Mrs. Adry Hayward's testimony simply bore on the question of the time Harry Hayward called at Adry's flat on the night of the murder. Mrs. W. Hayward, the mother of the defendant, was then award. The first part of her test was then sworn. The first part of her tes timony was intended to help establish Harry's alibi, Mrs. Hayward said Harry came into her room at 7:20 and said he was going out to make a call. About 7:40 he came in again, harriedly brushed his hair and went out, saying that he was go ing to the opera. The twenty minutes be for it was in that time, according to Blixt's testimony, that Harry put him in the buggy with Miss Ging, with instructions to drive away and kill her.

W. W. Hayward, the father of the boys, was the next witness. The witness de-nied some of Blixt's statements, but as a naterial impeachment the testimony was a failure. In regard to Adry's evidence, the witness denied that on Nov. 24 he was sent by Harry to the flats to show people rooms. Witness stated that he was in his office the morning of Nov. 30. Harry was there awhile, for half an hour perhaps Adry was there for a short time. The were not there alone that morning. Thi is the time when Adry stated that Harry and he had the exciting interview in refer-

ence to the proposed killing of the woman.

The witness corroborated his wife in that portion of her testimony where she said Adry was violent on Oct. 7, and called his mother names which reflected upon her character. In telling of the occurrences, the old gentleman broke down and sobbed, and the proceedings were delayed some time waiting for him to compose himself. Half the women in the audience cried from sympathy.

CAIRO, Egypt, Feb. 21.—The menacing aspect of affairs in Alexandria continues to occupy public attention. Representa-tions have been made on behalf of the German community in that city. For some time past one of the khe dive's proteges, whose patriotism has been stimulated by dismissal from the government service for peculation, has been busy among the Bedouins distributing khedival largesse and recruiting a body guard for the khedive's person.

OF THE RECENT GOLD PURCHASES.

He Declares the Transaction to be One of the Most Remarkable in Our History, The House Passes the Bill Providing for New War Vessels.

WASHINGTON, Feb. 21.-Mr. Chandler (N. H.) created something of a sensation in the senate yesterday by outlining some important steps to be taken by the next congress, including a congressional inves-tigation of the recent purchase of gold by the president of the United States. The speech came unexpectedly as an incident to the debate on the Indian appropriation bill. Mr. Chandler protested against the manner of attaching general legislation to appropriation bills, saying it would make an extra session inevitable. Then he added that it would be well to assemble the new congress at an early day, in order to let it begin its important work. It would, in the senator's judgment, provide for build-ing the Nicaragua canal. It would also take speedy steps for the annexation of Hawaii. It would investigate, deeply and thoroughly, the recent purchase of gold. which transaction, said the senator, was one of the most remarkable in our history. It was certain to be investigated by the house of representatives, said Mr. Chandler, and would be investigated by the senate.

During the early hours of the day the silver bill made its exit from the senate. Mr. Jones (Ark.) in charge of the measure, announcing that its friends would make no further effort to pass it at the present session. The disposal of the measure was emphasized by the decisive vote of 55 to 12 on Mr. Gorman's motion to take up the Indian appropriation bill, the effect of which was to displace the silver bill and send it back to the calendar. Mr. Walcott's resolution declaratory for silver, but postponing action, also went to the calen-dar without final action.

The opponents of the new battleships suffered a crushing defeat yesterday when Mr. Sayers' motion to strike out the au-thorization for the war vessels was lost in the house by a vote of 67 to 199. Mr. Dolliver (Ia.) succeeded in having an amendment adopted providing for the building of two torpedo boats on the Mis-sissippi river. The naval bill, as passed, authorizes the construction of three battle-ships, to cost, exclusive of armor, \$4,000,000 and twelve torpedo boats to cost \$170,000 each.
