The "Smoker" of Camp 112, P. O. S. of A., was a decided success as a smoker. It almost ended in fire.

Another banquet to Council would help to clear the vision of some of its members. They are groping in the dark yet.

After Philadelphia is Penrosed the committee may make it worth their while to visit Shenandoah and learn how our Councilmen do it.

President Cleveland missed it failing to call on the financiers of the Borough Council when be was negotiating that gold bond issue.

Taxpayers are beginning to gramble and with some reason. Through ignorance or carelesaness, or both, the town finances are badly mismanaged. It is in order for some of our Conneil

men to resign and retire from the public gaze. Their financial abilities are not of the kind for a town the size of Shenandosh. The Quay county opponents are living

in clover these days. Next week will wind up the spree and the Commissioners can mortgage the new court house to pay the bills. A man may be a success in bossing a

lot of greenhorns in and about the mines, but it is not such an easy matter to boss the finances of this town with any degree

Borrowing money, with pleuty of cash on hand, is like carrying coals to New Castle. That is what our smart Council did and paid dearly for the privilege of using its own money, roo.

Our Souvenir.

The HERALD has gone to considerable expense and labor to issue a souvenir edition of the paper on the 28th inst. It is intended to reflect the past history of Shenandoah, with its present status in the commercial and manufacturing world, and a full account of the progress made by the enterprising citizens. So far the paper has received but little encouragement from the representative citizens, or industries. Without them the edition cannot be what it was originally intended and a lack of support to an industrial edition of a newspaper cannot fall to make a poor impression upon the minds of those who are on the watch for enterprising towns. We have two banking institutions, half a dozen or more manufacturing concerns, and scores of business men and to go to press in the souvenir will almost like producing the play of "Hamlet" without the title role. Should such be the result the HERALD will not be at fault. It cannot afford to insert fulsome praise of any establishment when it is not deserving, nor can it go to heavy expense for the benefit of manufacturers and business men when they stand idle and indifferent to their own interests. The outside public will measure Shenan doah enterprises by the appearance of this industrial edition. The HERALD will do its share with excellent book paper, the highest priced ink, excellent half tone cuts and first class workmanship in every particular. This is all that can be expected of it. The business people must

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatone in such a way as to derive the greatest tenefit is a question every one must solve for himself. Pittshuno, May 11.—The Oliver Iron and Steel company granted the Amalgamated scale in all departments of the mill, and the men will return to work at once. The company voluntarily advanced the laborers 10 per cent. All employes in the Carrie furnace have been given an inerease of 19 per cent. The big Newcastle plant of James P. Murder and Suicide Through Jealousy. PHILADELPHIA, May 11.—August Tap-per, 18 years old, a pocketbook maker, shot and killed Clara Arnboldt, alias Smith. aged 26, on the sidewalk of 416 North Seventh street, and then killed himself. Tapper, who was a married man, had been a lover of the Arnholdt woman for some time, and it is supposed he killed her be cause she had tired of his attentions. Tap-per's wife refused to allow the body of the murderer to be taken into his late home and it was carried to the morque.

HOW THEY ECONOMIZE.

Some Facts Concerning the Borough

Council That are Not Consistent. A few weeks ago, in order to vent spite apon the Shenandoah newspapers, the Borough Council asked for bids from Pottsville publishers to publish the ordinance governing the public water works. The Chronicle was the lowest bidder at \$20 and received the coutract. The lowest home bid was \$30. A the last meeting of Council a bill of \$11 was paid for putting a draft of the ordinance in type from manuscript copy. At the same time a bill of \$5 for carriage hire to view the public water works was paid. A bill for refreshments will come in later.

With \$17,000 in bank to the credit of the Borough Council nearly \$8,000 of COUN CIL'S OWN MONEY is borrowed on a prom sory note, and nearly \$130 dollars is paid by the borough to have the note discounted for three months. At the same time Council complains that it cannot pay the fire companies their approprialons becaus- it is short of funds.

This is how the Borough Council is conomizing to get square with the town newspapers and snub D. R. James secause he would not dance to the music of the same men who sold out the Citizens' organization three years ago, and again two years ago because they wanted the whole hog or none.

Damaging Evidence Against Nutt. Atchison, Kan., May 11.—During the rial of James Nutt, of Dukes murder notoriety. Mrs. Payton, one of his victims, was on the stand. She said Nutt had ap-peared at her home on the night of Feb. 4, during the absence of her husband, while drunk, and made an indecent proposal to her. On her show of resentment Nutt of-fered witness money if she would promise iot to say anything about the insult. She would not promise, and upon the entrance of Leonard Coleman, the hired man, a minute later, Nutt suddenly began firing. Three builets ledged in Coleman and two struck Mrs. Payton before Nutt was finally overpowered. Nutt looks pale and care-

Ohio Mine Strikers in Good Shape. BELLAME, O., May 11.—The coal miners strike here will reach a crisis within the next ten days for better or worse. No coal will be allowed to enter Ohio mined by non-union men from West Virginia. If they do ship coal it will be stopped and trouble will occur. The report that large numbers of people in the mining towns in Belmont, Jefferson, Harrison and Guernsey counties were on the verge of starva-tion is without foundation. The minerwere never in better trim to continue the strike than now. Coal is getting scarce. They will not accept any price under sixty-

Judge Biddle's Peculiar Decision. CARLISLE, Pa., May 11.—Several Carliste newspaper men applied to the court for a rule compelling Clerk of the Courts Hollar to allow them to publish the entries upon the marriage license docket. Judge Biddle yesterday filed an opinion denying newspapers the right to publish such records. He says they may be published by grace, but not by right. The decision is directly the reverse of a decision by Judge Bland, of Reading, which ordered such records thrown open to the press, and the latter opinion was filed among the papers presented.

Convicted Indian Murderer Decamps. Caddo, I. T., May 11.—Yesterday was the time set for the execution by shooting of Johnson Jacob, a full blooded Choe-taw, at the Pushamataw district court conviction, he has been permitted to go where he pleased, but news renches here that he has adopted the white man's

CRICAGO, May 11 .- Mr. Kent, the new commissioner of public works, has dis-covered a stupendous system of fraud in the pay rolls of the department, and has prepared the evidence of the theft of public money for submission to the legal de partment of the city. It is estimated that \$1,000,000 has been stolen from the city in this manner by officials of different grades either through the aid of relatives or ward

Remarkable Change in Temperature. Chippewa Falls, Wis., May 11. — A most remarkable change in temperature has occurred in this vicinity in twenty hours. On Thursday the thermometer stood 96 degs, in the shade. In the evening it began to grow cooler, followed by a cool rain and hair. Yesterday the thermometer stood at freezing and all night there was a cold northwest wind and rain. The danger to the gardens and fruit buds is

True Home Enterprise.

Every citizen of Shenandoah is pecontarily interested in the success of home enterprise. The Columbia Brewing Company have their wagons and harness made here and buy everything they use and is produced in the town, of home dealers. They employ in their browery scople that live in the borough and keep their money at home. A Piece of Her Mind.

A lady correspondent has this to say:

"I want to give a piece of my mind to a certain class who object to advertising, when it costs them anything—this won't cost them a cent.

"I suffered a living death for nearly two years with headaches, backache, in pain standing or walking, was being literally dragged out of existence, my misery increased by dragging.

"At last, in despair, I committed the sin of trying an advertised medicine, Dr. Pierce's Favorite Prescription, and it restored me to the blessedness of sound health. I honor the physician who, when he knows he can cure, has the moral courage to advertise the fact."

The medicine mentioned cures all the delicate diseases peculiar to females, as "Female Wesakness," periodical pains, tregularities, nervous prostration, pasms, cholera or St. Vitus's dance, sleeplessness threatened insanity.

This money was invested in five bottles of Dr. David Kennedy's Favorite Remedy. "I suffered for nearly ten years with constipation, jaundles and billousness," writes Mr. D. A friend of mine spike about Dr. Kennedy's Favorite Remedy which I bought, and when I had taken three bottles I was what most people would call a well man, and two bottles more cured me.
