Legal Defeat for Hetty Green.

WASHINGTON, May 28.—Hetty Green, the New York multi-millionaire, was defeated yesterday in her attempt to have a bill of sale for some Chicago property worth over \$500,000 set aside by a decision of the supreme court. The legal contention over this property covered many years. In 1864 Robert W. Hyams, now deceased, purchased the property for the joint account of himself and Hetty Green's father. In 1888 Hetty Green secured a decree for the winding up of the joint venture entered upon in the lifetime of Robert W. Hyams and her father, the sale of the property not to be valid unless it brought \$600,000. Under that decree the property was sold to George M. Bogue, et al., for \$602,000. Mrs. Green and her husband filed objections to the sale on the ground that Bogue was not the bona fide purchaser.

BYRNES' RESIGNATION.

New York's Police Chief Steps Down and Out.

A CELEBRATED THIEF TAKER.

During Four Years Administration of the Detective Bureau of New York Over 5,300 Arrests Were Made and Sentences Aggregating 10,000 Years Were Imposed.

New York, May 28.—Chief of Police Thomas Byrnes has been retired from the force by the police commissioners. His application for retirement was placed before the board by Commissioner Parker and it was unanimously accepted. Inspector Peter Conlin has been made acting chief of police and Captains Moses W. Cortright, Brooks and McCullagh were appointed acting inspectors. At 3:45 o'clock yesterday afternoon Mr. Byrnes shook hands all around with the attaches of the building and with tears in his eyes left the building.

Thomas F. Byrnes was born in Ireland in 1849 and was brought to this country when a child by his parents. He served in the civil war in a New York regiment of volunteers for nearly two years. In 1863 he was made a member of the New York city police force, was made roundsman about four years later and in 1869 he was promoted to sergeant. He was appointed captain in 1870. The first precinct he commanded was the East Fifty-first street, and afterward he was sent to the Mercer street station.

It was while he was captain there that he became famous and noted as a detective through his successful work in the Manhattan bank burglary. His success was so marked that he was designated to reorganize the detective bureau at headquarters. This was in 1879, when he was transferred and placed in charge of the detectives. He was promoted to inspector, and under his leadership the detective bureau became a most successful institution.

A special law was enacted several years ago creating the office of chief inspector for Mr. Byrnes at a salary of \$5,000 per year. He held this office until he became superintendent, on April 12, 1888, succeeding William Murray, who was retired on that day. During the first four years of Mr. Byrnes' administration of the detective bureau more than 3,800 arrests were made. During the entire time that he was in charge of the bureau the criminals arrested by his men received sentences to state prison aggregating 10,000 years.

SHAKERS AND DOCTORS TALK TOGETHER.

In his able work entitled "Longevity," published a few years ago, Dr. John Gardner, of England, predicts that a vegetable agent will yet be found that shall so retard those changes that bring about old age as to prolong human life much beyond its present limit.

Acting, perhaps, upon the impulse produced by this thought, many eminent physicians have called from time to time upon the Shakers of Mt. Lebanon to inquire of them concerning the secrets of medicinal plants, in which these sincere, simple-minded and God-fearing people are known to be wise and skillful beyond all other men.

The Shakers willingly told what they had learned, and in turn received from their visitors much valuable information about disease, which they at once made practical use of. The most important point was that of a genuine and certain remedy could be found for indigestion and dyspepsia, and the ailments growing out of it, a long step would be taken in the right direction. Old age, said these physicians, begins in a failure of the digestion, and so do most diseases at any and all periods of life. The result of these consultations was the discovery by the Shakers of the desired specific, made wholly from herbs, and now known as the Shaker Digestive Cordial. Its action is magical and worthy of its origin.

Where there is distress after eating, heartburn, sick headache, bad taste in the mouth, biliousness, weakness and weariness, cold hands and feet, aversion to food, nervousness, or any other symptoms of dyspepsia, the Cordial will prove its curative virtues. Behind it is the reputation of a people who have never defrauded or deceived their fellow men.

In order to test whether this remedy is adapted to your case, at practically no cost, you may procure a trial bottle for ten cents of almost any druggist.

DEBS MUST SERVE TIME

The Supreme Court Refuses a Writ of Habeas Corpus.

FURTHER PROSECUTION UNLIKELY

It Is Not Believed the Government Will Press the Criminal Charges Against Debs and His Associates—Vice President Howard Ready to Go to Prison.

WASHINGTON, May 28.—The United States supreme court yesterday denied the application of Eugene V. Debs, the leader of the American Railway union's strike in connection with the Pullman boycott, for a writ of habeas corpus. The decision was read by Judge Brewer, and was unanimous. All the contentions of the government were sustained.

The conclusions of the court, as announced in Judge Brewer's opinion, were that the government of the United States was one having jurisdiction over every foot of soil and over every individual within the boundaries of the United States, and that while it was one of limited powers it had sovereignty within those limitations. It had power to invoke civil courts to remove obstructions to interstate commerce, and the civil courts had the right to enjoin those who made obstructions to such commerce.

The injunction was not to be a criminal process for acts done in violation of the injunction. The circuit court having final jurisdiction, its act was not reviewable by the supreme court on a petition for a writ of habeas corpus, and therefore the writ was denied.

It is not likely, in view of the decision of the supreme court, that Debs and the other officers of the American Railway union now under indictment for violations of the anti-trust and the mail obstruction acts, will not be called upon to stand trial. Under this decision Debs will serve his sentence of six months in jail, and it is thought that the government will consider this a sufficiently severe punishment, without prosecuting the criminal cases against him or his associates.

VICE PRESIDENT HOWARD READY.

In a Hurry to Serve His Time Before Thanksgiving Day.

CHICAGO, May 28.—George W. Howard, the former vice president of the American Railway union, was the first of the men to offer to surrender himself to United States Marshal Arnold and begin his uncompleted sentence. He was informed that the marshal must first get the mandate of the supreme court, and that it will be a week or more in reaching here. "You know where to find me," said Howard. "I cannot go back to Woodstock too quick. I want to get through with the sentence. The opinion of the supreme court was no surprise to me. In fact I was opposed, as were most of the others, to taking up the issue. If the appeal had been sustained we would have gained a point for labor organizations, but not saved ourselves from jail. Now what do we get? Double time. Had the boys followed my advice and left the thing alone we would have been out of jail on April 1. Now we will get out in time to get in time to participate in next year's Decoration services. The truth of the matter is, our lawyers made a mess of it." C. S. Darrow, counsel for the defendants in the Debs case, said: "A week ago that august body the supreme court, decided against the income tax. Today it follows suit against Mr. Debs and his colleagues. Such action shows how the land lies, and is pretty plain notice to the people on which side the supreme court stands. Workingmen and their interests are as much outside of the supreme court's world as if the former were the inhabitants of another planet."

EUGENE DEBS FEELS BITTER.

He Says "Every Federal Judge Now Constitutes a Czar."

TERRE HAUTE, Ind., May 28.—President Eugene V. Debs, of the American Railway union, whose case was acted upon yesterday by the supreme court, was seen at his home last night and said: "I know only of the decision as it appears in the evening dispatches, and assuming that it is correctly reported it appears that the case was not decided upon its merits, but that it was found that the circuit court, having final jurisdiction, its act was not reviewable by the supreme court, and therefore the writ was denied. "I expected a favorable decision, but I am not disappointed. After the decision by that tribunal upon the income tax bill I am not at all surprised to see the decision of the lower court affirmed in our case. Both decisions are absolutely in the interest of the corporations, syndicates and trusts, which dominate every department of the federal government, including the supreme court. "Jefferson's prophecy is being literally fulfilled. The 'sappers and miners,' as he denominates them, are at work undermining the federal republic. State rights are practically eliminated, while the rights of a citizen to a trial by a jury of his peers as vouchsafed by the constitution, is broken down. Every federal judge now constitutes a czar."

Cripp's Great Victory.

ROME, May 28.—Total returns from the elections of Sunday show that there were elected 326 Ministerialists, 102 Constitutional Opposition, 31 Radical Opposition and 14 Socialists. In thirty-five districts rebellions are found to be necessary, and in nineteen of these the plurality was in favor of the government.
