

Evening Herald

Published daily, except Sunday by HERALD PUBLISHING COMPANY.

The Herald is delivered in Shenandoah and surrounding towns for six cents a week, payable to the carriers.

Advertisements charged according to space and position. The publishers reserve the right to change the position of advertisements whenever the publication of news requires it.

Entered at the post office at Shenandoah, Pa. as second class matter.

THE EVENING HERALD, Shenandoah, Penna.

Evening Herald.

FRIDAY, MAY 10, 1895.

The Serbian Skupstina has on many previous occasions legislated in a wild and reckless way, particularly in money matters. Now it has voted an annual allowance of \$70,000 to ex-King Milan.

MR. CLEVELAND has sent a check for \$300 to a happy father in Decatur, Indiana, who has named triplets after Mrs. Cleveland and the two children.

The South is not enthusiastic over the suggestion that one of its sons should be nominated for President by the Democratic Convention of 1896.

OUR real American bird is the turkey, and a lordly fellow he is when arrayed in all his pride. But though he has not lacked advocates, he is not likely to take the place of the eagle in our national devices.

THE bond syndicate, that made Mr. Cleveland's Administration pay \$8,000,000 for the loan of \$62,000,000, is now trying to "corner" all the gold mined in this country.

At the burning of a steambath on the Hudson River forty years ago, many of the passengers were drowned. Among the bodies brought up from the bottom of the river by grappling was that of a man known to have been an excellent swimmer.

THURSTON'S OFFENSE.

Why the Hawaiian Minister's Recall Was Requested.

SECRETARY GRESHAM'S LETTER.

It Shows How the Young Diplomat Endeavored to Create Feeling Against the Administration by Giving Out Prejudiced Opinions for Publication.

SAN FRANCISCO, May 10.—Hawaiian advices received from Honolulu, dated May 9, per steamer Mariposa, are as follows: "The letter demanding the recall of Minister Thurston is here, and was read to the executive session of the council yesterday afternoon."

"I regret to be constrained to bring to your attention, and through you to the knowledge of the Hawaiian government, certain acts of its representative in the United States, of which this government has just ground to complain. In order to set forth the facts with desirable clearness it becomes necessary to recite fully what occurred at two interviews which I had with Mr. Thurston at this department on the 16th and 18th inst."

"The recent seizure of a ship at San Diego, Cal., for alleged violation of our neutrality laws in carrying arms to Hawaii was the occasion of his first call. After brief conversation on this subject, I took occasion to remark that I had information that he was not pleased with your action in connection with recent events at Honolulu. Mr. Thurston desired to know why that view was entertained here, whereupon I handed him a clipping from a New York paper of the 18th inst."

"After he had read this article I asked him if he had furnished the matter to the paper for publication. He at once said he had furnished the paragraph, which he pointed out. It was as follows: "An analysis of the growth of the feeling and facts leading up to the insurrection showed that it is based almost upon the encouragement given to the royalists by President Cleveland and his announced and constantly reiterated opinion that the queen ought to be restored, and a feeling which, rightly or wrongly, was disseminated throughout the royalist sympathizers that upon the slightest opportunity Cleveland would take occasion to assist the royalists if they could get control to a sufficient extent to give him an excuse for so doing."

"I then desired to know if Mr. Thurston had also furnished to the same paper the concluding paragraphs, purporting to be extracts from a letter written by a prominent lawyer in Honolulu. One of the paragraphs read: 'The most serious feature is the attitude of Willis and Hawes. They are in constant attendance at the trials. Newman, the attorney defending the insurrectionists, is constantly in close consultation with them.'"

"Mr. Thurston answered that he had furnished nothing to that or any other paper, but that he had permitted an employe or agent of one of the press associations to copy at his legation a private letter or letters which he had received, and added that the published paragraphs did not contain all that was in the private letter or letters. I thereupon said that I was aware this was so, and that I knew the private letter or letters did not appear in full in the last paragraph as printed. Handing him a type-written paper I asked if the omitted parts were not contained in the following passages: "There is intense feeling being manifested by the people at what is looked upon as Mr. Willis' unwarranted interference in connection with the present trials. He is doing everything that he can to protect the royalists and harass the government. Many of our best men feel it imperative for our future safety that some examples should be made. The action of Mr. Hawes, the British representative, is in marked contrast to that of Mr. Willis.'"

"Having read this paper, and after some apparent hesitation, Mr. Thurston said he did not know what right I had to thus interrogate him. I replied that he had already admitted he had allowed the published matter to be copied from letters at his legation, but that the publication was not full, and I did not suppose he would deny that the paper I showed him contained a correct copy of the omitted parts. He said the letters containing the omitted passages were submitted by him to the representative of the press association to be copied for publication, not as expressing his official or personal views, but as showing the state of feeling in Honolulu. "I asked him if he thought he could, with propriety, as the representative of a foreign government at this capital furnish newspapers with such matter. His reply was that he had simply furnished it as news or information which the public might like to hear from Honolulu and that Senator Kyle had received a letter even more severe in its terms which had been given to the public; to which I rejoined that Senator Kyle was a citizen of the United States and as such might say and do things which a foreign minister could not say or do with propriety. "When Mr. Thurston called at the department two days later he said: 'I realize I was guilty of official impropriety in furnishing for publication the matter mentioned in our former interview. I did not realize this at the time, but do now. I regret what I did, and apologize for it.'"

"I replied that, in order to avoid any possible misunderstanding, the minister's statement should be in official form and requested that he prepare and submit such a communication. He declined to do this, saying he did not feel called upon to make a written apology. "You are instructed to make this incident known to the minister for foreign affairs. You will express the surprise and dissatisfaction with which this government naturally regards the conduct of a foreign envoy who thus covertly uses his influence through the press to bias public opinion in the country whose hospitality he enjoys. And you will add that the president would be pleased were Mr. Thurston replaced by another minister from Hawaii, in whom he may feel that confidence which is essential to frank and cordial intercourse."

Voted by Governor Hastings. HARRISBURG, May 10.—Governor Hastings has vetoed the senate bill which gave to married women the same rights and powers as their spinster sisters and was designed to enable her to sell real estate or enter into contracts free from the control of her husband, saving to him only his right as a tenant by courtesy in real property.

\$300 IN GOLD DROWNS A MAN.

At the burning of a steambath on the Hudson River forty years ago, many of the passengers were drowned. Among the bodies brought up from the bottom of the river by grappling was that of a man known to have been an excellent swimmer. Around his waist was a belt containing nearly \$300 in gold. That told the story.

"In old and chronic cases of indigestion (dyspepsia or gastritis)—it is all the same—the sufferer develops a great variety of symptoms a day or ten days—poisoned by the products of his own torpid and inflamed stomach. His food, instead of being digested, and so furnishing strength and physical substance, ferments and putrefies within him. The chief process of life is arrested at a vital point. The more he eats the worse off he is. And yet unless he can be fed he must also perish. People do so die, daily, by thousands, but we doctors seldom have the moral courage to give the cause its true name lest we should be laughed at for our inability to cure so 'simple' a thing as indigestion. Simple? Why, it is the capstone of all complaints—and the mother of most of them." So writes a famous English physician.

Some of the symptoms alluded to are these: Loss of appetite; distress after eating; heartburn and palpitation; giddiness; foul taste in the mouth; the rising of nauseous acids and gases into the throat; furred tongue; spots before the eyes; unaccountable weariness and fatigue; sluggish circulation; weakness and nervous prostration; constipation or diarrhoea; discolored skin, &c.

The sufferer's friends often advise him to cheer up; to throw off his lethargy and eat freely. Bad advice. He knows better. "No," he answers, "I cannot; my food does me no good." He is right. Food now is gold in the spent swimmer's belt.

Take light nourishment, followed immediately by a dose of the Shaker Digestive Cordial—a new and radical remedy discovered and prepared by the Shakers of Mt. Lebanon, N. Y.—the essence of medicinal herbs and plants cultivated by them alone. Then continue with it. Relieves at once and cures. Pleasant to the palate and adapted to all constitutions. Trial bottles—which prove its merits—at ten cents. For sale by nearly all druggists.

Fatal Explosion on a Locomotive.

HYDE PARK, Mass., May 10.—An explosion of tubes connecting with the fire department of an engine of the fast freight on the New York, New Haven and Hartford railroad yesterday caused the instant death of brakeman Owen J. McCafferty, the fatal injury of Fireman Arthur A. Fuller and the serious scalding of Engineer Taylor. McCafferty, who resided at Ballardville, was to have been married next week.

Big Brick Works Destroyed by Fire.

EGG HARBOR CITY, N. J., May 10.—The Winslow Brick works, one of the largest establishments of the kind in the state, was destroyed by a fire, which originated in the engine room. The Hammonton fire department assisted in an endeavor to save the building. The loss, which is estimated at \$100,000, is fully covered by insurance. Over 300 workmen will be thrown out of employment.

Pennsylvania Militia Encampments.

HARRISBURG, May 10.—Adjutant General Stewart issues a general order fixing the time and places for the brigade encampments this year. The First and Third brigades will go into camp from July 20 to 27, and the Second brigade from Aug. 3 to 10. The First brigade will encamp at Santago, the Second at Cienan and the Third at Mt. Gretna.

Town Nearly Deluged by a Cloudburst.

SYRACUSE, N. Y., May 10.—A cloudburst occurred over the town of Clayville, Oneida county, almost deluging the town. A dam above the village gave way, and did much injury to property. The Delaware, Lackawanna and Western railroad tracks were washed out.

Died from Her Burns.

BALTIMORE, May 10.—Sarah Silbermann, one of the six persons burned by an explosion of gasoline in a "sweet shop" Wednesday evening, died yesterday. Other victims of the fire are not out of danger of a fatal termination of their injuries.

Greater New York Bill Defeated.

ALBANY, May 10.—Late yesterday afternoon the greater New York bill was put on final passage in the senate and defeated by a vote of 14 yeas to 15 nays.

Don't Tobacco Spit or Smoke Your Life Away.

is the truthful, startling title of a book about No-To-Bac, the harmless, guaranteed tobacco habit cure that braces up pinched nerves, eliminates the nicotine poison, makes weak men gain strength, vigor and manhood. You run no physical or financial risk, as No-To-Bac is sold by Mrs. A. Wasley under a guarantee to cure or money refunded. Book free. Address Sterling Remedy Co., New York or Chicago. 1st ed.

Coming Events.

May 30.—Monster picnic at Columbia park by the Gymnasium Club. May 30.—Ice cream festival in Robbins' hall, under the auspices of the Young People's Working Society of the United Evangelical church. June 5.—Lecture by Rev. T. Bateman, entitled, "That's the Man," in the P. M. church.

Strouse has a fine line of society emblems.

How to Treat a Wife.

(From Pacific Health Journal.) First get a wife; second, be patient. You may have great trials and perplexities in your business, but do not, therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be hard for her to bear. A kind word, a tender look, will do wonders in chasing from her brow all clouds of gloom. To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best and is sure to be needed sooner or later. Your wife will then know that you really care for her and wish to protect her health. For sale by Gruhier Bros. Druggists.

When you want good roofing, plumbing, gas fitting, or general tin-smithing done call on E. F. Gallager, 15 West Centre street. Dealer in stoves. \$3-44f. Ten-cent box Megin Paste Stove Polish for 5 cents. Ask your grocer. Pictures free.

THE EASTERN PEACE TREATY.

Spain May Occupy Port Arthur for Many Years.

WASHINGTON, May 10.—An official dispatch from Tokio received at the Japanese legation states that the ratifications of the treaty of peace between Japan and China were exchanged at Chifu on Wednesday. No change was made in the text of the treaty as originally concluded. Taking into account the recommendation made by Russia, Germany and France, the Japanese government agreed to renounce permanent possession of the Lala Tung peninsula on condition that the arrangements regarding the terms and force of communication shall be reserved for adjustment between itself and the government of China.

This latter stipulation is construed to mean that Japan will not surrender the peninsula until a suitable indemnity shall have been paid, and that it may even be agreed between Japan and China that the possession of Port Arthur itself will be retained by the Japanese for a term of years extending beyond the date when the indemnity has been paid in full, thus assuring to Japan not alone the payment of the indemnity itself, but also sufficient time to safeguard herself against anything like a war of reprisal.

It will be remembered that the treaty of peace itself provides that Wei-Hai-Wai shall be held until the first 100,000,000 taels of the indemnity and the next two annual installments have been paid, so that with the added guarantee of the possession of Port Arthur, even although only temporary, the Japanese government would appear to have taken every possible precaution for the future.

The foregoing statement is official, coming direct from Tokio by cable. The understanding is that it embodies the reply which Japan recently gave to the protest of Russia and the allied powers.

Remarkable Heat in Nova Scotia.

HALIFAX, N. S., May 10.—The heat of the last two days is unparalleled for so early in the season in Nova Scotia, and reports from all sections inland show the heat to be far more intense than in Halifax. On Wednesday afternoon the mercury reached 90 degs at Antigonish and points west. Near New Glasgow the heat was so intense that the rails on the Intercolonial Canadian and Dominion railroad spread and a passenger train narrowly escaped being wrecked. The breeze from the ice at the straits of Canso, one hour's ride from here, lowered the mercury to 38 degs., and passengers on the trains experienced the remarkable change of 60 degs in temperature during one hour's ride.

New York's Racing Bills Signed.

ALBANY, May 10.—The governor has signed the Gray racing bill, the two Wild bills, forbidding pool selling or gambling of any sort, and the supplemental bill fixing a tax of 5 per cent. on the gross receipts of racing associations. By the combined provisions of the three bills horse racing is allowed under the supervision of a commission of three members to be appointed by the governor to hold office for five years, races to be run under the rules of the Jockey Club or National Steeplechase association. The governor names as this commission August Belmont of New York, John S. Sanford of Amsterdam and E. D. Morgan of New York.

Church Dissension in France.

PARIS, May 10.—The government will be unable to much longer ignore the rebellion which is gaining ground all over France—that is a rebellion of the church against the state. The attitude of the bishops is making a great impression on the public mind, and the country is being divided into two camps. Only one bishop has had the courage to advocate submission to the law, and he was promptly extinguished by his Metropolitan. The socialists are jubilant over the renewal of the prospect of war with the church.

Correspondent Fuentes Released.

HAVANA, May 10.—It is believed that Fuentes, the correspondent of the New York World, who was arrested at Guantanamo on the charge of aiding the insurgents, and who was subsequently released on condition that he leave the island, will sail for New York this afternoon. General Maceo, the rebel leader, lost ten men killed and nearly a hundred wounded in his recent attack on the village of Cristo, twelve miles from Santiago.

Defaulter Sent to an Asylum.

NEW YORK, May 10.—John R. Tait, the defaulting paying teller of the Chemical National bank, who was indicted for having appropriated \$15,000 of the bank's money, was arraigned before Judge Benedict yesterday. On medical affidavits that he was mentally unsound Judge Benedict held that he was in no condition to be placed on trial, and committed him to the criminal insane hospital at Washington.

Armed Spectators in a Court Room.

PERRY, O. T., May 10.—Assistant United States Attorney Hoffman, who has returned from Washington county, reports that at the trial of Jeff Williams for the murder of Bob Moore the court house has been crowded with armed men, and a riot is feared. George East, a leader in the county, declares that Williams shall suffer for the crime, while Williams' friends are determined he shall not be punished.

Baltimore Costmakers' Strike Ended.

BALTIMORE, May 10.—The strike of 4,000 costmakers ten days ago is practically settled; and it is probable that all the strikers will be at work in a day or two. The strikers were partially successful. An increase of from 20 to 30 per cent. over former wages has been agreed to by the manufacturers, in lieu of 50 per cent. demanded. The strikers also obtained other concessions from the contractors.

The Next National Senate.

WASHINGTON, May 10.—Delaware having been the last state in which a United States senator remained to be elected, the fourth roster for the opening of the Fifty-fourth congress is now complete. Omitting the second Delaware senatorship, the senate politically will be composed as follows: Republicans, 42; Democrats, 49; Populists, 6.

Divorced from His Tenth Wife.

LA PORTE, Ind., May 10.—A. Rymes was yesterday granted a divorce from his tenth wife. The evidence disclosed the fact that Rymes' last wife was his first bride, and that he had married eight other aspirants for his affections before he was again wedded to his first wife.

Comedian Tries to Retire.

LONDON, May 10.—John Laurence Toole, the well known English actor, is suffering from paralysis and will retire from the stage. Mr. Toole has for years been acknowledged as England's leading comedian.

PENNSYLVANIA LEGISLATURE.

Speaker Walton Wants the House to Adjourn on May 23.

HARRISBURG, May 10.—The house held three sessions yesterday in order to avoid a session today. The order of business at the morning and afternoon sessions was the consideration of revenue bills on second reading. In the evening the order was senate bills on second reading and original resolutions. Speaker Walton is urging the house to keep at work in order that it may clear its calendar and get away on May 23. He says three sessions will be held daily next week. Mr. Walton is confident the session will close this month, but the general impression of other members is that the final adjournment will not come before the first week of June.

The morning and afternoon sessions were almost entirely devoted to the discussion of the revenue bill framed by the state tax conference, representing the six great interests of the state. The bill finally passed second reading without amendment.

The senate bill to prohibit the collection of garbage to feed to food animals in cities where contract is made by the city to dispose of the garbage sanitarily, was defeated on final vote. The bill to prevent the placing of dynamite or any other explosive in the waters of the state for the purpose of catching fish was amended to correct an error in the title and then laid over to be printed.

These bills passed finally: Prohibiting the adulteration of milk by the addition of preservatives; to prevent the issue of unauthorized policies of insurance; making drying declarations competent in prosecutions for criminal abortion; bills providing for the incorporation of sewerage and drainage companies, and for the suppression of lottery gifts and other gifts by stockholders and others to gain patronage. At the evening session forty-nine bills were reported from the appropriations committee recommending appropriations aggregating \$3,057,528.38. The amount asked for these appropriations was \$1,027,490.03.

A resolution offered by Mr. Foelt condemning the national administration for its attitude in the Nicaragua affair was adopted by a strict party vote. Mr. Wolensdorff's resolution expressing sympathy with the Cuban revolutionists was also adopted.

The bill providing for the teaching of music in the public schools, which was defeated a week ago, was reconsidered and laid aside for future consideration. The senate bill providing for the licensing of clubs was indefinitely postponed.

THE best investment

in real estate is to keep buildings well painted. Paint protects the house and saves repairs. You sometimes want to sell—many a good house has remained unsold for want of paint. The rule should be, though, "the best paint or none." That means

Strictly Pure White Lead

You cannot afford to use cheap paints. To be sure of getting Strictly Pure White Lead, look at the brand; this one is safe:

John T. Lewis & Bros.

FOR COLORS.—National Lead Co.'s White Lead Tinting Colors.

These colors are sold in one-pound cans, each large enough to paint 100 square feet of strictly pure white lead. They are in every color, and a combination of these pure colors in the hands of our Strictly Pure White Lead artists, many thousands of orders have been saved property-owners by having our book on painting and coloring sent. Send us a postal card and get your free book.

JOHN T. LEWIS & BROS., CO., Philadelphia.

RESCUED.

On Lake Erie's Shores.—The Captain's Wife Tells the Story.—It Will Interest Many People.

(From the Buffalo Evening News.)

If you were to call at 27 Front Avenue you would find a pleasant elderly lady, Mrs. Captain Hecney by name. Her kindly smile and joyous manner are to no small extent due to the escape she has had. Her own words can better describe her rescue and one can easily understand her present happy condition when they realize what she has gone through. She says: "About five months ago I had an attack of sickness which lasted for a week and since that time I have been subject at intervals to similar attacks, some of which were longer in duration. It is hard for me to describe how I suffered. The pain would commence in my head, after which it would seem to pass down my body and settle in my back, my sides ached, my back ached, and I had a feeling of great distress in the bowels. The increased pain which seemed to come from lying down, would be almost unbearable, my face and stomach would blot up and I could hardly stand on my feet, dizziness made it almost impossible; this feeling was always with me even after the violence of the attack passed over. The last attack I had was the worst, and was so bad I would not have been able to tell this story but for Doan's Kidney Pills. As soon as I commenced their use I found immediate relief. The pain in my back and sides left me and the dizziness went with it; the bloating in my face and body disappeared and all distress in my bowels was gone. I have great faith in Doan's Kidney Pills; in a short time they did a great deal more for me than all the plasters and medicines which I had resorted to in seeking relief and cure. I hope always to be able to procure them."

For sale by all dealers—price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.
