

ALMOST INCREDIBLE.

A Professional Nurse Afflicted With Bright's Disease of the Kidneys Finds a Cure.

(From the Buffalo News)

Mrs. A. E. Taylor has resided in Buffalo for over 40 years, her address is 250 Horner Avenue, as a professional nurse she has nursed back to health many a sufferer. Disease in all its varied forms have become as familiar to her as to the regular practitioner. Her occupation is one that taxes the strongest constitution, but the fatigue of long watching and nursing at last brought her to a bed of sickness. Mrs. Taylor speaks of her complaint and cure as follows: "After being confined to my bed for some time my disease assumed such a serious aspect that a doctor was called in. He pronounced my ailment Bright's disease of kidneys in the third degree and a very bad case. My limbs swelled up so that I could not walk across the floor or, indeed, help myself in any way. My face bloated up and my eyes swelled so that the sight was badly impaired. This condition continued for nearly two months without any marked improvement from the doctor's treatment. I have taken quarts of buchu and juniper. I tried battery treatment, but all without any lasting benefit until I felt like finally giving up in despair. Hearing of Doan's Kidney Pills I gave them a trial, and after taking three boxes I was able to get up without assistance and walk, something I had not done in months. I continued steadily to improve with their use. The swelling in my left leg, the color returned to my face, changing from a chalky color to a healthy bloom. I now consider myself entirely cured and I shall never rest praising the little pill that saved me."

"Doan's Kidney Pills are certainly a surprising discovery" for kidney ailments. I shall be glad to tell anyone of the wonderful cure they performed on me."

THE OPENING OF CHINA.

Japanese Merchants Open a Vigorous Commercial Campaign.

TROUBLOUS TIMES IN COREA.

Greatest Severity Used in Suppressing the Rebellion of the Tong Haks, Who Waged Cruel and Relentless Warfare—Corea Wanted Indemnity from China.

WASHINGTON, May 20.—The latest budgets of mail received at the Japanese, Chinese and Korean legations at Washington give much space as to the changed conditions resulting from the war. Lord Li, son of Li Jung Chang, is expected to be the new Chinese minister to Japan. The peace settlement will soon be followed by a restoration of diplomatic relations. Mr. Otori, now a member of the Japanese private council, is mentioned as a probable minister to China. He was formerly minister to China and knows the country thoroughly.

In an interview Mr. Otori tells the Japanese that having acquired commercial access to China will need much tact to carry on trade with the Chinese. He says British merchants have already pretty well occupied southern China, which is the best field, so that the Japanese had better turn their attention to the northern country, where the markets are comparatively untouched, although they supply millions of natives. He gives all the details of Chinese trade, showing among other things that the natives never pay cash for goods. They are scrupulously honest, and have three pay days, on May 5, July 10 and Dec. 30. The talk in Japan shows that the conquest of the armies are to be followed by an equally vigorous commercial campaign by the merchants.

Corea has passed through troublous times of late. The foreign ministers feared an outbreak, and armed guards were stationed at all the legations. There were thirty United States marines with United States Minister Sill at Seoul. Quiet has been restored, and the armed guards have been withdrawn. The trouble followed the rebellion of the Tong Haks. In suppressing them the government used great severity. A traveler that lately returned from the disturbed district reports that wherever he went he saw houses burned down, corpses of people murdered, and towns desolated and abandoned. This brought on mob agitation which threatened Seoul and led to the armed defense of the legations. The authorities at Seoul are now trying the ringleaders, and there is a liability that they will be decapitated.

The influence which Japan is now exerting in the modernizing of Corea is indicated by the formation of a court of appeal to look after those suffering from the recent outbreak. On this council of six members there are three Koreans and three Japanese.

The Korean government recently devised a unique means of raising much needed revenue. Observing that Japan was making heavy demands on China, and that China was not in condition to resist, the acting minister of public works of Corea suggested to Count Inoy, the Japanese envoy, that Corea should also put in a claim for damages against China. He argued that China's arbitrary course had brought on the war, and Corea had suffered many calamities therefrom. He urged also that he should personally undertake the duty of negotiating and of meeting Li Jung Chang at Shimonsiek, where the Japan-China terms were then being arranged. Count Inoy discouraged the project, and it was not executed.

The loan of three million yen which Japan made to Corea in order to put the country on its feet, has begun to be paid. Half a million was turned over the first of last month, and the remaining two and a half million is subject to call by Corea.

The Japanese are looking over the possessions they have recently acquired. A large force of expert surveyors are at work in and around Port Arthur, with the purpose of finishing the survey by July, although these plans may be altered now that the permanent possession of Port Arthur has been given up as a result of the protest of the European powers. The investigations as to the value of the Island of Pseudorus has not been encouraging. Formosa gives better prospects, and already capital is being invested to put in large sugar refineries, which will, it is said, add a new element to the world's sugar production.

The Rush for Western Homes.
GUTHRIE, O. T., May 21.—The publication of the president's proclamation opening the Kickapoo Indian country to settlement created great excitement in this section. Everything from a horse to a bicycle is being put in readiness for the coming race for farms, which bids fair to equal the great rush to the Cherokee strip. Next Thursday at noon 122,000 acres will be thrown open to settlement. Eighty-three thousand acres have been reserved for school land purposes, but Governor Renfrew gave out word today that he will immediately throw open the school lands. This fact will help hundreds of people who will fall to get in on the ground floor in Thursday's race. It is estimated that by Wednesday night 70,000 people will be lining the border of the Kickapoo country.

Sunday Evening Murder in Baltimore.
BALTIMORE, May 20.—Frank Harris (colored), aged 25, was shot dead last evening by Robert Lear (white), in the yard of the latter. Harris and some consulting companions attempted to force an entrance into the house of Lear. Members of his family and friends resisted the colored man. A free fight followed, and Harris, the leader of his side, was killed. Lear and several of the fighters have been arrested.

Inspector McLaughlin's Trial.
NEW YORK, May 20.—Counsel for Police Inspector McLaughlin obtained a stay of proceedings until June 8 when the final application for a change of venue will be made and decided. The application is based upon all affidavits alleging that the defendant cannot obtain a fair trial in this county.

Twelve Years for Two Murderers.
PITTSBURGH, May 20.—George McChelland, who was convicted in the second degree of the murder of E. K. Sutton, a Trenton non-union glass worker, and Wilson Fields, who pleaded guilty, were each sentenced to twelve years in the penitentiary by Judge Stovess.

Buried Against a Post and Killed.
BALTIMORE, May 20.—Frank L. Russell, conductor of an open car on the Pottsville, Lehigh and Knory Grove railroad, while standing on the step collecting fares, was hurled against a trolley wire post and killed.

ANSWERING McCORKLE.

The Commander of the Virginia Troops at Pocahontas SAYS HIS PICKETS WERE FIRED ON.

He Declares That on Three Different Nights Thirty-Eight Shots Were Fired, and Expresses the Opinion That the Presence of the Military Alone Prevented Bloodshed.

POCAHONTAS, Va., May 20.—Yesterday the miners held two meetings—in West Virginia, at Simons, and near Pocahontas in the evening. The meetings were not so well attended and the colored element prevailed. The course of Governor O'Ferrall was condemned, while Governor McCorkle was applauded as being consistent and patriotic. The Italians here still refuse to work. The Southwestern Coal company claim to have 800 men on duty.

The following statement has been given to the Associated Press reporter here by Major Simons, commander of the Virginia troops, in reply to Governor McCorkle's statement:

"Each of my outposts are under the charge of a commissioned officer, who is required to render a written report, when relieved, of the occurrences during the previous twenty-four hours. On the night of the 9th the officer in command of Coal Branch Station reported that his sentinel was fired on six times. On the night of the 9th they were fired on fifteen times, and on the night of the 17th seventeen shots were fired, and two of the sentinels narrowly escaped being hit.

"In the two last instances I was within hearing of the shots, which were fired from the adjacent hills toward the West Virginia side. The officers under my command are efficient, reliable and intelligent, and I do not believe they would render a sensational report officially.

"We have not interfered with West Virginia men in any way except to prevent their interference with the men who were disposed to work in the Virginia mines. We are here for the maintenance of law and the preservation of order and the protection of citizens of Virginia engaged in their legitimate pursuits, and not to molest any citizen of West Virginia.

"From all the information I have been able to gather I am of the opinion that but for the presence of the military the Virginia miners would not have been permitted to continue operations, and that there may have been bloodshed and destruction of property."

China's Public Debt.
WASHINGTON, May 20.—A careful compilation of the figures of the Chinese national debt shows that at the present moment it aggregates only \$10,000,000, a sum insignificant in view of the great resources of the nation. The first Chinese loan was emitted in 1875, and since that date there have been various issues, mostly for small amounts. The rate of interest on these loans varies considerably, probably owing to the different character of the security offered, but the highest figure is 10 per cent, and it may be significant that the last, made during the penicency of war last year, was placed as low as 7 per cent. Most of these loans were paid to the Chinese in silver, but in only two instances is it stipulated that they shall be repaid in the same metal and the balance must be returned in gold. It is believed here that the Chinese will have no difficulty in raising the entire amount of the indemnity to be paid Japan.

Urging Archbishop Kenrick's Removal.
ST. LOUIS, May 20.—Prominent Catholic clergymen and laymen are plaintiffs in a suit filed in the circuit court against the venerable Archbishop Kenrick by priests of his diocese and laymen to divest him of all title and control in the valuable church property of the archdiocese of St. Louis held by him in fee. The petition avers that the defendant is 89 years old and so weak in mind as to be unable to perform the duties of his office. The prayer for the appointment for another trustee is only a request that the law transfer the diocesan property to coadjutor Archbishop Kain.

Trolley Car Fell with a Bridge.
NORRISTOWN, Pa., May 20.—A bridge on the Philadelphia and Reading pipe crossing the Trenton cut off railroad in Plymouth township, fell Saturday afternoon, carrying down with it summer car No. 16 of the Schuylkill Valley Traction company, crossing at the time. The bridge, a temporary wooden structure, was seventy-two feet long and thirty feet high. The car contained the fatal number thirteen persons, but owing to some fortunate circumstance no one was killed, and only five were seriously injured.

Burglars Held for Trial.
LANCASTER, Pa., May 20.—Two robbers, George Williams and John Green, who tied the family of Abens C. Mylin, near Willow street, last week and robbed the premises, were given a hearing by Alderman Hallback and committed for trial on various charges. Williams, who claimed to be from Philadelphia, was identified as Daniel Landis, a former hack driver of this city. The men will probably be tried at the June term.

An Old Couple Chloroformed and Robbed.
JOHNSTOWN, Pa., May 20.—Word was received in this city of a daring robbery which took place at the residence of Hiram Hoffman, near Davidsville, Somerset county. While Mr. and Mrs. Hoffman, both of whom are advanced in years, were sleeping, two men entered the house by raising the window, and after chloroforming the couple ransacked the house and succeeded in obtaining about \$600 in money and securities.

Bank Examiner Closes Arrests.
HARRISBURG, May 20.—Joseph E. Raymond, one of the receivers of the Harwood and Campbell Manufacturing company, and Joseph Campbell, one of the directors of the defunct Middletown bank, were arrested on information furnished by Special Bank Examiner B. E. Thompson, who has been making an examination of the institution for the past couple of weeks. They were held in \$5,000 bail each.

Turkish Pilgrims Wrecked.
JERUSALEM, May 20.—A Turkish pilgrim steamer carrying Mohammedan pilgrims going to Mecca was wrecked on the Red sea yesterday. There were 700 people on board, all of whom were saved.

The American Cyclist Defeated.
PARIS, May 20.—At the Velodrome de la Seine yesterday Houben, the Belgian champion bicyclist, beat Banker, the American, by a short length.

HEART DISEASE!

Fluttering, No Appetite, Could Not Sleep, Wind on Stomach.

"For a long time I had a terrible pain at my heart, which fluttered almost incessantly. I had no appetite and could not sleep. I would be compelled to sit up in bed and belch gas from my stomach until I thought that every minute would be my last. There was a feeling of oppression about my heart, and I was afraid to draw a full breath. I could not sweep a room without resting. My husband induced me to try

Dr. Miles' Heart Cure and am happy to say it has cured me. I now have a splendid appetite and sleep well. Its effect was truly marvelous."

MRS. HARRY E. STARR, Pottsville, Pa. Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 50¢ per bottle, or it will be sent prepaid on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
