

EVENING HERALD

Published daily, except Sunday by HERALD PUBLISHING COMPANY.

The Herald is delivered in Shenandoah and surrounding towns for Six Cents week, payable to the carrier.

Advertisements charged according to space and position. The publishers reserve the right to change the position of advertisements whenever the publication of news requires it.

Entered at the post office at Shenandoah, Pa. as second class mail matter. THE EVENING HERALD. Shenandoah, Penna.

Evening Herald. TUESDAY, MARCH 19, 1896.

This late Congress voted away more prosperity than any other that ever existed.

It is a curious and significant fact that Cleveland has pleased the country only when he has antagonized his party.

The present tariff law has caused more American products to be shut out of foreign markets than any other that ever existed.

"BENJAMIN HARRISON, who has been dangerously ill, is now dangerously well!"—adapted from Lord Byron by several Presidential candidates.

The income tax will cost Cleveland \$930 this year on his salary alone, and so he is estopped from denying that wages are being reduced under Democratic rule.

We near the end of the century and the end of the Democratic party. Will the century die as dimly as the Democratic aggregation of fortuitous atoms died?

It appears that a serious tariff war with all the principal foreign countries can not be avoided. That is to say, the Wilson law is driving customers away from us instead of bringing them to us.

The House of Commons has voted unanimously against the importation of goods made in foreign prisons. The British exceptions to absolute free trade are numerous when all are reckoned up.

The Populist party polled more votes for President than the Greenback party ever did, but it did not elect so many men to the House of Representatives.

In considering a divorce case in New York a few days ago Judge Pryor gave it as his opinion that the true honeymoon embraces the period between the twenty-fifth and fiftieth years of married life. If the honeymoon is long in coming it will be noticed that it comes no stay.

It is officially certified that there are at least 100,000 persons in Nebraska who will have to be supported until another crop is raised, and provided with grain for seedling purposes. The people of other states will certainly not fail to contribute freely in a case which appeals so strongly to general sympathy.

Many business men are despirited because the figures of railroad earnings for February of this year do not compare favorably with those of previous Februaries. But the calamity croakers should bear in mind that February, 1895, was stuffed with snowstorms and deluged by cold waves. There is every reason to expect that the railway earnings in March, April and May will make much better showings.

In his Floridian collapse and bankruptcy, his dunnage impounded by a boarding-house harem, leaving him only the breaks and bags and solitary wrap-around in which he stood, the awakened conscience of Sullivan turned fondly in the direction of reform, and he would have been on the lecture platform before his as an apostle of temperance but for a dispute with his manager as to the division of the gate money. He will very likely appear in that character yet, as all other lines of public activity seem closed to him. Since he was whipped some years ago by a waiter he could not with any dignity resume the pugilistic profession, and his dramatic career is now seemingly at an end. Nothing is left for him except an missionary crusade against all the stimulating beverages which he has ever sampled, none of which have agreed with him, their united effect upon his constitution having been to turn him into a moralist before he was morally prepared for that transformation. As he stands he is an interesting object lesson not only to pugilists but to the admirers of such.

DIPLMATIC SNARLS.

Another Controversy with Great Britain Now Imminent.

A HARSH DEMAND ON NICARAGUA.

That Republic Must Pay \$75,000 Indemnity for the Expulsion of Mr. Hatch—Alliances Negotiations Proceeding Slowly. Colorado Lynching Controversy Settled.

MANAGUA, Nicaragua, March 19.—The British government, through its minister here, has submitted an ultimatum to Nicaragua. It demands a cash indemnity of \$75,000 to pay for the expulsion of Mr. Hatch, British consular agent at Bluefields, during the troubles there last year, and also the appointment of a commission to adjudicate the damages sustained by the persons and property of the British subjects who were expelled from the Mosquito reservation about the same time. By the terms of the ultimatum Great Britain is to name one of the commissioners and Nicaragua another, and these two are to name a third, who shall not be a citizen of the United States. A British warship is now on her way to Nicaragua to enforce these demands, which must be complied with within seven weeks from the 25th of February last.

WASHINGTON, March 19.—It is impossible to learn positively whether the state department has been fully advised officially of the severe demands made upon Nicaragua by Great Britain, as reported in the cable dispatches from Managua, but from the fact that General Barrios, who was appointed a special ambassador by the Nicaraguan government to endeavor to settle their differences with Great Britain, has been in Washington for a week it is assumed that our own government is fully posted.

It cannot be denied that this new incident, taken in connection with the hostile attitude of Great Britain towards our sister republic of Venezuela, promises to lead to trouble of a character much more serious than the little incident of the Alliance, which has caused such a commotion. The administration is evidently about to be put in a position where it must lay down a new construction of the Monroe doctrine or else abandon all concern in the future of the smaller republics of Central and South America.

In Venezuela it is alleged that the British are steadily extending their boundary line and encroaching upon Venezuelan territory, in spite of the strong protests of the Venezuelan government and the repeated urging of the United States that the question of boundary should be settled by a resort to arbitration. There are also questions of indemnity arising in Venezuela growing out of claims preferred by other European nations, and there are indications noted by officials here to show that these claims are being passed by concerted action. Many of the claims for indemnity grow out of the failure of these republics to meet their obligations to foreign debtors under the stress of hard times and the influence of the world wide depression in trade. As the European governments appear to be moving to collect these individual debts on their own account, it is a question that the United States must speedily settle as to how far it is prepared to permit this to go on.

As to Nicaragua, it is felt here that the terms of the British ultimatum are unduly severe. Besides, there is a rather disagreeable reflection upon American citizens in the stipulation that none such shall serve on the commission to adjudicate the damages. On the whole it is more than probable that the president will feel called upon to interpose to secure at least an amelioration of the terms of the ultimatum, by an appeal to the British government, representing the great hardship that it would work to Nicaragua under her present depressed condition of her finances to prefer a demand for so large an indemnity.

THE ALLIANCE AFFAIR. The Negotiations with Spain Proceeding with Great Secrecy.

WASHINGTON, March 19.—An impenetrable mystery surrounds the negotiations between the state department and the Spanish government on the Alliance affair. It seems to have been determined by the officials of the state department, from the secretary down, that in the present excited state of public feeling in this country better progress can be made towards a peaceable settlement of the incident by keeping the various notes secret than by giving publicity to them before a conclusion has been reached. Therefore the only response to definite inquiries that can be obtained is a positive refusal to discuss the subject in any respect, and whether or not any action has yet been taken by the Spanish government in the direction of issuing instructions to its naval officers to refrain from further interference with American shipping will probably be learned first from Havana, from which point the orders will be distributed.

As the little gunboats are widely scattered along the Cuban coast and neighboring waters it will not be an easy task to communicate these orders speedily to all of them, so it is just possible that there may be some further incident, similar to the Alliance affair, before those orders are made known to the Spanish naval commanders. It appears, in the light of events of this kind in the past, that the commanding officers of the smaller craft are not always of a high degree of intelligence or frank, for in cases where they have detained American ships they have found it necessary to hold the ships for several days in order that they might fall in with another and larger cruiser, with an officer aboard of sufficient intelligence to read and pass upon the adequacy of the captives' papers.

The general impression here is that the Alliance incident has already passed the acute phase, and may be safely left to diplomatic adjustment in the ordinary course. The Spanish minister has in advance assured the state department that if Spain was in the wrong in the matter she would speedily and voluntarily make all proper reparation, and it is not doubted that if she has not already done so Spain will soon instruct her naval officers to abstain from stopping American ships. The only questions then left to be settled will be questions of fact as to the location of the Alliance when she was first signalled, the exact attitude toward her of the Spanish cruiser, and the question of international law as to the right of search inside of the marine league, the last only in case it is shown that the Alliance was within the limit.

THE GRIEVANCE OF ITALY. Minister Fava Satisfied with the Prompt Action of Colorado's Governor.

WASHINGTON, March 19.—The Italian incident is practically closed so far as it involves the relations of the United States

and Italy, and instead of leaving irritation and ill feeling the affair appears to have resulted in further strengthening the friendly relations between the countries.

Ambassador Fava takes this view of the incident, and expresses his appreciation of the promptness and energy with which the federal authorities and those of Colorado sought to secure for Italians the same protection and redress as that given American citizens during the lawlessness at Walsenburg.

On the other hand, it is a source of comment and congratulation at the state department that, at a time when foreign entanglements were pressing from all quarters, Baron Fava made no protest beyond presenting the facts as telegraphed by the Italian consul at Denver, and at the same time reassured the Italian government that the authorities here were doing everything in their power, and it is not doubted that Governor McIntyre will be fully able to deal with the question from now on without further communication from Washington.

The ambassador believes that the recent trouble in Colorado, as well as that in New Orleans, will further awaken a sentiment for a national law by which the United States can see that full treaty protection is given to foreigners, even though they be within the jurisdiction of the states.

Probably the Alliances.

HAVANA, March 19.—The commander of the Spanish cruiser Corda De Venadino reports having fired on a steamship flying the English flag. Two blank shots were fired, and then two with balls. It is presumed here that the cruiser was mistaken in the nationality of the flag, and that the steamer fired upon was the Allianza.

ANOTHER FAIR WILL. The Children of the Dead Bonanza King United in Pressing It.

SAN FRANCISCO, March 19.—The legal squabble over the \$40,000,000 left by the late bonanza king, James G. Fair, developed a fresh sensation yesterday. What is purported to be a later will than the one previously offered for probate was introduced in the case. The will first produced, it will be remembered, was stolen from the county clerk's office, and in order that the document might be probated Judge Slack had finally ruled that a certified copy of the will might be substituted. Upon the alleged will introduced yesterday a bitter contest will hinge.

This new document purports to be holographic. It is written in lead pencil, on two sheets of legal cap paper. It was brought into court securely framed between two plates of glass, and was presented by Reuben Lloyd, attorney for Virginia Fair and Mrs. Herman Oedrichs, of New York, daughters of the deceased. The attorney for Charles Fair, their brother, came into court with Mr. Lloyd, and apparently approved the proceeding. There is no longer any doubt that the three children have combined to fight for the probate of this latest alleged will. Under its provisions the vast estate would be divided almost equally between the two daughters and Charles, and the distribution would be made at once.

Under the will previously offered for probate the children would get only the income from the estate during their term of life, and upon the death of all of them the estate would be divided into three equal parts, one part going to the children of Mrs. Oedrichs, one part to the children of Virginia Fair, unless she died without issue, when this share would revert to the children of Mrs. Oedrichs, and the remaining one-third to the families of several brothers and sisters of the deceased. Charles Fair's recent marriage caused an estrangement between himself and his father, and he was cut off with a life interest in the estate. His widow would receive nothing.

In other respects the will first produced and the will now produced are very similar. In the second will, however, Charles Fair receives a special bequest of \$600,000 to be paid immediately before the distribution of the estate.

A Matrimonial Agent Convicted.

CHICAGO, March 19.—Warren E. Thomson, the matrimonial agent, who claims to be able to supply wives of dazzling beauty and unlimited wealth, was convicted in the United States court here of using the mails to defraud. He is the publisher of the matrimonial paper Heart and Hand, and got himself into trouble by advertising betrothals at twenty-five cents apiece, or three for fifty cents. Last January Thomson advertised to sell the addresses of six beautiful betrothals, some rich and some maidens, at the above terms, and the prosecution alleges he has been receiving several bushels of mail a day since. Pending the hearing of a motion for a new trial sentence was suspended.

Put Poison in the Well.

WICHITA, Kan., March 19.—Henry Cherry, his wife and two sons, Raymond and Henry, aged 10 and 3 years, respectively, were poisoned by drinking water from a well at their home on North Fifth avenue. It is believed that arsenic had been thrown into the well. Cherry and his wife may die. Their faces are frightfully swollen and black, and they also are suffering with their throats. The children will live. Suspicion points to an Indian named Summit as the perpetrator of the crime. Summit and Cherry both wanted to buy the same house some months ago, and when Cherry purchased the Indian threatened that he would poison the whole family.

Drove to His Death.

BURTON, N. J., March 19.—Edward Blizard, of Cedarville, hired a horse and buggy Sunday night and drove to Port Norris. Early yesterday morning he was found standing a corpse in the Maurice river near Port Norris. One foot was resting on the hub of the wheel, one hand on the tire, and the other clutching some rods on the river bank. It is thought he accidentally drove into the river in the night and got fast in the mud, and that the excitement brought on heart trouble.

Justice Jackson May Not Resign.

WASHINGTON, March 19.—It is understood in the supreme court circle that Justice Howell E. Jackson, who is now at his home in Tennessee, will resign from the bench of the supreme court next fall if his health does not permit him to resume active participation in the work of the court after his summer vacation. His improvement during the past few weeks has led him to believe that he may return to work after a rest of a few months more.

The Weather.

For eastern Pennsylvania, New Jersey and Delaware, fair; westerly winds; stationary temperatures. For District of Columbia, Maryland and Virginia, cloudy and threatening this evening; westerly winds, shifting to southeast; slightly warmer in Virginia.

NO NEED OF IT.

Homes Filled With Weak and Nervous.

No Need to Feel so Weak, Tired and Nervous.

Eminent Physicians Give Assurance of this Fact.

And Tell How to Overcome the Terrible Weakness.

Now is the Best Time to Get Strong and Well.

That there is no need whatever for a person to be weak, tired and nervous—the three great curses of our people—seems now a certain fact.

Eminent physicians affirm the truth of this welcome news, and ample proofs demonstrate the reliability of the information we are able so gladly to give.

It is certainly a godsend to those of our people who have weak nerves and tired bodies, who feel exhausted in strength and vitality, who cannot eat or sleep well, and who are run down and debilitated, to know positively that Dr. Greene's Nervura blood and nerve remedy is a sure invigorator and strength giver, and will invariably make a person strong and well. Particularly is it a blessing at this time of year, for in the spring almost everybody feels languid, nervous and out of order and needs the best of all spring medicines.

Doctors are enthusiastic in their approval and endorsement of this remedy. They heartily recommend and advise its use, and many of our best known physicians are loud in their praise of its wonderful curative powers.

Dr. B. D. Bickford, of Wolcott, Vt., one of Vermont's eminent physicians, states: "I have used Dr. Greene's Nervura blood and nerve remedy for some time, first trying it on myself, and I found it did me so much good that I now recommend it to my patients. The fact that I have used it in my own case shows that I know what I am talking about. As a tonic and invigorant it is the best of all to build up a person."

Dr. Robert W. Lance, of So. Woodbury, Vt., than whom there is no more eminent physician in the state of Vermont, says: "I have known about Dr. Greene's Nervura blood and nerve remedy and the good results in cases, as a tonic, after hard sickness and the cure of nervous females. They had received great good from its use. I do not hesitate to recommend it."

Dr. Willard H. Morse, F. B. S. Sec. of Westfield, N. J., the great expert on medicines, says of this grand discovery of Dr. Greene: "The true remedy for nervous diseases is Dr. Greene's Nervura blood and nerve remedy. It acts by affecting the organs of nutrition, and entering into the formation of new nerve tissue, which generates nerve force. This means the making of new nerves. Dr. Greene's Nervura blood and nerve remedy is the American nerve tonic."

The well known Dr. Emil Neuner, superintendent physician of the N. Y. Lodge and Association Hospital, states: "We are using Dr. Greene's Nervura blood and nerve remedy at this hospital for our patients, with good success. This enthusiastic endorsement by physicians, stamps this remarkable medical discovery as the greatest tonic and restorative. Druggists tell you everywhere that it cures more cases than any other known remedy. In fact it makes all who take it strong and well."

One reason which gives the people so much confidence in it is the fact that it is the discovery and prescription of Dr. Greene, of 35 West 14th St., New York City, the well known and probably most successful specialist in curing nervous and chronic diseases, and to the further fact that he can be consulted free of charge by any one, personally or by letter.

Britannia Defeats Alisa.

MONTE CARLO, March 18.—The Monaco regatta opened yesterday, and the principal event, the race for the prize offered by the Prince of Monaco, was won by the Prince of Wales' cutter Britannia, which managed to give A. Barclay Walkers' new racer, the Alisa, her first defeat. The Britannia's victory, however, did not create the greatest enthusiasm among impartial yachtsmen, for the reason that it was gained in a poor trial of the qualities of the respective boats, and was partly due to the Alisa holding her opponent too cheaply.

To Wed an Orleans Princess.

LONDON, March 18.—The Paris correspondent of The Daily News takes for granted the betrothal of Princess Helene, Orleans, daughter of the late Count of Paris, to the Duke of Aosta, nephew of King Humbert, and says that the wedding will take place privately in England. The royalists are excited over the reports of the betrothal. A dispatch from Rome says that King Humbert has given his consent to the marriage, and the pope does not object.

Destroyed a Big Illicit Still.

LEXINGTON, March 18.—Deputy United States Marshall Colyer and Burton of Louisville, Cockrell of Mt. Sterling, and Drake of Jackson, with a half dozen special deputies, have just returned from their raid in the mountains. They visited Morgan, Wolfe and Knott counties, and on Grassy creek, in Morgan county, found and destroyed a 11,000 gallon still. The proprietors of the still escaped without even being seen.

Strangled 66 With by Snakes.

MREADVILE, Pa., March 18.—Mrs. John Hogue died in her miserable shanty across the river from here, and investigation showed that she died of strangulation, caused by inhaling smoke. During the night the stovepipe became clogged, filling the room with smoke. Mrs. Hogue suffered from asthma, and being unable to leave her pallet, slowly strangled to death.

KILRAIN VERSUS O'DONNELL.

The Fight Declared a Draw, Though Jake Had the Best of It.

BOSTON, March 19.—In the presence of 1,800 people, at the Suffolk Athletic club last night, Jake Kilrain, of Baltimore, and Steve O'Donnell, of Australia, Corbett's sparring partner, fought eight rounds, and at the close Referee Patsy Shepard, amid shouts of "Kilrain, Kilrain," declared the contest a draw. While the referee was making up his mind John L. Sullivan, who sat just outside the ropes close by Kilrain's corner, mounted a chair and waving his fist demanded a decision. He shouted: "What's the decision, Patsy?" and when a draw was announced he sprang into the arena and rushed towards O'Donnell's corner. Two of the seconds grabbed him by the arms and turned him aside. Then he clasped hands with Kilrain in apparent congratulation, and swinging his arms showed the latter how the fight might have been won. He was ready, he declared, to challenge the winner if the referee had only named one. The ex-champion was finally led off by his friends, and the scene, which had caused the wildest excitement, ended.

It took Referee Shepard five minutes to make up his mind what decision to make. Kilrain had the best of the last round, and at times it looked as if he was going to put O'Donnell out. He had not the force, however, but his old time pluck asserted itself, and with wild rushes he dazed the Australian boy, who had been smiling confidently for seven rounds, and had landed as will upon the face of the Baltimorean. O'Donnell was the cleverest in the leads. In the first round he floored Kilrain and in the second pushed him to the floor. Yet his blows apparently lacked force, while Kilrain did very effective work with his. O'Donnell had gained nothing in reputation by his work last night, while the stock of Kilrain is rated high in Boston.

Kilrain was fat and clumsy, and weighed in at 230 pounds. It was apparent that he had little training, while O'Donnell was in excellent trim and tipped 175 pounds. With O'Donnell were Ike Weir, James McKay and Billy Delaney. Kilrain was seconded by Jim McCarthy, Jim Phelan and E. J. Gohard, while in the background sat John L. Sullivan, whispering instructions and words of cheer to his old antagonist.

SPANIARDS AT IT AGAIN. Said to Have Sunk an American Schooner, with Sixteen Men.

KEY WEST, Fla., March 19.—A letter has been received here from Cuba stating that the Spanish gunboat Alcedo fired upon and sunk a supposed American schooner off Puerto Padre, near Gibara, with sixteen people on board. It is rumored that the schooner was from Key West, which left here several weeks ago for a cargo of fruit, with a crew of sixteen men, had to pass Puerto Padre, and may have been the vessel in question. The schooner Louise Hastings and Lillie also sailed for several days ago, but neither had sixteen men in their crew.

The latest news from Cuba is that the government has captured a schooner loaded with arms and ammunition at Havana, which was to go to Santiago de Cuba. At Santa Clara several rifles were captured hidden away in fields.

Dolores Alcedo, a young Cuban girl, has been confined to prison for aiding in the concealment of arms at San Nicolas street, Havana, several days ago. A lieutenant of volunteers, owner of Cafe Ingles, was also jailed for connection with this affair.

Coke Workers Get an Increase.

UNIONTOWN, Pa., March 19.—Notices have been posted at all the coke works of W. J. Rainey stating that an increase of 16 per cent. in wages had been granted to all grades of labor. The new scale went into effect yesterday. The employees of this company are now receiving higher wages than are paid at any other works in the coke region. The advance granted by the Frick Coke company does not go into effect until April 1. Some of the smaller coke operators have refused to grant an increase, and their men are preparing to strike.

Strikers Refuse a Compromise.

PROVIDENCE, March 19.—The striking weavers of the Manton mills received a communication from Proprietor Horace Kimball offering terms of settlement. His offers were refused at a meeting of the weavers without a dissenting voice. Although this strike involved only 110 operatives, the mill employes of Rhode Island are interested, since a reduction of 15 per cent. in wages was made in all mills last fall. The Manton strike is a test one, and if the strikers win the other mills will have to restore wages.

Powder House Destroyed, Two Killed.

OAKLAND, N. J., March 19.—A building used as a store house in connection with A. M. Money's powder mill here was blown to atoms by the explosion of a quantity of white powder. Three workmen were injured by the flying wood from the building and badly burned, and two of them died soon afterwards.

Charged with Double Murder.

JAMESTOWN, N. Y., March 19.—Claude Dewitt, one of the first suspects in the Rust murder, was arrested here last night charged with the murder of Mrs. Winslow Shearman and Mrs. Cynthia Davis at Rust, Dec. 15 last. The arrest was due to discoveries made by officers who searched Dewitt's home.

Japan's New Commander-in-Chief.

LONDON, March 19.—A dispatch from Kobe says that Prince Komatsu, commander-in-chief of the Japanese army, has been ordered to proceed to China and to establish his principal headquarters probably at Port Arthur. The emperor remains at Hiroshima.

NUGGETS OF NEWS.

Yesterday was President Cleveland's 65th birthday.

Hon. Amos Townsend, ex-congressman from Ohio, died at St. Augustine, Fla., aged 64.

The Elks convention at Chicago is working to effect a reconciliation between the warring factions of the order.

In a fight at New Orleans between Lew Brown (colored), and Frank and Harry Pettigill (white) Frank Pettigill was shot dead and Harry fatally wounded.

Nasby and James Street and Mrs. Alexander Street were arrested at Deadwood, S. D., charged with stealing gold amalgam from the Homestead mills. They are said to have secured over \$50,000.

At Oakley, Mich., George DeForest was shot dead by his brother Calvin. Calvin was also shot and badly wounded by George. George had lately been considered insane. Calvin shot in self defense.

To You

The Most Important Matter demanding attention at this season is the condition of your blood.

Your health depends upon it, for as the quality and quantity of the blood vary, you are better or worse.

The blood conveys all the elements which go to make up the organs, nerves and tissues of the body, and carries away all dissolved, useless material.

Every bone, muscle, nerve and tissue, lives upon what the blood feeds to it.

The whole world knows that Hood's Sarsaparilla is the standard remedy for making pure blood.

It possesses merit peculiar to itself and by which it effects marvelous cures, even when other preparations fail. When you buy your spring medicine get the best, and that is

HOOD'S Sarsaparilla

N. B. Take Hood's and only Hood's.

Hood's Pills easy to buy, easy to take, easy in effect. 50c.

PARTMAN STEEL PICKET FENCE

is the cheapest and best fence made. Cheaper than a wooden fence for residences, is more permanent than any kind of fencing. M. H. MASTER has the agency and stock in stock at 1215 marble and granite works. 1215 MARBLE ST.

When it Comes to GROCERIES!

Our stock speaks for itself. If you don't come to town, send your orders. They will be nicely filled.
