

Insomnia No Longer a Terror of the Hard Worker While Paine's Celery Compound Exists—Mr. N. J. Grace Speaks in Praise of It.

One of the clearest, complexioned, best looking men in Boston today, says the Boston Globe, is a prominent New England agent of a great railroad, who uses Paine's celery compound spring and fall, and whose wife and children take it daily during the spring months.

Mr. N. J. Grace, of the Grand Trunk is a modest man, one of the best liked gentlemen in Boston, and a thorough railroad man.

When asked about the merits of Paine's celery compound he said he believed in it thoroughly, had used it himself and in his family for two years with the most gratifying results.

"My boys are using it now," he said, "and I believe there is no better spring medicine than Paine's celery compound. A touch of rheumatism first urged me to try it, and times after that, when run down, as most every one is at intervals through the year, I found that it revived the vital spark and made me feel better. Never in all my experience among men have I heard a remedy so highly spoken of. Friends of mine have used it with splendid results for dyspepsia and liver complaint, while for insomnia, a neighbor of mine tells me that it will banish it in a night."

Mr. Grace is one of the healthiest looking men to be met with in Boston today. For fully thirty years he has been with the Grand Trunk, yet in all his life he never looked better or enjoyed more freedom from pain than he does today. He is one of the thousands in this city who have reason to believe in Paine's celery compound.

Over 20,000 Barrels Sold.

The Columbia Brewing Company put out its first product on April 14th, 1894, and sold the first year, just finished, a little over 20,000 barrels, which speaks well for the product they furnish.

All those creeping, crawling, stinging sensations that combine to make up the torture of itching disease of the skin are instantly relieved and permanently cured by Doan's Ointment. Take no substitute. Doan's never fails.

Mere Mention.

Base ball is popular. Genuine May weather. Make way for the ball crank. That beer tax means more froth on the glasses.

The wise man takes his umbrella to the ball game. Retribution is swift in Kentucky. There are a lot of fellows in town that better keep their eyes opened wide.

If the law against swearing was rigidly enforced in town enough fines could be collected to pay the interest on the borough debt.

Councilman courtesy allows a member or two to vent their spite upon citizens of town, no matter if the taxpayers suffer by it.

The health officer, Chief Burgess and High Constable ought to get in their work in good earnest now that the warm weather is here. Let there be no trifling any longer.

Remove the obstructions from the streets, alleys and sidewalks. There is plenty for the Burgess to do in this direction.

The police appeared in their new uniforms yesterday. The street sprinkler has had several days' rest this week.

If the Legislature passes the bill against the exhibition of freaks in this state museum will go out of business. The free lunch business is very active in town.

"Have deferred maketh the heart sick." Applied to the new water works. Edman, who received over \$2,000 from the borough for damages a few years ago, would have settled at first for \$600.

Don't blame the constable for not enforcing the ordinance against cattle, &c., running at large. Council has not provided a pound for him yet.

Incipient Riot at Olneyville. PROVIDENCE, May 3.—The first disturbance since the strike began at Olneyville occurred last night when James W. Whipple, who, it is alleged, had gone to work in the Atlantic city, was surrounded by a crowd of hoodlums and jeering strikers. A squad of ten officers, part of them mounted, charged the mob, who at first resisted, but by vigorous wielding of clubs the police forced their way through the strikers and rescued Whipple. No arrests were made.

Again Preparing for Buchanan's Execution. SING SING, N. Y., May 3.—Warden Sage will, tomorrow, for the third time, send out invitations to the witnesses to attend the execution of Dr. Buchanan, Wednesday next, at which time the second respite granted by Governor Morton expires. The warden said today that he had every reason to believe that the sentence would be carried out at that time, unless some regular order from the court was served upon him, to cause a further postponement.

Strouse for diamonds. Columbia's Great Sales. The Columbia Brewing Company finished its first year on April 14th, last, with sales of a little over 20,000 barrels, which speaks well for the company's product.

Strouse for musical instruments. Delaware May Not Have a Senator. DOVER, Del., May 3.—Unless a joint resolution rescinding former action can be passed in the general assembly, which is hardly probable, the two houses will adjourn sine die at 3 o'clock on the afternoon of May 9. From present indications there is no doubt of adjournment, as the Democratic senate, even if the Republican house could muster enough votes to extend the session, would oppose such a resolution, as they desire to have the legislature adjourn without electing a United States senator. This seems to be the wish of at least four of the supporters of J. Edward Addicks also, and the latter has said that in such a contingency he would make a flight two years hence. The 12th final ballot was taken yesterday.

Three More Trolley Victims. PHILADELPHIA, May 3.—The list of trolley fatalities was increased yesterday by three. Charles Aillon, a 19-year-old colored boy, was struck at Fourth and Green streets, and died within three minutes. Rosa Golding, a tot of 3 years, was struck at Fourth and Pine water streets, when she sprang her mother on the other side and ran across the street in front of a car. She was dragged twenty feet and instantly killed, while the mother fell fainting to the sidewalk. Herbert Berkhart, aged 13, was struck by a car at Park and Columbia avenues, and received a compound fracture of the skull. He is dying at a hospital.

THE BOROUGH COUNCIL

(Continued from first page.)

Mrs. Miller, of Strawberry alley, for exoneration from taxes, were referred to the finance committee.

Mr. Pomeroy said the law requires the finance committee to publish a financial statement of the condition of the borough, annually, and the chairman instructed the committee to look after the matter.

Mr. Gable stated that the fire alarm system had been repaired by two men from Pottsville and said the men informed him that the electric light and electric railway wires and trees interfered with the wires of the system. The committee was instructed to attend to the matter.

Mr. Gable recommended that orders be drawn for the fire companies' appropriation and wanted to know what Council intended doing about buying new hose and getting the hook and ladder truck repaired.

Council instructed the committee to have the truck repaired.

T. J. James said if the fire companies are not pushed for money it would be well to get the appropriation stand until money becomes more easy. Mr. Reese said the committee would see the companies in regard to the matter.

The committee was instructed to have the hose of the fire companies tested and see how much of it is good for use.

D. R. James reported that the police helmets and uniforms had been received. T. J. James wanted to know by what authority the committee changed the color of the helmets from blue to white.

D. R. James: "We were not instructed to get any particular color, or kind." Mr. McElhenny: "It will necessitate two hats for the year."

T. J. James: "They should have got red, white and blue."

D. R. James: "That would look better on you."

T. J. James: "I shouldn't wonder but it would."

Chairman McGuire: "The committee and every member of Council, as well as the police force, understand that they only get one uniform a year."

Mr. Gaffigan: "That was their choice. They understand that is all they will get."

Exchange of remarks extended for several minutes when D. R. James jumped to his feet exclaiming that he was tired of "this business" and "the bug may as well hop now as at any other time," adding "I don't think it is right for members of Council to stand up here with a ring in their throat and try to embarrass a new member of Council at every opportunity they get. I vote for every motion here of benefit to the borough."

Chairman: "The report of the committee will be received."

The survey committee was instructed to get the written consent of property owners to the change of grade asked for on Pearl alley, south of Oak street, and the same action was taken on the applications from Apple alley.

A request from property owners for a grade for gutters on Strawberry a l y, from Chestnut to Gilbert streets and a request from Huckleberry alleys were referred to the survey committee. A nuisance on the latter alley was referred to the sanitary committee.

A resolution presented by Solicitor Pomeroy, requiring a \$5,000 bond to be executed by the borough to George H. Fisher, executor, etc., conditioned for the payment of all damages which have been, or may be, sustained by the location of the steel pipe line of the public water works, was adopted.

Solicitor Pomeroy presented a written opinion in the case of Mrs. Lambert, who claims damages for injuries sustained by falling upon an East Lloyd street pavement. Mr. Pomeroy stated that Mrs. Lambert had no claim. He also stated that the case of Grant against the borough for damages to property by reason of the construction of the scraper line in town is on the calendar for trial at court.

Mr. Pomeroy said he would go to Pottsville today to attend to the Torbert claim for damages for land taken for the public water works.

Mr. Meinsky reported that Contractor McAdam was getting ready to test the water pipes in town.

D. R. James moved that the water committee ask for bills for pea and buckwheat coal, but no washery coal, to be used at the public water works, and that they get bids of all individuals shipping their coal over the P. & R. railroad, and from the P. & R. C. & I. Company. The motion was carried. Mr. James considered that \$1.40 per ton, the price now paid, too high.

The chairman of the water committee was instructed not to put in any more fire plugs until after the water pipes are tested and to uncover the water pipe leading to Turkey Run.

Council adjourned to meet again next Tuesday evening.

WHY do people complain of hard times, when any woman or man can make money from \$5 to \$10 a day easily? All have heard of the wonderful success of the Climax Dish Washer; yet many are apt to think they can't make money selling it, but anyone can make money, because every family wants one. One agent has made \$75.00 in the last three months, after paying all expenses and attending to regular business besides. You don't have to canvass; as soon as people know you have it for sale they send for a Dish Washer. Address the Climax Mfg. Co., 45 Starr Ave., Columbus, Ohio, for particulars.

Submitted a Senate Committee.

SENATE, May 3.—Frank H. Cooper, of the Department store 57th and 58th, Cooper's Co., Union Sq., was yesterday before the bar of the senate committee for refusing to give certain information about the business of the firm to a special committee of the senate which was sent to Chicago to investigate the department store methods of doing business. Mr. Cooper declares the questions are inquisitorial, and that he will go to jail rather than answer. The senate adjourned without taking action.

Baltimore's Big Controversy.

BALTIMORE, May 3.—The strike of the contmakers is still on, and 23,000 men and women may be thrown out of employment. The situation depends now upon the action of the manufacturers. The contractors and the strikers will parade the street, and if their plans are successfully carried out there will be several thousand men in line. This morning there are about 1,500 men on strike, and the situation is becoming very serious. The strikers are endeavoring to get the wages which they received before the business depression began.

Paris Strike Leaders Imprisoned.

PARIS, May 3.—M. Proust, president of the Omnibus Employees' union, and M. Deville, secretary of the same organization, who were arrested here on April 24 by order of the public prosecutor, charged with attacking liberty and labor in speeches which they made at the outbreak of the strike of the omnibus employes, were sentenced yesterday to six months' imprisonment after having been convicted of inciting the men to violence during the recent strike.

THAT'S QUEER!

You say a collar and cuff that are waterproof? Yes. And perspiration will not affect them? Yes. And when dirty you need only wipe them off with a wet cloth or sponge? Yes. Wonderful! How are they made? A linen collar covered on both sides with waterproof "CELLULOID." Looks exactly like a linen collar. Is it the only waterproof collar and cuff made? No, but it is the only one made with the linen interlining and consequently the only one that can give entire satisfaction, because it is the best. How can I know that I get the right kind? Because every piece is stamped as follows:

Require for that and refuse anything else, or you will be disappointed. Suppose my dealer does not have them? He probably has, but if not, send direct to us enclosing amount. Collars 25c., Cuffs 30c. State size, and whether collar wanted is stand-up or turned-down. THE CELLULOID COMPANY, 437-29 Broadway, NEW YORK.
