LOOK UP, NOT DOWN.

Spring Days Bring Good Cheer to the Weak.

Paine's Celery Compound in Thousands of Homes.

On Every Hand People Are Getting Well.

The Great Spring Remedy Makes One Strong.

Now Ordered by Physicians Everywhere in March.

Al! what avail the largest gifts of Heaven When drooping health and spirits go amiss? How tasteless, then, whatever can be given: Health is the vital principle of life.

Weak, tired-out men and women with nerves "unstrung" and badly nourished need Paine's celery compound. They are especially urged to take it during these early spring days of March and April, when the body is most susceptible to its strengthening influence.

Of the thousands of men and women with brains and hands all day actively engaged, but whose physical powers are little used, who imagine themselves more dangerously sick than they are, the vast majority are merely reduced in strength and spirits, and need nothing but a vigorous tonic in the spring to recuperate their tired nerves. They need nothing so much as Paine's celery compound. It exactly fills their need.

The infirmities peculiar to the aged come from stagnating blood and the tardy, scanty production of nerve force. They should take Paine's celery compound—there is no time so favorable as March.

The rheumatism, neuralgia, sleepless ness and lack of strength that Paine's celery compound so rapidly dispels are thus found to be mere temporary conditions to which their time of life is liable, and the cause of needless anxiety.

Needless if they fully perceive the meaning of these infirmities and take pains at once to correct the beginnings of weakness and debility, as it is so easy to do now in the spring.

Paine's celery compound is the great spring medicine. It is prescribed by countless physicians in cases of rheumatism, neuralgia, sleeplessness, and the many other results of starved nerves and depleted blood. In every drug store in the country, Paine's celery compound is always to be obtained.

It is the world's greatest remedy for weakness. Its use year by year through so large a part of the civilized world tells something of the good it must be accomplishing. If men and women who feel the effects of too close application to work would use Paine's celery compound, there would be less insomnia, less pain in the back of the neck, fewer days of utter physical exhaustion and incapacity for anything but suffering. Its extensive use to-day is the cause of a vast alleviation of human misery and despair. Its presence in the world is a blessing. It has kept the family circle whole in thousands of homes that are happy and grateful to-day. Try it.

Found a Human Skull.

NEW YORK, March 7.—The skull of a human being was found in the cellar of 400 West Forty-sixth street last night. The skull is probably that of Susie Martin, the trunk of whose murdered body was found a year ago in the basement of 517 West Thirty-ninth street. The skull is an unusually small one, and has evidently been buried for some time.

Attempt to Burn a Church.

BOSTON, March 7.—An attempt to burn St. Peter's Roman Catholic church, which is situated in the Dorchester district of this city, while 1,300 people were attending evening services, was made about 8 o'clock last night. The blaze was discovered in time to prevent serious damage to the building, although a stampede of the congregation occurred.

Minnesota's Capital Will Not be Removed. St. Peter, March 6.—All proposals for the removal of the capital of the state and all successful opposition to the building of the proposed new capital in this city were defeated by the house.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for some six months. At times the pain was so severe that he could not lift anything. With a line could do he could not get out of bed. He applied Chamberlain's Pain Balm. It only made three applications of it, he says, "And have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Grubler Bros.

It has been proven by living witnesses that Pan-Tin is a remarkable specific for the quick cure of difficult and dangerous throat and lung troubles—its equal can't be found. Costs 25 cents. Pan-Tin is sold at Grubler Bros. drug store.

PENNSYLVANIA LEGISLATURE.

The Bill Against Religious Garbs in Schools.

HARRISBURG, March 7.—The Smith bill prohibiting the wearing of any religious garb or insignia by any teacher in the public schools passed second reading in the house yesterday on a special order. The friends of the measure won a decided victory, not only securing its passage, but having restored the penalty clause eliminated by the general judiciary committee. The bill will come up on Tuesday next on a special order for third reading and final passage.

The bill creating the county of Quay out of portions of Luzerne and Schuylkill counties, was, with many others, reported favorably from committee.

The governor's veto of the "bird book" bill was read. In his message Governor Hastings declares that, "notwithstanding the popularity and value of the work, in the present condition of financial and business affairs it is not in accordance with wise and prudent economy to expend this sum of money for such purpose." The veto was sustained.

The governor also sent to the house a message giving notice of his approval of the Marshall pipe line bill, declaring that "unless some great public reason exists to the contrary it is much better that all commercial enterprises should remain unfettered by legislation."

Among bills introduced in the senate was one to limit damages recoverable in libel proceedings when a retraction of the libel is published, and to provide that publication of the retraction may be offered in mitigation of damages and as evidence of good faith. Another bill introduced provides for the granting of pensions to enlisted men from the state between April 14, 1861, and May 1, 1865, who are not pensioners nor applicants therefor under the statutes of the United States.

These nominations, sent to the senate by the governor, were confirmed: George S. Criswell, to be judge of Venango county in place of Judge Taylor, resigned; Joseph H. Klemmer, to be harbor master of Philadelphia; Henry Beatty, Jr., of Philadelphia, to be a member of the board of medical examiners of the State Medical society; Henry C. Porter, Towanda, and A. J. Tafel, Philadelphia, to be members of the state pharmaceutical examining board; Holstein DeHaven, to be a member of the Valley Forge commission.

To Contest Douglass' Will.

ROCHESTER, March 7.—Announcement is made that the heirs of the late Fred Douglass intend to contest his will, and that the legal proceedings in the matter will shortly be instituted in this city. The children of the first wife, Lewis H. and Charles R. Douglass, are named as the contestants. Two years ago the estate was valued at \$300,000. The contestants make the claim that the second Mrs. Douglass, who is a white woman, exercised undue influence over their father, and persuaded him to discriminate against them.

Charged with Wife Murder.

TOLEDO, March 7.—The sheriff of Wood county arrested Peter Pooney at Tontogany, O., charged with the murder of his (Pooney's) wife. Late Saturday night the woman was found dead at the rear of Edmon's drug store in Tontogany with a bullet wound in her head. Rubbish had been piled around the body, and an attempt made to burn the remains. Suspicion first rested on a prominent resident of the village, but later it was shifted to the husband. Pooney denies the charge.

Did Not Purchase a Title.

NEW YORK, March 7.—After the departure of Count and Countess Castellano for Europe George J. Gould spoke warmly regarding some of the statements made in the newspapers regarding the marriage of his sister. He said: "The various stories of marriage settlements and others of payments of jobs and all that are untrue. The Count de Castellano asked nothing in a money way, and nothing was offered. The question of money did not enter into the matter at all."

Investigating Accused Commissioners. HOLLIDAYSBURG, Pa., March 7.—An investigation of the office of the Blair county commissioners was begun yesterday by the county auditors. A paper filed by Commissioner Fagley, charging his colleagues, Commissioners Hurd and Funk, with the illegal awarding of contracts, extravagance and mismanagement, forms the basis for the investigation. The accused officials claim that they have a complete defense to the charges.

After a Negro Desperado.

MONTGOMERY, Ala., March 7.—The leader of a gang of negro thieves who have long broken into and robbed cars on the Louisville and Nashville railroad was captured by a train crew at Tusculum, but when they attempted to disarm him he boarded a locomotive and through threats compelled the engineer to carry him a few miles away, when he escaped to the woods. A posse is in pursuit.

Nat Herreshoff's Illness Alarm.

BRISTOL, R. I., March 7.—Despite statements tending to minimize the seriousness of the illness of the yacht designer, Nat Herreshoff, he is in a serious condition. The symptoms of pneumonia lately developed have not lessened, and a stubborn bronchial trouble worries the attending physicians. Two treated male nurses are by the bedside of the sick man night and day.

The Receivers Pay the Costs.

PITTSBURGH, March 7.—All the criminal suits against the factions of the Order of Solon have been withdrawn, and the affairs of the order will be wound up in peace. There were charges and counter charges of embezzlement and forging the corporate seal of the order. With the consent of the district attorney these have all been withdrawn, and the receivers pay the costs.

Murdered at a Card Table.

MIDDLETOWN, Ky., March 7.—John Henderson and Tom Parson, while engaged in a game of cards at a dive near the Tennessee state line, had a disagreement, and Henderson shot and instantly killed Parson. Henderson fled to the mountains and has not yet been captured.

A Grip-Crazed Man's Fatal Jump.

PHILADELPHIA, N. J., March 7.—Michael Gibbey, who, while delirious from grip, jumped from a third story window of his boarding house on Monday, a distance of forty feet, died Tuesday night from the injuries sustained. He was 30 years old, and employed at Warren foundry.

Denouncing Congress for Sunday Work. SCHUYLKILL HAVEN, Pa., March 7.—At yesterday's session of the east Pennsylvania conference of the United Evangelical church resolutions were adopted scolding congress for breaking the Sabbath.

O, NO, DICKEY!

Some Reasons Why the Secretary Should Not Resign.

Mr. R. H. Morgan, who manipulates the Shenandoah correspondence of the Mahanoy City Daily Record, devoted space in his column yesterday to the following paragraph:

"The strange anomaly is presented in the plate that went through on Monday evening of the Secretary of the Citizens Standing Committee accepting an appointment at the hands of a renegade of the Citizens party, at the expense of the balance of the slate. He should have the manhood to resign either the appointment or the Secretaryship of the Standing Committee."

The vermilion-haired correspondent looks upon the situation through an odd pair of glasses. Mr. Watkins will not resign the Secretaryship of the Borough Council for many very excellent reasons. First, that he was a candidate for the position before the Citizens party caucus and had received assurances from a majority of the Citizens Councilmen that his appointment would suit them; secondly, that he had nothing whatever to do with any suggestion, or act, leading up to the deal complained of; thirdly, that he had no knowledge, directly or indirectly, that he was to be considered in the deal, nor did he know that he had been so considered until the Borough Council commenced to organize; fourth, that with a full attendance of members of both the Citizens party he was elected Secretary of the Borough Council by acclamation, in the same manner as President McGuire, Treasurer Davies and Solicitor Pomeroy were elected, and no nomination made against him, nor was there a dissenting vote.

If the Citizens members of the Borough Council considered that either Messrs. McGuire, Watkins, or Pomeroy, were improper candidates they should have opposed and voted against their election. Fifteen men, representatives of all issues in the matter, having allowed the election to be made by acclamation, certainly prohibits Mr. Watkins from following the correspondent's advice.

As to Mr. Watkins resigning the Secretaryship of the Citizens Standing Committee, there is also a big difference of opinion, and it is much in the favor of Mr. Watkins. The latter was a candidate for the position before the Citizens caucus and was conceded as a Citizens appointee under the deal. He now holds the position as a member of the Citizens party. As a member of that party he would be justified in accepting a Democratic election to the Secretaryship, just as much as the Citizens party was justified in giving a Democrat the nomination for School Director this fall, and just as much as the Republican voters of that particular ward were justified in voting for that nominee of Democratic principles.

More than this, Mr. Watkins is just as much justified in holding the Secretaryship as men nominated for the Borough Council by the Citizens party have held and hold the positions, notwithstanding they were secured by the sacrifice of Citizens candidates for School Directors, although a hand in the sacrifice is disclaimed.

Had the people voted this spring to adopt the Republican instead of the Citizens ticket there would be some color of reason to a part of the correspondent's demand for recognition, but under existing circumstances we think Mr. Watkins is justified in refusing to drop his position and give the correspondent a chance to snap it up.

Mr. Morgan is the same correspondent who some weeks ago declared that such men as Dr. J. S. Kistler, P. J. Ferguson and C. W. Denoler were not good enough to be elected to the Borough Council because they had not been identified with the new water works project, a statement that was just as ridiculous as the one he now makes.
