

A JURIST TESTIFIES.

Unimpeachable Evidence From a Brooklyn Official

Munyon Relieved Him, Cured Him of Rheumatism in a Few Hours.

Judge Nue, whose popularity in Brooklyn was demonstrated by the immense majority of which he was elected, and a gentleman of unimpeachable character, in speaking of Prof. Munyon, says: "I consider Munyon's Rheumatism Cure the best in the world. When I began to use his remedy I was unable to walk without the aid of crutches at times; this had been going on for nine years, and the day before I began using it I could not get up the steps to the court room. After taking a few doses I was immediately relieved, and in three days was completely cured."

Munyon's Rheumatism Cure is guaranteed to cure rheumatism in any part of the body. Acute or muscular rheumatism cured in from one to five days. It never fails to cure sharp, shooting pains in the arms, legs, sides, back or breast, or soreness in any part of the body in from one to three hours. It is guaranteed to promptly cure lameness, stiff and swollen joints, stiff back, and all pains in the hips and loins. Chronic rheumatism, sciatica, lumbago or pain in the back are speedily cured.

Munyon's Homeopathic Home Remedy Company, of Philadelphia, put up specifics for nearly every disease, which are sold by all druggists, mostly for 25 cents a bottle.

Those who are in doubt as to the nature of their disease should address Professor Munyon, 1063 Arch street, Philadelphia, giving full symptoms of their disease. Professor Munyon will carefully diagnose the case and give you the benefit of his advice absolutely free of all charge. The remedies will be sent to any address on receipt of retail price.

PENNSYLVANIA LEGISLATURE.

A Resolution Providing for Adjournment on April 25.

HARRISBURG, March 2.—The first step toward an early adjournment of the legislature was taken yesterday by the adoption of a concurrent resolution by Mr. Niles, of Trigon, fixing April 25 at 12 o'clock as the time. The resolution lies over until Monday evening, under the rules.

Governor Hastings and Speaker Walton had a conference Thursday night, at which it was decided that a steering committee should be appointed to expedite the business of the house.

Mr. Fox introduced a bill for the prevention of accidents on railroads, omnibuses and other vehicles. It provides that the parents or guardian of any minor child who permits him or her to jump on and off street cars, wagons, etc., shall be fined not less than \$5 nor more than \$10. Constables and policemen may arrest children violating the act and, upon conviction, they shall be fined not more than \$5 for each offense.

A bill introduced by Mr. Page, of Dauphin, provides that the principals of public schools shall enroll the pupils as members of the "American Guard of Pennsylvania," and that the schools shall be organized into companies and battalions, with officers similar to the National Guard.

The bill prohibiting the wearing of any religious garb by any teacher in the public schools was read the first time and has been made a special order for second reading on Wednesday, March 6, and third and final passage on Tuesday, March 12.

Brutal North Carolina White Caps.

WINSTON, N. C., March 2.—Thirty white caps went to the homes of Amos and Wiley Knott, in Yadkin county, and beat them unmercifully. The two brothers were gagged and tied. Each received over a hundred lashes. Amos Knott is not expected to live. The white caps charge the brothers with reporting many moonshine distilleries in Yadkin, whose revenue officers have made a number of arrests recently. The white caps gave the men two days within which to leave the county. The brothers say they will do so as soon as they recover from their injuries.

Alleged Election Frauds in Pennsylvania.

PHILADELPHIA, Pa., March 2.—The bill of specifications which was filed in the Stetson-Dunham judicial contest yesterday contains some very startling allegations. It is charged in the bill that 213 voters in Wyoming county received money or other valuable consideration for their votes, that 64 offered to give valuable considerations for the votes of other electors, and that 27 voters were not entitled to the votes they cast. Many of the men charged with bribery are among the foremost citizens of the county.

Thirty Years for a Firebug.

NEW YORK, March 2.—Judge Martineau, of the general sessions, sentenced Max H. Grauer, the insurance adjuster, convicted of arson for causing his accomplices, Levi Weinberg, Simon Rosenbaum, Sarah Silverstein and Lewis Rothman, to set fire to Levi Weinberg's tailor shop, to thirty years' imprisonment. Grauer is 41 years old. Mrs. Ida Liberzmann, convicted of arson in the second degree, was sentenced to six years and three months' imprisonment.

Appointed Fishwarden.

Charles H. Hazenbuech yesterday received from the Pennsylvania Commissioners of Fisheries his commission of appointment as Fishwarden of Schuylkill county. Mr. Hazenbuech has the honor of being the first Fishwarden of this county and his appointment is expected to be of great benefit to the fish and game interests. There were applicants for the appointment from several other towns, including W. A. Bensingler, of Mahanoy City, and Robert Nelson, of Pottsville.

POLITICAL POINTS.

What the Local Politicians of Both Parties Are Doing.

Only a few days more—then the country will be safe.

Cleveland's administration has been, so far, one of false pretense.

A midist—the appointment of Wilson to succeed Postmaster-General Bissell.

Senator Quay is expected in Harrisburg next week to consult with Governor Hastings.

If Cleveland knows when not to monkey with a buzz-saw, he will not call an extra session of Congress.

Ex-Senator Monaghan, as chairman of the Democratic County Committee, has a big job on hand in reorganizing the party.

Mr. Bissell, the retiring Postmaster-General, will be able to attend to his duties as attorney for the railroads he is interested in.

Cleveland, Carlisle and Gresham will go duck hunting after adjournment of Congress. The hunt for "cuckoos" is over for the present.

The Democrats say they are not bothering themselves about the organization of Council. Oh, no! Did you ever catch a weasel asleep?

Perhaps, after all, we will have to do without the Bird book. It will be a saving of \$25,000 should Governor Hastings use that little veto pen.

Senator Gorman, Democrat, is authority for the statement that there is a deficiency of \$60,000,000 in sight, notwithstanding Secretary Carlisle's assertion to the contrary.

Senator Cameron will not have the whole field to himself as the candidate of the Silverites for the Presidency. Senator Tillman, of South Carolina, is also spoken of in that particular.

Survivors of the Mexican war, nine-tenths of them Southerners, who got no farther than their state capital, receive \$12 per month pension. Union soldiers, who lost their health in the camp and prison pen, receive on an average of \$4 per month.

If there ever was a real cure for chronic Coughs, Colds, Bronchial troubles and La Grippe it is Pan-Tina. Don't fail to get the genuine; avoid substitutes. Costs only 25 cents. Pan-Tina is sold at Gruhler Bros. drug store.

That "Bursting" Dam.

Cut the hole out.

The engineer was a da-dandy.

That reservoir was accepted too soon.

It is a poor dam that doesn't leak nowadays.

It is lucky there is no scarcity of water just now.

The whole trouble was, there were too many cooks.

That dam must be dammed so it does not leak—except over the top.

A good dam costs a great deal of money; a poor one, sometimes, costs much more.

Shenandoah need not feel lonesome; Philadelphia and Lancaster have leaky dams, too.

If the engineer had been granted his extra allowance, perhaps this leak would not have appeared.

Appoint a new engineer and commence the whole business over again. Perhaps he will do better; he cannot do much worse.

The borough will have to accept the dam over again. This will give the water commission an opportunity to celebrate the event.

My wife has been troubled for years with dry cures and scales on her head and eyebrows. After seeing to be dormant for years in my system, it broke out again in all its fury. Her hair came out in big patches, her eyebrows so fell off, and she presented a pitiable condition. We tried almost everything, but she continued to get worse. Then we tried one of our best physicians, but all to no purpose. Finally I believed that the CUTICERA REMEDY would cure her. After using nine boxes of CUTICERA about a dozen tubes of CUTICERA SOAP, and four bottles of CUTICERA RESOLVENT, she was entirely cured. Her hair came on again today she has as fine a head of black hair as ever. Her eyebrows are heavier than they ever were, her scalp is free from dandruff, and her health is excellent.

THE CURE DAILY MADE BY CUTICERA REMEDY.—antiseptic physical droggists, and those who have lost faith in any. No statement is made regarding them not justified by the strongest evidence. They are the most steady, economical, and infallible skin cures, blood purifiers, and humor remedies of modern times.

MARCH, APRIL, MAY.

Paine's Celery Compound Makes People Well!

It Makes Strong Nerves and Pure Blood; It Cures Disease!

It is the One Remedy That All Schools of Physicians Prescribe.

The Demand for it is Tremendous; It Never Fails to Benefit.

Nothing Was Ever So Highly and Widely Recommended!

First Prescribed by America's Greatest Physician.

It Has Become a Blessing to the Entire Country.

Men and Women in the Highest Stations Publicly Recommend It.

Grateful People Everywhere Heartfully Endorse the Famous Remedy.

It makes people well! It builds up the weakened, shattered nerves; it sends new life and blood through the arteries.

Where everything else has failed Paine's celery compound—the greatest achievement of that giant among men, the ablest physician of this generation, Prof. Edward K. Phelps, M. D., LL. D., of Dartmouth—this wonderful Paine's celery compound has in thousands of cases cured disease.

It has freed old age from many of its infirmities. It has made thousands of lives worth living that were once a burden. It has proven itself so easily the greatest of all spring remedies, making the weak strong and the infirm well, that in the big cities, New York, Chicago, Philadelphia, Boston, St. Louis and the rest, the leading newspapers, making their own canvasses, have found that the demand for Paine's celery compound is enormous, as far surpassing that of any other remedy as the curative power of this great compound does indisputably surpass that of any other.

For Paine's celery compound is not a patent medicine. It is not an ordinary tonic, sarsaparilla or nervous. It is so superior to them all that they are not even good imitations.

Paine's celery compound positively and permanently cures nervous debility and exhaustion. Neuralgia, sleeplessness, melancholia, hysteria and headaches yield to its refreshing properties—all these troubles are directly traceable to the one cause, poorness of the blood and poorness of the nervous tissues.

For kidney troubles it is the most infallible of remedies. It owes its unflinching power to check at once the progress of this breakdown among the tissues of the kidneys to its remarkable nutritive efficiency.

Just as soon as Paine's celery compound begins its strengthening work there is at once a rallying of all the important organs of the body. The appetite improves, the spirits become more hopeful, the dull pains of disease lessen, sound, refreshing sleep returns, "that tired, worn-out feeling" departs, and the sufferer knows, without being told by a physician, that he or she is getting well.

The season of March, April and May—springtime, when if one can do so he must recuperate his lost strength and get back the health that nature intended for him—that season is here. It behooves every man, woman and youth now to get well. And Paine's celery compound makes people well.
