"Now good digestion wait on good appetite, and health on both."

And health on both. says the great Shakespeare, but he did not have in mind a coated tongue or torpid liver, with all the symptoms of biliousness, so common in this country. All this, and more, can be cured by Dr. Pierce's Golden Medical Discovery, a purely vegetable compound, which restores the action of the liver, gives tone to the flagging energies of the dyspeptic's stomach, and thus enables "good digestion to wait on appetite, and health on both." By druggists.

Asthma and Hay Fever cured, by a newly discovered treatment. Address for pamphlet, World's Dispensary Medical Association, Buffalo, N. Y.

Those who never read the advertisements in their newspapers miss more than they presume. Jonathan Kemson, of Bolan, Worth Co., Iowa, who had been troubled with rheumatism in his back, arms and shoulders read an item in his paper about how a prominent German citizen of Ft. Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad he had to do the cooking. I told him of Chamberlain's Pain Balm and how it had cured me, he got a bottle and it cured them up in a week." 50 cent bottles for sale by Grubler Bros.

PENNSYLVANIA LEGISLATURE

The Baker Sweat Shop Bill Goes Through the House Finally.

HARRISBURG, April 5.—The case with which the House passed the Baker sweat shop bill passed second reading in the House yesterday was a surprise to the most sanguine friends and a sore disappointment to the opposition. The measure provides for the retirement of judges on full pay who have served twenty consecutive years, or thirty years altogether, and have reached the age of 70. Should it become a law the only judges whom it would now affect are Judges Hare, Finletter and Allison of Philadelphia. The country members say they will make a fight on the bill when it comes up on third reading.

The bill to provide for the purchase of school books at the lowest prices by school boards passed second reading.

A bill was introduced by Mr. Fow to prevent the sale of guns, rifles, carbines and small arms to minor children. The bill provides punishment for violation by a fine not exceeding \$100 or an imprisonment not exceeding one year or both.

The Soyford bill to protect railroad travelers and define and punish train robbery passed finally on a special order, with only one vote in the negative.

The Baker "sweat shop" bill, providing for the appointment of eight additional factory inspectors to look after the safety of persons employed in tenement houses and shops where clothing, cigars, cigarettes and certain other articles are made, except seamstresses to whom work is given for public charities, etc., passed finally. The bill has already gone through the Senate.

The Grigsby bill for a state fire marshal and assistants to enforce the laws against arson was killed on second reading by an overwhelming majority.

The Crothers pure food bill was amended by striking out all provisions relating to drugs, and then passed second reading.

Exonerating Motorman Seltz.

HAZLETON, Pa., April 5.—Coroner Gorman and a jury began last night to hear testimony as to the cause of the accident by which four persons were killed on the trolley line here last Saturday. Motorman Seltz, who was in charge of the runaway car, testified that the brake chain broke and the gearing under the car gave way when he applied the reverse current. He then tried to reach the rear brake, but the passengers prevented him from doing so by crowding the platform. Four of the uninjured passengers testified as to Seltz's efforts to apply the rear brake. The investigation was adjourned until tomorrow, on account of the inability of some of those who were hurt to be present.

A Wife's Presentiment.

LOUISVILLE, April 5.—Joseph J. Willis, head engineer of the Louisville Veneer Mills company, at Campbell and Fulton streets, met death yesterday in a terrible manner. While oiling the machinery he was caught by a flywheel which makes about 300 revolutions a minute and was dashed against the wall and ceiling of the room, crushing him to death instantly. A peculiar fact in connection with his death is that Mrs. Willis told her husband in the morning before he went to work that she had a presentiment that something would happen to him.

Office Seekers After Mr. Wilson.

WASHINGTON, April 5.—Secretaries Carlisle and Gresham called on Postmaster General Wilson yesterday, but the new cabinet officer was out. Mr. Wilson's first day of official life in the department was devoid of any special interest, and the business brought before him was almost wholly of a routine nature. He has already been crowded with applications for positions, many persons seemingly being of the opinion that a change in the head of the department means changes in other positions.

Another Faith Curist Arrested.

TUNNICLIFFE, Pa., April 5.—D. N. McKee, a Scranton Christian scientist, was arrested by Constable Vaughn for practicing his alleged healing art for a valuable consideration upon the late Elmer E. Brown, of this place. Brown was suffering with Bright's disease, and died within a few days after McKee's treatment commenced. The latter, who is not a registered physician, gave bail for a hearing next Monday.

Prize Fighter McGarry Out on Bail.

NEW YORK, April 5.—John McGarry, the prize fighter, who is under indictment for manslaughter in causing the death of another prize fighter, William J. Neary, was admitted to bail yesterday for \$2,500. On the night of Oct. 17, 1892, McGarry met Neary in the ring. The men fought five rounds, and then Neary was knocked senseless to the floor. He died on the following day from concussion of the brain.

On Strike for Money Due Them.

NEW BRUNSWICK, N. J., April 5.—Seventy-five deputy sheriffs are guarding the works of the Staten Island Terra Cotta and Lumber company, at Spa Springs, near Woodbridge. There is a strike at the works because the men were not paid. They had been promised their money yesterday, but did not get any of it. They hung about the works and threatened to commit violence unless they were paid.

Pistol Went Off in a Struggle.

POTTSVILLE, Pa., April 5.—A fight occurred in Jones' hotel, Auburn, between Peter Foulk and John Dinsinger. The fight grew out of an old feud. The men grappled, and in the struggle that ensued a revolver in Foulk's pocket was discharged. The ball entered his right thigh, and has not been found. Foulk is lying in a precarious condition.

Murdered by a Wyoming Mayor.

CASPER, Wyo., April 5.—Senator J. J. Hart, mayor of Casper, shot William Milne, a sheep owner. Hart fired five shots, all taking effect. Milne is dead. Hart claims that Milne was intimate with his wife. Senator Hart is one of the largest sheep owners in this section.

Not Guilty of Murder.

ROCHESTER, April 5.—The jury in the case of Patrick Gavin, charged with the murder of Howard I. Abbott last summer at Ontario Beach, last night brought in a verdict of not guilty. The murdered man's watch was found on Gavin when arrested.

O'Brien's Shot Proves Fatal.

PARIS, April 5.—Waddle, the man who was shot by the American crook Brian, in the railway station on March 27, is dead. The shooting was the result of a quarrel over a variety actress, with whom both were enamored.

The Weather.

For District of Columbia, eastern Pennsylvania, New Jersey, Delaware, Maryland and Virginia, warmer; winds shifting to southeast; probably rain tomorrow.

THE SAMOAN CLAIMS

Eight per cent of the Lands Claimed by Foreigners Confirmed.

WASHINGTON, April 5.—The report of W. L. Chambers, United States land commissioner to Samoa, one of the three commissioners appointed by the treaty powers of Great Britain, Germany and the United States, under the provisions of the Berlin treaty, to adjust and settle all claims by aliens to lands in Samoa, shows that the total number of claims filed before the commission was 3,042. Of these 1,422 were German, 1,757 British, 307 Americans, 375 French and 130 miscellaneous. The total claims aggregated 1,691,893 acres. Only 8 per cent of the claims were confirmed.

The British claims amounted to 1,250,270 acres, owing to the fact that one man, under a large number of deeds, claimed practically the whole of the island of Savaii, which contains nearly half the acreage of the entire country. This same man also held large claims in other islands, but all except about 15,000 acres of his claims were rejected.

The vast bulk of acreage claimed by Americans was also rejected, because of the manifestly inadequate consideration given for it, and because the titles were defective under several of the provisions of the treaty. About 21,000 were confirmed to Americans. Most of them belong to a corporation composed of San Francisco stockholders.

Mr. Chambers says he heard of only nineteen bona fide American subjects in the country, exclusive of officials, and does not believe there are thirty Americans there all told, including those who claim citizenship through naturalization.

A week of fun and pleasure was inaugurated at the Frothingham last night. The purveyors are the Metropolitan Comedy Company in charge of J. E. Nugent, an experienced manager, being formerly connected with the Bennett and Moulton Opera Company. The Frothingham was filled to overflowing; and the audience was as enthusiastic as it was large. The play presented was "The Fugitive," a melo-drama that requires first-class talent for its proper interpretation. In this respect there was nothing wanting last night. The company is good and evenly balanced.—Scranton Tribune. At Ferguson's theatre for one week, commencing Monday, April 8th.
