

THE JAPANESE DEMANDS.

Seven of the Eight Terms of Peace Agreed Upon.  
WASHINGTON, April 11.—The cable reports that seven of the eight terms of peace between China and Japan have been agreed on. The eighth term is the subject of the eighth terms on which Japan insists. The Japanese legation has received no cable in many days, and the officials say they have no information of the eighth conditions. There is no doubt, however, that five of the most essential conditions are those given in these dispatches at the outset of the negotiations, viz., a new Japan-China treaty conceding Japan extra territorial rights in China, but denying the latter country extra territorial courts in Japan. Independence of Korea, an indemnity of about \$200,000,000, occupation of Port Arthur and Wei-Hai-Wei for a term of years, cession of the Island of Formosa. These five terms are now fully confirmed by the later developments of the conference. Three additional ones have now been added and these, it is believed, relate to trade matters. Which one of these eight terms of peace is the cause of delay is not known here.

A Brute at Large in Camden.

CAMDEN, N. J., April 11.—On Tuesday night Mrs. Rosanna Carroll, aged 69 years, was sitting in a second story room of her house at Third and Cherry streets when a negro entered and attempted to assault her. When she resisted he drew out a razor and threatened to murder her. A struggle occurred, in which the woman's fingers were cut by the weapon, and in the ensuing excitement her assailant escaped yesterday morning. Mrs. Bell, who lives a few doors from the Carroll house, was awakened by a negro in her room. He also threatened her with death if she made an outcry, but his voice aroused her two daughters, who rushed into the room, and the man escaped. It is supposed that the same man committed both assaults.

Hypnotism Not Recognized as a Defense.

TOPPEKA, Kan., April 11.—Chief Justice Horton of the Kansas supreme court explains away the general acceptance that the courts had recognized hypnotism as a defensive plea in a murder case. The facts in the case are these: A man named Gray procured a gun and incited a man named McDonald to kill one Patton. Gray made McDonald believe that Patton was trading the character of Mrs. McDonald. McDonald, who did the killing was acquitted. Gray was convicted in the lower court and the supreme court affirmed the decision. The case will be known far and wide as the "hypnotic case." Judge Horton says the acquittal of McDonald seems to have been a miscarriage of justice.

Going Home by Royal Command.

CHICAGO, April 11.—Otto A. Dreier, Danish vice-consul, left Chicago last night for Denmark with Gustav Blomgren, a poet from Finland, who is taken home by royal command. Blomgren has the distinction of being a progeny of the dowager of the Empress Maria Feodorovna, a daughter of King Christian IX, of Denmark, and a sister of the Princess of Wales. The poet had written and sung for seven years in America in a vain endeavor to win fame and fortune, and falling of success wrote the empress asking to be sent back to Finland. A royal order resulted, instructing Dreier to return the homesick poet to his native land.

Oyster Boats Confiscated.

PRINCESS ANNE, Md., April 11.—On Friday last several vessels were confiscated by Justice King, of Oriole. The vessels had been used in dredging unlawfully in Manokin river, Somerset county. On Saturday night about 12 o'clock an attempt was made to rescue one of the confiscated boats from the officers. A number of citizens joined the officers, who opened fire on the boat, which was being towed out. The rescuers, seeing the danger of passing with the vessel in tow, let her drift, and were thus killed in their purpose.

Crushed to Death in a Sewer.

CHARLOTTESVILLE, Va., April 11.—Considerable excitement was caused here when the news spread over the town that the eleven foot sewer ditch which was being constructed had caved in, burying four colored laborers beneath a mass of earth. A relief party rapidly worked to extricate the men, and three of them were taken out alive. George Whitney was dead, his skull having been crushed by the caving. His aged father is not expected to survive. The others were more or less injured.

The Conductor Censured.

HAZLETON, Pa., April 11.—The coroner's jury in the case of the four victims of the recent trolley disaster at Jeannette rendered their verdict yesterday. They find that the accident might have been avoided if the rear brakes on the car had been properly and promptly applied, and censure the conductor of the car for not having had the "ability and presence of mind and aptitude which are necessary to one occupying the responsible position of conductor."

Smallpox in Old Rags.

CLEVELAND, April 11.—Another case of smallpox was discovered yesterday, the victim being a Bohemian employed in the Muhlhauer Woollen mills, where a girl was found suffering with the disease on Tuesday. Both were engaged in sorting old rags, and the health officers now say it is clear they contracted the disease from this source. A wholesale vaccination is being made among employees of the mills.

Stricken Down with Apoplexy.

MAUCH CHINE, Pa., April 11.—Ex-Senator William M. Rapsher was stricken with apoplexy in court yesterday afternoon. Medical aid was summoned and he was removed to his home, where he lies in a precarious condition. The ex-senator is a member of the Carbon county bar, and was making a plea in the Maloy libel case when the stroke fell.

Taken to Port Arthur.

TIENTSIN, April 11.—The British steamship Yik Song, which was captured by a Japanese man-of-war outside of Taku, having on board 220,000 cartridges, shipped at Shanghai by a respectable German firm as "bamboo and steel" has been taken to Port Arthur.

YIELDED TO "PERSUASION."

Twenty-three Men Agree to Arguments. Banned by Four Hundred.  
POMEROY, O., April 11.—Four hundred strikers and sympathizers from Sylvania, near New Haven, Hartford City, Mass., and Pomero, massed at Missouville to force the men working in the Williams mine to lay down their tools and come out. They formed in ranks four abreast and marched up the street to the mine to await the appearance of the miners as they left the mines. At 4 o'clock the men came out and were met by a committee of seven of the strikers, who used persuasive means to induce them to join the strikers. For two hours the twenty-three men held out stubbornly, with the 400 strikers massed about them on a vacant lot. They were assured by Master Workman Eli Thomas they would be amply cared for in case they joined the strikers. Once a riot was nearly started by Mrs. American Masley, wife of the leader of the non-union men, parading up and down the street with a revolver under her apron and declaring that she would shoot the first man that molested her. Finally the non-union men surrendered, and agreed to join the strikers. This announcement was greeted by cheers, followed by a volley of pistol shots into the air, showing that the strikers were determined to succeed by persuasion or fight. All parties were determined, and made no attempt to conceal the fact. The affair has ended most fortunately in that there was no bloodshed, as expected.

Struck an Old Man.

MELROSE, Mass., April 11.—While six Armenians were engaged in blasting out rock in Baxter street the drill struck an old man of eighty, and an explosion followed. One of the men had his arm blown off, and he was badly cut about the body. Another had an arm blown off and one eye put out. They will probably die. The other four men escaped with bad bruises about the head and body.

Ex-Speaker Peck's Successor.

LONDON, April 11.—Mr. William Court Gully, member of parliament for Carlisle, the government candidate, was elected speaker of the house of commons, in succession to Sir Arthur Wellesley Peel, who resigned last Monday. By the narrow majority of eleven, the Parliament voted against the government. Mr. Gully, in politics, is a Liberal who supports Mr. Gladstone's Irish policy.

Absconded with Borrowed Money.

FENTON, Mich., April 11.—Walter M. Wadley, a prominent farmer and drover, has absconded with about \$5,000 which was loaned him by the bank at Byron. He recently made a profitable trip to Buffalo with stock, returning with \$5,000 in New York drafts. His family have no knowledge of his whereabouts, and his property is heavily encumbered.

Brutal Punishment in a Russian Prison.

ST. PETERSBURG, April 11.—The inspector of prisons at Kooporg, in the government of Perm, while drunk, ordered that three prisoners who had tried to escape be beaten to death by the guards with the butts of their rifles. One of the prisoners was killed and the other two are dying from the effects of the injuries inflicted upon them.

Their clothing was greatly torn and their faces badly disfigured by the shock.
