

ROBINSON'S DEFENSE.

Sadie Declares That Her Confession Was Bogus.

TAUGHT TO HER BY A DETECTIVE.

The Accused Detective, However, Who is Chief of Buffalo's Detective Force, Declares That the Confession Was Wholly Voluntary on Sadie's Part.

BUFFALO, March 16.—An important witness in the Robinson trial yesterday was Patrick V. Cusack, chief of the Buffalo detectives. He it was who had been sent to Cleveland to work up the case against the Robinsons on receipt of the telegram from the Cleveland police giving the announcement of the strange confession made by Sadie.

It was during the cross examination of this witness that the defense showed its hand by trying to prove that Sadie was coerced into making her confession by threats and intimidation. Cusack, in answer to questioning, swore that Sadie confessed to him in Cleveland that she fired the shot that killed Montgomery Gibbs. She confessed that her husband held him up, and that she went to her husband's assistance when Gibbs threw him to his knees. She fired the first shot just after Clarence shot Gibbs in the arm. This confession by Sadie, so Cusack swore, was made voluntarily.

The defense then called Sadie to the stand for rebuttal. Examined by Judge Hardesty she said:

"After I left Cleveland for Buffalo in charge of Superintendent Cusack I was crying because he would not let me kiss Clarence good-by. He said, 'D—n you, stop your sniveling.' Then Cusack said to me: 'He is not your husband. You are only his mistress. Clarence has another wife and children alive, and is supporting them.'"

"That made me awful mad," said Sadie. "and then Cusack said, 'If I were you I would get even with a man who treated me in that manner, and if you will say that Clarence shot Montgomery Gibbs I will get part of the reward, and you will be avenged.' Then Cusack told me what to say to Kennelick (the district attorney), and I said it to him when I got to Buffalo. 'My confession to Mr. Kennelick is just what Cusack told me to say, and,' added Sadie, turning full on Cusack as she spoke, and shrieking at the top of her voice, 'you know that it is.'"

Superintendent Cusack was then recalled. He positively denied having ever held out any inducement to Sadie to obtain her confession.

Governor Marvill Still in Danger.

LAUREL, Del., March 16.—Governor Marvill, though resting somewhat easier, is still a very sick man. He had a relapse Thursday night, and was in a sinking condition in the morning. The story that he is out of danger, and on Thursday attended the funeral of his brother, who died of paralysis, is untrue.

A Name for the New Party.

PITTSBURG, March 16.—The name for the new party was finally decided as Home Protection party. Before adjournment a resolution was passed calling for all kinds of money to be on a party, but that the government shall issue it direct to the people instead of to the banks.

Sir Henry Ponsonby Dying.

OSBORNE, Isle of Wight, March 16.—Sir Henry Frederick Ponsonby, private secretary to Queen Victoria and keeper of the privy purse, who was stricken with paralysis on Jan. 7, is reported to be dying.

Fluttering, No Appetite, Could Not Sleep, Wind on Stomach.

I would be compelled to sit up in bed and belch gas from my stomach until I thought that every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I could not sweep a room without resting. My husband induced me to try

Dr. Miles' Heart Cure and am happy to say it has cured me. I now have a splendid appetite and sleep well. Its effect was truly marvelous."

IT CURES EVERY BODY.

The Wonderful Medicine, Dr. Greene's Nervura Blood and Nerve Remedy Always Cures. It is the Best Spring Medicine in the World. You Need it Now.

Rarely do people feel well at this season. They emerge from winter, weakened and run down in health. They are not exactly sick, but they feel out of order, nervous, tire easily, do not eat or sleep well, and are spiritless, and lack their old-time strength and ambition. All this is because they need, and must have a spring medicine. It is acknowledged by all physicians to be absolutely necessary.

It is not safe to try and get through the spring without one. The blood undergoes changes at this season, which require a strengthening, invigorating medicine, just such a one as Dr. Greene's Nervura blood and nerve remedy, for there is no other medicine in the world which has such wonderful power to make good blood, strong nerves, and perfect health. Read what Mr. and Mrs. Joseph A. Slayton, two prominent and well-known people of Calais, Vt., think of it.

"Two years ago I was taken with the gripple," says Mr. Slayton. "I had to

take to my bed, and was very sick. I was so dizzy I did not dare go away to work alone. I would fall down and hurt me badly. Since taking Dr. Greene's Nervura blood and nerve remedy, my health is good and my nerves are steady. I know it is the best medicine, and advise all to use it."

Mrs. Lucinda Slayton writes as follows: "About three months ago I had bilious fever and gripple. My nerves were all exhausted. At the same time I was very sick. The gripple settled in my limbs, and by advice I did something to scatter the trouble and it went all over me. 'I was afraid I should become helpless. I employed doctors, but they did not cure me. I was so weak that I would sweat profusely, and could do but little work. I commenced taking Dr. Greene's Nervura blood and nerve remedy, and soon received great benefit from it. 'My troubles have now all left me, and I can work all day comfortably without resting. My health is as good as before I

MR. AND MRS. JOSEPH A. SLAYTON.

was sick. I think my teeth have been benefited, as they do not ache as before. I cannot praise too highly Dr. Greene's Nervura blood and nerve remedy. I strongly urge every one to take it at once."

"Don't delay another day taking this most wonderful of medicines. It will positively cure you. Now is just the time you need it most. It will take away all those dull, tired, languid and nervous feelings, cure that biliousness, constipation and headache, and make you feel strong, cheerful and vigorous."

It is purely vegetable and harmless, and is used and prescribed by doctors, because it is the discovery and prescription of a noted physician, Dr. Greene, of 35 West 14th St., New York City. He is the most successful specialist in curing nervous and chronic diseases, and can be consulted free, personally or by letter.

"Perhaps you would not think so, but a very large proportion of diseases in New York come from carelessness about catching cold," says Dr. Syrus Edison. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it."

Dr. Edison does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 35 and 60 cent bottles for sale by Gruhier Bros.

MIL. GRESHAM'S DEMAND

Spain Must Apologize for the Alliance Affair.

MINISTER MURNAGA SURPRISED.

The Spanish Diplomat Intimates That There Should Have Been No Demand Until the Report of the Spanish Captain Had Been Presented.

MADRID, March 16.—Minister Taylor has received a cablegram from Secretary Gresham calling attention to the firing on the Alliance by a Spanish gunboat. The cablegram says:

"The windward passage, where this occurred, is the natural and usual highway for vessels plying between ports of the United States and the Caribbean sea. Through it several regular lines of American mail and commercial steamers pass weekly within sight of Cape May. They are well known, and their voyage embraces no Cuban port of call. Forcible interference with them cannot be claimed as a belligerent act, whether passed within three miles of the Cuban coast or not, and can, under no circumstances, be tolerated when no state of war exists."

"This government will expect prompt disavowal of the unauthorized act and due expression of regret on the part of Spain, and it must insist that immediate and positive orders be given to Spanish naval commanders not to interfere with legitimate American commerce passing through that channel, and prohibiting all acts wantonly imperiling life and property lawfully under the flag of the United States. You will communicate this to the minister of foreign affairs, and urge the importance of prompt and satisfactory response."

In discussing the Alliance affair with a reporter, Senator Murnaga, the Spanish minister, said:

"This looks very much like a sea-serpent affair. Every now and then a captain states that he has seen the sea-serpent and came near being swallowed by it. Captain Crossman is no doubt a worthy officer, but it looks very much as though he had a dream as to seeing a Spanish gunboat. The proper course would be to exact affidavits from the crew and passengers of the Alliance, and find out if they agreed with the statement of Captain Crossman."

A letter from the captain general of Cuba received by Minister Murnaga says that everything is quiet in five provinces and that the only danger comes from the possibility of shipping arms, ammunition and men from the United States. The people of Cuba, reports the captain general, are entirely opposed to all disturbance, this being the case even with the leaders of the former revolution.

As soon as the text of Secretary Gresham's demand on Spain was received it was taken by a reporter of the Associated Press to Senator Murnaga, the Spanish minister. "I am astonished," said he, "that this course has been taken when as yet only one side of the story has been told, and any action must be based on the ex parte statement of Captain Crossman."

The minister scanned the text of the demand forwarded to Spain, commenting on the severity of the language that "this government will expect prompt disavowal" and "due expression of regret on the part of Spain," with "immediate and positive orders" to Spanish naval commanders. "Will Spain apologize?" Minister Murnaga was asked.

"That remains to be seen after Spain's side of the story is learned," said he. "Certainly there will be no reply until after the facts are known, not alone from Captain Crossman, but from the commander of the Spanish gunboat alleged to have done the firing. If Spain is in the wrong she will promptly apologize."

Secretary Gresham came to the state department in person, looking very weak as the result of his illness, but determined to keep the further negotiations in his own hands. Looking to the future, it is fully expected, in view of the prompt action of the Spanish minister here in promising in advance that if Spain was in the wrong she would make all proper reparation, that the incident will be speedily and peacefully settled.

If, however, the Spanish government should be stung by the urgency shown by the United States in making the issue into refusing to meet our demands, our minister, Mr. Taylor, may not unlike our demands may be coming from some disinterested and friendly nation prevail, an ugly complication may result, ending in the presence of a considerable fleet of United States naval vessels in Cuban waters to protect American shipping.

Corroborating Captain Crossman. NEW YORK, March 16.—Although Senator Murnaga, the Spanish minister at Washington, says that the story of a Spanish man-of-war having fired on the Alliance, of the Colombian line, looks like a sea-serpent story, the officers on the ship, when seen by the Associated Press reporter, were very emphatic in their denunciations of the attack. First officer Corning and Second Officer Russell gave the reporter detailed accounts of the incident, and both agree with the sworn affidavit sent by Captain Crossman to the state department, and both agree with the sworn affidavit sent by Captain Crossman to the state department, and both agree with the sworn affidavit sent by Captain Crossman to the state department.

A Youthful Firebug's Confession. BOSTON, March 16.—James A. Doherty, 17 years old, confessed to Fire Marshal Whitcomb that he set fire to St. Peter's Catholic church on the evening of March 6. It is positively stated that neither of the fires in St. Augustine's Neponset, Gate of Heaven church, nor that in South Boston were incendiary, as has been supposed by many who thought they saw a connection between the fires, all of which were in Catholic churches, and occurred within a few weeks.

His Negro Children Won. ATHENS, Ga., March 16.—Two years ago George Die, a bachelor, died in Elbert county, Ga., leaving an estate of \$125,000 to seven illegitimate negro children. A big contest followed, and the third trial of the case ended yesterday in a decision in favor of the negro legatees.

Colombia Rebels Defeated. COLON, March 16.—A severe engagement was fought at Barranca on Monday last, March 11. The rebels numbered 600, of whom 120 were slain. In addition, the government troops, which were victorious, captured many prisoners.
