

MR. THURSTON MUST GO

No Doubt That His Recall Has Been Demanded.

FRANK HATCH MAY SUCCEED HIM.

No Foundation for the Report That the Spanish Minister's Recall Has Been Asked For, but It Is Believed He Will Soon Retire Voluntarily.

WASHINGTON, March 21.—An intimate friend of Mr. Thurston, the Hawaiian minister, now in Washington, says that Mr. Thurston has no information as to the request for his recall, while at the same time no doubt exists on the minister's part that such a suggestion has been made to the Hawaiian government. It is not likely, however, that Mr. Thurston will leave this country. He will continue, it is stated, to look after Hawaiian interests in an unofficial manner. Mr. Thurston's friend says that as a matter of fact he has never been treated at the state department as other foreign ministers have been treated, and has not been accorded the courtesy usually extended to men holding similar positions.

Mr. Thurston does not know who will be his successor, but it is intimated that Frank Hatch may be selected, and that he will represent the same ideas and views that have been prominent during the mission of Mr. Thurston. The latest official mail from Hawaii has arrived here. Mr. Thurston declined to state whether it contained anything bearing on the request of Secretary Gresham for Mr. Thurston's recall. It is believed, from the fact that the communication relative to Minister Thurston was sent from San Francisco on Feb. 21, that there has been time for a response from the Hawaiian government in the mail just received.

That Secretary Gresham asked for Mr. Thurston's recall there is no longer any doubt, though the manner in which it was put is not yet known. Before answering Mr. Gresham, it is presumed the Hawaiian government will communicate with its minister and seek his version of the circumstances. Under the circumstances the communication from Hawaii, if it refers to the recall, as is thought extremely likely, may be short of a reply to Mr. Gresham's request. Further developments, therefore, will be watched with great interest, and especially the answer of Hawaii, as a declaration to accede to Secretary Gresham's request, doubtless, would be followed by Minister Thurston's being given his passports, an act tantamount to a severance of diplomatic relations.

Senator Hale, of Maine, who has been among the most zealous defenders of the Hawaiian republic upon the floor of the senate, does not support Mr. Thurston in the matter of the minister's reported recall. "I have no inside or exclusive information," said he, "but the published reports say that Mr. Thurston's recall has been asked because he made public diplomatic correspondence before submitting it to the secretary. If this is correct he could not expect that the secretary would do otherwise than ask for his recall. There might be times when such a course would lead to serious consequences."

An evening paper says: "It is authoritatively stated that there is no foundation for the report that Senator Murnaga will be recalled by his government upon the suggestion of Secretary Gresham. Minister Murnaga, it is said, has been guilty of no imprudence which would make him persona non grata to the government of the United States. While he has spoken his mind freely with respect to the Alliana affair, his friends say he has not violated any of the official proprieties. That minister Murnaga may before many weeks voluntarily retire from Washington is not doubted in official circles. Should he do so, however, it will be not because of friction between himself and the secretary of state, but for purely personal reasons."

Taken Back to Lancaster. BROOKLYN, March 21.—Francis R. Diefendorfer, 48 years old, was arrested last night in this city, where he has resided for the past four years. Diefendorfer, the police state, is wanted in Lancaster, Pa., for the embezzlement of \$10,000 from his father's estate, of which he was trustee. He fled from that city in 1890. The complainant in the case is his brother, who is now living in Lancaster. Diefendorfer has a wife and family here, who are completely broken down over his arrest. He was taken to Lancaster this morning.

An Old Lady Burned to Death. HARRISBURG, March 21.—Mrs. Catharine Betsman, 95 years old, fell down the stairs at her home last night, and a lighted lamp which she was carrying exploded, setting fire to the house and burning the woman to death. When found by the fireman both limbs had been burned off and the upper portion of the body was charred to a crisp. Her husband, aged 78, was seriously burned while trying to aid her.

Ex-Bank Cashier Indicted. NASHUA, N. H., March 21.—Ex-Cashier Frank A. McKean, of the Indian Head National bank, was yesterday indicted on eight counts in the United States circuit court for embezzlement. The witnesses against him were Vice President W. H. Benson, Directors W. W. Bailey and James H. Tolles, Cashier Ira F. Harris and A. W. Greeley.

Retired from the Miss. BALTIMORE, March 21.—Miss Annie McDougall, 29 years of age, daughter of Mr. McDougall, a banker of Seattle, Wash., came here from Seattle three months ago, became a postulant in the Carmelite convent and was received into the order, taking the name of Sister Cyrille of the Mother of God.

Hyams Brothers Committed for Trial. TORONTO, March 21.—The preliminary trial of the Hyams brothers has closed and resulted in both being committed without bail for trial in April. In giving judgment the magistrate said he did not believe that Wells had come to his death by accident, as the defense had attempted to prove.

Griffo Meets His Match. PHILADELPHIA, March 21.—Young Griffo and Jack Hanley fought six lively rounds at the Southwark Athletic club last night, and while no decision was given the contest was largely in favor of Hanley. Griffo was evidently not in the best of condition, although he put up a remarkable defense.

Woman's Suffrage Defeated in Maine. AUGUSTA, Me., March 21.—In the senate the woman suffrage bill was defeated by a vote of 18 to 11. A few weeks ago the senate passed the bill.

To the World of Women. Weak, nervous, delicate, overworked women need a strength builder, a tonic for their nerves, and a cure for that awful internal trouble that is wearing out their lives. Thousands of women have found such in Dr. Kennedy's Favorite Remedy. Mrs. Christina Beal, of Jonesport, Me., writes that her daughter had been a great sufferer from female trouble, and after repeated trials of doctor's prescriptions and other so-called cures, all of which gave no relief. She used Favorite Remedy and it permanently cured her. If you have weakness, uterine catarrh, irregular menstruation, leucorrhoea, or irregular monthly periods, sickness incidental to change of life, or any of the attending evils that are present in female complaints, use Favorite Remedy; it will build up quickly the run-down constitution, dispel those tired looks and feelings, restore the nervous system and permanently cure you. Our daughters grow up weak and delicate; mothers can avoid such conditions by giving them Dr. Kennedy's Favorite Remedy.

TERRIFIC DYNAMITE EXPLOSION

Not a Soul Left to Tell the Cause of the Accident.

COLOMBE, March 21.—A terrible explosion of dynamite took place at Salmouth, in the district of Dusseldorf. The cargo of the ship Elizabeth, consisting of 20,000 kilos of dynamite, was being loaded when the explosion occurred, killing a number of people and doing a terrific amount of damage. Another vessel which was alongside the Elizabeth caught fire and was burned. The bodies of five victims of the explosion have already been recovered, and six persons believed to have been killed are still missing.

Two hundred and twenty tons of the explosive was taken in six boats from Lobitz to Salmouth last January en route to Antwerp, whence it was to have been shipped to Australia. Owing to the ice blockade in the river the dynamite was landed at Salmouth, where it was stored awaiting the reopening of navigation. In the meantime the Elizabeth had been chartered to take the dynamite forward, and the cargo was being stored when part of it exploded. The cause of the explosion is unknown, as every person on board the Elizabeth was killed.

The force of the explosion was so great that three vessels at Lobitz, the last Dutch village on the Rhine, were sunk. Several houses collapsed at Keelen and other villages, while windows were shattered within a wide area. At Cloveas, five miles from the scene of the explosion, doors were torn off and window frames smashed.

ANOTHER MINE HORROR.

Terrible Explosion of Gas at Red Canyon, Wyo.

MANY OF THE WORKMEN KILLED.

The Bodies of Thirteen of the Unfortunates Already Recovered, and It Is Believed That the Total Loss of Life May Reach Fifty.

EVANSTON, Wyo., March 21.—At 5:40 last evening an explosion of gas occurred in the Rocky Mountain Coal and Iron company's mine No. 5 at Red Canyon, several miles from here, with terrible results. James B. Bruce, mine foreman and ex-county commissioner of Uintah county, was instantly killed by flying timbers, as were also many others.

Those found of the others are: William Sellers, Jr., rope runner; Edward Coach, head carpenter; O. B. Maltby, superintendent of motive power; Jerry Crawford, a boy; J. Clark; William Brown, John Fern, Samuel Thomas and son, old Mr. Barton, Samuel Hutchison, William Sayers, Sr., and son.

From twenty-five to fifty men were in the mine at the time of the explosion. At this writing they have not been rescued and are certainly dead. Andrew Marion was badly injured, but may recover. About 150 men are employed in this mine and most of them had gone out.

The covering of the slope and buildings at the mouth were blown to atoms. The mine was considered one of the safest in the state.

Eight men have been brought out of the mine so burned as to be past identification, with the exception of one, John Lamb. All hope of rescuing anybody alive has been given up.

Shot by a Burglar.

OSBERLIN, O., March 21.—Last night Morton Waite, son of G. V. Waite, superintendent of the public schools, was shot by a burglar. The young man heard a noise in the kitchen and upon entering he found four men there bent on robbing the house. One of them presented a pistol to the young man's breast and told him to keep still. Waite pushed the pistol downward and it was discharged, the ball passing completely through the fleshy part of the leg. The burglar threw his weapon at Waite, striking him over the eye, inflicting a severe cut and knocking him down. The burglars then escaped, but one was subsequently captured at Norwalk.

The Loss of the Reina Regente.

MADRID, March 21.—There no longer seems to be any doubt that the story of the wreck of the Spanish cruiser Reina Regente is true. The coast of Goull, north of Cape Trafalgar, where the cruiser foundered, according to the report of the commander of the Alfonso XII, is strewn with wreckage belonging to the Reina Regente and with officers' uniforms, flags, etc., showing beyond any reasonable doubt that the warship is lost. The authorities will not allow people near the coast of Goull, fearing painful scenes when the bodies of the drowned sailors are recovered.

Indiana's Stolen Bill Recovered.

INDIANAPOLIS, March 21.—The state house custodian bill, which caused a riot at the adjournment of the legislature, was returned to the secretary of state yesterday by William C. Beach. It had been thrown into an open grate fire from which it was taken by Beach. The bill and other papers are so badly burned that the governor's signature does not appear in full in any place. Only part of the text of the bill is legible.

Death of General Adam Badeau.

RIDGEWOOD, N. J., March 21.—Brigadier General Adam Badeau died suddenly in the Herbert House here. His death was caused by apoplexy. General Badeau was General Grant's military secretary during and after the war, and wrote two biographies of his chief besides other works. He subsequently served as consul general for Great Britain and as charge d'affaires to Denmark. He was 63 years old.

Dewitt Proves His Alibi.

JAMESTOWN, N. Y., March 21.—Clando Dewitt, who was arrested charged with the Shearman-Davis murder at Buxi, has proved an alibi. The foreman of the jury where he was employed and half a dozen fellow workmen swore yesterday that he was positively at work in the Jamestown desk factory the entire day of the murder.

STOCK AND PRODUCE MARKETS.

Closing Quotations of the New York and Philadelphia Exchanges.

New York, March 20.—There was a halt today in the upward movement which has been in force on the Stock Exchange during the past few days. It is not to be wondered at that there should be a break in the advancing column which, so soon after a most disheartening setback, has not so sharp a recovery of late ground.
