THE SCHOOL AFFAIRS

Regular Meeting of the Directors Held Last Night.

THE COMMITTEES SELECTED

President Ogden Accomplishes Task of Dividing the Members into Committees With Evident Satisfaction.

The new School Board held a regular meeting last night with the following members in attendance: Messrs. Ogden, Baugh, Manley, Price, Morgan, Hanna, Lee, Connors, Thomas, Edwards, Trezise, Devitt, Conry and Hooks. Mr. Ogden presided and Mr. Trezise was in the secretary's chair. T. R. Beddall, Esq., the new solicitor of the board, was also in attendance.

The first order of business was the consideration of the communication from Health Officer Miles, calling attention to the nuisance created by the sewer in the First ward with which the Union street school building is connected. The matter was referred to the building and repairs committee with power to act.

President Ogden announced that he had appointed the following committees to serve for the ensuing year:

High School.—Morgan, Trezise, Conry, Lee, Connors.

Teachers and Salaries.—Price, Devitt, Edwards, Stanton, Baugh.

Evening Schools.—Conry, James, Morgan, Connors, Baugh.

Text Books and Supplies.—Hanna, Price, Stanton, James, Edwards.

Heating and Fuel.—Hooks, Manley, Baugh, Devitt, James.

Building and Repairs.—Lee, Conry, Edwards, Manley, Hooks.

Exonerations.—Baugh, Connors, Morgan, Devitt, Trezise, Hanna, Lee.

Finance.—Edwards, Hanna, Trezise, Price, Devitt.

Insurance.—Hooks, Connors, Morgan, James, Manley.

Non-resident Pupils.—Hanna, Edwards, Stanton, Lee, Manley.

Library.—Supt. Whitaker, John G. Davis, A. B. Lamb, W. J. Watkins.

On motion of Mr. Trezise, it was decided that a committee of five be appointed to revise the rules of the library as outlined by the librarian at the last meeting and that the committee consist of three members of the School Board and two school teachers. The president appointed Messrs. Trezise, Hanna, Edwards, J. W. Cooper and James R. Lewis.

Mr. Conry called attention to two items of resources in the annual financial statement of the School Board, one represented as being due from ex-Collector Dean and another from Joseph Boehm's bondsmen. He said they had been carried for years as assets and thought they ought to be dropped. On motion of Mr. Hanna, it was decided to omit the items from future financial statements of the board.

The board then took a recess and the building and repairs and financial committees retired for a joint conference. After a few minutes elapsed the committees returned and reported in favor of issuing school district bonds to the amount of \$10,000, the proceeds to be applied to the completion of the new school building at the corner of Jardin and Cherry streets and the balance to be applied to any emergency that may arise by reason of the enactment of the compulsory education law. They will be thirty-year bonds bearing interest at the rate of four per cent.

The officers of the board were authorized to make a temporary loan of \$5,000.

President Ogden instructed committees to make estimates of the repairs and supplies required by the schools for the next term so that the board may act intelligently in making the tax levy.

The board adjourned to meet upon the call of the chair. It is expected that the board will meet frequently during this month to transact business bearing upon the election of teachers and janitors and other arrangements for the next school term.

Shupack Settled.
Harry Shupack Tuesday night settled the case instituted against him by Levi Hummel before Justice Dangler, by paying the \$10 and costs. Shupack bought 20 cents worth of green truck from Hummel, who is a farmer in the Catawissa valley, and asked to have a ten-dollar bill changed. Hummel charged that Shupack kept the green truck, the change and the ten dollars.

THREE MEN KILLED.

Fatal Railway Wreck Near Locust Dale This Morning.
Special to the EVENING HERALD.

ASHLAND, June 6.—The Newberry fast freight train on the Philadelphia & Reading Railroad was wrecked by running into a coal train at the Keystone colliery, about half a mile from Locust Dale, at three o'clock this morning, and three men lost their lives.

The killed are Oliver Botts, conductor; Elwood Moyer, engineer, and Edward Klase, fireman. All the men resided at Tamaqua and were members of the freight train crew.

The freight train was running at a high rate of speed at the time and the wrecked cars of both trains were piled into a great heap. The body of the conductor was found soon after the occurrence, but the bodies of the fireman and engineer were covered by the wreckage and could not be reached. Several men of both crews were injured.

Two stories as to the cause of the disaster were sent out this morning. One was that the freight train got beyond the control of the crew at the Summit and jumped the rail at the Keystone colliery. The other and best authenticated story is that the crew failed to observe the red lights displayed by the coal train and crashed into it.

REGION 'ROUND.

St. Clair is booming. Many new buildings are being erected through West Mahanoy township this year—all on leased ground.

Since the old Allen slope resumed work Tamaqua is quite another place.

Shenandoah is still ahead on big fires in this county. Mahanoy City comes next.

The West End is about the liveliest part of the county these hard times.

The busy and prosperous times through the Schuylkill valley have been indefinitely postponed.

Much was expected in the matter of improvements at Lakeside this year. Times are still too hard to encourage the company to go ahead.

Harry Hart, of Ringtown, is making extensive improvements to his ice plant near Raven Run.

POLITICAL POINTS.

The political situation in some parts of the county is already red hot.

Delegates for the coming Republican county convention are being set up in the different districts.

The Garb bill is the most prominent issue in the selection of delegates to the Republican county convention.

No new names have been suggested for county offices lately.

Senator Keefer did a very graceful act in conceding the appointment of John R. Foster as Justice of the Peace to Representative Schrink. The selection was a good one, too.

ODDS AND ENDS.

The Borough Council meets tonight.

The removal of Andrew Meluskey to the Second ward will make the election of two Councilmen in the First ward a necessity next spring.

Well, are the sensational fire story tellers tired yet?

The people of the town seem to think that the Borough Council should connect the properties with the water works without charge.

Let every citizen give the Fourth of July movement all the encouragement possible.

The plant of the Sunday Morning News was appraised yesterday to determine the proportionate interest of the D. J. Doyle Estate.

Oscar Retheridge is making an active superintendent of the water works.

Remember that the HERALD is ready again for all advertising and job printing orders.

At the rate the paid police are making arrests their record for this year will be a long one.

Workmen are making rapid progress in clearing the Dornbach property for building operations.

Policeman Walaitis Married.

George Walaitis, a member of our local police force, and Miss Mary Smarowsky, of town, were united in marriage by Father Abramaitis in the Lithuanian church, corner of Jardin and Cherry streets, last evening. The church was filled to overflowing. At 8:15, as the bridal couple entered the church, the choir sang a beautiful selection intermingled by a solo by Miss Annie Cusick. The wedding march was played by John Zemaitis, organist of the church. Simon Ramonaitis was the groomsmen and Miss Mary Smarowsky, a cousin of the bride, was the bridesmaid. The bride wore a beautiful white Lansdowne dress trimmed with lace and ribbon and the bridesmaid wore a cream Henrietta. After the ceremony the guests proceeded to the home of the bride's parents on South Main street, where an elaborate collation was served. Dancing was also indulged in. The happy couple received many valuable presents. A large number of town people were in attendance, among them Chief Burgess Burns and Mr. Walaitis' colleagues on the police force. The out of town people in attendance were Misses Lizzie Miller, Annie Gorb, Maggie Dobolowsky, Annie Burke and Mrs. Joseph Miller, of Mahanoy City; Miss Maggie Bonner, Hazleton; Miss Maggie Kreivonas and Anthony Glinis, of Wilkesbarre.

Summer Attraction.

It has become quite the fashion with street railway companies throughout the country to own a park where summer amusements are given free to the patrons of the road. The Schuylkill Electric Railway Company of Pottsville will open a summer amusement resort at Tumbling Run and have employed the famous Cyrene, a dancer who is considered the best attraction in the amusement world. Cyrene, aside from her professional work, is a most interesting woman. Born at Puebla Nueva, Island of Cuba, in 1870, she was early apprenticed to a circus, where she was taught to perform all kinds of circus accomplishments, and at sixteen years of age was considered one of the best bareback riders living, and for two seasons was featured through this country by the Barnum circus. Six years ago she quit the circus ring for the stage and has since devoted her time to dancing. Her professional engagements have taken her to all parts of the world and in some strange countries. She has only recently returned to America from China, Japan and India. She saw the battle between the Chinese and Japanese in Corea that delivered the Hermit kingdom into the possession of the Japanese. A fac simile of the passport given Cyrene by Admiral Ito and which passed her through the Japanese lines and into Nagasaki, Japan, was recently published in the New York World. Another relic Cyrene prizes highly is the order of the Ameer of Afghanistan, commanding her to perform at the palace of the Ameer. From India she brings many strange and curious documents which are unintelligible to us, but are the commands of powerful potentates for her to perform for royalty. A substantial present was always the result of her performance before any prince. During the summer Cyrene will perform exclusively for street railway companies and next winter will fill professional engagements in South America. It is not unlikely she will appear in Shenandoah during the summer. Negotiations to that effect have already been started through the influence of the HERALD.
