New Firm.

New Stock.

**Cherrington Bros.** Fine..... Grocers

122 North Main Street, Shenandoah.

The above firm has just opened one of the finest grocery stores in this section of the state, and their line of goods comprises everything kept in a first-class grocery store. The stock is fresh and has been purchased at the lowest prices for cash. They make a specialty of imported goods, and their domestic line is of the highest standard. The prices compare favorably with the stringent money market. Mail orders filled promptly, and all goods delivered free of charge.

## The Way we Look at It.

There are two values to a purchase—what it costs and what it is worth. It matters little what you pay, within reasonable bounds; it matters a great deal what you receive in return for the expenditure. Reckoning on this basis, our line of wall paper, window shades, curtain poles and room mouldings stands pre-eminently at the head of anything in this section of the county. We are sure we can please you in quality and price if you will but take the time to see and ascertain prices on these goods. Contracts taken and Satisfaction Guaranteed.

## PUBLIC WATER WORKS

The Borough Council Adopts an Ordinance to Govern the Plant.

EMBRACES MANY SECTIONS.

SOME PEOPLE WILL BE SURPRISED TO LEARN THAT CONNECTIONS MUST BE PAID FOR.

The Superintendent Will be Elected Annually and Will be Subject to the Orders of a Committee of Five Councilmen.

The Borough Council held an adjourned meeting last night for general business, but more especially to consider the ordinance governing the public water works and the appointment of a superintendent for the work. The members present were Messrs. Hand, Dougherty, Kerns, T. J. James, Guffigan, Boehm, Straughn, Meluskey, McElhenny, Reese, Gable, D. R. James, Magargle and President McGuire. Borough Auditor Jacob Bamberger presented the report for the fiscal year ending March 1st and upon the conclusion of his statement President McGuire said the Auditors deserved the thanks of the Council for their work. Auditor Bamberger paid a compliment to ex-Treasurer T. F. Bradigan and ex-Secretary John J. Cirdin, stating that their books were found in excellent condition.

Borough Solicitor Pomeroy then proceeded to read a draft of the public water works ordinance he had prepared and each section was considered as it was read. The ordinance is a very lengthy one, containing over 35 sections. It provides that the water works of the borough shall be under the control and management of the Council and that a committee of five, one from each ward, shall be appointed annually by Council to be denominated the water committee, said committee to have general supervision of the works. Council shall elect annually, at the first meeting in April, a water superintendent, but in no case from its own members, who shall have the special superintendence of the works. The water rents are to be paid in advance and shall be due and payable to the superintendent on the first day of May and November. The superintendent is to make an annual report to Council in March and the water committee is to monthly inspect and examine the register and duplicate of the water rents. All applicants for a water supply are to make connections with the main pipes at their own expense. A permit must be procured before using the public or private pipes for building purposes. The Council is to fix a tariff of water rents and fees for permits, etc. No permit to use water for building or other temporary purposes will be issued for less than two dollars. All private pipes are to be laid at the same depth as the public main in the street. Any person or persons using water from the public pipes for sprinkling the streets shall be required, before using the water, to give Council a bond for the sum of \$200 with approved security for weekly or monthly payment for the water used. The water committee and superintendent, in case of necessity, will enter upon premises supplied with water by the borough to ascertain whether there is any improper application or use of the water. If any persons other than the actual occupiers of a building, lot of ground or premises shall repeatedly resort to any hydrant and use the water without a regular permit from the water committee the person offending will be subject to a fine not exceeding \$5 and costs. Throwing any carcass, or filth of any kind, or bathing, swimming, or fishing, in the reservoirs, or any of the streams leading to them, is prohibited under a penalty of not less than \$5 nor more than \$50, and the offenders will be subject to prosecution under the laws of the Commonwealth. The salary of the superintendent is to be fixed annually by the Council at the time of his election and he will be required to furnish a bond to be designated by Council. Each house and property must have a separate stop cock, unless otherwise provided in the certificate issued by the superintendent and no person will be permitted to tap the water pipes or conduct water in any way into two or more distinct tenements or premises by or through a single stop-cock placed outside the premises, or otherwise, nor will water pipes conveying said water be permitted to cross lots to adjoining premises. A fine of \$10 will be imposed for each violation of this provision.

After the ordinance had been fully considered it was referred back to the Solicitor and ordered to be prepared for publication according to law. It is to be published in one newspaper and in bill form. Mr. Pomeroy gave notice that a Sunday newspaper was not a proper agency through which to make a legal publication.

A communication from A. L. Shay, Esq., of Pottsville, asking damages for William Jones, of South Gilbert street, who sustained a fracture of a shoulder by slipping upon an icy pavement on North White street. The matter was referred to the law committee. J. M. Robbins and Beddall Bros. asked

for permission to lay a new sewer pipe line from their properties on Centre street, between Main and Jardin streets, and to run down Pear alley and connect with the borough drain at the rear of the borough building. The request was referred to the street committee for investigation.

Mr. Hand asked whether the borough pays the expense of giving grades to people. T. J. James answered that several years ago Council paid the expense of putting three grade stakes in each square with the understanding that if the property owners wanted higher grades they should pay for them. Mr. Guffigan said there are several alleys that have no grades.

A number of bills laid over from the last meeting were again laid over. Council deciding that as there was no money in the treasury orders would only be issued for the salaries of borough officers. Accordingly orders were granted to pay the Chief Burgess, High Constable, Supervisor, Health Officer and the police, including bills for three days pay submitted by ex-Policemen O'Hara, Casey, Flaherty and Dougherty.

### Newspaperdom.

The Trolley, a weekly newspaper established at Port Carbon by John R. Boyer, late of Shenandoah, has made its appearance. It is a five-column, four page paper of very pleasing typographical appearance and starts out with a very new way make-up and excellent advertising patronage. The Trolley will be issued every Thursday. Mr. Boyer is the editor and publisher and he displays a spirit which should win the confidence and support of the people of Port Carbon.

### Bucknell University.

A copy of the annual catalogue of the Bucknell University at Lewisburg, Pa., is acknowledged. In comparison with former editions it is larger and printed in more artistic style. ## TOPICS OF THE TIMES.

NOTES ON IMPROVEMENTS.

IT IS QUITE LIKELY THE P. & R. C. & I. COMPANY WILL NOT PAY NEXT SATURDAY.

The Supervisor Begins the Work of Cleaning the Streets—Sure Appearance Indicate the Approach of the Easter Season.

Was it not for the building operations going on at the Times' property the central part of the town would present a very gloomy aspect. Passion week all week makes business dull, and therefore there is not much complaint this week. Many look for a grand revival of business after the close of Lent. The revival may be retarded for a week or two, however, as it is quite likely that the employees of the P. & R. C. & I. Co. will not receive their wages until the 30th inst. That will make a three-week pay, and only one pay for the month of March.

According to promise, Supervisor McGuire got a large gang of men out this morning to scrape the mud off Main and Centre streets and now great mounds arise to impress upon the minds of the thinking public the absurdity of dragging cheap material upon the streets to make the so-called repairs in the fall and haul it off in mud when Spring opens. Good streets are never secured under the old mud patching system.

The pavement on the north side of Oak street, between Main street and Pear alley, should receive the attention of the borough authorities before somebody stumbles over the cracked and disordered slabs and forms a basis for a suit for damages. This pavement is made of cement and has always been a source of annoyance to the public and borough authorities. When it cracks water gets under it and either causes pieces to be raised high or lowered so as to form pits. This is the condition at the present time. The pavement should be repaired at once, and well, too.

There has been considerable talk about Shenandoah having a bicycle club, but it has not materialized. About twenty-five Princes of the Pedal have been trying to effect an organization for a number of weeks, but for some reason their efforts have not been successful.

Joe Scally, the newsboy, has been playing tricks again. In the Grant Band room there is a blackboard, which is used for meeting and other announcements. When members of the band visited the room Tuesday night they found the following announcement on the board: "This band will hold regular meetings on the first Tuesday of each month, when it does not fall on a Sunday. By order of the president." The president came in for considerable good-natured criticism until a close inspection disclosed the signature, "Joe Scally," in a corner.

Never before has there been such a lavish display of Easter ornaments and confection. Some of the window exhibits are wonderfully beautiful, and naturally attract a large amount of attention, adults as well as little ones being deeply interested in them.

### Are You Going?

The tickets to Denver, Col., and return for the meeting of the National Educational Association will be on sale July 3rd, 4th and 5th at rate of one standard fare, with two dollars added, for the round trip. Teachers and others that intend taking advantage of the low rates can have sleeping car reservation made in advance, and get full information as to cost of side trips to the principal points of interest throughout Colorado and Utah.

Reduced rates by addressing John R. Pott, District Passenger Agent Chicago, Milwaukee and St. Paul Railway, Williamsport, Pa.

### Mock Initiation.

The regular meeting of Washington Camp No. 296, P. O. S. of A., this evening, will be quite interesting to the membership. A mock initiation will be held, and the officers having committed their respective parts to memory the ceremony, which is very impressive and instructive, will be conducted without the aid of books.

### Coming Events.

April 13.—Cake and Coffee Supper, under the auspices of the Salvation Army, to be held in their hall on North Main street.

April 15.—Easter ball in Robbins' opera house for the benefit of Mrs. James Donovan, whose husband was killed at the Shenandoah City colliery.

April 23, 24.—Entertainment in the All Saints' P. E. church to raise library funds.

### Schools Will be Closed.

All the public schools will remain closed until Monday morning, tomorrow being Good Friday.

### "The Telegram."

"The Telegram" is a legitimate farce comedy with a probable and intricate plot. The situations are immense and the comedy pure and clean. The company is headed by the dashing sonnette, Jessie Mae Hall, who handles the role of Original Sin with great skill. Miss Hall is a unique and original sonnette, just out of her teens and in the rendition of childish characters she is unequalled. She is quite small, being only 4 feet 8 inches tall and weighs ninety pounds. The entire company is strong and well balanced. The play is full of comedy and specialties and is sure to satisfy. At Ferguson's theatre on Monday, April 15.

### A Proviso.

"A merry soul and a paunch well fed, nor man, nor worm need more." Very good if you have your lace curtains and laundry work done at Fay's Steam Laundry.

### The Theatre.

"East Lynne" was presented at Ferguson's theatre last night by the Metropolitan Comedy Company with excellent success and before a very appreciative audience. It was one of the best performances during the company's engagement. Tonight the great comedy, "Little Ferret," will be produced.

### In Darkness.

What is known as the upper commercial line of the Citizens' electric light plant broke last night, after the plant had been running about half an hour. As darkness came on rapidly and the break could not be found one half of the town was left in darkness.

### Special This Week.

Gents' good white shirts, 33 cents. Fair ticking for 5 cents per yard. Good quality sheeting, 14 cents. Table oil clothes, 12 1/2 cents.
