Experience the Best Teacher.

The great value of Dr. David Kennedy's Favorite Remedy in curing diseases of the blood, particularly the fits of women, has again been demonstrated. Mrs. W. J. Anderson, of Bryn St., Kingston, N. Y., in speaking of her experience, says: "I was an awful sufferer from troubles common to my sex, was reduced to 70 lbs; four physicians prescribed for me, but I kept growing worse. Until I began the use of Dr. Kennedy's Favorite Remedy I never knew a well day. By its use I grew stronger, the pain less frequent, until it entirely disappeared. I now weigh 135 lbs, and am a well woman. I must know a dozen women who suffered similarly and have been cured by its use.

Russia has more land than any other nation in the world. The idea that Russia is to gain another slice of the earth as a result of Japan's brave and brilliant campaign against China is calculated to stir international politics on a par with Praty.

SPAIN has a war on her hands in Cuba; China and Japan have just agreed upon peace terms; Russia is spooling for a fight with Japan, and Norway is preparing for a war with Sweden. There are other billigerent operations, indicating that almost the entire world has recently been and still is in a fighting mood, while a number of powers that have not yet tangled in the strife are preparing to do so.

THE intolerable badgering to which witnesses are subjected in our courts, the brutal browbeating, insulting insinuations and many other indignities to which they are compelled to submit, causes wonder and disgust. Some lawyers have won notoriety for their ability to abuse and humiliate witnesses, and judges noted for their gentlemanly courtesy and high regard for the feelings of others allow such blackguard lawyers to ply their abusive vocation without exercising the

A Piece of Her Mind. A lady correspondent has this to say: "I want to give a piece of my mind to a certain class who object to advertising, when it costs them anything—this won't cost them a cent." "I suffered a living death for nearly two years with headaches, backache, in pain standing or walking, was being literally dragged out of existence, my misery increased by drugging." "At last, in despair, I committed the sin of trying an advertised medicine, Dr. Pierce's Favorite Prescription, and it restored me to the blessedness of sound health. I honor the physician who, when it is known he can cure, has the moral courage to advertise the fact." The medicine mentioned cures all the delicate diseases peculiar to females, as "Female Weakness," periodical pains, irregularities, nervous prostration, spasms, cholera or St. Vitus's dance, sleeplessness threatened insanity.

To permanently cure constipation, biliousness, indigestion or dyspepsia, use Dr. Pierce's Pleasant Pellets.

Your Last Chance

The Railroad Wreck Sale will close on Saturday, and every dollar's worth of clothing must be sold. In order to settle the question of damages we will keep the store open until Saturday, May 11th, and whatever goods are not sold we will dispose of by putting up the entire stock at auction to the highest bidder, so those who are in need of clothing it will pay them to come at once, as the entire stock will be sold on Monday morning at 10:30 by auction. The highest bidder takes the entire stock. Clothing men are requested to call and examine the stock as the Railroad Company is not in the business and therefore it will give the clothing dealers a chance to buy stock very cheap. We will give the workmen a chance till Saturday night, at 7:30 we close. Don't forget the place, Beddall's building, corner Main and Centre streets. Look before you enter and see that you get in the right place.

Mr. D. P. Davis, a prominent liveryman and merchant of Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The first application of Chamberlain's Pain Balm eased the pain and the use of one bottle completely cured him. For sale by Grubler Bros. Druggist.

THE BROUGHALL CHARGES.

The Mahanoy City Record Modifies Its Attack Upon the Superintendent.

The charges made by the Mahanoy City Record against William Broughall, the P. & R. C. & L. Company district superintendent, caused quite a sensation and has since been a topic of much comment and discussion. Mr. Broughall denies them in toto and was in town yesterday seeking legal advice to institute a suit for libel against the newspaper. He wanted Justice Shoemaker to issue a warrant, but the justice said the case was not within his jurisdiction. Mr. Broughall said he would institute a suit, with the assistance of a lawyer, through the Prothonotary's office.

The general impression prevailing in town is that the disclosure originated from stories circulated among certain mine employes and that the people who are credited with knowing considerable will know nothing about the matter when the time for proof arrives.

The HERALD was informed yesterday that several Poles of town knew all about the affair, but upon investigation it was found that they knew nothing.

In its issue last night the Record took a more modified stand than it held in the previous issue. The paper stated: "The article published in our issue of yesterday concerning the damaging rumors about affecting William Broughall, superintendent of Ellengowan district, and other colliery officials, was the cause of a great deal of discussion. On behalf of the officials concerned a complete and general denial of all the charges is made. The only foundation for these damaging rumors is said to be due to the following circumstance. Joe Robber, of foreign nationality, is a contractor at Ellengowan colliery, employing between twelve and fourteen laborers, among others a consignor named Adam Boshilofski. A quarrel arose between Robber and Boshilofski, and the latter went to Pottsville and made the charge at headquarters that, in collusion with the bosses, Robber turned out in five or more shifts than his laborers worked and that had the laborers pay the extra money back to him. An investigation followed. Robber denied all the charges, and it is said that the higher officials of the company were completely satisfied, as a result of the investigation, that Boshilofski's charges were without any foundation in fact, and completely exculpated the colliery officials from all blame."

Up to Date.

Philadelphia is to be Lexowed. Philadelphia's ex-city treasurer, Bardsley, is an applicant for a pardon. Garrett, the murderer, was executed at Lebanon yesterday. There are some indications that the Legislature may adjourn before Christmas. Buchanan's life has been spared again. It is doubtful now if he will ever be electrocuted. Mayor Strong, of New York, has shown wisdom in bouncing three members of the Police Board and appointing others in their place who will act in accord with his ideas of running that department.

MR. PATTERSON'S STATEMENT.

He Says He is Not Accountable for Mrs. Swagler's Injuries.

EDITOR HERALD: I wish to deny the charges made against me in last night's issue that I maltreated Mrs. Swagler. Such is not the case. I never laid my hands on her and the article in last night's HERALD was terribly exaggerated. All I did to Mrs. Swagler was to put her out of the shanty to protect my things, which were valuable. I got permission from Mrs. Swagler to put the things in the shanty, agreeing to take them out when she would ask me but, without asking, she came out of the house and went into the shanty and all the things she could lift she fired out. I spoke very kindly to her and said that in the afternoon, when the men would get home from work, I would get them out, as one of the articles was a stove. She would not listen to any reason and I replaced them twice and each time out they came. She then got hold of the stove and would have upset and smashed it. I stopped her and put her out of the shanty. She picked up a stone and hit me on the head with it and I picked up another to protect myself. I got hold of her and she hit me on the arm and in the struggle she fell down and hurt her foot. This took place outside of the shanty, not near the stove, and I emphatically deny laying my hands on her. The charge is only assault and no intent to kill about it, and of the witnesses examined not one testified that I hit her, or laid my hands on her, or maltreated her, but said they did not see me touch her. The only thing I did was to protect myself from being hit. Most all the people in the yard saw the whole affair and not one of them can say that I struck her if they speak the truth; nor are there any bones broken in her foot, for such is not the testimony of Dr. Womer at the office of Justice Williams. This Swagler is a well known character in town and before the justices in town, as she is a professional fighter, and claims to be, and all the people in the neighborhood are afraid of her, barring none, male and female alike. To my own knowledge during the past six months she has been in two law suits, one with Theodore Wise and the other with William Gomer, on similar charges, assault and battery, in the same yard; so she is well known and the same Swagler. I deny calling at the house and making an apology, for I have none to make, as I did not do anything, only what anybody else would have to do if placed in the same position, as I was with such a furious woman as she is. I did call there and offer to pay all expenses incurred and to spy her with a maid, but only because I don't care about law, provided she would withdraw the case; but I offered no apology for what I did. If she has any bruises on her body and arms she got them from some other source, and when the proper time comes I will present in evidence as to where she got them. She is blaming them on me and the whole thing is blackmail and spite work. JAMES PATTERSON. Shenandoah, May 8, 1895.

Mere Mention.

After a good feed our Councilmen ought to be able to finish the public water works and turn on the water.

Pottsville papers do not like Shenandoah and would rather see it in the new county if that were possible.

"Turn on the water." That is easier said than done. Have patience; the money is not all spent yet. You know Rome wasn't built in a day. Give the Councilmen, who work hard enough without pay, plenty of time.
