A Household Treasure. D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dyke, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at A. Waseley's drug store. Regular size 50c. and \$1.00.

For baby's colicky pains use Luks' Syrup.

Thirty-three Lumbermen Drowned. OTTAWA, Ont., May 31.—Details have reached this city of the terrible accident which occurred on the Spanish river, by which thirty-three men lost their lives. The victims were lumbermen. They had encamped for the night on a crib of square timber, moored to the shore near the head of the rapids, which at this point are very precipitous and rocky. All were asleep, when the crib broke from its moorings and was carried into the surging waters below. The crib was broken to pieces on the rocks and not a man escaped to tell the tale.

Foreign Officials Shot by Bedouins. JERDAH, May 31.—The British consul and vice consul, the Russian acting consul and the French consular secretary were attacked and shot yesterday outside the town. The shooting is supposed to have been done by Bedouins. The British vice consul was killed, the British consul was slightly wounded and the others were seriously wounded.

A Defaulter for \$2,000. GOLDSBORO, N. C., May 31.—C. M. Lewiston, agent here for the Southern railroad, is a defaulter to the amount of \$2,000. Lewiston was a leader in social and church affairs.

TOPICS OF THE TIMES.

Pertinent Paragraphs From the Reporters' Pens and Pencils.

There are eighty-three National cemeteries in all, containing 300,000 honored dead, and upon them the Government has expended up to the present time the sum of \$9,000,000. All of them are handsomely laid out and maintained in superb condition. Most of them were established on battlefields of the war, and are situated on hillsides or on uneven ground, where the best landscape effects are produced. In all of them the graves are ranged in mathematical rows, circular or rectangular. Every individual grave is marked by a stone tablet of granite or marble, and yesterday every one of them were decked anew with its little flag and blooming wreath. The mounds are smoothly sodded and kept trim and neat. The grassy lawns between are carefully cut, the walks and paths are rolled and graveled, and shade trees, with here and there a rustic seat between them, besides flowers and ornamental shrubbery are planted throughout the grounds. The inclosures, as a rule, are walled in with granite or other enduring masonry.

A society for the "suppression of scandal" has just been organized in the ancient German city of Insterburg. Its members not only bind themselves to speak no slander, but either to prosecute the slanderer in the name of the society or to furnish the means of doing so to the person calumniated. There are places in this country wherein a similar organization might find a working basis for operations, especially here in Shenandoah.

Anger gets more people into trouble than manners. We do and say things while in a temper that we spend the rest of our lives regretting. Parents should never punish their children while in anger, for if they do the child invariably gets more than it deserves. Wait till you cool down before you whip or shut up in dark closets. Then, too, if it is child that has a temper and not yourself, break it before the age of six is reached, for if you don't then the child's temper is likely never to be conquered.

Our other features are made for us, says some writer, but we make our own mouths. It would be well if we all could bear this fact in mind, while determining what sort of mouth we shall individually possess. We know, among our acquaintances, that there is the cynical, the snarling, the discontented, the petulant or the deceitful face, and we know, also, when we stop to think of it, that the set of the lips casts the whole features. So we can secretly practice upon the expression that shall mould our faces into a pleasant thing to look upon, and that is something good to do in the world.

Misinformation.

We are surprised to see the HERALD opposing the interests of the borough's taxpayers.—Mahanoy City Daily Record. No, dear Record, we are not opposing the interests of the borough of Shenandoah when we show up Richard Morgan, your Shenandoah correspondent. The fact is the boot is on Dickey's foot. For three years we exposed the shortcomings of the Borough Council in the interest of the taxpayers, but during the whole period Dickey either defended the acts, or condoned them by his silence. At that time his tongue and hands were tied by pickpockets on contracts for supplying police helmets, etc., and the membership of his father-in-law in the Borough Council. As soon as the old gentlemen's term expired and when some one else got the contract for the helmets Dickey commenced to kick. The HERALD opposed with all its power the plunging of the borough into unlimited debt while Dickey sanctioned it and the sentiment of the people today is the best evidence as to who has been "opposing the interests of the borough's taxpayers." The HERALD had no father-in-law to curb its moral courage.

Nearing the Century Mark. Mr. Bright, the venerable father of William H. Bright, the lumber merchant, has reached the 99th mile stone and appears still hale and hearty. Yesterday he took a trip to Shenandoah via the trolley cars. On his return trip he had the pleasure of a conversation with him. His recollections of boyhood days are vividly imprinted on his memory and his fund of reminiscences of the early days of this vicinity, before Ashland was dreamed of, would fill a volume. The old gentleman shows little signs of his advanced years and the fact that he is able to enjoy the evening of life with full and plenty, and in possession of all his faculties, is a source of pleasure to everybody in Ashland.—Ashland Local. The gentleman referred to is grandfather of Mrs. H. A. Acker, of town.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. What Some of the State Newspapers Say of the Souvenir.

The EVENING HERALD, of Shenandoah, this week celebrated the 25th anniversary of its birth by issuing a beautiful illustrated souvenir edition of 16 pages which, by close examination, shows the industrial as well as the editorial future of the paper. We offer the proprietor, Mr. H. C. Boyer, our heartiest congratulations and good luck on behalf of its 25th anniversary.—Amerikanischer Republikaner, Pottsville.

We are in receipt of a handsome sixteen page souvenir edition of the Shenandoah HERALD, issued in honor of the twenty-fifth anniversary of the establishment of the paper. From a typographical standpoint the work is highly creditable. The souvenir contains a history of the borough and the various public institutions, of much interest and value, besides a large number of biographical sketches, illustrated, of prominent business people. It is a pleasure to note this evidence of our contemporary's prosperity.—Mahanoy City Record.

Buy a copy of yesterday's silver edition of the Shenandoah HERALD and you will see a newspaper whose typographical neatness and artistic beauty have been rarely surpassed. Great credit is due Messrs. Boyer and Watkins for the enterprise and energy displayed on the HERALD's 25th birthday edition.—"Tom" Joyce's American.

The Shenandoah, Pa., HERALD, in honor of its twenty-fifth anniversary has put out a handsome "Silver Edition." It is profusely illustrated and otherwise made quite attractive.—News, West Chester.

The silver anniversary edition of the Shenandoah EVENING HERALD is a very creditable one. It is in fact the handsomest one of its kind that has been published in Schuylkill county. Among the notable sketches and portraits it contains are those of Col. David P. Brown, Capt. Emil C. Wagner, William H. Lewis, Hon. Joseph Wyatt, Major John F. Finney, J. C. Biddle, M. D., and H. C. Boyer, the editor and publisher. The bird's eye view of Shenandoah on the first page gives that place the appearance of the great town it is. The HERALD publishers and proprietors are to be congratulated on their enterprise.—Miners' Journal.

The Shenandoah EVENING HERALD yesterday celebrated the twenty-fifth anniversary of its existence and to commemorate its quarter century a special souvenir edition was issued. The HERALD is recognized as the foremost daily of Shenandoah and the Plain Speaker joins in wishing its publishers continual prosperity.—Hazleton Plain Speaker.

The Shenandoah EVENING HERALD celebrates its silver anniversary by the publication of a sixteen page paper, beautifully illustrated, and in every way a model of the journalistic art. The North American extends congratulations to Editor Boyer. May the HERALD have many more like anniversaries.—Philadelphia North American.

A GREAT CYCLING EVENT. The Chicago Road Race Won by Fairman, a Dark Horse.

CHICAGO, May 31.—The ninth annual Chicago road race, covering a course of a fraction over eighteen miles, from the Grant monument in Lincoln Park to South Evanston and return, was run yesterday, and resulted in a victory for Homer Fairman, of the Chicago Cycling club. There were 533 entries. Fairman started from the 5 m. 45 sec. mark in the handicap, and made the run in the riding time of 54 min. and 36 sec. Last year he rode in the same event, but fell before completing the circuit. As he has not been a factor in any other races, he must be put down as a winning dark horse.

The most remarkable work of any of the riders was that of George L. Emerson, of the Englewood Cycling club, who started from the 2:30 mark and finished second in 52.14, securing the \$500 prize for best time. He was not thought capable of the ride he accomplished yesterday. In 1886 he secured third time in the Pullman road race, but since that time he has not figured prominently, excepting some fast work on the track at Rockford, Ill., in the same year. Englewood, a southern suburb of Chicago, gathered in the greater part of the honors, securing, besides the time prize, second, third and eighth places by the fast riding of Rosback, Hoffman and Frish, respectively.

About 75,000 people viewed the start and finish, and fully 300,000 saw it throughout its length, going and coming. At the finish the scene was of unusual color for a bicycle race. The crowd was banded against the ropes in solid masses, and it required the utmost vigilance of 250 policemen to keep the excited, cheering crowd from breaking down the rope barriers and swarming upon the track. The event was probably the most brilliant ever carried out in the cycling line.

Still Breaking Cycling Records. WALTHAM, Mass., May 31.—Murphy broke the world's record for the one mile competition paced in 2 min. 1.4 sec. at the Waltham track yesterday afternoon. He was paced by Mayer and Saunders on a tandem. The previous record was made by Bald, in 2:02 1/2, at Louisville two weeks ago. Zimmerman rode a mile against a tandem in 2:15 1/2.

A great many visitors are expected from Ashland, Girardville and Mahanoy City for the opening of Columbia Park on Saturday evening for the dancing season of 1895.

Good mothers use Luks' Syrup.

The Hot Wind in the West. Chicago, May 31.—Reports from numerous points in Illinois, Iowa, Wisconsin, Michigan, Nebraska, Kansas, South Dakota and Minnesota show that a hot wave has been prevailing in those states for the past three days. At many towns the hot weather record is broken for this season of the year. Coming on close on the heels of the reports of heavy frost damage the loss on crops will again be heavy. The hot wave has been followed by cooler temperatures in western states, with heavy rains in Nebraska and showers in Kansas, and prospects of rain in the northwestern states.

The Railroad Man, The Clergyman, The Business Man, and all other men who have to look neat while at work, should know about "CELLULOID" COLLARS AND CUFFS. They look exactly like linen, wear well and being waterproof do not wilt down with heat and moisture. They do not soil easily and can be cleaned in a moment by simply wiping off with a wet sponge or cloth. Do not confuse these in your mind with composition goods. Every piece of the genuine is stamped like this:

Ask for these and refuse anything else if you wish satisfaction. Remember that goods so marked are the only waterproof goods made by coating a linen collar with waterproof "Celluloid," thus giving strength and durability. If your dealer should not have the "Celluloid" send amount direct to us and we will mail you sample post-paid. Collars 25c. each. Cuffs, 50c. pair. State size and whether stand-up or turned-down collar is wanted. THE CELLULOID COMPANY, 427-29 Broadway, New York.

Style! Is a different thing from fashion. The two ought to go together, but sometimes they don't. There's mighty little style about some fashions. Real style improves any one's appearance, but some fashions would make an angel look silly. All our goods are right in this season's latest fashions, and, better still, they are in true "style." Every pattern in our stock has been selected for that genuine artistic quality which causes friends to exclaim, "So becoming to you!" Mornings goods a specialty. Prices lower than any other millinery in town.
