RAILWAY RUMBLINGS

News Concerning Some of the Railway Operations Gleaned by the Reporters.

CHANGES IN TIME TABLES.

A NEW SCHEDULE WENT INTO EFFECT ON THE LEHIGH VALLEY RAILROAD YESTERDAY.

Danger From an Open Switch Avoided by the Watchful Engineer of a Passenger Train Between Delano and Park Place.

Changes for the spring and summer season have been made in the time table of the Lehigh Valley railroad.

Unfortunately the HERALD did not receive a copy of the corrected schedule in time to make the changes for today's issue.

Among the numerous changes that have been made are the following: The train that formerly left this place for Lost Creek, Girardville and Ashland at 7:46 a. m., now leaves at 7:30 a. m., sixteen minutes earlier.

One train has been added to the schedule, it being a train that leaves Ashland at 8:22 p. m.

All other trains are running on the same time as formerly and there has been no change in the time of any of the Sunday trains.

Traveling men who learned of the changes yesterday had but one regret to express, and that was over the failure of the railway company to provide for a train to leave here at about seven o'clock in the morning for Shamokin.
