New Youn, May 20.—Dr. Gibner received two patients yesterday from West Vir-ginia at the Pasteur institute. They are W. L. McLain, 18 years old, and his brother Ernest, 10 years old. The boys are the sons of W. L. McLain, a farmer of Rock Cave, W. Va., who were bitten on April I while at work on their father's farm, bly dog belonging to a neighbor came into the field where the boys were. The younge boy snapped his fingers at the dog. This seemed to carage the animal, and jumping at Ernest McLain it bit him in both hands The elder brother ran to Ernest's assist ance and was also attacked by the dog. A cousin of the McLains who was at work in an adjoining field went to the rescue. He drove the dog away, but not before he re-ceived a bite on one of his fingers. The cousin could not be prevailed upon to be treated by the Pasteur method.

THE LEVY CASE.

A Question of Importance to Our Merchants Still Left Undeclded.

At the term of criminal court that nded last week the case of one Moses Levy was on calendar. Levy was charged with a violation of the peddling law. He was arrested in this town in March last. After the Grand Jury had heard Detective Amour and his witnesses in behalf of the Commonwealth they made a return of no true bill and directed that the

county pay the costs. cally y was arrested while selling pio d p s in frames manufactured by the on des Jacobs Manufacturing Comtimb, of Chicago, Ill. It is known that defense, in case Levy had been put to , would have been that Levy is the ried agent of the company and sells framed pictures as the property of company and, therefore, was guilty of folation of law.

ordit why should the Grand Jury have readwed the bill There was sufficient to eace that Levy sold the pictures notily, right on the streets, and from to door. If these facts were so tesevid 1 to, and there is no doubt of it, then ilwi did the Grand Jury undertake to debore line the question of law involved, viz: Piether Levy had a right to sell as he

is regretted that the case did not go agre cial, for then the question would have parts raised and settled, for this county at of pt, as to whether, under the commerce and se of the national constitution and inter-state commerce law, a manu-HOLE urer in one state can sell his products ban other states without being taxed. It may be safely assumed, however, that the result before the Grand Jury is just what would have been done had the case gone to a jury. The case of Brennan vs. the City of Titusville, which went up from our State Supreme Court to the United States Supreme Court was reversed in an elaborate opinion (Volume 153) by Chief Justice Brewer, in April, 1894, declares the imposition of a tax, or license, in such cases as unconstitutional, and this decision has been followed by a number of the various courts during the

As Others See Us.

From Mt. Carmel Item. Shenandoah is in a bad way. Its borough council is giving out notes in payment of bills and paying discounts while there is money in the treasury. The council is hiring teams frequently to visit a bungling job at their water works; they appeal judgement time after time and double the original claim and to add to it all gave a big banquet. To break the monotony of things, the base ball team of the town won a game the other day while on another occasion on a rainy day the manager made the Carbondale team play his team to get even and there was attendance, but he paid the guarantee.

Marvelous Results.

From a letter written by Rev. J. Gun-derman, of Dimondale, Mich., we are permitted to make this extract: "I have permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at A, Wasley's drug store. Regular size 50c. and \$1.00.

A Timely Warning.

A legal opinion expressed some time ago by the Supreme Court of Pennsylvania is so pertinent to our present situa tion with reference to borough management and expenditures that we give it space for the consideration of our readers and citizens generally: "The constant element in municipal affairs is the unremitting desire of the politician to gather masses of votes, and of the contractors to place men who furnish them to prey upon the City Treasury. The people who do not pay are always ready to create debts against the people who must pay. They who do not pay the piper are ever ready to dance to his music.'
