the supreme court, granted a decree of absolute divorce in favor of Mrs. Alva E. Vanderbilt from her husband, William K. Vanderbilt, the well known million aire. Although a liberal allowance has been granted Mrs. Vanderbilt, there is no record of the sum which her husband has agreed to give her. The only paper the public can examine is the decree of di-

Mrs. W. K. Vanderbilt Gains Every Point Asked For.

NEW YORK, March 6 .- Judge Barrett, of

Mrs. Vanderbilt is to have the care and enstody of her three children-Consucla, William K., Jr., and Harold, with the proviso that they shall be educated in the United States. Their father shall not be prevented from communicating with

W. R. VANDERRILT. plaintiff, Alva E. Vanderbilt, to marry again during the life of the defendant, in the same manner as if the defendant, Will lam K. Vanderbilt, were actually dead, but it shall not be lawful for the said de-fendant to marry again until the death of

said Alva E. Vanderbilt."

The decree is granted upon the report of Edmond Kelly, who was appointed to hear and determine all the issues involved. Mr. Vanderbilt raised the issue as to the alle gations of the divorce in his answer by de-nying the charges made in the complaint. and upon the issue the case was sent to Mr. Kelly as referee. His report finds that the allegations of Mrs. Vanderbilt are true, and that Mr. Vanderbilt has been guilty

of the acts charged against him.

The "woman in the case" is Nellio Neu-stretter, one of the most beautiful of the queens of the Paristan demi monde. Mr. Vanderbilt is alleged to have given her all his large winnings at the last grand prix de Paris. At present Mr. Vanderbilt is cruising on board his yacht Vallant, in the Mediterranean, with a party of his

It is said that the break between Mr. and Mrs. Vanderbilt came at the close of the yachting trip on board the Valiant last summer, during which, it is alleged, Mrs. Vanderbilt was subjected to indigni-ties in the presence of their friends that made it impossible to longer defer action. It is alleged that Mr. Vanderbilt's relations with Mile. Neustretter were openly

paraded by him with the purpose of fore-ing his wife to take cognizance of them. Mr. Vanderbilt's friends assert that, prior to his yachting trip, his behavior toward Mrs. Vanderbilt had always been considerate, and that he had before that time conducted himself in an exemplary man ner. They assert that he had no affection for Mile. Neustretter, and was in no some

fascinated by her.

Throughout the publications coupling the name of Mr. Vanderbilt with that of Mile. Neustretter that gentleman has only once made denial of any printed state ments. He protested against an allega tion that he had caused the young woman's servants to be arrayed in the W. K. Van-derbilt livery. The denial of this charge was vehement, and the explanation was made public that the Neustretter livery, while similar to that of Mr. Vanderbilt's servants, had never been changed, and that at no time had the two been identical.

Though the fact has been known for some months that the Vanderbilta were agreed upon the general proposition of a divorce, it was not known by the public until the decree was filed that proceedings had been begun. Mr. Vanderbilt met Miss Smith, who afterward became his wife, in 1878, when he was 29 years of age. She is a member of an aristocratic southern famupon Mrs. Vanderbilt includes the marble palace at Newport, the residence at Fifty-second street and Fifth avenue and money and securities that will make her income \$300,000 a year.

Mrs. Vanderbilt will, it is reported, leave her present residence, and will hereafter live at her Newport house or in the handsome residence which is said to have re-cently been purchased by her in this city. She will leave with her children for Europe in a few days.

Address to the People by the American Bimetallic League.

OPPOSING THE SINGLE STANDARD.

The Address Declares That There Is No Rope for Bimetallism Through Existing Parties-Congressman Sibley Mentioned as a Possible Presidential Candidate.

WASHINGTON, March 6.—The American Bimetallic League issues an address to the people calling for the organization of a new national party. The address is in part as follows:

The money question is now indisputably the dominant issue in the United States and will remain so until settled, and settled rightly. Other questions, however important, must wait for this, which, to a greater or less extent, involves all others. The issue is between the gold standard. gold bonds and bank \*currency on the one side, and the bimetallic standard, no bonds and government currency on the

On this issue we declare ourselves to be unalterably opposed to the single gold standard, and demand the immediate return to the constitutional standard of gold and silver, by the restoration by this government independently of any foreign power, of the unrestricted coinage of both silver and gold into standard money, at the ratio of 16 to 1, and upon terms of exact equality; the silver coin to be a full legal tender, equally with gold, for all debts and dues, public and private.

We hold that the power to control and regulate a paper currency is inseparable from the power to coin money, and hence that all currency intended to circulate as money should be issued and its volume controlled by the general government only,

and should be legal tender. We are unalterably opposed to the issue by the United States of interest bearing bonds in time of peace, and demand the payment of all coin obligations of the United States, as provided by existing law, in either gold or silver coin, and at the option of the government, and not at the option of the creditor. On this issue we appeal from the dictation of the money power to the intelligence and patriotism of the American people,

The monetary reform for which we con-tend is, in our judgment, so vital to the common welfare and so necessary to a re-turn to conditions of prosperity in this country as to preclude longer delay in the inauguration of a movement the purpose of which is to bring together all who be-lieve in the necessity of the proposed re-form, for this object and this alone. Those in favor of the gold standard are and have been unit—surpose and action. Party lines do no, sivide them when this issue

is raised. On the other hand those who are in favor of a return to the constitutional standard of gold and silver are split into as many divisions as there are parties. Silver Re-publicans from the west and south, to the great delight of the leaders of the Ropublican party, Insist on contouding for their cause only within the lines of that party and southern and western Democrats earnost silver men, equally to the delight of the lowlers of the Democratic party continue the contest on their part only within the lines of the Democratic party Hence, however zealous in the cause on may be, no results are possible, because his party refuses to carry out his views or

to permit them to be carried out.

This great cause will never be won without united action. It will never be won unless those who believe in it come together and elect a congress and a president on this issue. It cannot be expected that Republicans will abandon conviction of a lifetime on other questions and go into the Democratic party in a body, or into a wing of that party. Nor will Democrats give up convictions they believe to be essential in government and go over to that party. Nor is it possible to induce Republicans and Democrats together to go into the Populist party, for the reason, if for no other, that the platform of that party contains declarations to which they annot give their consent. No course seems possible but to subordinate for the time being other questions, and come to-gether in a new organization to fight the great battle of 1896, on the one great issue on which the prosperity and happiness of the people so largely depend. It is be-lieved that this cause can be won in no other way.

While not unmindful of the interests of the people of other countries in this question, it is not an issue that can be safely submitted to the decision of foreign governments, or be made to depend on what other countries may do or may not do 'Howare of entangling alliances' In this as in other matters, and especially of al-lurements of international conferences, to delay action in our own behalf, in the de-lusive hope that other countries will care for our interests better than we can our-selves. No other country has ever asked

our approval of its fluancial policy If the conference had authority from the people to name a candidate for president it would name Joseph C. Sibley, of Penn-sylvania, but not having such authority it can only suggest the name and invite expressions from the people. It is understood that it is the desire of the league that a Republican should receive the nomination for vice president.

The address is signed by the executive committee of the league, including President A. J. Warner, Senators Jones and Stewart, and Congressman McLaurin.

The Advance in Pensions WASHINGTON, March 6 .- The officials of

the pension bureau will soon take active measures to put into operation the recent legislation advancing all pensioners receiving less than \$6 a month to that rating. It is estimated that 40,000 cases will be affected by the legislation, and will involve an increase of about \$1,500,000. The bureau has given notice that pushing of individual cases will be unnecessary.
