

Shenandoah's Queer Lot of Councilmanic Financiers.

From Miners' Journal. Shenandoah is the largest borough in matter of population in Schuylkill county, and it is one of the greatest coal centres and producing points in the anthracite coal fields.

It has also a Borough Council consisting of fifteen citizens, and among them are a few very correct and prosperous business men, whose shrewd and careful in transacting their own private affairs, and some of them have built up lucrative establishments.

In fact, if the statements of the local press and correspondents are true, the Council of that progressive borough is doing some queer financing.

The Borough Treasurer makes his deposits in the Merchants' National Bank, of town, and the borough does not receive one cent of interest, and this week, when the borough had about \$17,000 on deposit in the bank, a note for \$7,380 was given to the Jeannette Iron Works and the borough was obliged to pay over \$125 as discount.

The same paper supplemented the above with the following furnished by the Mahanoy City Record's Shenandoah correspondent:

What a costly adjournment that was of our Council last week. At the adjourned meeting held Tuesday evening, the treasurer's report of April was read, and it shows that there is a balance of \$17,005.58 in the treasury.

Commenting on this the HERALD expresses the opinion that "Council's way of economizing is a model one—saving at the spigot and leaking at the bung hole."

The present Council is composed of the following: First ward, William McGuire (president), Andrew Meluskey, James Kane.

Second, James McElhenney, F. E. Magargle, John P. Boehm. Third, Thomas J. James, Charles Straughn, David R. James.

Fourth, Augustus Gable, Patrick Kearns, Patrick Gaffigan. Fifth, Patrick Hand, Michael Dougherty, Richard Reese.

"Economy is wealth" is not one of the mottoes of this extraordinary and queer lot of financiers. When it comes to paying claims against the borough, Council does not take into consideration that much could be saved in the way of costs by instructing its Law Committee to settle.

The borough now has a dozen or more lawsuits on hand. There is the M. A. Boyer claim, which was decided on its merits by a jury against the borough, and the borough has carried the case to the Supreme Court, where it will most likely be affirmed.

"I burned my fingers very badly. The pain was intense. Dr. Thomas' Electric Oil brought relief in three minutes. It was almost magical. I never saw anything like it." Amelia Swords, Saundersville, O.

Young Republicans Denounce Addicks. WILMINGTON, Del., May 15.—At a largely attended special meeting of the Young Men's Republican club last night resolutions were adopted declaring that "Robert J. Hanby, Newell Ball, Charles L. Moore and John M. Robbins have been completely regardless of their plain duty as representatives of the people of Delaware in their determined opposition to the will of the majority of the Republican members of the legislature in the election of a Republican senator from this state."

Evidence of Jim Nutt's Insanity. ARCHBON, Kan., May 15.—In the trial of James Nutt the defense introduced the depositions of Mrs. Charlotte Nutt and Joseph A. Nutt, mother and brother of the prisoner. The depositions dwell upon the dullness of the prisoner, his lack of business qualifications, his poor judgment and deficient mental capacity.

The cycling season just opened promises to be the most notable one in the history of that noble pastime. Old riders seem to be more enthusiastic than ever, and the number of new recruits is phenomenal.

Thirteen Years Experience. MILLER'S FALLS, Wis.—"At different times during the past thirteen years," said Mr. W. A. Johnson, of this place, "my wife has been sick from kidney and liver complaint and ulceration of the stomach."

Last Change. The HERALD has begun to print the advance sheets of its silver anniversary souvenir edition, which is to be issued on the 28th inst.

An ugly crisis has been reached in the negotiations between the United States and Great Britain looking to the adoption of uniform regulations for the government of the seal fisheries this season. A local San Francisco paper says the United States contract labor laws are broken every few weeks by the arrival of large numbers of Japanese who come by every steamer under the contract of farmers in the interior of the state.

THE WINTER BEAST OF MAY.

Further Damage to Crops Reported in Different Sections. CINCINNATI, May 15.—Snow fell in many places in Ohio yesterday and ice and frozen ground to the depth of two inches were the unusual features of the middle of May. In Kentucky very low temperature was recorded, and great injury to the tobacco crop reported. In southern Ohio, even if the corn is killed, there is ample time to replant and have a good crop. There was more freezing weather last night.

MILWAUKEE, May 15.—Late advice indicates that, while there has been some damage done to fruit and vegetables in the southern portion of the state by the frost, it is not as great as expected, the high winds and cloudy weather warding off frost in many places. Taking all things into consideration, with the prospects of a return of the warm weather, the outlook is still decidedly favorable for a bountiful harvest.

GRAND RAPIDS, Mich., May 15.—Representative farmers and fruit growers from Kent, Ottawa and Muskegon counties, who attended a meeting of the West Michigan Farmers' club here yesterday were unanimous in the statement that so far fruit has not been injured by frost anywhere in the fruit belt south of the Muskegon river, though all were more or less disappointed to learn from the future.

NEW HAVEN, Conn., May 15.—For two hours before 3 a. m. the thermometer registered 30 degs. above zero. Farmers report that great damage has been done by frost to strawberries. Many grape vines are badly nipped.

DUBUQUE, Ia., May 15.—Reports from country districts state that last night's freeze was the severest of the present season. Snow fell in places and ice formed in lowlands. Fruit and early vegetation is blasted.

Good mothers use Laks' Syrup. SECRETARY KELSEY'S DEFENSE. He Declares That All His Expenditures Were Strictly Legal.

TRENTON, May 15.—The senate investigating committee took up the affairs of the office of the secretary of the state, with Secretary of State Kelsey on the stand. Mr. Kelsey, with the permission of the committee, read a long and carefully prepared statement, in which he quoted liberally from the laws of the state.

In his statement he declared that under the law he was entitled to \$10,000 annually for the expenses of his office—\$4,000 for his own salary and \$4,000 for clerk hire. If he had cost him more than \$4,000 for clerk hire to do the work effectively and promptly he would have been obliged to pay it out of the \$5,000 set aside for his own compensation. If it cost less he was clearly entitled to add it to the \$3,000. Comptroller Anderson had so interpreted the law. Mr. Kelsey called attention to the increased work entailed upon his office by the corporation act, which had cost an additional sum of \$11,000 from 1888 to 1894. Every dollar charged for under the corporation act was rendered.

In conclusion Mr. Kelsey said that he had followed long established precedent, but that his action had been uniformly in accordance with the requirements of law, as he believed and as he is now advised by eminent legal talent.

The Mother Retains Her Children. CHICAGO, May 15.—Judge Kohlstatt, after an all day hearing, dismissed the petition filed by Mrs. Sophia Lingie to remove her daughter, Mrs. Mary E. Whiting, as guardian of her own children. Mrs. Whiting is a prominent member of the American colony in Jerusalem, and the fight was made for the removal of her children from her upon the charge that the division of young people. The children, Ruth and John, are 14 and 12 years of age respectively. The mother of Mrs. Whiting left a large estate in trust for her grandchildren, to be paid to them when the trustee was sure that the money would be directed to no other use than the advantage of the children. Mrs. Lingie is an aunt of the children.

May Compromise Manitoba's School Sault. OTTAWA, Ont., May 15.—It is stated on apparently good authority that the Dominion and Manitoba governments have almost arrived at an understanding on the Manitoba school question. Manitoba, it is stated, will not object to allowing Roman Catholics the privilege of establishing separate schools while paying for them out of the taxes of the Catholics. Archbishop Langwyn, of St. Boniface, Manitoba, insists that the sisters of charity be allowed to teach in these schools without passing teachers' examinations. To this neither the Manitoba nor Dominion government is likely to consent. It is probable that a compromise will be effected.
