Would-be Lynchers Thwarted. ROBERT, W. Va., April 10.—Daniel S. Shawn, whose sentence was commuted to life imprisonment by Governor MacCorkle last week, narrowly escaped death from a mob of indignant cilizers Monday night. It was discovered that an organization had been effected, and that he would be lynched before morning. Prosecuting Attorney W. B. Cornwell acted promptly. As Sheriff Pugh and Judge Dalley were not in town a team was hitched up, and the prisoner removed from the juil and hurried away in a blinding rain storm. He was kept in a house in an out of the way place, three miles from here, all night, and Deputy Sheriff J. W. Holling took him aboard the sarly morning train at a neighboring sta-tion and took him to the penitentiary.

"Am I Married or Not?"

"Am I Married or Not?"

Asked Mr. A., despondently, "I declare, my wife is so nervous and irritable that I don't stay in the house a moment longer than I can help. My home isn't what it used to be." "Mrs. A. is suffering from some functional derangement, I presume," said B. "Yes, she has been an invalid for years," "Exactly. Her experience is that of my wife, but she was cared by Dr. Pierce's Favorite Prescription. Get this remedy for Mrs. A., and the happiness of your home will soon be restored." Mr. B. was right. For prolapsus, painful periods, irregularities—in short, all "complaints" peculiar to the female sex—the "Favorite Prescription" is a sovereign specific.

Jonathan Kenison, of Bolan, Worth Co., Iowa, who had been troubled with rheomatism in his back, arms and socialiers read an item in his paper about how a prominent German citizen of Fc. Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad he had to do the cooking. I told him of Chamberlain's Pain Balm and how it had cured me, he got a bottle and it cured them up in a week." 50 cent bottles for sale by Gruhler Bros.

HERE'S APRIL.

Now Purify the Blood; Feed the Nerves!

Take Paine's Celery Compound Now.

It Speedily Makes People Well.

Cures Disease When All Else Fails

In Every Civilized Land It is a Blessing.

Is Used by Physicians in Every Community.

Indorsed by Thousands of People in Pennsylvania.

In every civilized country people are low taking Paine's celery compound.

Persons employed constantly indoors merge from the long confinement of winter reduced in strength and nervous vitality. The need of a spring medicine for years impressed itself on the attention of a thinking people.

But with a lack of a really valuable scientific preparation people were accustomed to take all sorts of home-made concoctions-some harmless, but none of any great value.

Finally, in the famous laboratory of Dartmouth medical school, Prof. Edward E. Phelps, M. D., L.L. D., discovered the formula for Paine's celery compound the remedy that has become the standard nerve restorer, blood purifier and

Not only is this known to the people generally today, but it is the one remedy invariably ordered by the modern class of

physicians in all cases of nervous debility. Since the appearance of Paine's celery compound, when first prescribed by Prof. Phelps, there has been no difference of opinion among scientific men as to its unrivalled merits.

The reports of the many cases where this remarkable remedy has saved life and restored health, have again and gain been given at length in the medical reviews and the newspapers, until today the whole country is familiar with the power of Paine's celery compound over isease. More than one influential paper has spoken in editorial columns of this great modern remedy as a remarkable instance of a scientific discovery, emanaling from the very highest medical authority, and taken up later by the whole people till today it is the recognized remedy of the world for all forms of weakness.

No such complete agreement of the popular belief and professional judgment ever before happened.

Just now, when the new year-that is the spring-is overhauling the body and trying to arouse it to drive out disease, it is well to know what to do in order to help the good work along. When the pervey count up the gains and losses of the winter, most every one is sure to find that he stands in need of a spring medicine to tone him up, to make richer and purer blood, and to make his nerves sound and vigorous. The marvelous ability of rapidly reconstructing worn-out tissues, of purifying the blood and feeding tired nerves has won for Paine's celery compound the written indorsement of thousands of careful physicians.

It is a fact much commented on that men and women of national reputation and prominence, educated people, who are careful what they employ when sick, have of their own accord sent lettera de scribing fully their permanent recovery from rheumatism, heart weakness, sleep lessness, debility, kidney troubles and

from diseases of the stomach and liver. In all these cases of recovery from serious disorders and the general feeble health that comes directly from a bad state of blood and impaired nerves, Palne's celery compound has always removed disease and established health again. It

begins to give its great help immediately. This is how it has made men and women come to speak of it as "the remedy that makes people well." This sign ficant phrase has been repeated so often from mouth to mouth that it is now everywhere inseparably associated with Paine's celery compound, not only by the physicians who daily prescribe it, but by the thousands of ailing people, young and old, who go to it for aid and comfort. Take it now.

IN THE HANDS OF THE JURY. Verdict for the Defense Expected in Anna

Dickinson's Damage Suit. SCRANTON, Pa., Awril 10.—Judge Atcheson, in the United States circuit court, completed his charge to the jury late yesterday afternoon, and the now famous suit of Anna Dickinson, the noted political speaker and tragedienne, against her sister and four others, is in the hands of the twelve for final decision. Miss Dick-inson seeks to recover \$50,000 damages for being confined five weeks in the Donville Insane asylum in 1891. The trial has oc-cupied eight days, and has been attended

ANNA DICKINSON. by prominent men and women friends of the plaintiff and defendants. The crowds

have been so large that hundreds have daily been denied admittance to the court

Judge Acheson occupied an hour in charging the jury. His charge was plainly in favor of the defense. He brought out the strong points in the evidence which showed Miss Dickinson violent, and the peculiar actions at the time of her incarceration. When the case was ended it was the opinion of lawyers and spectators that the jury would either disagree or find a verdict in favor of the defendants.

NEW JERSEY ELECTIONS.

A Row at New Brunswick Between Whites and Negroes.

The elections throughout New Jersey yesterday were very closely contested, and there were several exciting incidents. In New Brunswick there were a number of fights more or less victous. Just before the polls closed there was a riot in the Sixth ward, and shots were fired. The fight began when a negro, one of a gam, of about twenty five, demanded money for his vote from John Forman, a Democratic worker. The latter refused to pay, and the negro broke out in a volley of curses. Forman turned quickly and struck the colored man - heavy blow on the face, and in a moment a hundred men were lighting in the street. The whites outnumbered the negroes three to one, and the latter were obliged to retreat. In the midst of the fight four shots were fired in quick succession by one of the negroes. One of the bullets struck Forman on the shoulder, making an ugly though not serious wound. Williamson, Rep., was elected mayor by 500 majority. The Republicans elected three aldermen, and the county board of freeholders will be Republican by about two majority.

In Newark the Republicans won by

good majorities. They elect the five mem-bers of the board of works and will have a majority in the board of aldermen.

The Republicans swept Trenton, electing Emory N. Yard, their candidate for mayor, by 2,500 majority, and reducing materially the present Democratic minorities in common council and the county poard of freeholders.

In Harrison, the Democrats elected their four candidates for alderman.

Kearney went solidly Republican. The Democrats had a clean sweep in Bay onne. The board of aldermen will stand seven Democrats and four Republicans, and the board of education will be eight
