Evening Herald.

FRIDAY, MARCH 20, 1895.

A YEAR from now the work of select-
ing Presidential delegates will be active,
but the making of Presidential slates
will begin this year.

JAPAN appears to be delaying those
peace negotiations until she can capture
what little artillery China has left.

GRESHAM'S principal objection to Thur-
ston seems to be that Liliuokalani was
not restored to the throne in Hawaii.

If Spain isn't careful, she will make it
necessary for us to take Cuba away from
her in order to deprive her of pretexts for
driving on our flag.

THE people of Germany make a great
ado over Prince Bismarck's birthday,
and yet, great as his services were to Ger-
many, they were not so great as Abraham
Lincoln's were to the United States. Let
us have a Lincoln Day.

WHENEVER Governor McKinley goes
through the South he finds plenty of
protectionists. Two years of Clevelandism
and disaster have done more to smash
the free trade absurdity than the argu-
ments of twenty Presidential campaigns
could have accomplished.

It is quite delightful to know that Am-
bassador Bayard is sure that Great
Britain has only the most honorable in-
tentions regarding Nicaragua. Still it is
just as well to keep Admiral Meade's
White Squadron within hailing distance
of Bluefields, so to speak.

THE more the Cuban rebellion is "sup-
pressed" the more insurgents there seem
to be and the harder the fighting gets. A
few weeks more of "suppression" of the
sort that figures so largely in Spanish
newspaper bulletins ought to bring the
revolutionary armies close to the gates
of Havana.

THE United States can build as good
ships as any in the world, but under the
present Free Trade system the Canada
tallow is of an inferior quality, and we
sometimes have trouble to start them
down the ways. The time is not far dis-
tant, however, when un-American fate
will be rigidly excluded from the busi-
ness of formulating tariff laws and
launching ships.

ATTEMPTS to arouse prejudice against
the Japanese nation on account of the
attack on Li Hung Chang by a fanatic
are preposterous. The Japanese Govern-
ment can be trusted to inflict exemplary
punishment on the would-be assassin,
and the Japanese people are no more
responsible for his act than the American
people for the madness of Galteau. There
are homicidal cranks in all lands.

MURAGA, Spain's blustering represen-
tative at Washington, has been recalled
by the Spanish Government, but there
are no indications visible that the Madrid
Cabinet proposes to apologize for the
wanton and lawless attempt of a Spanish
cruiser to capture or sink the Alliance.
How much longer does Mr. Cleveland
intend to wait before taking positive
action to enforce Secretary Gresham's
demand for reparation for this outrage?

MASSACHUSETTS has dealt another crush-
ing blow to woman suffrage and the cause
of woman generally by defeating Miss
Alice Carter for election to the Board of
School Directors in Williamstown. If
there is any town in Massachusetts that
should take advanced ground on the
woman question it is Williamstown, and
if there is a woman in the state who
should more than another appeal to this
sentiment it is Miss Carter, the talented
daughter of the president of Williams
College. But, sad to say, it was the
women themselves who defeated Miss
Carter. Dr. Lloyd, her competitor, hauled
over one hundred women to the polls in
wagons, and they seem to have voted
solidly for him. As a result, their fair
sister is snowed under. Several times
this year the advanced and advancing
woman has had occasion to be ashamed
of the Bay State.

PENNSYLVANIA LEGISLATURE.

A Pro State License Law Introduced in the House.

HARRISBURG, March 20.—The opponents
of the Quay county bill are preparing for
a strong fight on third reading, and made
no effort yesterday to prevent its passage
on second reading other than to appeal to
the members to vote against it.

The bill to encourage the use of wide
tires on vehicles passed finally on a special
order.

A bill was introduced by Mr. Litley, of
Philadelphia, amending the Brooks high
license act. It regulates license fees as
follows: For gross receipts amounting to
\$35,000, \$1,500; \$25,000, \$1,000; \$15,000, \$750;
all under \$15,000, \$500; residents of cities
of the third class whose gross receipts
amount to \$15,000 or over, \$750; residents
whose gross receipts are less than \$10,000
are required to pay a license fee of \$50; in
all other cities those whose gross receipts
amount to \$10,000 are required to pay \$50,
and all those whose gross receipts are less,
\$300. Residents of boroughs are required
to pay \$150, and those of townships \$75.
The bill provides further that persons re-
ceiving licenses shall pay in addition to the
amount indicated \$25 a year in cities of
the first and second class, and \$15 in all
other cities, boroughs and townships. The
bill authorizes the sale of liquor on elec-
tion day after 7 o'clock in the evening and
provides severe punishment for any minor
who misrepresents his age in order to pro-
cure liquor.

In the senate a message was received
from the governor, announcing his ap-
pointment of John C. Delaney as super-
intendent of public grounds, and the senate
confirmed the nomination.

Among four new measures introduced
in the senate was one by Mr. Penrose pro-
hibiting minors from working more than
forty-five hours a week in manufactories
and workshops.

Six Fell Two Hundred Feet to Death.

BUDAPEST, March 20.—Six men were
killed by the falling of the cage in a silver
mine in Schmentz, Hungary. The catastro-
phe was caused by neglect on the part of
the workman who was guiding the cage in
which the men were ascending the shaft.

He had become exhausted from
watching several nights at the bedside of
his sick wife, and for a moment fell
asleep. When the cage reached the top of
the shaft it was not stopped and broke
from its fastenings, falling with the men
in it 200 feet into the pit. The workman
who caused the accident has become in-
sane.

Ironworkers Will Resist Reduction.

PITTSBURGH, March 20.—President Gar-
land, of the Amalgamated Association,
will go to Youngstown on Saturday to at-
tend the conference on the wage scale.
The ironworkers say there is no question
but that the big reduction demanded by
the manufacturers will be rejected. No
compromise will be entertained by the
workers' committee, and if the iron mas-
ters insist upon the reduction there will
be a strike in the Shenango and Mahoning
valleys that will affect about 10,000 men.

Assaulted by His Brother.

NEW YORK, March 20.—Scott Foster,
president of the Peoples' bank, of this
city, was assaulted yesterday by his brother,
William H. Foster, who was armed with a
cane. Scott Foster's arm was broken,
his shoulder dislocated and his scalp badly
cut. William H. Foster was arrested. In
court he said: "It was good that they
stopped me when they did. I'd have killed
him. He has robbed me of everything I had."

Slept Twenty Years in a Coffin.

OHIOKI, Wis., March 20.—The remains
of Mrs. Resch, for many years an eccentric
character of this city, were buried yester-
day. The old lady was an odd character.
She had attained the age of 109 years. The
most peculiar of her eccentricities was that
of sleeping nightly in a coffin. Twenty
years ago she purchased a casket, and at
her own request she was buried in it after
she had used it a score of years for a bed.

An Aged Murderer's Flippancy.

STRATFORD, Ont., March 20.—On Oct. 14
last Jessie, the 14-year-old daughter of
William Keith, was brutally murdered
after being outraged. A woman, Charlotte
Williams, is about 90 years of age, was ar-
rested and pleaded guilty. The trial took place
yesterday, and Chattelle was sentenced to
be hanged on May 31. As the judge fin-
ished Chattelle interjected, "Correct."

Drowned with a Sinking Schooner.

CAMBRIDGE, Md., March 20.—The sloop
John H. Thomas sprang a leak and sunk
in the Choptank river. James Jones, col-
ored, one of the crew, was drowned. Cap-
tain James R. Stout and wife had a narrow
escape, but were rescued. The Thomas was
loaded with oyster shells, bound from
Denton to this port.

Murder in the First Degree.

ELKTON, Md., March 20.—Horace Cooper,
colored, who has been on trial since Mon-
day for the murder of his sweetest, Mag-
gie Pitta, also colored, at Cokesbury, on
Nov. 18 last, has been convicted of mur-
der in the first degree, the jury returning
a verdict after being out all night.

THE MANITOBA NUDDLE.

The Provincial Legislature Ad-
journs to May 9,

THUS POSTPONING THE QUESTION.

The Adjournment Taken to Avoid Hasty
Action on a Matter of Gravest Import-
ance—Catholics Declare the Government
Is Shirking the Issue.

WINNIPEG, Man., March 20.—Premier
Greenway made an official statement to the
Manitoba legislature on the separate, or
parochial school question. He com-
menced by stating that his government
saw no reason why it should change its
position in regard to the school system of
Manitoba—national schools for all, and no
separate schools.

The receipt of the message from Ottawa
with a copy of the remedial order made by
the Dominion government raised constitu-
tional questions exceeding in gravity and
importance, to his mind, any constitu-
tional question that has heretofore
arisen in any legislative assembly in Can-
ada since the day when the Canadian
provinces were federated. These ques-
tions affected not only the province of
Manitoba, but every province in the Do-
minion of Canada. In view of these facts
the government had decided to ask that
the legislature adjourn till May 9, in order
that ample time may be given for full and
deliberate consideration of the whole mat-
ter.

The premier's remarks were received
with cheers, and the motion to adjourn
was agreed to at today's session.

The Catholics charge that this is an at-
tempt to shirk the issue, but it is denied
by the government. They say that the
order from Ottawa is an unprecedented one
and must be well weighed, or there is
danger of a disruption of confederation.

The premier was asked by the Associated
Press correspondent whether the Domini-
on government would be likely to take
this adjournment of the local house as a
refusal on the part of the province to act
in the matter of the order. He replied that
no such construction could be put upon
the adjournment, inasmuch as the provin-
cial government was taking the order into
consideration. There was no likelihood
that the Dominion government, having a
clear three weeks of session before the
provincial house meets again and sends its
answer, will act in the matter before hear-
ing from Manitoba.

"You can depend upon it," said another
minister, "that the Dominion government
is not going to touch this school ques-
tion any sooner than it has to. The impor-
tant point in the matter is whether the
reply of the provincial house will or will not
be final, and whether the action of the Do-
minion government will or will not be
final. Of course the Dominion govern-
ment will not act until the reply from
Manitoba is received. It is not a question
to hurry over."

Sir Charles Hibbert Tupper's resigna-
tion, and his attitude on the schools re-
medial order, is the subject of much ap-
proving comment here. Briefly stated,
Sir Charles Tupper's contention was that
the Dominion government should have
gone to the country on this important
question, and should not have called a
session at all.

The Orange lodge of Manitoba was in
session here yesterday, and adopted resolu-
tions denouncing interference by the
central government in provincial educa-
tional affairs, and urging a public conven-
tion of all shades of political and religious
opinions to act on the disputed question.

AT THE DOMINION CAPITAL.

Greenway's Action in Adjourning the Man-
itoba Legislature Commended.

OTTAWA, March 20.—There is still great
uncertainty regarding the political situa-
tion. As the matter now stands it is a
case of Tupper versus Bowell. If the min-
ister of justice triumphs there will be dis-
solution, as he feels that the Conservative
party would be all the better for a few
years of opposition, or until the Manitoba
school question is out of the way. Premier
Bowell insists on a session before dis-
solution.

It is thought here that Premier Green-
way, of Manitoba, has acted discreetly in
the interests of his side of the school case
in adjourning the legislature until May 9,
instead of acting hastily by returning the
order rejected to Ottawa. As the Domini-
on parliament meets April 18, the Ottawa
government will now be forced to make
their policy known in the speech from the
throne and subsequent debates.

Thinks Cubans Have Made a Mistake.

TAMPA, Fla., March 20.—The Plant
steamship Olivet arrived from Havana
last night, bringing a number of passen-
gers. One of these, a Cuban planter of
vast estates, is going to New York, his
home. He says the Cuban revolution
means the ruin of the island, and that
there are no influential men at the head
of it. He predicts a dismal failure in four
months. He thinks the Cubans have
greatly injured themselves by this insur-
rection, when Spain was just beginning to
give them home rule.

Lynched for Trivial Cause.

JACKSON, Miss., March 20.—In the
southwestern portion of this county three
young ladies en route to an entertainment
in company with their little brother were
overtaken by an unknown negro, who re-
quested that they let him ride. They de-
clined, and he undertook to force himself
into the vehicle, but they beat him off.
Arriving at the entertainment they told
what had happened, and a posse was or-
ganized. They found the negro and rid-
dled him with bullets.

Said He Had Been on a Spree.

NEW YORK, March 20.—William Baum-
busch, cashier for H. Batterman, a dry
goods dealer of Brooklyn, who disappeared
a week ago with \$3,300 of his employer's
money, gave himself up to the police yester-
day. He said he had been on a spree in
Philadelphia, and there spent all the
money he took with him. Baumbusch's
books are said to show a shortage of about
\$300, which would make his total deficit
\$3,600.

Women Should Remove Their Hats.

KANSAS CITY, Mo., March 20.—The Non-
Partisan Woman's Christian Temperance
union has made a decided stand on the hat
removal proposition. The organization
declares against women's head gear in
churches and all indoor meetings.

Killed by a Premature Blast.

CARROSDALE, Pa., March 20.—Joseph
Kauf, a miner in the Glaswood mines, re-
ceived injuries on Wednesday from a pre-
mature blast from which he died yester-
day. William Fisher, a fellow workman,
was also seriously injured.

TO SUPPRESS CUBAN REBELS

General Campos Will be Furnished with
Unlimited Soldiers.

MADRID, March 20.—The premier, Senor
Canovas del Castillo, in an interview to-
day, said: "It is useless to deny that the
situation of affairs in Cuba is grave. But
the government is determined to settle the
matter decisively this time. Within the
next six months 30,000 men will be sent to
Cuba, and, if necessary, 100,000 troops will
be dispatched in order to occupy the entire
disturbed territory."
General Martinez de Campos has ac-
cepted the commission to go to Cuba at

GENERAL MARTINEZ DE CAMPOS.

the head of the reinforcements which are
to be sent there, and has declared that the
moment he lands in Cuba he will proceed
with operations designed to put down the
revolt instantly.

The government yesterday forwarded
\$2,000,000 to Cuba. Troops are rapidly be-
ing concentrated at their respective ports of
embarkation. Six large merchant steamers
have been chartered for use as trans-
ports, and will sail from Cadiz, Valen-
cia, Corunna and Santander with troops
and war material some time between April
2 and 18.

No Proof of Minister Murruga's Charges.

WASHINGTON, March 20.—Senor Mur-
ruaga, the Spanish minister, has recently
advised the state department of several
shipments of arms and ammunition from
this country to the insurgents in Cuba.
These shipments are said to have been
made from Philadelphia. Perth Amboy,
N. J., and Savannah, Ga. The prosecu-
ting officers of the government have been
unable thus far to secure sufficient evi-
dence to make cases.

A Murderer's Fear of Death.

CHICAGO, March 20.—The trial of Sidney
Cooper, the colored murderer of George
Adams, also colored, created an exciting
scene in court. When a juror was asked
if he had any scruples against the death
sentence Cooper, on hearing the word
"death," fell back unconscious, and while
bailiffs tried to restore the terror stricken
wretch his wife and children became
wildly hysterical, and the screaming
woman was removed to an ante-room. The
hysteria spread to some of the female spec-
tators, and for a moment pandemonium
seemed imminent. All through the exami-
nation the murderer's face was blanched
with fear.

A Maniac's Double Crime.

ST. LOUIS, March 20.—An old lady
named Katherine Kaiser, living at 1,109
Lynch street, was literally hocked to
death by her nephew, C. L. Williams, who
had been living with her for some time.
A hatchet was the weapon used, and the
maniac's skull was laid open in several
places. When the infuriated man had
completed the deed he secured a knife and
made several gashes in his own throat.
Medical aid was unavailing in either case.
Temporary insanity is thought to be the
cause of the deed.

New Homes for Settlers.

WASHINGTON, March 20.—Secretary
Smith yesterday forwarded to the presi-
dent the drafts of two proclamations open-
ing to settlement the lands ceded by the
Yankton Sioux Indians in South Dakota,
and the Aleska and Othe Indians, on the
Siletta reservation, in Oregon. The presi-
dent is expected to act immediately on
these, and issue the formal proclamations
within a few days. The Yankton reser-
vation embodies some of the best land in
the state, and there are 128,000 acres of the
ceded lands.

Desperadoes Shot Down.

LITTLE ROCK, March 20.—Early in the
morning three desperadoes, Sam McWill-
iams, George Sanders and Sam Butler,
rode into the town of Bragg's Station, and
started to hold up the town. A fight be-
tween the bandits and the citizens then
ensued in which McWilliams and Sanders
were killed. Butler escaped, after being
wounded. A citizen was also dangerously
injured.

Bismarck Enthusiasm Increasing.

BERLIN, March 20.—The storm of Bis-
marck enthusiasm continues to increase
throughout Germany. Any one who holds
aloof from the demonstrations is treated
as an enemy of the empire. Some of the
papers call upon the residents of Berlin to
decorate their houses with flags on Mon-
day, the 80th anniversary of the prince's
birth, and to illuminate them Monday
night.

Made Homeless by Flames.

ST. AUGUSTINE, Fla., March 20.—The
northwestern portion of this city was
swept by fire yesterday afternoon, destr-
oying forty-nine residences and business
houses besides several smaller structures,
entailing a loss of fully \$100,000. A large
portion of the residences destroyed were
owned by poor people, and many families
are homeless.

Sentenced for Prize Fighting.

WATERTOWN, N. Y., March 20.—"Jack"
McGouldrick, of this city, and "Ike" Far-
rell, of Rochester, lightweight pugilists,
were yesterday sentenced to pay a fine of
\$50 or to go to jail for six months for engag-
ing in a prize fight near this city Jan. 31.
McGouldrick paid, but Farrell goes to jail.

Strike of Welsh Miners Averted.

LONDON, March 20.—A conference of
mining delegates and coal mine owners
was held in London yesterday, and an
agreement was arrived at to continue the
sliding scale of wages for eighteen months.
This averts a strike of 100,000 Welsh
miners.

The Weather.

and Delaware, cloudy weather, rain and
warmer tomorrow. For the District of
Columbia, Maryland and Virginia,
warmer, threatening weather and prob-
ably rain tomorrow; winds shifting to
easterly.

Tired, Weak, Nervous Could Not Sleep.

Prof. L. D. Edwards, of Preston,
Idaho, says: "I was all run down,
weak, nervous and irritable through
overwork. I suffered from brain fa-
tigue, mental depression, etc. I be-
came so weak and nervous that I
could not sleep, I would arise tired,
discouraged and blue. I began taking

Dr. Myles' Nervine

and now everything is changed. I
sleep soundly, I feel bright, active
and ambitious. I can do more in one
day now than I used to do in a week.
For this great good I give Dr. Myles'
Restorative Nervine the sole credit.

It Cures."

Dr. Myles' Nervine is said on a positive
guarantee that the first bottle will benefit.
All druggists sell it at \$1.50 bottles for \$5, or
it will be sent, prepaid, on receipt of price
by the Dr. Myles Medical Co., Elkhart, Ind.

For Shenandoah and Vicinity.

Fair trade winds, with increasing
velocity in all branches of busi-
ness, followed by frequent
showers of Dollars into the
coffers of the HERALD adver-
tisers.

Do You Want To be in the Shower of Dollars

Everybody in Shenandoah
looks to the columns of

The... Herald

For an advertisement of any-
thing worth bringing to the
notice of the public. They
rarely waste time over other
papers. Do you see the point?

..The Moral..

Is that if you have any induc-
ement to hold out to the 17,000
residents and the throngs of
strangers constantly visiting
the largest town in Schuylkill
you should use the columns of
the HERALD.

Not only does it guarantee
the widest publicity, but its
rates are proportionately low.
