## TESTING AUTHORITY.

### Collector Scanlan Tries Another Method to Stop a Leakage in Taxes.

## TEAMSTER UNDER ARREST.

### HE DROVE OFF WITH A CART LOAD OF GOODS THE COLLECTOR HAD LEVIED UPON.

The Accused Men Have Been Placed Under Bail for Trial at Court—A Case That Will be Watched With Much Interest.

Tax Collector Scanlan has decided to make a test of how far a levy made for taxes by him extends. He claims that many teamsters of the town are in league with people to beat him out of the money and that in spite of his greatest vigilance the teamsters succeed in aiding people to escape from the town with their property. In some cases, he says, the teamsters insolently challenge his right to make a levy and boldly drive out of the town despite his protests. He struck a case of this kind yesterday and decided to make a test of his authority.

A man named John Urgan, who is indebted to the town for two years' taxes, hired William Snyder to convey his household effects from the First ward to Mahanoy City. Snyder's driver, Louis Mutalawicz, had charge of the wagon. Scanlan heard of the departure and he and Constable Gibbon jumped on an electric car in pursuit. They overtook the wagon near Yatesville. The tax collector stopped the team and demanded his taxes. Urgan refused to pay and the collector had the team turned around and on its way back to Shenandoah when Snyder ordered the driver to turn the team again and proceed to Mahanoy City. Scanlan gave notice that he had a levy on the goods, but Snyder retorted that he knew as much about the law as the collector and his driver drove on to Mahanoy City. When Snyder and his driver returned to town last night they were arrested by Constable Gibbon on warrants sworn out by the tax collector, charging them with larceny of goods placed under levy and with interfering with an officer in the discharge of his duty. The two men appeared before Justice Toomey and each entered \$500 bail for his appearance at court. If the collector's position is sustained by the court the two men will not only be obliged to pay Urgan's taxes for two years, but will have the costs of the suit and a fine heaped upon them, and may get a term in jail.

Baugh and Rev. J. Bath were the judges. Solo, Miss A. Timmins; essay, Miss Mable Marshall; solo, Thomas Hall; reading, J. W. Hoskins; address, "Effort," by the pastor; oration, T. ### Casper's Complaint.

Michael Casper, of Brownsville, went to Mahanoy City Saturday night and spent several hours traveling about the town with two men named John and Joseph Harris. While drinking in the saloon of Michael Zutel, Casper missed about \$30. He caused the arrest of John Harris and the saloonkeeper, but they were discharged for lack of evidence.

### A Woman's Disgrace.

Special Officer Kester was yesterday obliged to arrest and place in the lockup a woman who staggered about the streets intoxicated. Part of the wages her husband received on Saturday for working two weeks in the mines this woman spent in filling herself with liquor.

## COMEDY TO-NIGHT.

A Rich Treat in Store for All at Ferguson's Theatre This Evening.

The Clair Patee Company, which bounded as once into popular favor last evening by their excellent performance of "Led Astray," will present this evening one of their most laughable comedies entitled "The Arabian Nights." This is the same play that made such great success in New York, Philadelphia, Boston

and all the larger cities, and its plot and situations are not only of a refined order but very, very funny. Miss Virginia Bray will appear as Rosa Columbia; Mr. Nichols as Mr. Hummingtop; Miss Eva Taylor as Mrs. Hummingtop; and the balance of the fun will be in the hands of that bright little soubrette, Miss Florence Hadley, who won so many friends last evening by her fine rendition of new and popular songs; Miss Julia Hanchett will be in her element as Mrs. Gillbrand, and she will undoubtedly give to that very eccentric character plenty of life, dash and vehemence. Mr. Livingston will please the fancy as Joshua Gillbrand and will also introduce new and appropriate songs. An enjoyable evening will be assured as this company is both capable and painstaking, and will certainly use every effort to entertain.

### Coupling the Electric Railway Interests With Those of the Base Ball Management.

## THE DELANO EXTENSION!

### LAKESIDE RAILWAY CARS WILL BE RUN OVER THE NEW LINE BY THE FIRST OF NEXT JUNE.

### After a Re-organization Movement in the Company Ceases, or is Carried Through, Base Ball Will be Taken Up.

The approach of spring brings out reports of improvements from all quarters, and if one half the announcements are fruitful when spring arrives a busy and lively season will be opened. The Lakeside Electric Railway Company is out with an announcement that the work of surveying the electric line from Mahanoy City to Delano will be resumed at once and finished by April 1st, when the pick and shovel brigade will begin operations. About two hundred men will begin operations at the Mahanoy City end of the line and cars will be running to Delano by June 1st.

There is also a well founded report that the Lakeside Railway Company will have a hand in the management of the base ball club of this town this season. The company will not openly identify itself with the club, but will to an extent be a financial backer and look after the arrangement of better railway facilities for reaching the grounds. It is said that assurances given by officials of the company has been the encouragement upon which the club's management has signed several high-priced players. Several of them are signed for as high as \$145 a month. Such a salary list has never before been indulged in by this town. The record is being broken in order that the club may put up good games at home and on the road and go through the season more like a winner than it did last year. The officials of the railway company held a meeting last night, but took no definite action in the matter, but will do so in a few days. There is a sort of reorganization movement in the company and as soon as that part of its affairs is adjusted the company will take up the base ball part. The company very wisely views the base ball undertaking in the light that a first class base ball season in Shenandoah will mean large returns from traffic over the line. The company's returns from traffic brought about by one of the big games last season exceeded \$500. If the Schuylkill Traction Company is wise it will also give the base ball managers some substantial encouragement. It will make in one day what would be a good lift to the club for the season. There is no town north of the Broad mountain where base ball can be made pay as well as here. Other towns such as Mahanoy City and Ashland, have made good efforts, but none of them have met with the success that has crowned the efforts in this town. Last season cannot be taken as an example of base ball success here. The game was not taken up until almost June and the season was more than half over when the club entered the State League.

### County Currency.

Hereafter murderers will plead guilty to save their necks. The Brumm-Seltzer cross-suits are settled "owner not paid." Mineerville, St. Clair and Port Carbon are now called suburbs of Pottsville. The new Warden of the jail will succeed Mr. Dunkelberger on the 1st of April. We cannot understand why Editor Doyle delights in pounding Judge Pershing.

Why not elect substitute judges to take the place of the regulars when they become ill?

When it comes to selecting a site for the new government building in Pottsville there will be fun.

The Ashland Record is already alarmed for fear Shenandoah is going to claim all the offices to be elected next fall.

It is to be hoped we will soon be given a rest on the Hartman case. Why not hang him at once and end the farce?

It is said the reason why "Big Jack" Toole has returned to Shenandoah to live was for the purpose of reorganizing the Democratic party of the biggest town in the county.

### Lights Out.

Eleven of the arc street lights in the First ward were out last night on account of a break in the line. The ward presented a very dismal appearance and many of its residents were puzzled that they should remain in darkness while the rest of the town was brilliantly illuminated.

### A Theatre Nuisance.

Some determined step should be taken by the management of Ferguson's theatre to preserve order in the gallery. Last night the audience in the lower part of the theatre was unable at times to hear what was being said on the stage on account of the disturbances.

### Pica For a Veteran.

EDITOR HERALD:—I was greatly surprised in looking over the different papers which I receive daily at the statement made by Samuel Thomas, of Shenandoah in regard to the benefit given for him. I think it a shame for an old soldier to be treated in such a manner when he stood in need of help. But it seems nowadays that there is no use for an old soldier, except it is on election day, when everyone is trying to get his vote. Now I am personally acquainted with Mr. Thomas and can say that his record as an old soldier stands good. He has two honorable discharges from the late war and has served three terms of five years service in the National Guards of Pennsylvania. He also has the honor of being one of the survivors of the raid at the capture of Jeff Davis at Irwinstown, Ga., and one of the party that escorted him back to Macon, Ga. If I am right there are only six soldiers in this vicinity who have that honor, and now that Thomas has been hurt and has nearly lost his eyesight nobody seems to lend him a helping hand. I think it a shame and a disgrace to treat old soldiers in that manner, but it seems their services are forgotten at the present time. I think it no more than just that something be done to help Mr. Thomas out of the indebtedness that he has incurred the past four months in doctoring his eyes. Hoping some one will take action in this matter, I remain

### Stern Paid the Fine.

Chief Burgess Stern, of Mahanoy City, yesterday afternoon appeared before Justice Lawlor and paid a fine and costs amounting to \$7.75 for creating a disturbance on a Lehigh Valley railroad train last Saturday night. Stern is said to be a whole-souled fellow and a good official when he avoids tangletoot.

### Clean Up.

Health Officer Miles has started on a tour of inspection of the town and will follow the breaking up of winter closets to get all the properties, streets and alleys in proper condition for the spring and summer. He says he will enforce the laws rigidly, irrespective of the standing of offenders.

### Property For Sale.

A desirable Schuylkill valley property, consisting of a lot and two houses at New Philadelphia, is offered for sale in another column of this paper by Mrs. M. Rooney, of that place.

### A Funeral.

Quite a number of town people went to Girardville this morning to attend the funeral of Postmaster P. J. Birmingham's daughter.

Dabb has removed his gallery to Hoffman's old stand, West-Centre street.
