THE BOROUGH COUNCIL

First Regular Meeting of the New Organization. Held Last Evening.

ALL THE MEMBERS ATTEND

A DELAY IN ARRIVALS CAUSED A RUMOR THAT THERE WAS ANOTHER DEAL IN HAND.

President McGuire Was Not Prepared to Announce His Committee, But Will Make Them Known at the Next Meeting of Council.

The first regular meeting of the new Borough Council was held last evening and it attracted a large attendance of citizens, the most of whom were there through curiosity. Many attended to hear President McGuire announce his committees, but were disappointed, as the president stated that his service on the Grand Jury this week had prevented him from giving the matter the required consideration.

There was a very tedious wait before the Council got down to business last night, on account of a quorum failing to get together. Messrs. McGuire, Gaffigan, Kane, Hand, Meluskey, Dougherty and D. R. James were on time. Mr. Kerns walked in about half past eight o'clock and made the quorum and Messrs. Straughn, T. J. James, Gable, McKelheny, Magargle, Boehm and Reese followed soon after. The delay in the arrival of these eight members led to a report that the Citizens had gobbled up Kerns and were laying some plan for retaliation to the James deal, but no one could bring to mind any possible plan. The speculation was dispelled, however, by Mr. Kerns' assurance that he had not seen the absent Citizen members and his delay was due entirely to personal matters. It was also subsequently learned that the latter members had been detained at a meeting of the Shenandoah Republican League and there was no connection between them and Mr. Kerns.

Mr. Gallagher, ex-chairman of the water committee, was present and stated that another inspection of the damaged reservoir breastwork at Davis' Run had been made and it was found that the break is 2 1/2 feet from the waste way. He recommended that cement be sent over at once to make the repairs. There will be no danger in the absence of a fresher. The recommendation was adopted.

Mr. Gaffigan called attention to pavement on West Cherry street being flooded on account of the gutters being filled with ice and President McGuire instructed the Chief Burgess to carry out the orders of Council as to having property owners open gutters.

Mr. Gaffigan called attention to repairs needed in the Columbia Hose Company's stable and the president suggested that the matter be left over until the new committees are appointed.

F. M. Scott, the engineer employed at Davis' Run, presented a bill for \$69 for the month of February, which was based on extra time. The engineer specified days on which he worked twelve and thirteen hours. Mr. Gallagher said the engineer was hired on an agreement that he was to be paid \$2 per day. Council granted wages at that rate.

Mrs. Bridget Lawlor put in a claim for \$300 for damages sustained by being struck by a coasting sled. The claim was referred to the law committee.

M. M. Burke, Esq., appeared and asked for a hearing on the claims for damages by John Buddel and Mrs. Flynn. They are claims that have been before the Council for some time. Buddel wants damages for injuries sustained in falling into a coal hole on North West street. The law committee repudiated the claim. Mr. Burke also asked consideration of a claim for damages by Mrs. George Lamber, of East Lloyd street, for injuries sustained by falling upon a pavement. An amount was stated. President McGuire promised to refer the matter to the new law committee when appointed.

The following bills were presented and ordered paid:

A SEQUEL TO THE DEAL

Members of the Republican League Seek the Expulsion of Mr. David R. James.

CHARGES TO BE PREFERRED

RESOLUTIONS CONDEMNING THE ACTION OF THE COUNCILMAN PRESENTED BY A COMMITTEE AND ADOPTED.

Another Committee Appointed to Formulate Charges and Notify the Councilman to Answer Them at the Next Meeting.

A sequel to the stir that was created by the organization of the Borough Council on Monday was furnished last night by the introduction of the matter before a meeting of the Shenandoah Republican League. The meeting was an open one and the rooms were crowded. Among the attendants were Messrs. Thomas J. James, McKelheny, C. T. Straughn, Boehm, Magargle, Gable and Reese, the Councilmen who were left out of the organization by the deal. It did not require close observation to detect blood on the moon. Councilman David R. James was not present, and perhaps it was well that he was absent, as his Monday night's course was pretty severely criticized and the meeting might have been worse than a session of a rattled Congress.

Some members of the club were in favor of immediately expelling Mr. James from the membership of the club, but older and wiser heads prevailed and no step in that direction was taken.

When the matter was taken up for discussion the Councilmen in attendance gave their versions of the caucuses held before the deal was made. Some of them were quite emphatic in denying the truth of Mr. James' version and their statements were directly in conflict with those which have been made by that gentleman.

A committee was appointed to draft resolutions on the matter, and the following resolution was presented and adopted:

WHEREAS, By the action of one David R. James, a Councilman from the Third ward of this borough, the will of the people, as expressed by their votes at the election held on the 19th ult., has been most basely thwarted; and

WHEREAS, The said James has in an unwarranted and traitorous manner betrayed the purposes for which he was elected, thus bringing discredit upon the organization which took an active part in his election, and whose assistance he solicited; therefore, be it

Resolved, That we most emphatically place our condemnation upon his uncalculated and unprincipled act, which has not alone affected him, but has brought all who were associated with him, or who championed his cause at the time of election, into disrepute and subjecting them to the ridicule of those whose support they sought in his behalf.

Resolved, That a committee of five be appointed to formulate charges against the said James.

In accordance with the resolutions a committee was appointed to formulate charges and to notify Mr. James to be present next Thursday evening and make answer.

Contrary to expectation, the meeting was not a lively one. There were no hot debates or anything tending to anger. In fact, the meeting was entirely a one-sided matter and there was no presentation of the case from Mr. James' standpoint of view. The next meeting will no doubt be up to the standard of expectation, as it will assume the form of a trial and all facts bearing upon the matter will be thoroughly rehearsed.

Oh, Yes! Oh, Yes!

A general invitation is hereby extended to you, your wife, cousin, or aunt, or sweetheart, or anybody else, to sample the clam chowder at the Scheidly House this evening. Preparation has been made to give a liberal supply to all. Side entrance for ladies, and a hearty welcome to all.

The victim slipped while attempting to jump on the train and fell beneath the wheels. His body was terribly mangled.

THE POPULAR VALLEY.

A New System of Baggage Delivery to Go Into Effect March 15.

The Lehigh Valley Railroad, always on the alert to increase the comfort and the convenience of its utilizers, has initiated a new system of baggage delivery which will be a great improvement on the system at present in use and a valuable aid to the traveling public. W. H. Gummere, general baggage agent of the road, states that the system will go into effect on March 15.

By this system passengers can have their baggage checked from the principal stations of the road direct to any depot, hotel or residence in New York City below 144th street, and in Brooklyn. The most attractive feature of this new departure is that the baggage upon its arrival in New York is placed at once in a special conveyance of the New York Transfer Company (formerly Dodd's Express) and sent immediately to its destination, thereby avoiding any delay in transfer. The cost of this special service will be 50 cents for every piece, which is but a trifle more than the usual charge. By this system baggage can be forwarded in advance of the passenger if so desired. The necessity of the passenger accompanying his baggage or rechecking it on the train is thus done away with. The traveler can send his baggage away in the morning and follow in the afternoon to find his baggage safe at his destination upon his arrival there.

Women traveling alone will find the new system a great convenience and one that will relieve them of all worry and trouble looking after their checks and prevent all delay. The Lehigh Valley is to be complimented on its efforts in behalf of its passengers' comfort. Gen. Baggage Agent Gummere feels confident of the great success of the system.
