THIRD EDITION

Ask Your Druggist for It.

Such strong proofs of the cures made by Dr. David Kennedy's Favorite Remedy have been brought to public notice through newspaper investigations that it is now the standard medicine for the disease for which it is prepared.

Dr. G. H. Ingraham, of Amsterdam, N. Y., states where the regular prescriptions used in a case of kidney disease and gravel utterly failed, he prescribed Dr. Kennedy's Favorite Remedy, and it cured the patient.

Dr. Wm. Smith, of Jewett's Heights, N. Y., prescribed Favorite Remedy for Mrs. Casper Brooks, of Athens, N. Y., who was suffering from kidney disease and ulceration of the stomach; after the second day, the coal-strewn stomach was noted, and final permanent recovery.

Dr. Kennedy's Favorite Remedy acts upon the kidneys, liver and blood, in cases of nervousness, dyspepsia, rheumatism and Bright's disease; it has made most pronounced cures, after all other treatments have failed.

"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Syrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible, by all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon offer a permanent cure. 25 and 50 cent bottles for sale by Grubler Bros.

INSURE TO OUR FLAG.

An American Mail Steamer Fired Upon by a Spanish Gunboat.

NEW YORK, March 12.—The American mail steamship Alliance arrived here yesterday afternoon from Colon, and just as soon as she landed Captain J. A. Crossman sent a letter to Secretary of State Gresham, which is in substance as follows: "On the morning of March 8, while off the coast of Cuba, a barkentine rigged steamer was sighted, steaming directly for us. At 7:15 she set her colors, proving to be a Spanish gunboat. I immediately ordered the American ensign hoisted on the Alliance, and saluted the Spaniard, which salute was duly returned by her. I then saluted once more, and supposed the matter was at an end.

"About five minutes later the Spaniard fired a blank cartridge, and a few moments afterwards by three solid shots, all of which fell short of the Alliance, but showing very conclusively that the Spaniard was firing at us. I being fully six miles off shore, and on the high seas, paid no further attention to the Spaniard, but kept my course. The Spaniard kept up his chase, although gradually dropping astern, for fully twenty-five miles.

"I desire to know if the Spaniard has any right to fire on my ship, with the possible chance of endangering the lives of the passengers and crew under my charge, or to compel me to leave to, as she probably intended.

"I respectfully ask for information on that subject, as I did not and do not propose to leave to, thereby losing time on my voyage, to oblige the Spanish gunboats, or any other, except in case of distress.

WASHINGTON, March 12.—The letter of Captain Crossman complaining against a Spanish gunboat was received at the state department today. It is shown that the Alliance was actually outside the shore limit of six miles our government will demand an apology.

METHODISTS DISAGREE.

Lively Discussion Over Individual Communion Cups—Women Barred Out.

BALTIMORE, March 12.—The Baltimore Methodist Episcopal conference, by a vote of 116 to 65, defeated the amendment to the constitution of the church, providing for the admission of women to the general conference.

A resolution offered at the conference condemning as un-Christlike the use of individual cups at the Lord's Supper brought to their feet a large portion of the delegates. Rev. Dr. Richard Harcourt, pastor of Grace church, Baltimore, which recently adopted individual cups, said:

"I would like to know in what part of the use of individual cups conflicts with the Bible or the Methodist discipline."

"I think there is no authority for their use in either," the bishop answered. "Jesus Christ said 'cup,' not 'cups.' That is my conviction."

"Well, as to that," Dr. Harcourt replied, "I think I can say there is scriptural authority for the use of individual cups. There was a time when it was said, everybody had to go clean shaven like the bishop of this conference—when there was no dipping of the mustache into the cup, with perhaps tobacco juice on it; when there was no offensive suffering from the grip after having left the handkerchief at home. I tell you, Mr. President, that from these causes, at the table of the Lord and his communion, I have administered slops."

Groans followed, and exclamations of "Oh!" and "Stop!" but Dr. Harcourt continued: "If there were not so many ladies present I might give you brethren some further facts, but I refrain."

The bishop called Dr. Harcourt to order and Dr. Harcourt said: "Certainly, bishop, I said I would refrain on account of the presence in this congregation of ladies from giving further unpleasant facts which are apropos in full discussion of this question."

Finally the matter was laid on the table by a vote of 70 to 90.

His injuries are of an internal character.

AMUSEMENTS.

"THE PAY TRAIN."

The management of Ferguson's theatre announces one of the best attractions of the season for Friday evening, March 15, when the universal favorite, Florence Bingley, will give a massive production of her realistic comedy drama, "The Pay Train." Incidental to the play Miss Bingley will introduce her songs, dances and solos on the autoharp, xylophone, sleigh bells and musical glasses. The end of the third act is the great railroad scene in which a full train of cars crosses the stage at full speed and are uncoupled in full view of the audience. The pay car is at once lit up with electricity and action shown in the car. This feat is original work, and accomplished only by this company. It cannot be fully described so as to do it justice, and must be seen.

"THE POLICE PATROL."

The thrilling and realistic play, "The Police Patrol," will be presented at Ferguson's theatre on Saturday evening, March 16th. On its former production in this city, this production was most favorably received. The plot is founded on a sensational murder that occurred in Chicago some years ago, and that startling affair has been dramatized in a most striking and realistic manner, the succeeding incidents being faithfully produced. The play permits the introduction of the interior of a police patrol station with the patrol wagon, horses, policemen and all the paraphernalia necessary to a station of the kind. The sensational element is relieved by some very bright comedy and pleasing specialties.

New Homes for Settlers.

WASHINGTON, March 12.—When President Cleveland returns from his ducking trip it is expected that he will immediately issue a proclamation opening to settlement the land ceded by the Yankton Sioux Indians in South Dakota. The proclamation provides that in thirty days after its first publication the lands shall be subject to entry under the land laws of the United States. The lands ceded amount to 400,000 acres, and are accounted among the best in the state. Another proclamation which will soon be issued is that of the Nez Perce, in Idaho.

RAILROAD RUMBLINGS.

One Company Discontinues the Sale of Mileage Books.

The Lehigh Valley passenger trainmen are being measured for their spring uniforms.

It is stated upon reliable authority that the new time table of the Lehigh Valley Railroad has been countermanded. The time table for all the coal branches had been prepared and were ready for distribution when a message reached Delano from General Manager Wilbur countermanding them.

The Lehigh Valley Coal Co. is to acquire control of all the collieries now leased to individuals as quick as leases expire. This is a marked and important change in the policy of the company and one which the stockholders are divided in opinion as to its advisability.

The Delaware, Lackawanna & Western Railroad has discontinued the sale of mileage books. The order to that effect went into operation last Friday. It is feared this order will result in the Lehigh Valley Company stopping the sale of mileage books also. It is understood that it is a Trunk Line arrangement and that the order will become general.

The Pennsylvania Railroad Co. are contemplating the extension of their tracks from Shamokin to Mt. Carmel making the latter town the terminus of the line, instead of Shamokin, as at present. The Northern Central owns the tracks to Mt. Carmel but Shamokin has always been the terminus of the passenger trains. Lehigh Valley passenger trains use the Northern Central tracks between Shamokin and Mt. Carmel. If it is decided to run the trains through Mt. Carmel will be the terminus for both the Northern Central and Lehigh Valley trains.

A Boom for Wadesville.

The Philadelphia and Reading Coal and Iron Company will begin important work at the old Wadesville shaft shortly. A shaft will be sunk at the southwest side of the present one, which will strike the Skidmore or Buck Mountain vein. The water will be drained in this way from the original shaft, giving the company two outlets. A large breaker will be erected on the site of the old one.
