TUESDAY, MARCH 12, 1895.

It is a significant fact that there are no Republicans engaged in the scheme of organizing a new party.

Nothing like a boom in business is likely to come this year, but a steady and substantial improvement from this time on is probable.

If the Democrats were as good at providing a revenue as they are at making appropriations, it would be much better for the country.

That "ex" before Crisp's name is likely to stick for years. A Democratic House in the near future is outside the domain of probabilities.

CLEVELAND can now serve out the rest of his term with the comforting reflection that he can not be snubbed any more by a Democratic Congress.

ONE-HALF of the period of Democratic rule has expired, and the other half will be easier to bear by reason of the presence of a Republican safeguard.

THE new party will hurt the Democrats in 1896 more than the Republicans, but the Democrats need not mind that. They had no chance to win in any event.

The continued exclusion of American products from foreign markets on account of certain provisions of our new tariff law is one that seriously affects the interests of the farmers.

ANOTHER MINE FLOOD.

The Famous Sultana Gold Mine Shaft House Destroyed.

UNCONSCIOUS WORKERS RESCUED.

Nine Men Brought to the Surface, but Two Died Soon Afterward—The Others Rescued Just in Time to Save Them from Death by Suffocation.

WINSTED, Mass., March 12.—The shaft house at the famous Sultana gold mine, fourteen miles from Rat Portage, caught fire last evening, and before the flames were discovered they completely enveloped the building. This, of course, shut off the air supply to the mine.

The fire is supposed to have been started by a pipe in the pocket of a coat hanging on the wall. Foreman Johnson noticing the fire called on the men to assist in putting it out, but all ran away, being afraid of explosives in the drying room. Johnson rushed into the fiery room, removed two boxes of powder, and then directed his attention to an attempt to save the building. There was no fire protection, and a bucket brigade was organized, but it was of no avail, as the shaft house was completely consumed.

The fire started at 1 o'clock, and until 1:30 no effort could possibly be made to assist the men in the shaft. As soon as the ruins were sufficiently cooled it was found that the timbers lining the shaft were blazing, and water was then directed on these timbers, but in the excitement the greater portion was falling uselessly down the shaft.

Shortly after 2 o'clock the fire was extinguished in the shaft, and the men descended it and found six men on the first level, apparently all suffocated. They descended to the lower level and found three more, but these men were in better condition than the others, and efforts were begun to raise them. The first three raised were suffering badly, but were resuscitated after a short time. The fourth man, John Lagler, was very low when he arrived at the surface, and died shortly afterwards. The others were in a critical condition when brought to the surface, but all recovered excepting Rudolph Erickson, who died in three hours afterward.

The seven rescued are: Alex. Neilson, J. Erickson, P. Strand, W. Frym, Charles Edstrom, C. C. Peterson and Charles Oon.

Erym, upon examination, was found badly burned on the back. It seems the air shaft ignited and caused suction of air from the bottom of the shaft, depriving the men of fresh air, and also causing smoke to descend the shaft, and when found all were unconscious and leaning against the side of the shaft. In a very short time all would have been suffocated to death.

Victims of the Old Abe Disaster. ALBUQUERQUE, N. M., March 12.—The fire in the Old Abe mine near White Oaks has been brought under control, and the imprisoned miners brought to the surface. Eight are dead.

SPRING HINTS.

Some Good and Necessary Advice at this Season.

There Are Some Things We Must Surely Do.

And This Thing Is by Far the Most Important of Them All.

Everybody needs a spring medicine—a remedy which will strengthen and invigorate the system, and tone up the action of all the organs. The change from cold to warm weather causes a depression of the vital forces, resulting in weakened nerves, impaired blood, and inactive organs.

Our esteemed correspondent, Mrs. A. S. Gould, writes us from Garland, Me., some facts in regard to this subject which will be of great interest and value just at this season:

"Through the loss of my mother, the sickness of my husband, and the extra work which fell upon me, I was thrown into a condition of nervous and physical exhaustion. I grew constantly worse. I cannot find words to express that terrible feeling that existed through my whole system—a feeling of utter weakness and prostration, with strange nervous sensations.

"My right foot was so bad it was with great difficulty I could walk. I had to place my foot every way to keep from falling. My hands and arms were weak, numb and prickly. I was very tired all the time. There was a heavy dull feeling in my limbs. Nights they seemed like lead weights. When out riding a mile distance, they would feel as though I had lost the use of them. I would move my fingers and arms to see if I could. I expected any day to be found paralyzed.

"Then I began to take Dr. Greene's Nervura blood and nerve remedy. The first bottle did not seem to help me much, but the second bottle did, and made me better. I kept on using it.

Mrs. A. S. GOULD.

"Now I am feeling well, and do all my work and sleep well nights. I feel as though a great burden had been rolled away from me. I am doing a great amount of work every day and often walk, besides, as much as two miles. "I think I will pass for a smart old lady, so much for Dr. Greene's Nervura blood and nerve remedy. I can truly say it has done wonders for me. I cannot speak too much in praise of it, for it has been the greatest blessing to me.

"I only wish other people afflicted with disease would try it—not one bottle, but several. In order to give a fair trial, I truly think they never would be sorry. My earnest prayer is that this wonderful remedy may go out into the wide world to sick and suffering humanity."

If you want to be perfectly strong and healthy, the best possible thing to do is to take this great curer and strengthener. You can be cured quicker in the spring than at any other season. You must take a spring medicine, everyone knows that, and Dr. Greene's Nervura blood and nerve remedy is the best and most certain, because it always cures.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by anyone, at any time, free of charge, personally or by letter, gives the absolute assurance of the beneficial action of this wonderful medicine.

Suicide of a Young Arrest. OMAHA, March 11.—At Cronwall, a little town near Creston, Ia., Dave Blosser, a prominent citizen, committed suicide on Friday. It developed today that Blosser was a forger, but to what extent is not known definitely, and probably never will be.

Investigations have revealed that the speculations of Blosser extended over a period of three years. All this time Blosser has been the best of reputations. It is variously estimated that Blosser's forgeries will reach \$5,000. Besides that, he has borrowed large sums from wealthy citizens on his own notes. These notes will probably reach \$150,000. When the officer went to arrest him he endeavored to evade the officer, and falling drew a revolver and shot himself.

Conspiracy to Hold Up a State. PIERRE, S. D., March 11.—The legislative committee investigation made its report just before adjournment, but the report is now made public for the first time. The committee declares that it is shown that a conspiracy had existed between certain sureties of Taylor and the defaulter to "hold up" the state and compel a settlement. The committee "did not find that there was any collusion among the sureties or other persons with whom to defraud the state prior to the time when it became apparent that Taylor would not be able to make his settlement with the state."

Will Probably Fight in Mexico. CITY OF MEXICO, March 12.—James F. Caffrey, in answer to Jack McAuliffe's challenge to fight him for the lightweight championship of the world, claims that when McAuliffe bested him they fought out of class. The Mexican National Athletic club will hang up \$6,000 for the contest.

Peruvian Troops Defeated. BUENOS AYRES, March 12.—Advices from Lima are to the effect that an engagement has been fought at Cabanillas, Peru, between the government troops and the insurgents. The government forces were defeated, with a loss of 300 killed.

PENNSYLVANIA LEGISLATURE.

Proposed Monument to General Hartranft. A BILL to License Social Clubs.

HARRISBURG, March 12.—The house held a short session last evening. A number of bills were placed on first and second reading. Mr. Moore, of Bradford, presented a bill amending the act relative to state weather service, providing that the secretary of agriculture shall discharge the duties pertaining to the bureau, heretofore imposed upon the secretary of internal affairs. A bill was introduced by Mr. Fredricks, of Clinton, appropriating \$18,000 for the erection of an equestrian statue of General Hartranft in Capitol park.

In the senate bills were introduced: For the creation of the office of fire marshal in cities of the third class. To allow clubs with at least fifty adult members to sell liquor to its members after obtaining a license from the proper court. The license fee to be fixed at \$100 for the first hundred members or a fraction thereof, and \$80 for each additional hundred members, the maximum not to exceed \$1,000 a year.

Lancaster's City Officials. LANCASTER, Pa., March 12.—A two hours' session of the Republican members of city council last night resulted in an entire triumph for the Lewis Hartman faction. Mr. Hartman died on Friday last, but the slate representing his wing of the party went through without a break. City Treasurer J. H. Rathbone, Street Commissioner J. H. Stauffer, Superintendent of Water Works Edward F. Frailey and City Regulator Charles E. Zortman were all renominated. J. W. Brown was nominated for city solicitor, H. B. Vander-smith for chief of the fire department, William Riddle for president and H. W. Bucklus for clerk of select council. H. M. Hurr was chosen president and David L. Duon clerk of common council. The nominations are equivalent to an election.

Jailing Delinquent Taxpayers. BETHLEHEM, Pa., March 12.—The depression in business and the cosmopolitan population of the south side, where the steel mill is located, have had a telling effect on the town's resources. Tax Collector Reynolds has over 500 delinquents, and money is wanted. He announced yesterday that he would proceed according to law. The first delinquent he met was Preston Shafer, who owed \$2. Shafer refused to pay and was sent to jail. The collector threatens to crowd the jail to overflowing if necessary to get the tax. Many of the delinquents have been idle for some time.

Congressman Dockery's Figuring. WASHINGTON, March 12.—Representative Dockery, of Missouri, a member of the committee on appropriations, makes public a statement containing a comparison of appropriations by the 51st, 52nd and 53rd congresses. It shows, says Mr. Dockery, that the appropriations of the 51st congress were \$1,955,680,106, of the 52d, \$1,027,104,547, and of the 53d \$996,338,601. Mr. Dockery also asserts that for the first time in a long series of years the regular annual appropriations are smaller at the concluding session than at the first regular session.

Slavin Defeats the "Coffee Cooler." LONDON, March 12.—In the boxing match at the Central Hall, Holborn, last evening, between Frank Slavin, formerly of Australia, and Frank Craig, known as the "Coffee Cooler," for a purse of \$5,000, Craig was knocked out in one round, receiving a blow on the jaw which knocked him unconscious. The attendants tried hard to revive Craig, but upon the expiration of ten seconds he was still lying helpless. Slavin was declared the winner, amid a scene of intense excitement. The fight lasted less than two minutes.

Colored Men Ordered to Leave. UNIONVILLE, Mo., March 12.—The excitement attending the shooting of Al Todd, the colored man, by City Marshal Clark, has not abated, and a deplorable state of affairs exists. Parties unknown, with strong prejudices against the colored race, have sent notices to all the colored men ordering them to quit the town. The letters are adorned with a skull and cross bones. Prosecuting Attorney Leet Robinson has issued a manifesto and the chances are that the whitecaps will be prosecuted to the full extent of the law.

A Strange and Deadly Disease. ASHLAND, Ky., March 12.—Latest reports from Floyd county brought by local traveling salesmen are not at all encouraging for the early suppression of the strange malady that is raging in the Mud river country. It has become so violent that even the physicians of the surrounding towns refuse to visit the victims. The disease resembles cholera, except that it chokes the victim to death. In almost every case it has been fatal, the victims seldom living three days from attack.

Belligerent Mrs. Lease. TOPEKA, Kan., March 12.—Mary Elizabeth Lease, the Populist orator, has not made up her mind to give up her place on the state board of charities to George A. Clark, although he has been appointed by the governor and confirmed by the senate. She claims that her time will not be out until February, 1896, and if her lawyer, Eugene Hagan, can find a law to sustain her claim she will make a fight in the courts.
