SPAIN has made the required apology in the Allianca case, but the fact remains that it may be necessary for us to insure her future good behavior by absorbing

It is true, as Mr. Depew observes, that "Nothing but a miracle can wrest triumph from the Republican party;" and miracles never come to pass for the banefit of the Democrats.

PLAINTIFFS in libel suits or prosecutions generally fare badly. In such procedures they substantially put their whole lives under cross-examination. And generally their complaints result in advertising the alleged libel, which, if left alone to be lived down, might never have been heard beyond a limited circle.

CHINA will undoubtedly be a large pur chaser of silver after the war ends. This is one of the reasons why that metal is advancing, and another reason is the general improvement in business. There is a chance that the increased prices will lead to increased production, in which case another drop may take place.

Thus far in the Cuban rebellion the mother country-perhaps stepmother would be a better name-has been get ting the worst of it. It would have been money in Spain's pocket had she ac cepted that \$100,000,000 provisionally offered for Cuba by the Polk administration

THE commercial failures of the past three months were fewer than were those of the corresponding time in 1894, and the liabilities involved were smaller. Coincidently with this decrease in business mortality there has been a large increase in the aggregate of business transactions. This change in conditions is highly significant and encouraging.

is anything in the law of averages or historical precedents, it is about time for the United States to have another war. The average period between wars heretofore has been about twenty-five years, and thirty years have now passed since the civil war. Never before in our history, that is to say, has there been so long a period of profound peace as the one through which we are now passing; and if history is going to repeat itself, a war must soon ensue.

THE value of judicious advertising was once more illustrated recently, this time at St. Cloud, Minn. There were a numher of candidates for Mayor, each of whom was a "hustler" and freely spent his money to gratify his ambition. A man named Boyd stepped into the race toward the end of the preliminary "scor ing" for position. He contented himself with a simple advertisement or announcemeat in the newspapers, telling the people that he would like to be elected. and that he would, if elected, carry out certain reforms. He made no promises personally, asked for no votes, spent no money, bought no drinks, and was opposed by the "machines" of the city, yet he carried every ward in St. Cloud.

WHILE Americans will frown upon any attempts of the Cuban patriots to entangle this country in the present outbreak, it is impossible for them to conceal their sympathy with the Cuban cause. A people which fought for and won its liberties at the point of the sword cannot remain indifferent to a neighbor which is engaged in a similar struggle. Furthermore, Cubs is bound to the Republic by inseparable ties. Her interests are largely identified with our own and destiny has unmistakably marked her for a part of the Union. General Campos may succeed in bailling the Cuban aspiration for freedom for a time, but eventually Spain will be driven from the Pearl of the Antilles as it has been driven from the American continent which it once dominated.

BIG BUILDINGS FALL

An Accident at Wheeling, W. Va., with Fatal Results.

SIX LIVES PROBABLY SACRIFICED.

Among the Dead Is Rev. F. H. Parke, Vicas General of the Catholic Diocese of Wheeling-The Accident a Result of Criminal

WHEELING, W. Va., April 10 .- Yesterday the south wall of the four story brick block of T. T. Hutchinson company, on the corner of Main street and the alley south of Twelfth, collapsed without warn ing. Next north of it W. H. Chapman & Son were just finishing a five story brick block, to be used as a paint, glass and builders' supply store, and they already had stored in it about \$14,000 worth of and were doing business there Hutchinson & Co dealt in hardware, sad lers' and wa con makers' supplies, and the building was packed full of goods. The building was packed full of goods. The wall on the alley first fell out, pulling with it the party wall between Hutchin-son's and Chapmans'. People who were near say that the cracking of timbers was like the rattle of musketry, and that in a few seconds everything was rendered in-

visible by a huge cloud of dust.

The crash of the falling building was terrific and soon drew thousands to the The horror of the accident was inscene. creased by fire, and as there were large quantities of oil, turpentine and the like in Chapman & Son's the situation was

As soon as people about the place beame cool enough to think it was found that there were buried in the Hutchinson uilding ruins four employes, as follows: Robert Wincher, Eugene Birch, P. J. Horan and M. J. Ford.

Charles Haller, the bookkeeper, and Adam Blume, junior partner, were penned up against the rear wall, and were released by pressing the irons off the windows. They were unburt. Mr. Hutchinson was in the second story, and was badly injured, but was rescued alive, and hopes are entertained that he may recover. reached after hard work by a large force o men and found alive, but unconscious. He was taken out after an hour's work and removed to a hospital. He may get well. The other three employes, Wincher, Birch and Horan, are still in the ruins and

doubtless dead.

When the collapse came Ford was sell ing a bill of goods to Benjamin Pritchard a wagon manufacturer of Buchannon, W. Va. Pritchard's dead body was found lying across Ford's legs. He was literally crushed to death.

Shortly before the accident Very Rev. Father F. H. Parke, vicar general of the Catholic diocese of Wheeling, was seen to enter the alley, and he was believed to be killed, and this belief was sadly confirmed last night by the recovery of his body. He was 72 years of age, a distinguished clergyman, chaplain of Mount De Chantal acad emy, and had been twice administrator of the diocese. A Western Union telegraph messenger boy, Harry Cowl, aged 14, is also known to have been in the alley, and his body has not been recovered.

Great indignation is expressed, because at the time the old Melodeon hall property was remodeled and a story added, in 1891. by Mr. Huichinson, the walls were condemned, but he persisted in using them, and owing to the lack of adequate laws ould not be prevented.

Selected Har Own Coffin Before Suicide AUBURN, N. Y., April 10.—After having dressed herself for her funeral and writing three letters, each containing a confession of suicide, Mrs. Marietta Rich yesterday took a dose of laudanum and died soon after being found. Five weeks ago Edward C. Blehe her husband, was found dead in bed, having been asphyxiated by escaping gas, and Mrs. Rich states in one of her letters that she could not bear to A RECENT writer suggests that if there see his body, which reposes in the vault at the cemetery, "put under the earth," and requested that his body be buried at the same time as hers. On March 14, after paying the expenses of her husband's funeral, she selected and paid for her own casket, saying she had plenty of money then and might not have it when the time came for her to die.

Cincinnati's Big Tailors' Strike.

CINCINNATI, April 10.—The striking coatmakers held another mass meeting vesterday. Reports were read from the additional shops on strike, making the to-tal number out 8,000. The shops in Covington, Newport and other Kentucky su-burban points have joined the strikers, Secretary Abe Bloom, of the Cincinnati Clothiers' association, stated that the wholesalers would meet them half way as individuals, but they want to meet the representatives of shops, and not those of the Coatmakers' Protective association.

Massachusetts' Sweeping Sunday Law. Boston, April 10.—The house yesterday discussed the bill to regulate the observance of the Lord's day and then engrossed

it in concurrence with the senate. The bill provides that no entertainment shall be given on Sunday to which an admission fee is charged, prohibits any manual labor, business or work, except works of necessity and charity, any sport or game of any description. Severe penalties are pro-vided for violations. The bill only lacks the governor's signature.

Ultimatum to Striking Miners.

PITISBURG, April 10.—The Pittsburg Railrond Coal Operators' association last night issued another statement to the miners. They say that something radical must be done if the Pittsburg district wishes to retain its lake trade. They make a final proposition to the miners that they will stand the discrimination in shipping rates, but the men must agree to work for the sixty cent rate prevailing in Ohio, the mines will have to be shut down this

Disastrous Floods in Hungary. BUDA PESTH, April 10,-The affluents of the Danube have overflowed their banks in the south of Hungary. The streets of many towns are submerged, and the foundations of hundreds of houses have crum bled and been washed away. In Semlin

2.000 people are homeless and suffering from expasure, having lost everything, in-cluding their clothing. The Workers Win a Long Strike. WILKESBARIER, Pa., April 10.—The Pitta-ton Stove works, which were closed about five months ago by a strike, when the company attempted to enforce a 10 per cent reduction, resumed operations this morning. All the union men have been reinstated and the old scale of wages will

Rich Red Blood

about 18 pounds of blood.

The blood has as its most important elements, small round corpuscies, red and been badly white, in proportion of about 300 red to I white one.

If the number of red corpuscles becomes diminished and the white once increased the blood is impure, thin, lacking in the nutrition necessary to sustain the health and nerve strength of the body.

Then That Tired Feeling, Nervousness. Scrofula, Salt Rheum, or others of the long train of lils, according to the temperament and disposition, attack the victim.

The only permanent remedy is found in a reliable blood medicine like Hood's Sarsaparilla, which acts upon the red corpuscles, enriching them and increasing their number. It thus restores the vital fluid to healthy condition, expels all impurity, cures Nervousness, That Tired Feeling, Scrofula and all other diseases arising from or promoted by low state of the blood.

That these statements are true we prove of the burning and itching sensation not by our own statements, but by what which had marred every previous sumthousands of perfectly reliable people say mer's outing. As the old school of medicine simply tried to remove the symptoms instead of the sources of them, much of the poison was left in my system to appear in an itching humor on my body with every violent exertion in warm weather. At all times there were more or less indications of poison in my blood, up to a year ago last winter, when

Large Sores Broke Out on my body. I then purchased a bottle of Hood's Sarsaparilla, and after using that and a half of another bottle, the sores and humor disappeared. PENNSYLVANIA LEGISLATURE.

Both Branches.

HARRISBURG, April 10.—The legislature is taking a day off today to attend the launching of the steamship St. Paul at Philadelphia. This is the vessel which the Cramps tried to launch two weeks ago, but failed on account of bad tallow. The order of business in the house vesterday was consideration of bills on third reading and a large number of measures passed

The bill to prohibit the capture for sale cock, and providing a stringent penalty for violation of the proposed set, passed and his fireman, Chase, and a brakeman finally by a vote of 104 to 33. Should this bill become a law it will prevent the serv-ing of these birds by restaurants and hotels. The bill establishing a state game commission also passed finally, as did bills requiring the publication of sheriff's sales notices in a German newspaper of general circulation in the several counties; regulating the construction, maintenance and inspection of buildings and party walls in cities of the second class, and authorizing the sheriff of the city of Philadelphia to advertise the real estate in one German newspaper.

In the senate a message was received from the governor announcing the ap-pointment of John M. Walton, brother of the speaker of the house, as controller of Philadelphia The nomination was unani-

mously confirmed.

Among the bills passed finally in the senate were: To authorize the incorpor ation of companies for constructing and maintaining bonlevards; to extend to cities of the first second and third classes the act authorizing boroughs to manufacture electricity for municipal purposes; to regulate the sale of intoxicating liquors in clubs, requiring them to pay \$1,000 license in cities of the first and second classes, \$200 in cities of the third class, \$150 in boroughs and \$100 in townships; to create the office of deputy auditor general, at an annual salary of \$3,000; providing for the teaching of vocal music in the public schools; to punish pool selling, receiving and transmitting bets, or aiding in pool

Charges of Corruption Not Sustained. LITTLE ROCK, April 10.—The bribery in-vestigation ended in a complete vindication of all the parties about whom rumors have so frequently circulated, and against whom Representative Yancey made a direct charge on the floor of the house last Saturday. The special committee presented a report setting forth the fact that a full and thorough investigation had been made, every rumor rum down and over forty witnesses examined, and that the majority believed that there was absolutely no ground for the charges of brib ery that have been so freely made. The five members who signed the majority re-port were all supporters of the railway mmission bill, to prevent the passage which, it was charged, money was used.

Counterfelted Two-Cent Stamps CHICAGO, April 10.-United States score service detectives have unearthed the most unique swindle ever perpetrated on any government, and it is believed that thou sands of dollars have been secured by a gang of counterfeiters who have repre duced with wonderful skill the two-cent postage stamp. The headquarters of the gang are at Hamilton, Ont., and the stamps have been supplied by the "Canadian Novelty and Supply Company," that "company" furnishing \$115 in two-cent stamps for \$100. Canadian officials have been notified, and the gang will doubtless be captured.

Six Strikers Indicted for Murder. Pittshung, April 10.—The grand jury returned true bills against Tarentum glass house strikers, six in number, who murdered Philip Kearney Sutton, of Dun-kirk, Ind., on March 23. Sutton was working in the factory as a non-union man. The murderers are all members of the Bee gang in Tarentum. Five others were also indicted for a robbery committed on the same night. True bilis were also returned against the Denniston sisters. shaplifters, who are known all over the

Bellef in Cockran's Innocence. DENTON, Md., April 16.—Excitement in Caroline county over the murder of little Sallie Dean continues. The post mortem examination proves conclusively that the assault was committed before her assail-ant had added murder to his fleudish orime. The people are a unit in believing that the young school teacher. Cockrau, who Price in his confession charged with being the principal actor in the crime, is entirely innocent. The dead girl's father shares in this belief.

Six Polish Miners Badly Burned.

WILKESDARIK, Pa., April 10.—A terrific explosion of gas in shaft No. 2 of the Susquehanna Coal company, at Nanticoke, severely burned six Pollah painers. They Simon Marenski, aged to married and has a family; Stanly Zurolf, aged 27, wife and one child; Smarty Kershinski, 12, wife and one child; Wathley Gozdiok. 25, single: Manian Kiandies, 35, married family in Poland; Frank Kopchinsky, 28, family in Poland. Probably these or four will recover unless internal injuries de

Bank Officials Held for Burglary. BINGHAMTON, N. Y., April 10.-The exnination of D. L. Brownson, president of the Chenango Valley bank, charged with burglary, and of Tracy Morgan, cashier, charged with burglary and grand larcency, was continued before Judge Arms yesterday. At 4:15 the defense closed and Judge Arms held Morgan in \$6,000 oall to await the action of the grand jury on two charges of grand larceny and one of burglary. Brownson was held for burg-lery in the sum of \$1,500.

Delaware's New Governor.

DOVER, Del., April 10. - William T. Watsen, Delaware's new governor, has been ill for some time, and left a sick room in order to be sworn in. Later in the day he ecovered somewhat from his indisposi-ion, and there is now no doubt of his abilty to assume the duties of his new office. The governor will retain his seat as son-William T. Records, of Sussex county, was chosen speaker of the senate. The funeral of Governor Marvil will take dace tomorrow afternoon.

Wife Murdered, Husband Missing. Chows Point, Ind., April 10,-Near Sedar Lake Monday Mrs. Barney El-Cedar Lake Monday Mrs. Barney El-wanger, a Bohemian, aged 35 years, was murdered. Her body was found yesterday by neighbors. The back part of her skull was crushed, hur nose broken and her body covered with bruises. A rolling pin was found near the body. The husband of the woman is missing. The family recently have had trouble about the division of property, and it is probably the cause of the murder.

Three Trainmen Killed.

BRADFORD, Pa., April 10. - A freight rain on the Buffalo, Rochester and Pitts burg railroad ran into a washout near Sykes, a small station between Dubeis and Punxsutawney. The entire train was thrown into the torrent. Engineer Taylor named McClelland were buried under the wreck and killed.
