NO NEED FOR SOLDIERS

Striking Virginia Miners Quiet and Orderly.

UNANIMITY AMONG THE STRIKERS

Only Twenty Tons of Coal Mined Yesterday at Pocahontas, and None on the West Virginia Side—Operators Send for Men from Other Sections.

POCAHONTAS, Va., May 8.—The best of order has been preserved in this city. The miners held a mass meeting just across the state line in West Virginia yesterday. Soldiers would not permit travel on the thoroughfares, but the meetings were reached. The miners are now thoroughly organized and will hold mass meetings this afternoon at Simmons and Maybury, in West Virginia.

The soldiers are having a quiet reception, and are mingling freely with the people. They say they came here under a misapprehension, believing that trouble would take place. All the men who were charged with violation of the peace have been discharged. Peace and quiet prevail, but the town is constantly patrolled. The railroad company is doing practically nothing, and no shipments of coal are being made. Across the line in West Virginia there is a total suspension of mining, but no disorder.

No effort to destroy railroad property has been made, and the officers of Tazewell county, Va., with special deputies, are on the ground to prevent any possible disturbance. Lawless, the mine organizer, is still here with his men, and is working industriously. The railroad company has special detectives to ascertain the local leaders, and feeling ran high because of some abuses of the police, but better counsel prevailed and peace was preserved.

The fields are a unit for the strike, but the coal companies here say they intend to run the mines if new men have to be brought in. The southwest Virginia Improvement company and the Eckman mines have telegraphed for 600 miners to come to this place, and the houses are now being put up by the coal company to house them.

Mr. Bullitt says he intends to win or break the Pocahontas company. No one knows what may be the outcome in the event of foreign miners coming in. The struggle is now on in earnest, and it promises to be a long and hard one.

The Southwest Virginia Coal company issued circulars last night that it would pay all men tomorrow, but no men who occupy company houses would be paid till the houses were vacated. As most of the houses are the company's, nearly all the miners will be dispossessed. What this feature will lead to will be hard to foretell. The output yesterday was only twenty cars of coal and fifteen cars of coke.

ALL QUIET ON ELKHORN.

West Virginia Officials Pleased With the Attitude of the Strikers.

CHARLESTON, W. Va., May 8.—"All's quiet on Elkhorn," is the report at the state house. State and federal officers are sanguine over the prospect for a speedy settlement of the miners' strike. The joining in the strike by the Browning men is regarded as particularly significant, inasmuch as it leaves the whole region idle, and must necessarily force action one way or the other on the part of Norfolk and Western road or the coal men. United States Deputy Marshal Harman has just arrived in Charleston from the scene, and says that the situation is not in the least threatening, and there is no indication that leads to the supposition of trouble.

The men who laid down their tools on Monday did so voluntarily and without coercion. The presence of the Virginia militia has not had the effect desired. The impression became general among the miners that the military was present to force them to work, or at least to prevent their joining the strike. The men rebelled, stopped work, and refused to resume until the strike was settled.

Some talk of importing non-union labor from Pennsylvania has been indulged in, but the miners say this is only a bluff. Such a move would precipitate trouble. As the matter stands now the men are orderly in their demeanor, and Deputy Marshal Harman says that among all the 8,000 or 10,000 idle men he has not seen a single drunk.

Looks Cheering for Ohio Miners.

BELLAIRE, O., May 8.—The situation among the coal miners in this part of Ohio looks encouraging. Many operators are willing to pay the sixty cent rate. It is predicted here that as soon as any West Virginia coal is shipped west over the Baltimore and Ohio road it will be stopped. The miners opposite here in West Virginia are organized, and will work in conjunction with the men here.

Captain Howgate Released on Bail.

WASHINGTON, May 8.—Captain Henry W. Howgate, who has been in jail some time awaiting trial on an indictment charging him with the embezzlement of government funds, was released on $15,000 bail yesterday. His trial will be deferred for several weeks. His attorneys brought forward persons who furnished security aggregating over $100,000.

THREW AWAY THE BELT

Mr. Wm. Thornton of 127 W. Market Street Explains How and Why He Did It.

(From the Elmira Gazette.)

Old age has many infirmities, none of which are more prevalent than kidney disorders. Have you ever noticed how the old people complain of backache, lame back, and general listlessness? And there are many other symptoms of which they do not speak, such as bloating of the limbs, painful and infrequent urination or excessiveness of urinary discharge. Most people think they are too old to find relief and cure, but this is not so. No better evidence than the following, which comes from an Elmira citizen, who has been cured of a very severe case at 77 years of age. Mr. Wm. Thornton of 127 West Market Street, speaks of his case in this way: "I am 77 years old. I have been afflicted with that dreaded complaint (kidney disease) for over ten years, making my old age a burden. I was so bad as to be forced to carry a belt at all times, and, when my suffering became beyond endurance, I would put on the belt drawing it tightly around me and buckle it, thus bringing an extreme pressure over the kidneys; this, undoubtedly, forced the urine out, a function which the kidneys themselves had become too diseased to perform. My condition I put down to a strain I received. I began taking Doan's Kidney Pills. After two or three days I noticed their effect. I was much surprised, as the ailment was so severe and so long standing, while I had tried many remedies without any relief whatever. The pain I have experienced at times from straining in my efforts to discharge the urine was simply awful. I have done away with the use of my leather belt, and the pain has all gone, and I recommend Doan's Kidney Pills to all afflicted with kidney and urinary disorders."

FIGHT WITH STRIKERS.

Resisting Police at the Illinois Steel Company's Works.

THE ENTIRE WORKS CLOSE DOWN

Twelve Hundred Men Start a Strike Which Throws Thirty-five Hundred Out of Work and Then Attempt to Take Possession of the Company's Property.

CHICAGO, May 8.—A serious strike occurred at the plant of the Illinois Steel company in South Chicago, yesterday. 1,200 men throwing down their tools and walking out. Last evening a fight occurred in the company's yards, and it was found necessary to call on the police. The strikers for a time stood their ground against the officers, but were soon defeated and driven from the premises.

The men most seriously hurt were: Jack Shepherd, a machinist, struck on the head by a hammer in the hands of a striker, severe scalp wounds, rendered unconscious; Edward Shaks, striker, thrown out of machine shop by workmen, body bruises; Officer V. Liendecker, hit with a coupling pin, had cut over right eye; Officer Patrick McCauley, hit in the mouth with a brick.

Twenty-eight men, who are said to have been leaders of the strikers at the rioting, were arrested and locked up at the South Chicago police station. They are charged with rioting. They are all ignorant Huns, Poles and Bohemians.

According to Vice President Forsythe, of the company, this spring the furnace men signed a scale of wages calling for the rate of $2.10 per day. This scale had been observed up to the present time, but yesterday the men demanded that they be paid at the rate of last year, which was somewhat higher than the scale that they had signed for this year. The company declared that it could not pay anything except the scale which had been agreed to for this year, and the men walked out. The strike closed two blast furnaces, two others were undergoing repairs and the remaining four were at once shut down until the conclusion of the strike.

The company concluded that it was unwise to attempt to run until the matter was settled. This action of the company threw in all about 3,500 men out of work, none remaining in the yards except the watchmen and the machinists.

The strikers were at first disposed to be orderly and peaceable, but later affairs took on an ugly aspect, and it was found necessary to call on the police to drive them out. Shortly before 6 o'clock a crowd numbering about 1,000 men forced their way past the watchman at one of the gates and proceeded to take possession of the company's property. They marched first to where some of the laboring men were still at work, and either compelled them to join their ranks or quit work.

Not much trouble was experienced with the laborers, but when the strikers reached the machine shops, where about 400 machinists were employed, they met with different receptions. The machinists had a scale of their own, and the fight of the other men made no particular difference to them, and they refused either to quit or to allow themselves to be driven out of the yards. The strikers, who for the most part were composed of Huns and Poles, made several attempts to persuade the machinists to leave their work, but finding themselves unsuccessful they began an attack upon the machine shop with stones and such things as they could pick up. The machinists for the most part stood ground, and gave the strikers as good as they sent.

The fight was growing warm and broken heads and bloody noses were growing very common when the police arrived. The strikers at first refused to give ground, and the police used their clubs freely. This did not have the desired effect, and Captain Jenkins ordered his men to draw their revolvers and fire over the heads of the strikers. As soon as this was done the mob broke and fled wildly from the premises. The fight only lasted a few minutes and there was no more rioting.

One of the minor officials of the company did not exactly agree with the cause of the strike as given by Mr. Forsythe. He said:

"The men who struck were hired three weeks ago to take the places of the old employes, who were being paid $2.10 a day and would not work for the schedule of $1.00 which was put into effect at the time. The men who agreed to work for $1.00 asked the old scale which had been paid the men whom they replaced. It was not granted, and they struck."

Fatal Explosion of Dynamite.

POTTSVILLE, Pa., May 8.—By an explosion of a dynamite shot at the Albright colliery, near Llewellyn, yesterday, one man was killed and several others injured, one perhaps fatally. Thomas Flood, 23 years old, was killed; James Lidiback perhaps fatally injured, and John Calligan and John Morasik slightly hurt. It is believed that the men employed at the previous shift had accidentally failed to fire one of the holes which they had charged, and the drill operated by Flood and Lidiback had struck the dynamite and caused it to explode.

Fatal Shooting Affray in Charleston.

CHARLESTON, May 8.—What will probably be a fatal shooting affary occurred last night at the corner of Meeting and Society streets, a most prominent part of the city. J. N. Barsh shot and mortally wounded William Wilson, his first cousin, who is a newspaper compositor. Wilson was shot in the back while running. Family troubles, the nature of which is unknown, was the cause of the shooting. Wilson, who is a young man, is still alive, but doctors have no hopes for his recovery.

Don't expect too much from our Councilmen. They work hard enough without pay. The majority of our borough law makers allow themselves to be elected just for the fun of the thing.

We again rise to remark, that the HERALD is one of the best advertising mediums in the county. We give full measure for the money—by running the advertisements through all editions of the paper.

No wonder the Philadelphia & Reading Coal and Iron Company is near bankrupt, if not already so, if we are to believe the rumors of corruption among its trusted officials. During the reign of the late Franklin B. Gowen, over the Philadelphia & Reading Company interests, he was denounced unmercifully by many of the employes. These same people would gladly welcome Gowen times again in preference to the present.

Strouse's watch charms are elegant and reasonable in price.

Special Rates to Williamsport.

The Lehigh Valley Railroad Company offers a special rate of $3.30 from Shenandoah to Williamsport, Pa., and return, account of the annual meeting of the Knights of Golden Eagle. Tickets will be sold May 11th to 17th, good to return May 18th, 1895, on card orders. This is an extremely low rate and our local lodges will do well to see the agent of the Lehigh Valley before arranging elsewhere. m12 17-2
