

SPAIN'S NEW PREMIER.

Senor Del Castillo Again Succeeds Senor Sagasta.

MANY TIMES PRIME MINISTER.

He Has Been a Member of the Cortes for Forty Years, and Has Always Been a Consistent and Courageous Royalist—An Anti-Slavery Leader.

MADRID, March 23.—The queen regent has charged Senor Canovas Del Castillo with the formation of a cabinet to replace the Sagasta ministry, that resigned on Monday last, in consequence of troubles growing out of the attacks on the army by newspapers.

Senor Don Antonio Canovas Del Castillo was born in 1823. He made his debut in 1851 as chief editor of La Patria, in which he defended conservative ideas. In 1854 he was named deputy of Malaga, and since that year has never ceased to occupy a seat in the cortes. He held several important positions under the government, and in 1864 he was minister of finance and the colonies. He drew up the law for the abolition of the traffic in slaves. His greatest title to fame is that of having been the first to hold the standard of legitimate and constitutional monarchy in the full constituent assembly in 1869, in the face of a triumphant revolution.

His fidelity and capacity obtained for him the supreme direction of the Alfonsist party, and in the proclamation of Alfonso XII as king in December, 1874, Senor Canovas Del Castillo became president of the council and chief of the new cabinet. This office he held until 1879, when Marshal Martinez de Campos became prime minister. Senor Castillo opposed the marshal's free trade and emancipation projects, and finally, in December, 1879, compelled his resignation, and Castillo again came into power and held the reins of government until 1881, when he was overthrown by a coalition being the supporters of Senor Sagasta and Marshal Martinez de Campos, and the former became prime minister.

The Sagasta ministry resigned in 1883, but Senor Sagasta formed a new cabinet, which held office about nine months, when it was succeeded by the Poada Herrera ministry. In 1884 this cabinet was overthrown, and Castillo again formed a ministry. In 1885 this ministry resigned on account of the king's intention to visit Valencia, where cholera was prevailing, but the king gave in and the ministers continued in office. In November, 1885, Senor Castillo was compelled to resign on the question of the German occupancy of the Caroline Islands, and he was succeeded by Senor Sagasta, who held the premiership until July, 1890, when he resigned, and Castillo again became prime minister with a coalition cabinet. From then until now Senor Sagasta and Canovas Del Castillo have alternated in holding the office of prime minister.

Munyon's Stomach and Dyspepsia Cure cures all forms of indigestion and stomach troubles such as constipation, rising of food, distress after eating, bloating of the stomach, palpitation of the heart, shortness of breath and all affections of the system caused by indigestion. It soothes, heals and invigorates stomachs that have been weakened by over-eating, or where the lining of the stomach has been impaired by physic and injurious medicines. Price, 25 cents.

"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Syrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precautions of everyday life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by Grohler Bros.

Spring Cleaning

Is such a trial that men say "Let the house take care of itself." But the conscientious wife feels bound to dust and dirt. She is altogether too liable however, to let her bodily health, most important of all, "take care of itself." The consequence of her feverish anxiety over extra work is depletion of the blood, the source of all life and strength, manifested in that weak, tired, nervous condition too prevalent at this season and very dangerous if allowed to continue. What every man and woman needs in the Spring is Hood's Sarsaparilla. It keeps the blood vitalized and enriched, and thus sustains the nerves and holds all the bodily functions in strength and regular action. With its help you will not feel that intense exhaustion, and your natural fatigue at the close of the day will give way to fresh activity in the morning. Therefore we say, besides cleaning your house, be sure to take Hood's Sarsaparilla to

Cleanse Your Blood

With Hood's We'll Conquer Makes the Weak Strong

"Now that house cleaning is upon us, I know that with Hood's Sarsaparilla to help, we'll pass through that trial all right." MRS. HENRY HINCHER, Tully, New York.  
"I take Hood's Sarsaparilla every spring, and it is the only medicine I use through the year. It enables me to do my house cleaning and farm work all through the summer. It helped me very much for palpitation of the heart. I think Hood's Sarsaparilla is the medicine for everyone, and all who take it will never be without it. I have also used Hood's Pills and they are the best I ever tried." MRS. F. H. ANDREWS, South Woodstock, Conn.

"Last spring I had to give up work, being unable to walk to my place of employment, a distance of only half a mile. I suffered almost incessantly from sick headache. I had smoking pains all over my body. The least exertion would tire me out. Going up one flight of stairs would make my heart beat at a terrible rate. I was induced to take Hood's Sarsaparilla, and now, after taking less than two bottles, the pains and aches have all left. I have only had a slight headache once since. Hood's Sarsaparilla gave me a good appetite, and I can now do a hard day's work." MISS ELIZABETH JENKINS, Queensbury, New York.

Hood's Sarsaparilla

"My nerves were in such a condition the closing of a door was sufficient to throw me into a spell of trembling which would last for hours. This was after a severe attack of the grip, which shattered my health. I could not sleep, my food distressed me, and I had darting pains through my shoulders and back. At the suggestion of a friend I tried Hood's Sarsaparilla. After taking one bottle, my food no longer distressed me, and my nerves were quieted. Have taken three bottles and I am cured. The asthma trouble, from which I have not been free for years, has entirely disappeared. Hood's Sarsaparilla has done wonders for me, and I am glad to recommend it highly." MRS. LUCINDA RUSTELL, North Dartmouth, Massachusetts.

"My health has been poor for a good many years before I began to take Hood's Sarsaparilla. Finally I decided to take Hood's and can honestly say that it has done me more good than any and all other treatments. I was troubled with dyspepsia, food distressed me, and I had but little appetite, was weak and nervous. In fact my trouble bordered on nervous prostration, from which I had previously suffered. I took Hood's Sarsaparilla last summer and it did me ever so much good. It does not seem as though I am the same person. My appetite is greatly improved, I am less nervous, have more strength and can eat heartily without distress. Such a condition was unknown to me before taking Hood's Sarsaparilla." MRS. G. C. CLAY, Barre, Vt.
