TROUBLE IN STORE FOR "SOONERS"

Deputy Marshala Will Arrest All of Thes-Individuals Who flave Invaded the Reervation in Advance of the Time Name in the President's Penclamation.

OKLAHOMA CITY, O. T., May 23.—All night long the roads leading to the Kick-apoo country wers crowded with men on horseback going to the Kickapoo border in anticipation of the opening of the reser vation to settlement at noon today. The crowd is much larger than was autici pated here. There is hardly an able bodies man in this town this morning. The banks have closed for the day, and the re port was started that a raid by outlaws was feared.

Plenty of queer outfits are going out. This morning a bus drawn by four horses took out a townsite party. It carried big tents and wet and dry supplies and inside were the town projectors and the men who will open the first hotel and restau-cant. One body of horsemen, over 100 strong, started out yesterday. They pre-sented a fine appearance as they went through the streets four abreast with Win chesters and canteens strapped to their addles.

The railroad put cheap fares into effect on Tuesday, and the trains at midnight came in with people standing in the aisle of the cars and on the platforms. Many o them were compelled to walk the streets all night, as every bed in town had been engaged. There is not a horsein town for hire and very few for sale at an enormous price. Horses that a week ago were not worth \$10 are selling for \$50.

Hyatt, the Kansas boy who was first in line at the land office, sold his place on Tuesday night for \$500 to a lady who wants to mo're use of a claim. He has been engaged to hold the place for her, and will make the race on the land for

United States Marshal Nix sent a dozen deputies into the Kickapoo county to ar-rest "sooners" and take them before United States Commissioner Wilkinson, who is stationed at Kickapoo Falls. The "sooners" are liable to a fine of \$1,000 each. It is said that some of the "sooners" are desperate men from all parts of the country, and that the deputies are likely to have trouble in getting them. A man who came in from Shawnee says that the country has already filled up with "sooners," so there will be more of that class than honest home seekers.

It was reported here yesterday that Bill James' band of Kickapoos had been in council on the Deep Fork since Sunday night talking about the coming of the white men, which they had learned from a man carrying the news to Chandler. The man who brought the report in said that they were all armed and had plenty of ammunition and numbered about 150 braves and squaws. This band had been sullen ever since United States Agent Neal went among them for their names. The story is laughed at, but Marshal Nix said they might be troublesome, and he has wired for instructions.

is estimated that at least 10,000 men will make the run from that line, run two miles across the Kickapoo allottments and meet runners from the south. When the two bodies get together trouble is predicted. The men from the south have a little the better of it in distance, but have an uphill run through timber, while the others run further, but straight away. A number of members of a New York colony will make the run more for amusement

than anything else. The streets of Oklahoma City resemble those of Arkansas City just prior to the bry around Oklahoma at least 300 will run | ball team here this season. for claims.

A number of Iowa Indians will run, claiming that as they are now citizens they have a homestead right. Others are selling their ponies to boomers, and will spend the money and then ask the government to furnish more horses to them.

She Asks Uncle Sam's Mediation with France.

THAT COUNTRY ALMOST ISOLATED.

Neither Prance, Great Britain, Germany, Spain or Belglum Are Represented in Venezuela, and to Overcome This Isolation She Asks Our Kindly Offices,

WASHINGTON, May 23. - The United States has been again asked to act as in-termediary in an international complication. This time the trouble is between France and Venezuela, resulting in a complete termination of diplomatic relations between them. The French minister at Caracas recently was given his passports, whereupon France sent two warships to take away her minister and all the lega tion archives. At the same time France handed to the Venezuelan minister at Paris his passports and he summarily departed.

The request for the mediation of the United States is made by the Venezuelan government through its minister at Wash ngton, Sener Andrade. He was instructed by the Venezuelan minister of foreign affairs a short while ago to request that the United States ambassador at Paris, Mr Eustis, be asked to act intermediary in restoring friendly relations between the two countries. Department officials will not discuss the subject, and it cannot be learned whether instructions have ye been sent to Ambassador Eustis. Should the United States undertake

the reconciliation it will make two ques tions in which our officials are negotiator with European governments on behalf of Venezuela. Ambassador Bayard is al ready engaged in effecting a solution of the British Venezuela question. There appears to be no reason why the

United States should not act in the present case, as it is said to involve no possi bility of trouble or strained relations be tween France and this country. It will however, further impress European na-tions with the care with which the United States looks after the interests of South and Central American republics.

The trouble between France and Vene zuela originated about four months ago. A number of European ministers residing at Caracas united in a confidential note to their respective governments, in which they told of the lax condition of the government and the tendency of Venezuelan officials to avoid the settlement of just claims. The note was signed by the ministers of France, Germany, Spain and Bel gium.

The Italian minister did not sign it, but sent to his government "for information." By mischance the "confidential" was omitted from the note, and Italy published it, with the signatures of the four ministers, in the Italian Green Book. Venezuela thus was publicly pilloried. She at once gave their passports to the French, Spanish and Belgian ministers, but the German minister had left before this indignity could be offered to him.

By this step Venezuela was almost cut off from relations with leading nations. Great Britain withdrew her ministers some time ago because of the boundary trouble. It is with a view of overcoming this isolation that Venezuela now asks the kindly offices of the United States toward resuming relations with the rest of the world.

Fruit Damaged in New York.

BUFFALO, May 23.—The repeated frosts have seriously damaged the fruit in Niagara county. Henry Lutts, proprietor of the Niagara River Nurseries at Youngstown, one of the largest and oldest fruit growers in that famous fruit district says that he is warranted in the state ment that the grape crop will be a total failure. The peach orchards will not yield more than 10 per cent. of a crop apples, plums and cherries about one third of a crop and strawberries are wholly destroyed, although a second crop may be expected of later berries.

To Command British Troops in Ireland. LONDON, May 23.—The Chronicle an-nounces that Lord Roberts, of Kandahar, has accepted the succession to Lord Wolsely in command of the forces in Ireland. This appointment was foreshadowed as being part of a plan involving the re tirement of the Duke of Cambridge from the post of commander-in-chief and the making of Lord Wolsely chief of the staff at headquarters.
