

Bill to Suppress the Liquor Traffic on Memorial Day Nearly Defeated.

HARRISBURG, May 2.—The bill to prohibit the sale or gift of intoxicating liquors on Memorial Day narrowly escaped defeat in the house yesterday. This measure has been before the legislature since the session of 1903 and has always provoked a long and spirited discussion. Two years ago it passed the house and was killed in the senate. The old soldiers are divided on the question. Some contend that such a law is unnecessary and would be an insult to their comrades. Others claim that Memorial Day ought to be made as sacred as the Sabbath, and that such a measure is needed to bring about this change. After a heated debate a motion to indefinitely postpone was defeated and the bill laid aside for future consideration.

The Bell telephone won a decisive victory in the house at the morning session by blocking the passage of the Grigsby bill regarding the charges of telephone companies. The measure fixes the rate of charges at \$10 a year for private residences and \$18 for business houses. A motion to postpone for the present was carried. This practically means the death of the bill, as it is not likely to reach the senate at this late period of the session, even if it should pass the house.

Bills creating the office of deputy auditor general were postponed for a week on account of the slim attendance. The bill prescribing regulations by which owners of improved or inclosed lands may prohibit hunting or fishing upon such lands was defeated.

Governor Hastings sent to the senate a number of nominations which were very promptly confirmed, including the following: Commissioners of the board of charities, J. W. C. Onal of Gettysburg, George L. McLeod of Philadelphia, Francis J. Torrance of Pittsburgh, William B. Lambertson of Harrisburg and Charles Miller of Franklin, Venango county; clerk of the court of quarter sessions of Philadelphia, William B. Ahern.

Among bills passed finally were: To prevent perpetual building restrictions on real estate; to authorize the discontinuance of the use of schoolhouses for election purposes; to create a new state normal school district, to be composed of Montgomery and Bucks; house bill to prohibit the capture or killing for sale of quail, Virginia partridge or ruffed grouse. The house amendments to the "Greater Pittsburgh" bills were concurred in, and the measures now go to the governor.

The Great Railroad Wreck Sale

Is Causing Great Excitement in the Store Room at the Corner of Centre and Main Streets, in the Bedford Building.

The great railroad wreck sale of fine clothing has been causing great excitement. The store was jammed all day today, and they certainly must be selling goods cheap, judging from the many bundles leaving the store. Everybody seems to be pleased as they leave the crowded store. Remember this sale will only last a few days more. Remember the railroad company is not in the clothing business, but owing to a disagreement between the railroad company and the shippers with regard to damages the company has taken this method of disposing of the goods. Everybody should call at once as these goods are selling very fast. It will pay you to come a hundred miles to this great sale. Remember this is no fire or bankrupt sale that has been visiting your town, but a genuine railroad wreck sale, where goods have been saved from wreck. Don't forget the place, look before you enter, corner Main and Centre streets. Railroad fare paid to all out-of-town buyers to the amount of \$10.00 or over. L. Levy, Manager, formerly of Shenandoah.

A Good Show.

Manager Ferguson promises the people of Shenandoah a rare treat this evening when Miss Fanny Rice will make her first appearance here in "Nancy." As the papers throughout the country have said so much of this excellent young actress it is almost unnecessary to dwell upon her ability, sufficient to say that "Nancy" has been a brilliant success wherever it has appeared, and as Lillian Lewis and Charles B. Hanford proved such a success in "Antony and Cleopatra," which was the dramatic event of the coal region this season, so Miss Fanny Rice will prove the comedy event. This attraction should certainly draw a large house from Mahanoy City, Girardville and Ashland as Mr. Ferguson has arranged to bill this attraction in these towns on account of their only playing Shamokin, Shenandoah and Hazleton.

Removal.

H. Bury, the jeweler, changed his place of business to the Owens' building, on South Main street, recently vacated by Daniel and Dodson, and is prepared to receive orders for all kinds of repairing in the jewelry line, which he will do promptly and on reasonable terms. 1w

WHY do people complain of hard times, when any woman or man can make from \$8 to \$10 a day easily? All have heard of the wonderful success of the Clinax Dish Washer, yet many are slow to think they can't make money selling it; but anyone can make money, because every family wants one. One agent has made \$250 in the last three months after paying all expenses and attending to regular business besides. You don't have to invest; as soon as people know you have it for sale they send for a Dish Washer. Address the Clinax Mfg. Co., 45 Starr Ave., Columbus, Ohio, for particulars.

Paine's Celery Compound Makes Vigorous Nerves.

It Purifies the Blood as Nothing Else Can Possibly Do.

As a spring remedy, Paine's celery compound stands easily first in the careful judgment of the physicians of this country.

This remarkable discovery of Prof. Edward E. Phelps, M. D., L. D., of Dartmouth college, is in fact so certainly first in the estimation of thinking men and women in every calling throughout the United States today that there can fairly be said to be no second.

For strengthening the sick, restoring the spent energies of those who have become nervously exhausted, for purifying the blood and making people well, Paine's celery compound has never yet been approached by any sarsaparilla, tonic or nervine. It is as superior to them all as strength is superior to weakness. The remarkable results from the use of this great remedy are today known at first hand in every city and village in America.

The people are today thoroughly satisfied by personal experience that Paine's celery compound makes people well.

Where the nerves have not been properly fed and neuralgia, nervousness, inability to sleep, rheumatism and such evidences of debility have entered, Paine's celery compound has created a new appetite, restored lost strength and given courage, new blood, and a strong, healthy will to live and get well. Try it.

An Available Candidate.

Among the number of aspirants for the Democratic nomination for Judge of the Orphans' Court none are more deserving than P. M. Dunn, Esq., of Minersville. As a lawyer he stands high with the members of the Schuylkill county bar and no one is more respected. Mr. Dunn is a self-made man, starting early in life as a slate picker, then driver, miner, and then as teacher in the public schools, finally entering into the practice of law in which he has attained merited success. We have known Mr. Dunn for many years and can say nothing but in praise of him. His nomination to this important office would compel the Republicans to name their very best man to oppose him.
