Climatic Influence on Health.

It cannot be denied that the influence It cannot be denied that the influence of climate upon health is great, and it is in recognition of this fact that physicians send patients suffering with pul monary diseases to great distances for "chauge of air." But when the sufferer happens to be too poor to act upon the advice his lot is bard, indeed. But it is not necessarily hopeless. Dr. Pierce's Golden Medical Discovery can be had at any medicine store, and to it thousands whose cases were considered desperate owe their lives. owe their lives.

whose cases were considered desperate owe their lives.

Up to a certain point in the progress of Consumption, Dr. Pierce's Golden Medical Discovery is a positive remedy. But delay is dangerous with Consumption. In all the conditions that lead to it, the "Biscovery" is the remedy. With severe lingering Coughsor Weak Lungs, nothing acts so promptly. Every disease that can be reached through the blood yields to this medicine. The Scroftslous affections of the lungs that's called Consumption is one of them. For this, and for every other to m of Scrofuln, for all blood taints and disorders and all chronic Bronchial, Throat, and Lung affections, the "Discovery" is the only remedy so certain that, once used, it is always in favor.

THEY CANNOT DECEIVE YOU

if You Read This-The Newspapers' Inhabitants of Towns in Austria and Italy "So-Called" Britannica Under the Searchlight-What Real Exami-

nations Show. PITISTON, PA., August 20, 1894. Some time since, I bought a set of the Britannica, believing it to be a new edition of that work and revised to date, 1894, as represented in the advertisements and testimonials published in the Wilkes-Barre Record ; but I find after a careful examination of this work called the Britannies, that it is not a new edition of the Britannica, but a cheap and mutilated reproduction of that work with a most important part, the American copyrighted articles, omitted.

I also find that the work is not revised to date, but the articles of English origin for the most part stand as printed in the real Britannica which began being pubished about twenty years ago. I have returned the work having no use for a patched up copy of the Britannica from ten to twenty years behind the times,

Before purchasing this "so called" Britannica, I was called upon by a man representing himself as the agent of the Wilkes-Barre Record. He desired me to give him a testimonial expressing my opinion of the Britannica, and having used the present edition of the genuine Britannics for the past ten or fifteen years, and knowing it to be a valuable work, but now needing revision, I did not hesitate to give him a recommendation but my testimonial was given for the real of the alarm boxes of the Shenandoah Britannica, a new edition of which I sup posed he was representing. My testimonial was certainly not given for the cheap inaccurate and pirated edition of that work. I have requested that they discontinue the publication of my testimonial. W. I. HIBBS.

George W. Geiser, of Easton, Pa., ex-District Attorney of Northampton county, recently bought a set of the so-called Britannica, which the Wilkes Barre Record, the Philadelphia Inquirer and some other papers are now imposing on their patrons through a company of book men doing business in the name of various newspapers and using the papers' names and influence for a valuable con sideration as a lever to gain access to the graces of the people. Read what Mr. Geiser writes of this work:

"I recently bought a set of this news paper Britannica, examined it, and finding it worthless, returned it."

Real examination shows this newspaper Britannica to be a cheap photograph of the real work and from ten to twenty years behind the times; supplemented In part with matter taken from Chambers old Encyclopedia of 1860.

A NEW GRAND ARMY.

A Severe Arraignment of the Old State Organization.

A meeting of representatives of different Posts of the Grand Army of the Republic of Philadelphia was held in that city, on Thursday evening last, at which a new rganization was effected. Dr. Albert W. Hendricks, Commander

of Post 56, a native of Tamagua and son of the late Hon. John Hendricks, who represented this district in the State Senate in the '50's, made a vigorous speech denouncing the manuer in which the present department officers conduct its affairs. He said: "At the last meet ing of our Post, when I was elected chairman of the camp fire, certain de all know how few men were elevated from the ranks. The affairs of the State Department have been in charge of a combination of men who have made their offices not only one of emolument, but also of aggrandizement. It is a well known fact that members of the department commandery have been placed in lucrative positions by taking advantage of the prestige of their office. We have now a man holding a position paying \$1,800 a year in the Department of Pennsylvania and a \$2,500 position in the tax office. There are some maimed veterans who could do the work of the department just as well as that incumbent and leave him to live in luxury on his \$2,500 a year. A boy has been doing all the work in his office for \$3 a week. I have affidavits to prove that the lists have been padded to an enormous extent in the De partment of Pennsylvania.

"The time is coming when we will have to disband or join an organization which is honest in his intentions. The depart ment officers have purposely padded to list of members so as to make Pennsylvania the banner state in the Union. The object of this meeting is to form an honest organization."

Past Commander McCready, of Post 400, made au address, after which Conmander Hall nominated Dr. Albert W Hendricks for president of the Eastern Buy Keystone flour. Be sure that the name Lassic & Baer, Ashiand, Pa. is printed on every sack.

Tueodore F. Wharton, of Post 363, Sec. Tueodore F. Wharton, of Post 363, Sec retary; Richard Nuttle, of Post 56, Cor responding Secretary, and Comrade Bishop, of Post 35, Treasurer.

This organization will have many followers throughout the state who have be come disgusted with the manner in which the affairs of the old organization which they claim has been in the interest of a certain ring. The next meeting of the Department Eucampment will probably take some action in regard to this new movement and lead to some exciting

Harrison Will Not Take the Stump. CLEVELAND, O., April 16.-Postmaster Anderson and Congressman Burton re-turned from Indianapolis today, where they went to invite ex-President Harrison to make an address before the convention of the league of Republican clubs, to be held in this city in June. Mr. Harrison said that he regretted very much his ina billty to address the convention, but that he could not do so consistently. "Mr. Harrison has taken the position that he will make no political speeches," said Mr. Burton. "He told us that the only reason he worked in New York in the interest of Morton last fall was that the story had been started that he was opposed to Mr. Morton, and he desired to show by his work that he was not."
