"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Syrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by Grubler Bros.

Pennsylvania Railroad's Second Tour to "The Golden Gate."

The large number of people who have leisure, and the growing desire of Americans to see the wonders of their native land, are the principal agencies in advancing a healthy sentiment in favor of travel. The Pennsylvania Railroad Company's personally-conducted tours to California will be conducted in all respects as those of preceding years, with some added advantages, which cannot fail to attract the attention and enlist the interest of the tourist.

In addition to the high-grade accommodations and entertainment in transit, the Pennsylvania tourists are treated with the same liberality wherever the journey is broken. The choicest rooms in the leading hotels are always reserved for their use, for which regular rates are paid, so that the guests, although members of a large party, enjoy all the privileges of individuals who may have made their own selections.

The second tour in the 1895 series to the Golden Gate will leave New York and Philadelphia March 20, 1895, arriving at San Francisco March 29, and at New York and Philadelphia May 16, 1895. Detailed itinerary will be sent on application to Tourist Agent, 1196 Broadway, New York, or Room 411, Broad Street Station, Philadelphia.

Notice to Subscribers.

Subscribers to the EVENING HERALD who are not receiving their paper regularly and people who wish to receive the paper as new subscribers, are requested to leave their addresses at Hooks & Brown's stationery store, on North Main street.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for over six months. At last the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. It only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Grubler Bros.

THEY REFUSE TO SERVE.

The Citizens Councilmen Object to Act as Committeemen.

It begins to look as if the court will have to appoint several new Councilmen to serve until next spring, if all I hear is true—that the Citizens members will refuse to serve on committees appointed by the President of the Council.

At the next meeting of the Borough Council the President, in all probability, will name his committees. I understand several of the Citizens members will decline to serve; and just here is where they are going to make a mistake. The law will compel them to serve, or they will have to resign from Council. It is unreasonable to expect that eight members of that body are going to do all the work, nor can they be compelled to. If the President of the Council insists, the committeemen he names will find out, in short order, that they are not at liberty to do as they please, except to resign from Council.

It is about time this Council squabble was settled, and the members drop politics and get down to business. It won't do to play the baby act any longer. The borough has a big debt and it will require the attention of all the Councilmen in managing its affairs so as to keep it from growing, and at the same time to make the necessary improvements for the good of the town.

I would like to know what the organization of Council has to do with the duties of the committeemen? Just because it did not go right with one faction is no reason that faction should act stubborn. What has been done cannot be undone. I believe President McGuire is anxious to do the fair thing with all the members, and if those whom he wishes to favor refuse to act they must accept the responsibility.

We would not like to see any of our Councilmen brought up before court for contempt. Our judges do not mind matters when it comes to telling Councilmen, School Directors or other town or township officers what their duties are; and they generally punish those derelict in their duties severely.

The blue birds, the harbinger of spring, have not yet made their appearance. It is a little too early. The past winter has been a hard one and a change will not come any too soon, as every one appears to have become tired of the dreary, bleak days.

There is lots of work for the busy housewife and she is anxious to commence her spring cleaning. A word to the over-zealous is not out of place. Many a one has contracted a fatal cold through commencing house cleaning too early, and it would be safer to wait until all danger is past.

INDEX.

To Down Spooks.

A wealthy bachelor declared that a horrid hag had glared at him through the night. His friends laughed at him but he insisted that the house was haunted. He grew ill, complaining of extreme heaviness in the stomach, his appetite failed, he grew sallow, emaciated and despondent, believing he was going to die, the spook being a warning, and declared he could hear funeral bells ringing in his ears, and even hinted at suicide. A friend induced him to use Dr. Pierce's Golden Medical Discovery, and he rapidly grew well, spooks and all his distressing symptoms disappearing. A torpid liver and dyspepsia caused his suffering and the medicine cured both. A pamphlet free on a large Book on Liver and Stomach diseases and how to cure them (38 pages) for 6 cents in stamps. Address World's Dispensary Medical Association, Buffalo N. Y.

Great Damage from a Boiler Explosion.

Worcester, Mass., March 18.—Low water in one of fourteen boilers at H. N. Slaters' South Village woolen mills in Webster, yesterday noon, caused a terrific explosion. The plant and five boilers were ruined and other damage about the works was done. One of the boilers shot up from its foundation, passed through the basement of a factory tenement house and tore a piece off another tenement. Several people narrowly escaped death. J. H. Szekanski was in one of the boilers cleaning it out, but was little injured. Over 900 are out of employment. Loss \$25,000.

Emigrants for Liberia.

SAVANNAH, March 18.—A hundred or more of the negroes who are to migrate to Liberia are scattered along the river front, keeping eager watch for the coming of the ship Horsa, that is to carry them to Africa. There are now nearly three hundred here awaiting the steamer, according to the managers of the movement. Collector Beckwith will make a rigid inspection of the steamship, and if she does not conform with the provisions of the United States ship passenger laws he will refuse clear ance papers.

Found Frozen to Death.

MIDDLETOWN, N. Y., March 18.—Charles F. Seybolt, of Novella, two miles from this city, went hunting for muskrats last Monday, accompanied by his son. He stopped on the road and secured a bottle of whisky, and then sent the boy back home, saying that he was coming to this city. He did not return and searching parties have been out every day in quest of him. Yesterday afternoon his body was found lying face downward in the snow in an open field, frozen stiff.

Chinese Nations Captured.

PARIS, March 18.—A Shanghai dispatch states that the Japanese army at New Chwang captured all the supplies of provisions, etc., which were intended to last the Chinese three months. They also hold all the outposts from which new supplies could arrive. Thus the Chinese troops in Manchuria will be compelled either to yield or to speedily retreat in the direction of Peking. It is reported in Shanghai that the British Mediterranean squadron is going to the east.

Thinks Hawaiian Annexation Inevitable.

BUTTE, Mont., March 18.—J. G. Dixon, who had been sent to Honolulu by Chairman McCreary, of the house foreign relations committee, has just returned. While declining to discuss his trip, he admitted making thorough investigation of recent events on the islands, and gives it as his opinion that annexation is inevitable. He says the natives are becoming enthusiastic for annexation, and all favor it except the English residents.

THE CELLULOID COMPANY, 127-29 Broadway, NEW YORK.

Murdered for Four Dollars. SAN FRANCISCO, March 18.—Cornelius Stagg, proprietor of the Ingolds, a famous seaside resort near the ocean beach, was shot and killed by one of two masked men whose object was robbery. Entering the bar, in which several men were throwing dice, one robber covered the party while the other entered an adjoining room and ordered Stagg to go to the bar to produce the money bag. Stagg resisted, and the robber first struck him on the head with a revolver, then levelled the pistol at the oil coter and shot him through the temple. The masked men, after securing the contents of the till, amounting to only \$4, left. They have not been apprehended.

Kansas Latest Murder Mystery.

FORT SCOTT, Kan., March 18.—Louis Strevil, the aged ranchman whose identification last July by a 25-year-old son whom he had never seen was published as a remarkable romance, was on Saturday found murdered in his house on the ranch. On his person was found \$100 in gold and currency, which leads to the belief that he was not killed for what little money he had on his person. To all appearance Strevil was sitting before a stove alone smoking when the murderer crept in through the kitchen door, cut his throat before he could arise, and then fled. The coroner's investigation developed the fact that Strevil's son was to be sole heir.

A Kansas Desperado Killed.

COFFEYVILLE, Kan., March 18.—At 4 o'clock in the morning, twenty miles south of this city, Deputy United States Marshal James Mayes, with a posse of citizens, surprised Bob Rogers, the leader of a gang of outlaws, at the home of his father. A part of the posse went upstairs to capture the outlaw, who opened fire, instantly killing W. B. McDaniel and wounding Phil Williams. The officers then retired, but surrounded the house and demanded the surrender of Rogers under penalty of burning the house, upon which Rogers came out with his Winchester and fired at Marshal Mayes. The next instant half a dozen Winchester sent as many bullets into the body of the bandit, killing him instantly.

Nervousness

Is only another name for impure blood, for no person is weak and nervous whose blood is perfectly pure. When the blood is full of the germs of disease, and lacking in the red corpuscles which give it vitality, when it fails to properly nourish the organs and tissues of the body, what can you expect but that tired feeling and nervousness?

Of course Scrofula, Salt Rheum, Catarrh and Rheumatism are universally recognized as blood diseases, for which Hood's Sarsaparilla, as the best blood purifier, is everywhere acknowledged the greatest remedy.

Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best remedy for that condition of the blood which causes Nervousness.

It is a false idea to think you are curing your nervousness when you are taking a preparation which only "quiets" your nerves! It is like trying to "drown" your sorrows in the flowing bowl. They are sure to return.

We wish to make most impressive, then, this truism:

You cannot purify your blood by DEADENING or QUIETING your nerves with opiate, narcotic or nerve compounds. If you take such articles you are only trifling with your troubles. There is sure to be a REACTION which will leave you worse than you were before.

Why not then, take the true course, follow the bee-line to the state of health, purify your blood and cure your Nervousness by taking
