WHITECHAPEL OFINES RECALLED.

Found Bleeding in a Statiway and Removeto a Hospital, Where the Physicians Are Unable to Stop the Flow of Blood-Her Murderer Not Yet Captured.

New York, April 22.—A murder was rought to light in Bellevue hospital yesterday afternoon, which is suggestive in some of its details of the Whitechapel rimes in Landon that made "Jack the Ripper" notorious. The victim is a woman the lowest class. Her name was Alles Walsh, and she was well known in the resorts in the neighborhood of Bieecker and Thompson streets. When the autopsy was performed on her body it was discovered that certain mutilations had been made which distinguished the Whitechapel murders, although not of so serious a char-acter. Up to a late hour the murderer had not been arrested, but one man who is thought to have had some knowledge of the matter was held on suspicion.

The circumstances of the killing of Alice

Waish are peculiar in almost every respect. Early vesterday morning a woman was found in the hallway of 142 Thompson street, half unconscious and bleeding. The attention of the patrolman was called to her shortly after he went on post. The first man to find her was Vincenzo Ster, an Italian bootblack who lives in the same tenement. He found her as he was pass-ing down stairs on his way to work. At that time she was leaning on the railing of the stairs in a half dazed state. thought she was drunk, and informed the patrolman, who repaired to the spot. the time he arrived the woman had fallen to the floor. Near her feet was a large pool of blood. The woman was conveyed to St. Vincent's hospital and inquiries instituted at the tenement. No one who was there knew the name of the woman, but the night clerk of a restaurant readily identified her as Alice Walsh.

At the hospital the case was looked upon as in no way serious, and the police rewoman who was suffering from alcohol-ism and sickness. Alcoholic cases are not usually treated in St. Vincent's hospital, and she was transferred to Bellevue.

Every effort of the physicians to stop the flow of blood proved futile, and the patient expired at 11:15, having been in the institution less than four hours. During that period she showed no signs of returning consciousness, and died without indicating in any way how she met with the circumstances that resulted in her death.

In the course of the afternoon Dr. Philip

O. Hanlon, coroner's physician, made a post mortem examination of the body and discovered the real cause of death. He found that the woman was bruised and black and blue in almost every part of her body. He found also that she had been brutally mutilated with a knife or dagger, and that the wounds thus resulting had started the hemorrhage which had terminated fatally. The wounds were for the most part internal, and not superficial, at least those that had been made by the knife or dagger.

It seems impossible that she was thus mutilated in the ballway where she was discovered by the ballway bootblack, and the police assert that she did not come to her injuries in any room in the tenement above. It is surmised that the man who killed here is an Italian stranger in whose

company she was seen in Garland's saloon on West Houston street.

Philip Mewley, the night clerk who identified the woman, is being held until further investigation is made.

Murdered with a Hatchet.

PHILADELPHIA, April 22.— Angelisto Barbo, an Italian woman, aged 53 years, was almost instantly killed last night by a blow from a hatchet in the hands of Donato Manna, aged 34. The murder occurred in an alley at the rear of 704 Chris-tian street. A feud had long existed be tween Manna and the woman and her hus-band, Antonio Barbo, Mrs. Barbo and Manna met last night, and she accused Manna of having slandered her. Hot words followed, and, seizing a hatchet, the wo-man struck Manna on the head and wrist. He started to run away, but was pursued by the two Barbos and caught. A fleroe struggle occurred, and Manna, wresting the hatchet from the hands of the woman, struck her on the forehead, crushing in the skull. Manna's death is momentarily expected by the physicians at the Pennsylvania hospital.

Another Story of the Cuban Uprising. NEW YORK, April 23.-The Ward line samer Niagara arrived yesterday from Clenfuegos and Santiago de Cuba. It was learned from one of the passengers that a very lively state of things existed at the seat of war. The insurgents had a following of 10,000 men, 8,000 of whom were well armed. Many encounters had already taken place, in which the government troops had been worsted. The officials made very light of these engagements, the passenger said, and claimed a victory whenever they had the slightest encounter with the insurgents.

Disease in all its varied forms have be-come as familiar to her as to the regular practitioner. Her occupation is one that taxes the strongest constitution, but the fatigue of long watching and nursing at last brought her to a bed of sickness. Mrs. last brought her to a bed of sickness. Mrs. Taylor speaks of her complaint and cure as follows: "After being confined to my bed for some time my disease assumed such a serious aspect that a doctor was called in. He pronounced my aliment Bright's disease of kidneys in the third degree and a very bad case. My limbs swelled up so that I could not walk across the floor, or, indeed, help myself in any way. My face bloated up and my eyes swelled so that the sight was badly impaired. This condition continued for nearly two months without any marked improvement from the doctor's treatment. I have taken quarts of buchu and juniper. I tried battery treatment, but all without I tried battery treatment, but all without any lasting benefit until I felt like finally giving up in despair. Hearing of Doan's Kidney Pills I gave them a trial, and after taking three boxes I was able to get up without assistance and walk, something I lead not done in months. Togethured had not done in months. I continued steadily to improve with their use. The swelling in my leg left, the color returned to my face, changing from a chalky color to a healthy bloom. I now consider my-self entirely cured and I shall never rest praising the little pill that saved me.

"Doan's Kidney Pills are certainly a sur-prising discovery for kidney ailments. I shall be glad to tell anyone of the wonderful cure they performed on me."

ANOTHER BANK THEF.

The Shoe and Leather National Bank Again Victimized.

CONFESSED TO STEALING \$20,000.

iamuel E. Aymar, a Brother-in-law of Seely, Who Is Now Doing Time for Robbing the Same Bank, Arrested on Bis Own Acknowledgment.

NEW YORK. April 23.—Samuel E. Aymar, the defaulting clerk of the Shoe and Leather bank, was arraigned in the Tombs police court before Justice Voorhis yester day and remanded to police headquarters until this afternoon, when he will again be arraigned in court.

Aymar was accompanied to court by Lawyer Frank W. Angel. Mr. Angel was also counsel for Samuel C. Seely, a brother-in-law of Mr. Aymar, who also robbed the Shoe and Leather bank of a large sum of money. of money.

Mr. Aymar was visibly excited when he was arraigned, and the perspiration randown his face in little streams. Mr. Angel asked Justice Voorhis to have the prise committed to Ludiow street jail instead of to police headquarters, contending that the justice had the power of a United States commissioner under the circum-stances, and that the prisoner was a United States prisoner. Justice Voorhis refused

to grant the request.

None of the bank officials were in court. but Secretary Thompson, of the company which was on the prisoner's bond while he

was a clerk in the bank, was present, but took no part in the proceedings.

Mr. Angel said the bank officials had broken faith with him. He said that on last Monday Aymar came to him of his own free will, and told him that he had robbed the bank of \$20,000. Aymar, said the lawyer, was for going at once to Uni-ted States Commissioner Shields and giv-

ing himself up.
"I advised him not to do so, but that I would go to the bank officials and tell them about it. I went and saw President John M. Crane and told him what Aymar had told me. I also saw Vice President Hiltner. They assured me that they would not cause the arrest of Aymar immediately, but would look into the matter. In-stead of doing this President Crane went immediately and secured a warrant, and had Aymar arrested without letting me know a thing about it. I suppose that they thought that Aymar would run away, and that the bond would have to be forfeited."

When asked if he thought there had been any collusion between Aymar and his brother in law, Seeley, Mr. Angel said: "I am positive that Seeley did not know one thing about the thefts of Aymar, and when he hears about it he will be as sur-

prised as anybody."
Mr. Angel then added: "Now it remains to be seen whether they can prove that Aymar is guilty or not."

Aymar was taken back to police head-quarters in the custody of the two detec-tives. He asked that his son be allowed to see him while he was locked up in po
