

THE NIAGARA AFFAIR.

No Direct News from the Scene of the Trouble.

BRITISH DEMANDS NOT MODIFIED.

It is Believed That Great Britain's Naval Force Has Already Taken Possession of the Custom Houses, Although Nicaragua Has Not Yielded Without Protest.

WASHINGTON, April 27.—Up to a late hour Dr. Guzman, the Nicaraguan minister, has not received any dispatches from his government indicating what, if anything, has transpired in connection with the British ultimatum.

A difference of opinion exists in diplomatic circles as to the precise time at which the ultimatum expires, some persons holding to the belief that it expired Thursday midnight, while others contend that Friday midnight marks the limit. From the cables heretofore received by Dr. Guzman he is of the opinion that the limit of time was up at midnight on Thursday, but in the absence of any later news he thinks that some additional time—probably twenty-four hours—has been granted to Nicaragua within which to make answer. He is, however, in the dark as to what really has occurred.

The minister seems to believe the matter will be settled, but in what manner and in what terms he does not advance an opinion.

LONDON, April 27.—In well informed English quarters here it is declared that the British ultimatum to Nicaragua has not been modified, that Admiral Stephenson has not been called to extend the time granted to Nicaragua within which to pay the indemnity of \$75,000 demanded by Great Britain, and in the absence of definite news it is believed that the admiral has already occupied Corinto. The belief is also expressed here that the Nicaraguan government will not yield to the demands of Great Britain until compelled to do so, in order to avoid being forced to resign office.

An Atonement for Young Strevell.

FT. SCOTT, Kan., April 27.—At the trial of Noah Strevell, charged with murdering his father, the defense introduced testimony that the murdered man was a party to the recent burning of his stock barn, and that he collected insurance money on some blooded horses, grain and harness that were not burned, but were used by him after the fire. It is the theory of the defense that the murder was committed by a man employed by the old man, who set fire to the barn, and that the differences between them arose over his refusal to divide the insurance money. A witness was introduced who positively made an alibi for the accused young man.

Two Men Buried Alive.

CINCINNATI, April 27.—At Ludlow, Ky., near the Pullman car works, five men were shoveling sand at the bottom of a perpendicular bank fifty feet high. Two of the men discovered the bank yielding at the top, alarmed their companions and barely escaped the mass. The other three were buried in the sand. Two hundred operatives in the Pullman shops joined in the rescue of their bodies. George Wilbers was seen taken out alive, unharmed and resuscitated. Jacob Pfleger was taken out dead at dusk, and this morning the dead body of Fred Schaaf was recovered.

Ex-Consul Waller's Imprisonment.

MASSILLLES, April 27.—Ex-Consul John L. Waller, has been placed in the civil prison of St. Pierre, the military authorities refusing to keep him any longer in Fort St. Nicholas, where he has been detained since his arrival here. Mr. Waller is now awaiting his transfer to some fortified place, probably to Ile Marguerite, where the late Marshal Bazaine was interned. Mr. Waller is much distressed at the position in which he finds himself.

The Alliance Affair Settled.

MADRID, April 27.—United States Minister Taylor refuses to talk on the subject, but information obtained in other quarters confirms the statement that the Alliance affair has been settled, Spain giving to the United States ample and honorable satisfaction, and admitting that the Alliance was outside the jurisdiction and waters of Spain when she was fired upon.

The Cases Against Eugene V. Debs.

WASHINGTON, April 27.—It is stated here that the continuance of the Debs case has no significance. The attorney general wired the district attorney at Chicago to continue the case until the July term of the court. It is expected that by that time Judge Grosscup, who is ill, will have sufficiently recovered his health to hear the case. Judge Grosscup heard the previous case, and granted the injunction against Debs. He is perfectly familiar with all the questions involved, and for this reason it is preferred to continue the suits until they can be heard before him.

Probably Murdered by Strikers.

KNOXVILLE, Tenn., April 27.—A horrible murder was committed during the night at New River, three miles from Coal Creek, where the mines of the Royal Coal and Coke company are located. John Craig, a mine who has been in sympathy with the coal company, was found in a dying condition, and made a statement to the effect that he was shot from ambush. He died before he could give further particulars of the tragedy. The murder is a result of the present strike at the Royal mines.

TORTURED FOR YEARS.

A FIREMAN'S BATTLE WITH RHEUMATISM

How He Conquered the Disease After Years of Misery.

Henry Wagner, assistant engineer at Fire Station No. 5, Cleveland, O., says: "For the past nine years I have had rheumatism at intervals and suffered greatly. I would be off duty from ten days to two weeks each time, and although I tried many different so-called remedies, could not obtain any relief. When I first heard of the remarkable cures Munyon's Rheumatism Remedy was making I was very skeptical, but just about then I had a very bad attack and concluded to give them a trial. The first bottle relieved me very much, and by the time I had taken the second bottle I was completely cured. I have not had a rheumatic pain since, although I have been wet many times. Now I use Munyon's Remedies in my home and find them most excellent."

Munyon's Rheumatism Cure is guaranteed to cure rheumatism in any part of the body. Acute or muscular rheumatism is cured in from one to five days. It never fails to cure sharp, shooting pains in the arms, legs, sides, back or breast, or soreness in any part of the body in from one to three hours. It is guaranteed to promptly cure lameness, stiff and swollen joints, stiff back, and all pains in the hips and loins. Chronic rheumatism, sciatica, lumbago or pain in the back are speedily cured.

PENNSYLVANIA LEGISLATURE.

Yesterday's House Proceedings Brought to an Exciting Close.

HARRISBURG, April 27.—The proceedings in the house yesterday were brought to an exciting close. After many Senate bills on second reading had been disposed of by Mr. Moore, of Chester, a motion was made that the vote be reconsidered by which the McGowan bill was killed last Monday. The measure provided that school books shall not be changed often than five years after they have been adopted. Mr. Herzog, of Berks, appealed to the house to vote down the motion. He said the bill had been defeated once, and ought not to be taken up again. The motion was adopted by a roll call vote. Mr. North demanded a viva voce vote. He was given 54 yeas and 48 nays.

PLAINFIELD, N. J., April 27.—As far as can be learned the New York detectives have not yet found a clue to the daring thieves who stole \$22,705 from the First National bank in this city at noon on Monday last. The theft will not affect depositors, and there has been no run on the bank.

THE INDIAN LAND MIDDLE.

A Judicial Decision That Increases the Conflict of Authority.

LITCHFIELD, Neb., April 27.—Judge Dunning, in a recent decision, has ruled against the Indian company and all others interested in leasing the federal land to the Indians. It is said that the ruling of the federal court will not deter Captain Beck, the Indian agent, from proceeding with the eviction of the tenants. Beck said today that he would at once evict all settlers, and a conflict of authority is possible.

In 1880 speculators began operating in these lands with illegal leases, and continued to do so ever since. The Flour company leases 57,000 acres of land, and holds a large portion. It secured the land off the Indians for about twenty cents an acre, and sublet it for \$1.50 to \$2. For years Indian agents had attempted to break up the system. In the five injunction cases brought the same questions were raised. At this point a question of jurisdiction was raised by Judge Dunning. The court inquired how 231 people sub-leased from the company could be equally interested and equally joined. The attorney for the government said that the government preferred to proceed by civil process instead of employing the military force at its command. All the government wanted to do was to enforce collection of a fair lease and get rid of the speculators. The Indians were to be permitted to lease the lands in accordance with the established rules of the department at Washington. The court refused to permit the government to join in the suit. As the result of this litigation the middle is deeper than ever.

An Involuntary Railroad Ride.

BALTIMORE, April 27.—Charles W. Bady, 16 years old; Charles Leushaw, 12, and John Morton Dillon, 9, made an enforced journey to Baltimore from Philadelphia. On Wednesday evening they and two other boys were playing "hide the hoop" about the Pennsylvania railroad station in Philadelphia. The three travelers entered a stock car to hide, when the door was closed upon them. Unable to make any person hear them, and tired out, they went to sleep. Soon after they awakened the door of the car was opened and they were released. The boys were well cared for and their parents telegraphed.

Boys Try to Wreck a Train.

GOODWATER, Ala., April 27.—John Mitchell and George Kennedy, boys 17 years old, undertook to wreck the Sample Lumber company's log train near Hollins, Clay county, because the engineer refused to let them ride. They placed rocks, pieces of dry goods boxes and cross ties on the track. They were captured and tried before Justice Robinson and bound over in a bond of \$700. They did not make the bond, and were sent to jail at Ashland.

Spring Cleaning

Is at hand. This fact means much to the honest housewife. It means many hours of toil and that large supplies of strength will be demanded. And yet this is a time when the appetite is poor and women are likely to be nervous, sleepless, weak and tired, because the blood is impure.

A Good Appetite.

The only true blood purifier prominently before the people today is Hood's Sarsaparilla; and it is the most prominent because it is the best. Merit will win, and merit has not only placed Hood's Sarsaparilla at the head of all medicines, but has practically given it, as a blood purifier, possession of the whole field.

Refreshing Sleep.

It cures every disease caused by impure blood. If you take Hood's Sarsaparilla as a spring medicine or to purify your blood, you are trying no experiment. You will be benefited.

If you are suffering from scrofula, salt rheum or other eruptions, you may rely upon a cure. If you are nervous, weak, tired and discouraged, Hood's Sarsaparilla will make you strong, because it will purify your blood.
