The right is also reserved to reject any advertisement, whether paid for or not, that the publishers may deem improper. Advertising rates made known upon application.

Entered at the post office at Shenandoah, Pa. as second class mail matter.

THE EVENING HERALD,
Shenandoah, Penna.

Evening Herald.

MONDAY, APRIL 1, 1895.

In one respect at least the St. Paul resembles the Cleveland Administration. She is stuck on the ways.

The bad-tempered circus elephant is, as a matter of fact, the most effective presence that the circus can employ.

EVERY MAN should stick to the particular pursuit for which nature has adapted him. Mr. Cleveland's forte is duck hunting, not diplomacy.

GREAT BRITAIN is big and Nicaragua is little. But with Uncle Sam behind her Nicaragua will loom up considerably larger in British eyes.

THERE are some old fashioned things that the American people still attach a good deal of importance to—the Stars and Stripes and the Monroe Doctrine, for instance.

IN taking his departure from this country the inference is, that Minister Muranga will adopt the walk called Spanish. The appropriateness will be conceded on all sides.

NO WORDER this administration doesn't want the people to see the monthly statistics of exports and imports. These cold, plain figures with their revelation of the swift shrinkage of the sale of American products abroad constitute the most tremendous indictment of the Wilson bill that has yet been drawn up.

THE doctors, one and all, have repeatedly told us that pure milk is absolutely indispensable to the health of babies, and that the lack of it is one of the prominent causes of the terrible infant mortality in large cities and towns, and yet in the face of such a fact a bill which forbids, under heavy penalty, the adulteration of milk in every part of the state is held in a sub committee of the House at Harrisburg as though there could be room for a single doubt as to the propriety and absolute necessity for its return to the House with a favorable recommendation.

DOES Mr. Cleveland realize the fundamental difference between the Presidency and a dictatorship? His course for the past two years, his arrogant attitude toward Congress, his contemptuous defiance of popular will in regard to the tariff and Hawaii, and his consistently overbearing manner toward public men, constitute a record unapproached by any other Chief Magistrate of the American people. This country has had arbitrary and determined men in the Presidential office. Until Grover Cleveland was elected it never had a President who manifested stubborn and unvarying contempt for the opinions of the people and the regularly chosen lawmakers of the nation.

THE Monroe Doctrine is an integral principle of American statesmanship. It has been upheld by Democrats, by Whigs and by Republicans irrespective of party affiliations. It is not partisanship; it is Americanism, and the American people are united in their determination to maintain it, by peaceful means if possible, but by American cannon and bayonets if necessary. Mr. Cleveland has achieved the glorious distinction of being right times and wrong more times on great public questions than any other President in American history. He now has the chance to retrieve a long succession of disastrous blunders and rally the whole nation around his Administration by a single act of manly, straightforward Americanism. A brief, emphatic declaration by the State Department that the Monroe Doctrine would be upheld by the whole power of this Republic, and that British spoliation and oppression in Nicaragua and Venezuela would be resisted by the United States as French spoliation and aggression in Mexico were resisted in the days of Louis Napoleon, would electrify the country and command the enthusiastic support of American citizens from Maine to the Golden Gate.

THE REVOLT IN CUBA.

Arrival of Passengers from the Islands at Tampa, Fla.

SPANIARDS SORRY FOR CUBANS.

They Declare That Those Not Killed in Battle Will be Shot for Treason—General Martinez Campos Will Reach Cuba on Thursday.

TAMPA, Fla., April 1.—The steaming Olivette arrived last night, bringing among other passengers Spaniards and Cubans from the islands. The Spaniards said that there was fighting in the eastern part of the island, but that they were sorry for the poor Cubans engaged in it, for those that were not killed in the fighting would be shot afterward. They ridiculed the idea of Cuban success. When asked if they were leaving the island to avoid being forced into volunteer ranks they said they were coming here to work in cigar factories as the business was dull in Havana.

Spanish estimates place the insurgent forces at less than 3,000, and the reason assigned for the shipment of so many soldiers from Spain to Cuba was that, as there were only 6,000 permanently located in Cuba, Spain thought it advisable to place more of a standing army on the island, so that in case the Cubans should attempt to suppress they would be overpowered at once. No other reason for the movements of troops was assigned. General Martinez Campos is expected to arrive in Havana on Thursday next, and it is understood that the fight will then be on with great vigor.

For the first the civil guard of Havana are acknowledging the insurrection. The landing of Maceo with 1,000 men, near Baracoa, is generally conceded. Flor Crombie is said to be with him, and it is asserted that the landing was effected on the 23d ult. A Cuban report is that arms were disembarked near Santiago by Cubans on the 24th ult.

Brooks is said to have left the island with Maceo commanding his troops during his absence. Santocildes is reported as having been routed by Amador Guerra on the 23d ult., with slight losses. Camagney insurgents are in command of the Marques de Santa Lucia. They are in possession of the town of Camagney. All the insurgent forces are focusing toward Yara, where they intend forming the new republic. La Chamba has been captured by Guillomon, and is now a prisoner at Montenegro. A band at Ynales, in Yacata Abajo district, near Havana, is said to number 300.

Private advices by the steamer Olivette state that several minor fights on the 25th and 26th ult. took place between the Spanish troops and insurgents in the province of Santa Clara. The insurgents defeated the Spanish troops both days. The Spaniards left their dead on the field and retreated in good order. The dead, it is stated, numbered forty-nine in both days' fighting.

It is stated by Cubans that the insurgents now number 20,000 under arms in the island. Today a prominent Cuban of this city said: "Spain will find us prepared this time, and not like in 1895. We have leaders and lots of money. We will have our independence and very likely annex to the United States."

Gonzales Quesada, secretary of the Cuban revolutionary party, is here at the home of Colonel Figueroa.

Death of Baron Alcester.
LONDON, April 1.—Frederick Beauchamp Paget Seymour, first Baron Alcester, died Saturday, aged 73. He entered the navy in 1831, became lieutenant in 1842, captain in 1854, rear admiral in 1870, vice admiral in 1876 and admiral in 1882. He commanded the fleet that bombarded Alexandria. For this service he received the thanks of parliament, was voted \$100,000, and elevated to the peerage.

No Case Against Diffenderfer.
LANCASTER, Pa., April 1.—Frank A. Diffenderfer, who was arrested in Brooklyn on the charge of embezzlement in connection with the trust estate of his brother, was brought before the court on a writ of habeas corpus. The records of the court were produced, showing that the case had been settled in 1893, and the accused was discharged.

Governor McKinley at Washington.
WASHINGTON, April 1.—Governor McKinley and party arrived in this city at 11:30 last night by the Atlantic Coast line express from Savannah. Today he and Mrs. McKinley are visiting a few old friends, and will take a drive through the city. The governor will leave for Columbus this evening.

Hayward's Appeal for a New Trial.
MINNEAPOLIS, April 1.—Judge Smith, in consultation with the attorneys in the Hayward murder case, settled the bill of exceptions on which the appeal to the supreme court will be made and set the arguments on the motion for a new trial for April 15.

IN paint the best is the cheapest. Don't be misled by trying what is said to be "just as good," but when you paint insist upon having a genuine brand of **Strictly Pure White Lead**. It costs no more per gallon than cheap paints, and lasts many times as long. Look out for the brand of White Lead offered you; this one is sure: "John T. Lewis & Bros."

FOR COLORS.—National Lead Co.'s Pure White Lead Tinting Colors. These colors are sold in one-pound cans, each can being sufficient to tint 25 pounds of strictly Pure White Lead the desired shade; they are in no sense ready-mixed paints, but a combination of perfectly pure colors in the handiest form to tint Strictly Pure White Lead. A good many thousand dollars have been saved property-owners by having our lead on painting and color-card. Send us a postal card and get both free.

JOHN T. LEWIS & BROS. CO., Philadelphia.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria. Castoria is so well adapted to children that I recommend it as superior to any prescription known to me. H. A. ARCHER, M. D., 115 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."
CARLOS MARTIN, D. D., New York City.

Castoria. Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results."
ERNEST F. FARMER, M. D., 126th Street and 7th Ave., New York City.

THE CENTRE COMPANY, 77 N. BROAD ST., NEW YORK CITY.

TRIED TO MURDER HIS WIFE.

Brown Then Fired a Bullet in His Brain, Dying Instantly.

PHILADELPHIA, March 30.—John A. Brown, aged 30 years, employed by James A. Talbot, of 108 and 110 Franklin street, New York city, shot his wife, Mrs. E. B. Brown, aged 24 years, yesterday afternoon, and then committed suicide. Mrs. Brown will recover. Brown, who has not been living with his wife for some time past, called at her father's home at 500 South Forty-second street, in an aristocratic portion of West Philadelphia, where the young wife has been living. When the servant answered the bell Brown asked to see his wife. Mrs. Brown was upstairs at the time, and being informed that her husband wished to see her she started to come down the front stairs. When about half way down her husband, who had remained standing in the hallway, suddenly drew a revolver and commenced firing at his wife. The frightened woman turned and ran upstairs, one shot striking her in the back as she fled. Brown then coolly walked into the parlor, placed the revolver behind his right ear and fired a bullet into his brain, dying almost instantly. The murderer fired five shots at his wife, only one of which took effect.

A Bold Swindler Rearrested.

CLEVELAND, March 30.—Investigation shows that James Robinson, who is now under arrest in Chicago for violating the postal laws, is the same man who, until a few months ago, published the Ladies' Monthly Gem in this city. Robinson, after defrauding his victims out of thousands of dollars by means of a "snap" ruse and prize bogus watches, was arrested for violating the postal laws. He jumped his bail bond of \$1,000 and fled to Canada. The United States authorities did not at first believe that Robinson would dare to start in business again so soon after his flight under the same name. They have now, however, received information which makes it sure that the Chicago man is the one wanted.

Will Demand an Explanation from France

WASHINGTON, March 30.—Although the telegram from Governor Merrill urging the president to extend protection to export cotton to Madagascar, a citizen of Kansas, reported to be imprisoned in Madagascar by order of a French court martial, has not yet been received, the president has decided to act in the matter and to call for a report of the circumstances. If the facts are as originally reported in the cablegram from Mauritius then it is expected that Mr. Easton, an ambassador to France, will be instructed to lay the matter before the French foreign office and ask for an explanation of the course pursued by the officials in Madagascar.

The Monetary Conference.

WASHINGTON, March 30.—It is impossible to secure confirmation here of the report from London that the United States has consented to enter the proposed international monetary conference, but the best information obtainable is to the effect that in case the call is issued the president will accept the invitation under the terms of the law enacted during the last session and appoint the three delegates necessary to complete the commission on behalf of this country.

Atlanta's Police Troubles Settled.

ATLANTA, March 30.—The differences in the board of police commissioners in Atlanta, which for the past several days have wrought up this community have been settled by a compromise. The faction supporting Mayor King gets the chairmanship of the board, George E. Johnson being their choice. The faction behind ex-Chief James W. English secures the re-election of A. B. Connelly as chief of police and J. M. Wright as chief of detectives.

To Investigate New Jersey Cities.

TRENTON, March 30.—The senate investigating committee will soon begin an inspection of the manner in which the cities of the state are governed. The committee have decided to take a trip around the state and inquire into all the evil things they can hear of. They will look after the green goods men a little possibly, and will carry their inquiries into Middlesex, Essex and Hudson counties.

An Embezzling Postmaster Sentenced.

UTICA, N. Y., March 30.—In the United States court March 30, the late postmaster at Brockport, this state, pleaded guilty of embezzling money orders to the amount of \$1,372. He was sentenced to pay a fine to the amount embezzled and to be imprisoned for eighteen months.

Dropped Forty Feet to Death.

PROVIDENCE, March 30.—Peter Coeli, while at work at the Wilkesboro pier, was caught by the coal bucket, raised forty feet and then dropped to the deck of the steamer Governor Ames. He died in a few minutes.

PENNSYLVANIA LEGISLATURE.

The House Far Behind in the Work of the Session.

HARRISBURG, April 1.—The House will go to adjourn today. The senate has adjourned over the week, that the senators may look after their spring settlements. The house is too far behind in its work to adjourn. There are now over 1,100 bills on the senate and house calendars, and not less than 300 in committee—that will be brought out. The average number of bills passing the house finally last week was only three a day. Usually about 375 bills are passed each session.

The appropriation, revenue and apportionment bills are still in committee, except the judicial apportionment bill. This measure has gone through the house and will be read the first time in the senate next Monday. During the past week the governor signed five bills. He has not yet acted on John Foy's bill to abolish the kissing of the Bible in administering oaths. This is the only bill before the governor awaiting his action. The friends of the measure believe it will be approved. The resolutions calling for clerical correction in the hills creating a separate orphan's court in Schuylkill and providing for a license for private detectives are still unsigned. Up to date the governor has approved fifteen bills, vetoed five and signed twenty-two resolutions.

The owners of a "greater Pittsburgh" will make an effort this evening to secure a special order for the annexation bills. These measures have passed the senate and are on the house calendar for second reading. The anti-Quincy county people are opposing the bills, and the chances are the Pittsburghers will not be allowed this privilege. The Baker "sweet shop" bill which provides for eight additional factory inspectors, will come up on a special order for second reading tomorrow and third reading on Wednesday. The pure food bill comes up on Thursday for second reading.

Governor Hastings will strengthen his military family this week. Those who profess to speak by authority say he will appoint Major Everett Warren, of Scranton; Judge Advocate general, and Colonel Thomas Potter, of Philadelphia, assistant commissary general. Colonel Potter held this position on the staff of Governor Beaver. A successor will also be named to Louis W. Read, of Norristown, surgeon general. Colonel Read has occupied this position for twenty years, having been originally appointed by Governor Hartman. The governor's personal friends have a man for this place and it has been decided by the executive to drop Read.

Probably Fatal Fall From a Window.

PHILADELPHIA, April 1.—Samuel Dutton, aged 55 years, a resident of Chester, Pa., was found unconscious on the sidewalk in front of 1,321 Kater street, early in the morning. One arm was broken, he was covered with bruises and was severely injured internally. At the hospital he revived sufficiently to state that early in the evening he had been drinking with Josephine Ibbotson, and finally went to her room—the third floor front of the Kater street house, and had fallen from the window. The physicians have little hope of his recovery. The woman is under arrest.

Her Nomination Invalid.

MONTCLAIR, N. J., April 1.—The nomination of Mrs. Marie H. Marshall for member of the board of education by the Democratic primary in the First ward of this town has been pronounced invalid by Town Council Alfred S. Badgley. Under the law governing Montclair, and which is known as the Voorhees act, the pronoun "she" occurs in every instance in which reference is made to the eligibility of the officer to be elected. Mrs. Marshall, the nominee, who is thus debarred, is prominent in the Women's Town Improvement association.

Anti-Socialist Bill Adopted in Germany.

BERLIN, April 1.—The rehnstag committee on the anti-socialist bill passed yesterday the last six paragraphs, including the clerical amendments, and adopted the whole measure by a vote of 17 to 8. The Freistnige Zeitung says the bill will come back to the house in more drastic form than the original. It is said in parliamentary jargon that the clericals will vote in solid phalanx for the bill, to please the emperor.

Welcome Rain in Nebraska.

OMAHA, Neb., April 1.—Saturday night and last night rain or snow fell in nearly every county in eastern and northern Nebraska. A few places in the western part of the state have not reported, but it is thought it was general through the thickly settled portion of the state. More timely rain never came, the greatest anxiety being felt for the coming crop of Nebraska.

Republican National League Convention.

CHICAGO, April 1.—President Tracy and Secretary Humphrey of the Republican National League, yesterday presented a call for the next annual convention of the league, which is to meet in Cleveland on Wednesday, June 19, at 10 a. m., and continue in session until its business is completed. It is proposed to take three days for this convention.

Burglars Secure Good Booty.

MOUNT VERNON, N. Y., April 1.—The houses of E. Brittingham and Professor A. B. Davis were robbed Saturday morning, and the thieves were evidently of the same gang that robbed the houses of W. R. Lewis and E. H. Norton, Jr., a week ago. In all they secured about \$1,000 worth of booty.

The Weather.

For eastern New York, eastern Pennsylvania, New Jersey, Delaware, District of Columbia, Maryland and Virginia, threatening weather and rain; east to south winds; slight change in temperature.
