Evening Herald.

SATURDAY, JUNE 22, 1895.

Lectured by the Court. Judge Savidge lectured Mrs. Addie James and Mrs. Mary Jefferson when they were before him for sent-neo. Both live at Shenandoah and are neighbors.

When Baby was sick, we gave her Castoria. When she became a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Strawberry festivals are numerous. The Peary Relief Expedition. New York, June 22.—The World publishes a statement made by Mrs. Josephine Peary to the effect that the steamship Peoria will leave Brooklyn this afternoon, carrying the members of the Greenland scientific expedition of 1895, to St. Johns, N. F.

Accident to the Yankee Doodle. TRENTON, June 22.—The steam yacht Yankee Doodle, which was to have raced against the Norwood at New York today, struck a sunken canal boat near Princeton at midnight, and broke three of her propeller blades, completely crippling her.

Captain Williams Acquitted. WILKESBARRE, Pa., June 22.—The jury in the case of Captain James Williams, charged with the murder of Farmer Chapman, at Shicklesbury, last April, last evening returned a verdict of not guilty. It was clearly shown that the captain was assaulted first, and that he shot in self-defense. The verdict was received with applause, one friend of the captain growing so enthusiastic that he was summoned before Judge Lynch and reprimanded.

Price Fighters Arraigned. BROOKLYN, June 22.—Young Corbett and Eddie Pierce, the two prize fighters who were arrested after engaging in a boxing contest before the Seaside Athletic club on June 15, on the charge of taking part in a prize fight, were arraigned in the West Brighton police court, before Justice Nostrand. They pleaded not guilty and were released on \$500 bail to await the action of the Kings county grand jury.

South Carolina Constables Sentenced. CHARLESTON, June 22.—Judge Simon yesterday sentenced three dispensary constables to one and two months imprisonment in jail for seizing liquors imported into this state for private consumption, these seizures being in contempt of an injunction issued in accordance with the interstate commerce law. One constable was dismissed, and the cases of several others are under consideration.

Students Charged with Attempted Theft. MIDDLETOWN, Conn., June 22.—Eight members of the freshman class of Wesleyan university were brought before the faculty yesterday. This is the result of an attempt to steal examination papers from a local printing office. A freshman, whose name is withheld, was captured while climbing in the printing office window. He has since left town.

To Protest Against Debt Imprisonment. INDIANAPOLIS, June 22.—The officers of the American Federation of Labor in this city are preparing a call for meetings to be held in every city in the United States, a week from tomorrow, the purpose being to denounce the Debs decision. President McBride, of the federation, will sound the keynote with a rousing speech against the decision.

Major Gordon Lillie, Pawnee Bill, and his big Wild West combination, gave two exhibitions on North Sixth street yesterday, to two big audiences. While perhaps Pawnee Bill does not have as large a show as Buffalo Bill, he gives a performance unexcelled by any in the country. This year many new features were added, and everything seemed more than pleased. One of the most interesting features was the target shooting exhibition of Major Lillie while on horseback. In this he has not an equal on earth. The riding was exciting and daring. It was a perfect exhibition throughout.—Harrisburg Call. At Shenandoah, July 4th.

Going at a Sacrifice. The balance of the groceries of Philip Coffee's stock must be sold by the first of July. Here are the prices: Navy and Extra tobacco 27 cents a pound; extracts of all kinds, lemon, vanilla, paragonic, sweet nitre, castor oil, strawberry, etc., 3 bottles for 10 cents; best sugar corn, 9 cents for 50 cents; tomatoes, 9 cents for 50 cents; best white A sugar 22 pounds for \$1; real Java coffee 22 cents a pound, or package; ginger, allspice, cloves, cayenne pepper, 3 cents per quarter pound; best cocoa, 15 cents a can; best Union soap, 10 bars for 25 cents; best white snowflake soap, 3 3-pound bars for 25 cents; best corn starch 7 cents a package; Oolong, English Breakfast, Gunpowder and Japan teas 25 cents a pound; peas 3 cents per quart; best creamery butter 22 cents; rice 5 cents per pound; barley, 7 pounds for 25 cents. HAVE YOU A BABY?

Guard the Child Against Cholera Infantum.

Heat and Poor Food Invite the Bread Bis-rder

Largely Accountable for the High Death Rate.

Lactated Food the One Safe Diet for Tender Years.

Babies Thrive on it, and They Take it With Relish.

THE FIRST thing a baby can do is to eat. The question of baby's food is most important up to the age of 5. Half of all babies born die on account of improper food. On its nourishing quality and its absolute freedom from contamination depend the growth, health and very existence of the little one.

In June, July and August unusual precautions must be taken, or the weak, sickly babies fall victims to that deadly disease cholera infantum, which will kill off so many precious ones this summer. Medical skill can do no more to save babies' lives and to keep them well than it has done in the preparation of lactated food. It is a matter of careful record that "lactated food babies" are the healthiest in the world.

"After using lactated food for five years in cases of children, suffering from cholera infantum, and in debilitating or wasting diseases, during which time it never failed me, I have pleasure in calling attention of physicians to it, and in recommending its use," says A. P. Grinnell, M. D., the dean of the medical faculty of the university of Vermont, in a statement published in the Ladies' Home Journal.

It is of inestimable value to mothers to know this. Medical science has been able to devise nothing so good as lactated food to take the place of mothers' milk. It is made for the express purpose of forming a perfect substitute for healthy mothers' milk. It is pleasant to the taste, and has the unusual virtue of inducing delicate babies to take nourishment when other food disagrees with their weak stomachs. Lactated food has saved thousands of babies from falling victims to cholera infantum by keeping up their strength without increasing, as most food does at such times, the irritation in the intestines that is accountable for most of the fatalities among children during the heated season.

There is no parent in the land but can read the following letter with profit. It is from Mrs. S. J. Russell, of Oldtown, Maine, who writes:

"Little Marion is the picture of health and strength, and we attribute it all to lactated food. She has as fine a set of white teeth as one will see and is never sick a day. She still uses your food and will for some time to come. I need not say anything of her vitality, as I think her photograph expresses evidence enough of that."

FINANCE AND TRADE

Best Advice Tell of a Rising Tide of Trade and Industry. NEW YORK, June 22.—R. G. Dun & Co.'s weekly review of trade says: From all parts of the United States the best advice obtainable tell of a rising tide of trade and industry which threatens here and there to mount too far and too fast. The volume of all business is by no means equal to that of 1894 as yet, though in some important branches larger than in that or any other year. Two influences of tremendous power contribute to the rise—encouraging crops news and confident replenishing of stocks, which have been for two years depleted to the utmost. Excepting two heavy rains in Texas, crop reports this week have been highly encouraging. Future injury to cotton cannot be predicted, but as yet nothing indicates a yield below 7,000,000 bales, which would not be supposed to threaten famine if the commercial and mill stocks were remembered, now exceeding by 2,500,000 bales a full consumption until Sept. 1. Receipts continue small and consumption close to the maximum here and abroad, though the marketing of British goods is not entirely encouraging. Liberal purchases of all products by the South do not indicate belief that any serious misfortune impends.

So the strong trade in wheat growing states accords with brighter crop prospects. Reports from spring wheat states and from the Pacific coast are so cheering that, although the loss of winter wheat was large, those whose estimates have been most accurate in recent years now vary in predictions from 480,000,000 to 470,000,000 bushels. Failures for the week have been 228 in the United States, against 214 for the same week last year, and 31 in Canada, against 25 last year.

Tired, Weak, Nervous Hood's Sarsaparilla Restores Strength and Bodily Vigor.

The cause of that tired, weak, nervous condition in which so many people find themselves, is the failure of the blood to properly nourish the nerves and tissues. Feed the nerves upon pure blood, and they will be steady and strong. Read this: "It is with pleasure that I recommend Hood's Sarsaparilla as an excellent nerve tonic and blood purifier. I have taken it more than once and am taking it now. I was tired, my body ached, and I felt very badly all over. I was afraid I would be sick. I thought I would take Hood's Sarsaparilla, and it has cured me, and I find that it is cheaper than the doctor's bills. Hood's Pills are the best I have ever taken and I use no other. I am glad to have an opportunity to recommend Hood's Sarsaparilla." Mrs. C. H. VENABLE, Kethsburg, Ill.

A Defeat for Rosebery's Government.

LONDON, June 22.—The government was defeated yesterday on the motion of the Hon. William St. John F. Broderick, Conservative member for the Guilford division of Surrey, to reduce the salary of the secretary of war by £100 on account of an alleged deficiency in the army stores and munitions of war, chiefly cordite. The motion was adopted by a vote of 182 to 153. The general belief expressed is that the defeat of the government means a crisis. It is believed that the ministers will decide upon a dissolution at the earliest possible moment. The business of the session can be wound up in short order.

Alleged Misdemeanor in Office. HOLLIDAYSBURG, Pa., June 22.—The Blair county grand jury filed presentments charging County Commissioners John Hurd and James Funk with misdemeanor in office. Commissioner Hurd is also charged with subornation of perjury. Bench warrants were issued for the accused officials. The details of the charges against the commissioners are that they made \$316 out of the contract to paint and paper the court house, and the additional charge against Commissioner Hurd is that he offered one of the witnesses \$100 not to tell what he knew about the case.

Chicago's Pay Roll Scandal Grows. CHICAGO, June 22.—The city officials who are investigating the stuffed pay roll swindles received valuable testimony yesterday from ex-Foreman W. A. Dowman, of the water pipe extension department. Detectives had been searching for several days, and yesterday he gave himself up and made a confession, which it is said implicates many ex-city officials who are not yet under arrest. The details of the statement are carefully guarded by the investigators, but it is said that it is sensational in its showing of the widespread corruption under the city administration.
