that German warships will arrive during the month of May for the purpose of subjugating and disarming the natives. The Germans then, it is further said, will exercise sole control over the island. The rumor, it is said, has considerable authority.

The New Bond Issue.

LONDON, Feb. 20.—N. M. Rothschild & Son issued a prospectus yesterday afternoon for the sale of the new United States bonds, in which it is announced that one-half is to be taken here and the other half in America. Subscription lists will open to day and will close tomorrow.

Work for Four Hundred More.
