"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catch-ing cold," says Dr. Syrus Edson. "It is such a simple thing and so common that such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthlest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most semible advice is, when you have one get rid of it assoon as possible. By all means do not neglect it. "Dr. Edson does not tell you how to care a cold but we will. Personally-Conducted Tours to Florida via Pennsylvania Railroad.

Undoubtedly one of the most original and highly satisfactory creations of the Pennsylvania raffroad is the inauguration of personally conducted tours under the supervision and direction of a tourist agent and chaperon, and the marked success and popularity of the tours to Florida are due to several causes; the completel appointment of the special trains, the liberality of the rate and the return limit of tickets, are among the features that have attracted the travelng public.

The next tour of this year's series to Jacksonville, allowing two weeks' stay in Florida, will leave New York and Philadelphia on march 12. The rate, including transportation, meals en route, and Pullman berth on special train in each direction, is \$50.00 from New York and \$48.00 from Philadelphia; proportionate rates from other points.

For further information apply to Ticket Agents, or address Tourist Agent, 1196 Broadway, New York, or Room 411, Broad Street Station, Philadelphia, to whom application for space should also be made.

#### As Others Sec It.

This morning's Miners' Journal commented as follows upon the organization of the Borough Council of this place as effected last night; "Well, it is just like this in Shenandoah. The outcome of the borough organization is a set of very excellent officials, Mr. William McGuire, who was re-elected President of Council, made a satisfactory presiding officer during the past year and frequently challenged the admiration of the minority who did not support him for the position, as he merited their approbation on more than one occasion during the year. W. I. Watkins will make a creditable Secretary in the same degree that he has always been faithful and fair as a reporter

of his paper, the Evening Herald. Thomas J. Davies, as Treasurer, will take good are of the finances, while Joseph H. Pomeroy, Esq., will continue to give good connsel as Solicitor, as he always did in the position he has so ably filled for many years. Of the other officials it can be said that Thomas Tosh will do his whole duty as Chief of Police and we believe those selected as his Heutenants and patrolmen are as efficient as any the borongir has ever had for conservators of the peace Martin McGuire, who was re-elected Supervisor, will no doubt improve on his work of last year and keep the streets of the borough in much better condition Taking it all in all there can be no faul found with the new Dollie Varden major ity in their work of filling the positions, whatever may be said of the means by which the Democratic minority scooped in the Citizen majority by capturing a mem ber who was more zealous to secure posi tion plums for himself than he was to wrest the municipal control from a party which had lost it by the direct will of the p ople expressed at the election. We will leave the new Third ward member who in mped the traces to the biting taunts of his own conscience and the tender merele of the seven confiding colleagues who went into caucus with him believing tha he was as sound on the wild goose ques
