Evening Herald.

WEDNESDAY, MAY 1, 1895.

The debate between the Rev. Madison C. Peters and his more or less esteemed controversialists of the Roman church has reached the heated state, or is rapidly approaching it.

The managers of the cotton states and International Exposition which is shortly to open in Atlanta, Ga., find that space is so much in demand that it is necessary to construct another building for the display of agricultural implements.

There is only one class of crimes which seems to be beyond the reach of police or detective influence, and that has been growing in the past ten years, and that is the crime of defalcation or embezzlement.

Take care of yourself. If you don't, nobody will take care of you. This advice, while suitable to everybody, is particularly applicable in the case of young men.

Nicaragua Weakens.

Will Pay the Indemnity if the British Will Withdraw.

BUT BRITONS ARE OBSTINATE.

Proposals of the United States to Bring About a Settlement Agreed to by Nicaraguans, but Thus Far the Concessions Have Not Been Accepted.

MANAGUA, Nicaragua, May 1.—No definite information has been given up here as to the attitude of Great Britain on the proposal that her warships be withdrawn from the port of Corinto as a condition precedent to the payment in London, fifteen days later, by Nicaragua of \$77,500 demanded by Great Britain.

The attitude of the United States in endeavoring to bring about a settlement of the delicate questions involved is highly appreciated by those who have the best interests of Nicaragua at heart, and it is believed that eventually, through the exercise of her good offices, the matter will be settled peacefully with honor.

When the British took possession of Corinto they found that the town had not been only practically abandoned by its residents, but that every effort had been made to prevent any real property from falling into their hands.

All trade at the port has been abandoned, and the Pacific mail steamers no longer call there since the government declared the place to be no longer a port of entry.

Martial law was proclaimed by the government on Wednesday last, and on Saturday morning the British occupied the town, landing altogether 40 armed officers and men at four different places on the island.

Considerable comment has been caused by the seeming indisposition of the United States to more actively intervene in the dispute some persons feeling that she should have done more in support of the Monroe doctrine.

Many prominent citizens have conferred with President Zelaya on this aspect of the situation, and also upon the probable necessity of submitting to Great Britain's demands should she decline to entertain the proposal for a compromise.

A popular loan has been started for the purpose of furnishing the government with the money to pay the British demands.

AS VIEWED AT WASHINGTON. The British Attitude Generally Regarded at Washington.

WASHINGTON, May 1.—At the state department the news that Nicaragua had agreed to pay the \$77,500 indemnity within fifteen days after the departure of the British troops was seemingly expected, though no direct advice had been received by the department.

The British government wants the money paid in the presence of the British fleet at Corinto, while the fleet is still there, and the troops are in possession of the town.

Weak Nerves

Indicate as surely as any physical symptom shows anything, that the organs and tissues of the body are not satisfied with their nourishment.

They draw their sustenance from the blood, and if the blood is thin, impure or insufficient, they are in a state of revolt.

This is a concise, reasonable explanation of the whole matter.

The cure for Nervousness, then, is simple. Purify and enrich your blood by taking Hood's Sarsaparilla, and the nerves, tissues and organs will have the healthful nourishment they crave.

That this is not theory but fact is proven by the voluntary statements of thousands cured by Hood's Sarsaparilla. Read the next column.

HOOD'S Sarsaparilla

Four Years in a Family Feud. NEWBERG, Penn., May 1.—As the result of a family feud between the Fulghams and Townsends four people were killed last evening.

The weather. For New Jersey, eastern Pennsylvania, Delaware, District of Columbia and Maryland, unsettled weather and showers; northerly to easterly winds.

A Skeleton in the Closet. How often do we hear of this in domestic life at this day. But what is more appalling than the living body made repulsive with skin and scalp diseases, scurf, rheum, tetter, eczema and scrofulous sores and swellings.

Dr. R. V. Pierce's Dear Sir—When about three years of age I was taken with mumps, also had fever, finally I had that dreaded disease—Scrofula.

GREAT BRITAIN'S ATTITUDE. The Government Will Not Listen to Offers of Compromise.

LONDON, May 1.—It is learned from official sources that there has been no change in the attitude of Great Britain towards Nicaragua, the British government having no alternative but to insist upon a settlement of its demands and not to listen to any offers of compromise.

The report that the British warships Wild Swan and Satellite have been ordered to Paso de Cabellos and San Juan del Sur, and that Rear Admiral Stephenson has called to London saying that Corinto is a useless possession is unfounded.

In regard to the report circulated by a news agency that it is the intention of Great Britain to seize ports in Honduras in order to secure the payment of arrears of interest on a long outstanding loan it is pointed out that it is contrary to the policy of the British government to take such action, or to interfere directly to collect interest on loans.

Japan is Defiant. LONDON, May 1.—The Times publishes a dispatch from Kobe, dated April 30, saying that there is no mistaking the fact that there is evidence of a serious crisis in the relations between Japan and Russia.

"With pleasure I will state that Hood's Sarsaparilla has helped me wonderfully. For several months I could not lie down to sleep on account of heart trouble and also Prostration of the Nerves.

For three years I had been doctoring, but could not get cured. I received relief for a while, but not permanent. Soon after beginning to take Hood's Sarsaparilla there was a change for the better.

Nothing Like Hood's Sarsaparilla. I have highly recommended it and one of my neighbors has commenced taking it.
