Not a Sensational Incident Occurred During Vesterday's Proceedings.—The Senate Anti-Lattery Bill Goes Through the Lower Body-A Popular Measure Defeated.

WASHINGTON, March 2 - The Behring sea differences between the United States and Great Britain provoked an animated debate in the senate late yesterday. Mr. Cockrell had offered an amendment to the pending deficiency bill appropriating \$50. 000 for the expenses of another commission of arbitration to adjust the claims of Can adian scalers seized by the United States It was in line with the suggestions of a letter just received from Secretary of State Gresham. Mr. Sherman opposed this see oud arbitration, saying that it was dishon orable and unwise. He prophesied much trouble as a result of respening this sub-ject. Mr. Hoar also stated that this fore-shadowed another such reverse as the United States received at the Halifax

Mr. Morgan, chairman of the commit tee on foreign relations, and one of the United States commissioners at the Paris court of arbitration, declared that this plan to pay Great Britain a lump sum for the Canadian setzures was in violation of the honor of the United States. It had been proposed by the president and had been properly rejected. Mr. Morgan as-serted that Great Britain, through its emissaries here, was systematically violating the Paris award. With great vehemence he declared that the payment of \$425,000 would be a disgrace to the United States and to the administration. The contest was so effective that Mr. Cockrell withdrew the proposition for another commission.

The deficiency appropriation bill was kept steadily before the senate throughout the day, and was passed after a straggle of three hours to add various claims to it. The claims of California, Oregon and Ne-Vada against the government, aggregating about \$5,000,000, were passed without the formality of a yea and nay vote. The ap propriation of \$1,809,000 to the Souther Pacific railroad, and another of about \$1 000,000 for Franch spoliation claims and war claims, were also passed. There was strong opposition and several pointed speeches against these claims, but on a vote the senate adopted them by an ample majority. Another amendment adopted provides \$250,000 for a government print ing office on the site known as the Ma-

The house is approaching the close of the session with unusual calmness and equanimity. Not a sensational incident occurred on the last legislative day of the session but one. The entire day was detions to pass them under suspension of the rules. Five recognitions for this purpose were made by the speaker, of which three passed and two failed to secure the neces

The first bill passed was a substitute for Mr. Dingley's bill to authorize the presi dent to arrange for a joint commission, to consist of three representatives of this

dent to arrange for a joint commission, to consist of three representatives of three representatives of the consensation of th appropriation bills were sent to confer without debate. The evening session was devoted to private pension bills.

#### HEART DISEASE!

Fluttering, No Appetite, Could Not Sleep, Wind on Stomach.

For a long time I had a terrible pain at my heart, which fluttered almost incessantly. I had no appetite and could not sleep. I would be compelled to sit up in bed and belch gas from my stomach until I thought that every minute would be my last. There was a feelling of oppression about my heart, and I was afraid to draw a full breath. I could not sweep a room without resting. My hus-

Dr. Miles' Heart Cure and am happy to say it has cured me. I now have a splendid appetite and sleep well. Its effect was truly marvelous."

MRS. HARRY E. STARR, Pottsville, Pa. Dr. Miles Heart Core is sold on a positive suarantee that the first bottle will benefit. All druggists sell it at \$1, 6 bottles for \$5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Eikhart, Ind.

## AN ALDERWAN CURED.

## THE HOUSE UNUSUALLY CALM Dr. Greene's Nervura is the Best FOUR KILLED, NINETEEN INJURED. and Surest Spring Medicine.

Mr. Crouch and Editor E. C. Gere, in the Daily Hampshire Gazette, Give This Wonderful Remedy a Glowing Tribute.

Following is the editorial to fail:
Learning that a great cure has been effected in Alderman Chas. S. Groten, of Northampton. Mass., by Dr. Greene's Nervara blood and nerve remedy, a reporter took occasion to call on Me. Cronch and talk with him about it, and among the thousands of testimonials given to this world renowned medicine, none will be more wilely read or give greater weight than this one coming from so noted a man as Alderman Cronch.

Mr. rouch is one of the plain, old-fash ioned kind of men, outspoken, and always means just what he says. In conversation with Mr. Grouch, be said:

"Last spring I did not feel in my usual

Chamberlain's Cough Remedy gives the best satisfaction of any cough medicine I handle and as a seller leads all other preparations in this market. I recommend it because it is the best medicine I ever handled for coughs, colds and croup. A. W. Baldenbee. Millersville, Ill. For sale by Gruhler Bros.

"Perhaps you would not think so, but a sry large proportion of diseases in New very large proportion of diseases in New York comes from carele-sness about catch-ing cold," says Dr. Syrus Edson. "It is such a simple thing and so common that such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it. Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. So and 50 cent bottles for sale by Gruhler Bros.

### UNDER FALLING WALLS.

Fatal Collapse of Two Buildings in New York.

One of the Buildings Vas Being Torn Down While the Other Was Oge of a a Row Being Erected-Inferior Work Caused the Last Accident.

NEW YORK, March 2.—Two buildings, one in course of construction and one in course of demolition, collapsed in this city esterday and killed four men and fatally njured or maimed or bruised ninetee others. The first accident occurred at the corner of Forty-third street and Tenth avenue, where a house which was being torn down by some forty laborers fell with a crash, eagrying several workmen to the basement, three floors below, where

they were almost completely covered by tons of bricks, dry mortar and fron beams. The dead are: Hugh Cullen, aged 40; Angelo Ticcor, 31, and John Curran, 56. The injured are: Charles Bobstenn, aged The injured are: Charles Boosean, ages 52, fractured skull; Felix Moran, 27, fractured collar bone and contused bedy; Louis Stein, 23; Michael Greeley, John Flaherty, Edward Weaney, Patrick Curran, Thomas O'Connor and James Mallien. The first three may die.

The building, which is an old one, had been used as a malt house by A. E. and E. Schweyer for the past thirty years, but it has been unoccupied for more than two years. It was eight stories high, and ran back about sixty feet on West Forty-third street. Men were tearing down the old structure under the directions of Con-tractors O Keefe and Keegan. The work had gone on successfully until the men had got down as far as the rear of the third floor, known as the old Kfin house. There were about eighteen men on this floor at the hour mentioned, when suddemy there was a rumbling noise and the building rocked as if shaken by an earthquake. In another moment the floor gave way and fell with its human freight to the basement, carrying the other floors

Some of the cooler heads turned in the fire alarms and ambulance calls, which were quickly responded to. Fire Chief Glequel was among the first to arrive, and assisted by some laborers, who had fortunately escaped, and many willing citi-zens, the firemen began the work of rescue. John O'Connor was the first man brought out, but he died in the ambulance on the way to Roosevelt hospital. Half an hour later the dead bodies of Cullen and Ticcor were extricated, and they were removed to the police station. It was two hours later before all were taken out.

Contractors George O'Keefe and Patrick Keegan were placed under arrest, but were later admitted to ball by the coroner. The second accident occurred about 3:35 o'clock in the afternoon. Without the elightest sound that might have warned he fifty men that worked near it, the central wall to the four double tenement houses being creeted at 151 to 157 Orchard street crumbled and fell. With the wall went portions of four floors, leaving a

great rent fifty feet long and thirty feet wide in the center of the buildings. It was like a pit, at the bottom of which was a mass of tangled from and broken wood,

One of the bricklayers, Michael Luscle was near a window towards the front of the house. He had just time as the floors sank beneath him to clutch at a window sash and was left clinging to the frail support, four stories above the ground. managed to crawl up so as to sit on the window sill, from which position he was

afterwards rescued by the firemen, Anthony Kline, of Williamsburg, fell the four stories, but escaped without even a scratch. He says he was carried down gently and thrown through one of the front doors into the street.

Police Captain Cartwright arrested the contractors and the owner of the building. The contractors are John Coome of Astoria, and Peter C. Cleaves. The owner is William F. Lennon

Both contractors and builder were un able to account in any way for the dent. It might be possible, they said, that frost might have got into the mortar and rendered it ineffective. But Captain Cartwho are not receiving their paper regu- wright said he had made a careful examination of the building, and said it was a surprise to him that the house had stood as long as it had. The mortar, he said, had been examined by an expert and pronounced worthless. It was also said that the bricks were of poor quality, that the beams were not properly supported and that the iron girders were not on stone in the walls as they should be. Bail for the arrested men was refused.

> Four Children Burned to Death, GLENVILLE, Ala., March 2.—Four children met a horrible death on a plantation near here. Tom and Dora Meadows left their children at home to attend a neigh-borhood dance. When they returned their cottage home was in ashes and the charred remains of the little ones, the oldest of whom was 14, were found. It is supp the house caught fire and the children were burned while asleep.

> One of the Hatfields Killed. WELCH, W. Va., March 2.—On Short Pole Creek Tom Hatfield, member of the Hatfield family, made famous by a feud with the McCoy family, of Kentucky, was killed by Adam Balley. This is the first member of the Hatfield family ever known to have died a violent death, and in this case it was the result of too much liquor, and not a fend.
