## Evening Herald.

FRIDAY, MAY 31, 1895.

THE EVENING HERALD ACCEPTS AD-  
VERTISING ON A DISTINCT GUARANTEE THAT  
ITS CIRCULATION IN SHENANDOAH IS LAR-  
GER THAN ALL THE DAILY NEWSPAPERS  
COMBINED THAT COME TO TOWN. OUR  
PRESS ROOM AND BOOKS ARE OPEN FOR  
INSPECTION. WE COURT COMPARISON. WE  
ALSO GUARANTEE PUBLICATION IN ALL THE  
EDITIONS.

The solicitude of the Chicago restau-  
rant proprietors for their patrons' dig-  
estion is delightful. The printed bills of  
fare all contain the advice, "After eating  
here use Peppin chewing gum."

In New York the other day 800 school  
children who had been induced to attend  
a fake entertainment, and were swindled  
out of their money, drove the fakirs into  
the cellar, wrecked the theatre, broke up  
the furniture, smashed the stage, as-  
saulted the policeman who tried to pro-  
tect the fakirs, and finally stoned a squad  
of officers who arrested the swindlers.  
And we don't know but the rascals got  
just what they deserved. The man who  
swindles a lot of children deserves the  
severest punishment. In this instance  
the boys and girls took the punishment  
in their own hands and it seems to have  
"Aided the crime."

### ROUGH ON NEW YORK.

Rev. Thomas Dixon preached in New  
York city on Sunday on the "Seven  
Plagues of New York," saying that for  
twenty years Protestantism had been a  
colossal failure. "As at present consti-  
tuted," he said "the majority of the  
churches in the city are doing nothing,  
but are a positive hindrance to the pro-  
gress of Christianity and are repudiated  
by the spirit of Christ. They are an  
incumbrance upon the face of the earth,  
a plague and a hindrance to the advance-  
ment of truth, because they are as Christ  
says in the Gospel, "Neither hot nor  
cold." The Baptist denomination in this  
city own \$4,000,000 worth of property, and  
although within the last twenty years  
15,000 children have been born in that  
faith, the church has in that time lost  
2,000 members. The combined wealth of  
the Baptist, Presbyterian and Methodist  
churches here is \$10,000,000. There are in  
these churches the brainiest men of the  
age, and yet they are not holding their  
own. They are a curse, because they are  
only maintaining the traditions of a dead  
past. Their machinery is so much sacred  
junk—holy junk, to be sure, but junk all  
the same—that should be put up at auc-  
tion and sold to the highest and best  
bidder.

"What the people want is a new church,  
a church that will be popular, a church  
that will reach the masses, and that is  
what the churches of New York are try-  
ing to avoid. There are 90 per cent. of  
the population of New York tenants, and  
the remainder landlords. The churches  
of today are trying to catch the 10 per  
cent. and let the 90 per cent. go by the  
board."

### VOTING BY MACHINE.

The town of Mt. Vernon, N. Y., four-  
teen miles from New York city, held its  
annual election for Supervisor, Assessor  
and five Aldermen last week. The  
peculiarity of the election was that it  
was the occasion of the first use in  
Westchester county of the new Meyer  
balloting machine. A dispatch from Mt.  
Vernon says: "At today's election the  
machines worked perfectly and were de-  
clared a great success. The voters had  
no bother with folding ballots and mak-  
ing mistakes, as was the trouble under  
the old system. A voter entered the poll-  
ing place, and after calling out his name  
to the poll clerks, went directly to the  
box, the door of which was opened by  
the inspector, who called out to the voter  
"Close the door, push in the buttons  
which you want to vote until they stick,  
and then pass out through the other  
door." It took the voter but a few sec-  
onds to vote and pass out of the voting  
booth. During the whole day there was  
not a hitch in the voting, nor any trouble  
at the polling places." There were  
delegates present at the various polling  
booths from New York city, Philadel-

phia, Boston and a large number of  
other cities and towns to see how the  
machines worked, with a view to in-  
troducing them in their respective com-  
munities. The test of speed made last  
week shows that one hundred and fifty  
votes can be cast in an hour. It took only  
ten minutes after the closing of the polls  
to have the full returns read off at Lin-  
coln Hall. Under the old system it took  
from two to four hours to obtain the full  
count of votes.

This wonderful machine should be in-  
troduced in every voting precinct in this  
state. It would be a good thing for a  
town like Shenandoah where the bulk of  
the voting is done in a few hours.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

### A Cheap Trip to the Rockies.

The annual meeting of the National  
Educational Association, which is to be  
held in the city of Denver next July, pre-  
sents an excellent opportunity to visit  
the scenic wonders of Colorado and Utah  
at a very small expense, and no teacher  
should miss what promises to be one of  
the largest meetings ever held. All the  
railroads have made very much reduced  
rates from the east and the lines beyond  
Denver have made corresponding reductions  
to all the mountain resorts; the  
"Circle" trips and to Salt Lake City.

The "Burlington Route," Chicago, Bur-  
lington and Quincy Railroad, which oper-  
ates over its own tracks from Chicago and  
St. Louis direct to Denver, is the short  
line and people's favorite to the Queen  
City of the Plains, and teachers and their  
friends should be sure to select it for their  
journey.

Pamphlets descriptive of Colorado  
scenery and general information concern-  
ing rates, routes, etc., to the Denver ter-  
minal can be had on application to

HARRY E. HELLER, T. P. A.,  
Allentown, Pa. Burlington Route.

### "Grin Like a Cheshire Cat."

"Well, well! Didn't ever hear of a  
"grin like a Cheshire cat" Why, you see,  
a man down in Cheshire had a cat which  
grinned and grinned until there was  
nothing left of the cat but the grin,  
just as some scrofulous people, who don't  
know of Dr. Pierce's Golden Medical  
Discovery, get a cough, and then cough  
and cough until there is nothing left of  
them to erect a monument to but the  
cough."

The "Golden Medical Discovery" is the most  
effective, anti-bilious, anti-dyspeptic,  
strong giving remedy extant. For weak  
lungs, lingering coughs, spitting of blood,  
scrofula, sores, pimples and ulcers, it is a  
wonderful and efficacious remedy. Send  
6 cents in stamps for a book (100 pages) of  
these diseases and their cure. Address:  
World's Dispensary Medical Association,  
Buffalo, N. Y.

Dr. Pierce's Pellets cure constipation,  
piles, sick headache, and indigestion, or  
dyspepsia.

who are not receiving their paper regu-  
larly and people who wish to receive the

### How to Treat a Wife.

(From Pacific Health Journal.)  
First get a wife; second, be patient.  
You may have great trials and perplexi-  
ties in your business, but do not, there-  
fore, carry to your home a cloudy or con-  
tracted brow. Your wife may have trials,  
which, though of less magnitude, may be  
harder for her to bear. A kind word,  
a tender look, will do wonders in chasing  
from her brow all clouds of gloom. To  
this we would add always keep a bottle of  
Chamberlain's Cough Remedy in the  
house. It is the best and is sure to be  
needed sooner or later. Your wife will  
then know that you really care for her  
and wish to protect her health. For sale  
by Grubler Bros. Druggists.

### Four Killed by a Boiler Explosion.

RALEIGH, N. C., May 31.—The boiler at  
Deal's sawmill, near Downsville, Cald-  
well county, exploded, resulting in the  
instant death of Fireman Ed Deal, Pender  
Oxford and Gordon Oxford, and fatally in-  
juring Reuben Jones, who died five hours  
after. Two other young men were badly  
bruised and scalded, but will recover. The  
fireman had recklessly weighted down the  
safety valve. The mill for some reason had  
been stopped temporarily, and all six were  
standing in a group near the boiler when  
it exploded.

### A Bid for the Republican Convention.

PITTSBURG, May 31.—The city is mak-  
ing a strong bid for the Republican na-  
tional convention of 1896. The Times has  
started a guarantee fund of \$100,000 to de-  
fray expenses. All the newspapers and  
business men are making every possible  
effort for the convention, and much en-  
couragement has been received from na-  
tional committeemen in favor of Pitts-  
burg.

### Both Father and Baby Killed.

LEBANON, Ind., May 31.—Attorney  
Thomas Tyre fell from a fifth story win-  
dow and alighted upon his little baby in  
its carriage yesterday. The little one was  
killed instantly and Tyre's neck was  
broken. He was cleaning a window in his  
office when he lost his balance and fell.

### Killed by the Heat.

CINCINNATI, May 31.—The first victim  
of the excessive heat was reported yester-  
day when an unknown man, overcome by  
the heat, fell dead on the street. He was  
50 years old.

cure of all female complaints, exerting a  
wonderful direct influence in giving  
strength and tone to the organs. If you  
suffer from loss of appetite, constipation,  
headache, fainting spells, or are nervous,  
sleepless, excitable, melancholy or  
troubled with dizzy spells, Electric Bit-  
ters is the medicine you need. Health  
and strength are guaranteed by its use.

## Weak, Tired, Nervous

"I was feeling as miserable as any one  
could feel, tired all the time, many times  
unable to get out on the street even after  
I had started. If I went up one flight of  
stairs I felt as though I should fall. I had  
palpitation of the heart and suffered  
greatly with catarrh of the head and  
throat. I finally decided to try Hood's  
Sarsaparilla, and soon felt better. I used  
the third bottle and I then felt like a  
different person. I hope others in ill  
health will do as I did. If you take  
Hood's Sarsaparilla and use it faithfully  
I am sure you will be benefited. I have  
also found Hood's Pills to be of great  
benefit and I highly recommend them."  
Miss JESSIE FREEMONT, Saddle River, N. J.

## PENNSYLVANIA LEGISLATURE.

### A Day of Veto Messages—Senator Quay at the Capital.

HARRISBURG, May 31.—Joint Memorial  
Day exercises were held yesterday in the  
hall of the house of representatives. The  
affair was in charge of the old soldiers' or-  
ganization of the legislature, and was par-  
ticipated in by members of both bodies.  
The chamber was tastefully decorated  
with flags, banners and flowers. The ex-  
ercises continued over an hour.

At the close of the exercises the senate  
retired and the house proceeded to the  
consideration of the local and special bills  
on second reading. The calendar was  
cleared and the afternoon and evening  
sessions devoted to appropriation bills, a  
large number being passed.

The afternoon session of the house ad-  
journed fifteen minutes earlier than usual  
so that the members might pay their re-  
spects to Senator Quay, who reached this  
city in the afternoon from his home in  
Beaver. Senator Quay expects to remain  
in the city over Sunday. His visit is un-  
derstood to be for the purpose of confer-  
ring with his friends in the legislature  
and urge them not to permit the passage  
of the appropriation bills.

Governor Hastings sent two veto mes-  
sages to the house. The first relates to  
house bill limiting the duration of the 11  
of taxes against real estate. It is vetoed  
because such a law would, in the opinion  
of the governor, be very burdensome on  
all persons whose interest it is to deter-  
mine the amount of incumbrances upon  
real estate.

The second vote of the bill "authorizing  
appeals to be made in equity cases of ac-  
count where the liability to account is in  
issue from the preliminary order or decree  
of court requiring an account," is sent  
in because a better bill on the same subject,  
the governor says, which was introduced  
in the senate is in process of passage  
through the assembly.

Owing to the joint memorial services in  
the hall of the house the senate did very  
little business. Before these services were  
begun a large number of bills were re-  
ported from committee. Several vetoes  
were received from the governor. Among  
the bills disapproved was one granting  
about \$2,500 to Felix C. Negley, of Alle-  
gheny, for recruiting services during the  
war. The governor also vetoed the bill to  
pay for the electric light and rent for the  
World's fair rooms in this city, granite  
pavement for the Capitol park, etc.

Another veto was of the concurrent res-  
olution for the payment of over \$50,000, in  
possession of the state, to the unpaid la-  
borers employed in the construction of the  
Wernersville Hospital for the Chronic  
Insane, and the men who furnished ma-  
terials for the building. The governor  
holds that the German-American Title  
and Trust company, of Philadelphia, has a  
claim which takes precedence over that  
of the laborers and material men.

Mr. D. P. Davis, a prominent liveryman  
and merchant of Goshen, Va., has this to  
say on the subject of rheumatism: "I  
take pleasure in recommending Cham-  
berlain's Pain Balm for rheumatism, as I  
know from personal experience that it  
will do all that is claimed for it. A year  
ago this spring my brother was laid up in  
bed with inflammatory rheumatism and  
suffered intensely. The first application  
of Chamberlain's Pain Balm eased the  
pain and the use of one bottle completely  
cured him. For sale by Grubler Bros.  
Druggist.

**Killed by Heat in Chicago.**  
CHICAGO, May 31.—Yesterday was the  
hottest day Chicago has ever known in

Center avenue, found dead, became over-  
heated in a foot race; Mrs. Katie Brown-  
ell, overcome in Oakwoods cemetery, will  
recover; Owen G. Decker, carpenter at  
work in Oakwoods cemetery, will recover;  
H. J. Jacobs, overcome in road race, may die;  
Fred Foley, overcome at the close of a  
bicycle race; General Herman Lieb, in

ton, laborer, Nellie Sullivan and Rich-  
ard McDonald. All will recover except

## HOPE IS ABANDONED.

### Only Twenty-six Saved from the Wrecked Steamer Colima.

#### THE FIRST REPORTS CONFIRMED.

**A Survivor Says the Steamer Struck on a  
Reef and Began to Pound Herself to  
Pieces—Appalling Scenes as the Vessel  
Began to Sink.**

SAN FRANCISCO, May 31.—As further  
particulars are being received concerning  
the Colima disaster the outlook for the  
passengers and crew not already reported  
saved is very poor. The Pacific Mail last  
night received a dispatch from its agent at  
Manzanillo, saying that the Colima found-  
ered, going down astern, sinking entirely  
in ten minutes. A still later dispatch  
reads: "Colima sunk in 180 fathoms.  
Steamer went last night found nobody  
alive. Three cabin passengers and two  
sailors got ashore at Coahuayans alive.  
Until now twenty-six persons saved."

The Pacific Mail officers now admit that  
there is hardly any chance of other passen-  
gers being saved. The fact that the  
steamer sank in ten minutes would indi-  
cate that only a few of the people on board  
got away.

A dispatch from Colima, Mexico, says  
that a special messenger has arrived there  
with official information for the govern-  
ment of Colima regarding the Colima disaster.  
According to this statement a hurricane  
was encountered seventy-five miles below  
San Blas, and it was debated as to whether  
or not the ship should attempt to gain  
partial shelter in the shallow and treach-  
erous Bandias bay, which has reefs near  
its entrance, or whether it were better to  
push out to sea.

One Mexican passenger, Don Matias Mo-  
reno, says the report was about on the  
deck, and he testifies that while cautiously  
steering for what to all appearances was  
the usual entrance a slight tremor was  
felt to go through the ship. It was so  
faint that it was hardly apparent to the  
trained senses of the pilots and captains.  
The captain ordered a slight change in the  
course, and gave other directions which  
were obeyed by the officers and crew.

In a very few seconds after the keel  
grounded on a rock lightly, and there was  
at once great excitement among the offi-  
cers and crew, and fear on the part of the  
few passengers on deck. Following the  
danger signal the great ship crunched on  
an unknown reef, and a shudder ran  
through the hull from bow to stern.

The passengers sprang from their berths  
in terror and ran out on the decks,  
screaming and praying in a paroxysm of  
fear as the awful truth began to burst  
upon them. The wind howled and a dense  
fog of fog hung over the ship as she was  
tossed by the surges and began to pound  
herself to pieces on the rocks. She rose  
and fell three times, and then a crash was  
heard. This was followed by silence for  
the space of a quarter of a minute, during  
which time only low sobbing was heard  
and muffled prayers.

"Man the boats," trumpeted the cap-  
tain, after a short interval, in which an-  
other crash was heard from beneath the  
water. The boats had previously been  
made ready, with all the life savers placed  
at convenient places, although covered  
from the view of nervous passengers.

Within three minutes of the first crash in  
the hull, the ship began to reel from its  
upright balance, to settle, and to sink in  
its free rider part. The scenes about the  
lifeboats were indescribable. According  
to all the testimony obtainable the panic  
stricken passengers and the ship's crew  
straggled for first place, although to the  
credit of the crew be said, only a few of  
the sailors or ship's people lost their pre-  
sence of mind, but gave their main atten-  
tions to saving the passengers.

There were a number of children on the  
passenger list, and one of these was  
pitied overboard into the frothing sea by  
a frenzied father, who aimed for one of  
the lifeboats while still upon the davits.  
A woman of evident wealth and refinement  
was among the passengers, whose name  
is thought to be Brosius, or Crossin, dis-  
played remarkable presence of mind, and  
in the most trying moments passed among  
the fringed throng exhorting the people  
to keep quiet, and taking particular care  
of the women and children.

Some of the passengers, not willing to  
await the chance of a place in the boats,  
seized the life belts and boldly cast them-  
selves into the sea, to their almost univer-  
sal fate, as they were tossed lifelessly upon  
the waves or dashed against the rocks,  
which were easily observed from the fast  
sinking ship. The first boat to be lowered  
with its heavy burden of humanity suc-  
ceeded in clearing the ship's sides, but was  
swept away by the mighty force and swal-  
lowed by the night fog. Of this load only  
one of the sailors is known to have escaped  
the engulfing flood which swept over the  
boat within five minutes after it was  
launched. A similar fate befell all the  
other boats, with one exception.

### Partner and Assets Missing.

ST. LOUIS, May 30.—A. W. Wright has  
been missing since last Thursday under  
circumstances which lead Clarence D.  
Warner, his partner, to believe he has got  
away with nearly all the cash and valu-  
able property belonging to the firm. On  
Thursday it is said that Wright left ostens-  
ibly for Kansas City on business for the  
firm. Mr. Warner told a reporter that  
Wright took with him \$300,000 in negoti-  
able bonds and warranty deeds to valuable  
lands. Since then nothing has been heard  
from him. Warner claims he will lose  
\$100,000 if the missing man is not found  
and forced to disgorge.

### A Man Hout in West Virginia.

BLUEFIELD, W. Va., May 31.—At 9  
o'clock last night a party of four negroes  
went to the home of Engineer Morrisette  
here, gained entrance and knocked Mrs.  
Morrisette senseless. Then they became  
frightened and left. Later two of the same  
party assaulted a colored woman who lives  
with Rev. Mr. Shuler, dragged her to the  
woods and outraged her after choking  
and beating her. Every effort is being  
made to secure the scoundrels.

### Marshals Will Not be Prosecuted.

MACON, Ga., May 31.—Judge Spear yester-  
day decided that the United States mar-  
shals who killed Lucas Williams in Tel-  
lico county must not be sent back to that  
county for trial. This case excited much  
interest. It was claimed that Williams  
was murdered while asleep. The decision  
turns the marshals free.

### The Weather.

For eastern Pennsylvania and New Jer-  
sey, fair, continued warmer, southwest-  
erly winds. For District of Columbia,  
Delaware and Maryland, fair; continued  
high temperature; southerly winds.

## THE REVOLT IN FORMOSA.

### The Republican Uprising Is Not a Very Formidable Affair.

LONDON, May 31.—The Times publishes  
a dispatch from Hong Kong giving details  
regarding the trouble on the Island of  
Formosa. They show that the action  
which resulted in the island declaring it-  
self a republic was prompted by the  
Chang-Chih-Tong party, as opposed to the  
Li family. General Teheng has been  
appointed foreign minister and Kih  
Sing Kuk, the originator of the move-  
ment, has been succeeded by Tang. Dis-  
sentions have already occurred, and the  
common people, it is stated, regard the  
declaration of a republic as an official  
joke.

Mr. H. B. Morse, the commissioner of  
customs at Tamsui, Island of Formosa,  
has refused to recognize the republican  
flag, and the German consul at Tamsui,  
addressing Tang as governor of the island,  
protested against closing the port of Tam-  
sui with torpedoes in the time of peace.

Five Japanese warships arrived at Tam-  
sui on May 26, and took soundings in the  
harbor without being molested by the gar-  
rison of the Chinese fort. Only a portion  
of the soldiers support the republic.

Prior to the declaration of the republic,  
it is stated, a French cruiser visited Tam-  
sui, and two of her officers had a secret  
interview with Tang. No importance,  
however, is attached to this fact.

A petition has been forwarded to Peking  
from south China, praying the emperor  
to introduce constitutional reform, to re-  
move incapable officials, to abolish the  
queue (pigtail) and foot binding, and to  
allow freedom of speech and of the press.

### Hostilities at Formosa Island.

HONG KONG, May 31.—Hostilities have  
commenced at Formosa. Private ad-  
vices received here are to the effect that  
the Japanese are bombarding Kee-Lung,  
a town in the extreme north of Formosa. It  
is believed here that the bombardment is  
being carried on by the fleet of the Japa-  
nese now supposed to be at sea in the vicin-  
ity of Tamsui.

### The Rebellion in Cuba.

HAVANA, May 31.—A detachment of  
fifteen Spanish soldiers near Sagua de  
Tamanaco, province of Santiago de Cuba,  
was attacked by a band of 300 insurgents.  
The soldiers were compelled to seek refuge  
within a wooden building, where they  
made a gallant defense. One sergeant and  
five privates were wounded. The insur-  
gents lost one killed, and had sixteen  
wounded. A number of insurgents, com-  
manded by Campanone, recently attacked  
a fort at Campechuela, near Manzanilla,  
province of Santiago de Cuba. The insur-  
gents fired upon the fort for two hours  
without any result. Important docu-  
ments found upon the persons of two pri-  
soners are understood to compromise sev-  
eral persons hitherto unsuspected of hav-  
ing been in communication with the insur-  
gents.

### Terrific Cyclone in Nebraska.

CHAPMAN, Neb., May 31.—A cyclone one  
mile wide struck near here yesterday  
and demolished everything in its path.  
The home of Mr. Ablor was blown to  
pieces, fatally injuring Mrs. Ablor and  
two children. The clothes of two other  
children were literally torn from their  
bodies by the wind. Many buildings were  
damaged.

### Nearly Reached the Century Mark.

CHAMBERSBURG, Pa., May 31.—Daniel  
Mickley, the oldest resident of Franklin  
county, died Wednesday night at Waynes-  
boro. On Dec. 8 last he celebrated his  
60th birthday, and enjoyed good health un-

### Philadelphia Chess Players Won.

NEW YORK, May 31.—The chess match  
played yesterday by telegraph between  
the Manhattan Chess club, of this city,  
and the Franklin Chess club, of Philadel-  
phia, ended at 11 p. m. in a victory for the  
Franklin players by seven and a half to  
six and a half games.

## Strictly Pure White Lead

The recommendation of

"John T. Lewis & Bros."  
to you by your merchant is an  
evidence of his reliability, as he can  
sell you cheap ready-mixed paints  
and bogus White Lead and make a  
larger profit. Many short-sighted  
dealers do so.

For Colors—National Lead Co.'s Pure  
White Lead Tinting Colors, a one-pound can to  
a 25-pound keg of Lead and mix your own  
paints. Saves time and annoyance in matching  
shades, and insures the best paint that it is  
possible to put on wood.

Send us a postal card and get our book on  
paints and color-card, free; it will probably  
save you a good many dollars.

Philadelphia.

## A LOSS OF \$80,000,000.

Labor saving inventions or discoveries  
have often been violently opposed on the  
ground that they take workmen's  
bread out of their mouths. Although  
experience has shown the fallacy of that  
theory the feeling, or fear, was natural.  
But it is not so much the lack of work  
as the inability to work that causes  
poverty and suffering. In England and  
Wales every workman averages ten  
days of sickness every year, with a total  
loss of wages for all of about \$80,000,000  
per year. In this country the loss is much  
greater. In all countries the prevailing  
disease is indigestion and dyspepsia and  
its consequences—such as rheumatism,  
and other ailments resulting from impure  
blood; a result of dyspepsia.

No thorough, rapid and trustworthy  
cure for this universal and obstinate  
malady existed until the Mt. Lebanon  
(N. Y.) Community of Shakers remedied  
upon the market their now famous remedy  
called the Shaker Digestive Cordial. It  
is prepared from roots and herbs cultivated  
solely by them. Nothing more certain,  
safe and palatable can be imagined. It  
expels the impurities from the body by  
means of the bowels, kidneys and skin,  
and imparts vigor and tone to the  
stomach—upon whose proper action all  
our strength, activity and endurance de-  
pends. For many years the Shakers have  
given earnest attention to this subject,  
and their final success is thankfully ad-  
mitted by the multitudes who have been  
cured by the Cordial after all other means  
have failed. Their high reputation for  
skill as herbalists, for honesty and religi-  
ous sincerity guarantees whatever they  
recommend.

No invention can ever take your work  
from you if you are able to work. Health  
and strength are the vital considerations.  
In order to find whether the Shaker  
Digestive Cordial is adapted to your case  
try a ten cent bottle. Its effect is im-  
mediate. For sale by nearly all druggists.
