THE BOROUGH COUNCIL

The Charges Against the Policemen Are Dismissed.

THE DISCUSSION ON THE CASE

A Proposition to Extend the West End of Lloyd Street Rejected on the Ground of Too Much Expense Attached.

An adjourned meeting of the Borough Council was held last evening in order to dispense with a meeting on Thursday night next, when the first regular meeting for the month should be held, and leave the members free to enjoy the festivities of the Fourth of July. All the members were in attendance, namely: Messrs. Reese, T. J. James, Stranglin, McElhenney, Kane, Gaffigan, Dougherty, Hand, D. R. James, Kerns, Gable, Boehm and Magargle. After the meeting Councilman McElhenney invited his colleagues and several of the borough officers to his hostelry to quaf to his recent marriage. The invitation was accepted and Mr. McElhenney entertained them royally, but on account of the lateness of the hour at which Council adjourned the toasting was brief.

D. H. Llewellyn said the debris he was taking from the excavations for the Carl and Heisenberger buildings on East Centre street was very suitable for the streets and he would place it wherever directed by the Supervisor if Council would pay the costs of hiring one cart. The matter was referred to the street committee with power to act.

Mr. Kane said that if the owners of the Lamb and Conahan properties in the First ward put in sewerage they would expect Council to prevent the creek from flowing over the properties. This the committee did not think Council could guarantee. Mr. Kane also stated that people residing on East Centre street, near the bridge and west of the Bradley properties, were bothered by water accumulating in front of their premises. The committee recommended that the wooden trough now in use at that point be taken out and replaced by a terra cotta culvert. There was some discussion as to whether the people had adopted the grade fixed by Council and whether the borough owned the culvert, and the matter was finally laid over to give Council a chance to investigate. In regard to the Lamb and Conahan properties a permit to put in a sewer was authorized.

A communication sent by J. J. Franey to the Board of Health relative to nuisances on Oak and Jardin streets was referred to the street and survey committees with power to act.

Mr. Gable stated that about a dozen teamsters had appealed to him to have West Lloyd street extended so that it could be connected with the west end of Coal street, which would make a better and safer thoroughfare than Coal street affords. "You'll want another duplicate," exclaimed Mr. T. J. James, at which there was some laughter.

Mr. Kane said the extension would require 2,000 cart loads of material.

Mr. T. J. James said the west end of Lloyd street had been the principal dumping ground of the town for twenty years and the street had not been extended half a square, and if the dumping was continued there for another twenty years the road couldn't be made.

Mr. Gable thought the work could be done for about \$500, but added that he only presented the matter upon request. No action was taken.

Mr. T. J. James reported for the finance committee and stated that the borough was short of money and it was necessary for something to be done. Interest amounting to over \$4,000 was falling due and the recommendation that arrangements be made to borrow money in case money was not forthcoming from tax duplicates. The report and recommendation were accepted.

On motion of Mr. Gaffigan, it was decided to ask Tax Collector Scanlan to settle the 1894 duplicate within sixty days, and on motion of Mr. D. R. James, Council agreed to meet on July 8th to consider 1893 exonerations.

Mr. D. R. James presented the lamp and watch committee's report on the police investigation, stating that "the committee found Chief Tosh and Patrolman Walatis not guilty as charged, and that in view of the fact that there was malice behind Mr. Temple's action the committee thought it would be dangerous to consider evidence of such a nature."

Mr. Gable presented an affidavit made by Temple and containing the charge as already published, but President McGuire repulsed the offer with a statement that the affidavit should go the committee.

Mr. Gable said the offer of an affidavit had been made and Mr. D. R. James said the committee had no power to administer oaths.

Mr. Gable said the affidavit was not out of order and that a member coming to Council could not get justice unless he was of some faction.

Mr. Hand moved that the report of the committee be accepted.

Mr. Stranglin contended that the affidavit should be referred to the committee

as a question of Temple's veracity was at stake.

Mr. Hand said he didn't think it should be considered at all where there is malice between the two men.

Chief Tosh was allowed to speak and said he courted the fullest investigation and he wanted Council to understand that he did drink beer, but if Mr. Gable, or Council, should say he was not to drink while on duty he would not do so.

Mr. Gable contended that he was not permitted to ask questions at the investigation.

Mr. Kerns said it was the committee's duty to conduct the investigation, but when he asked a witness if he saw signs of intoxication on the part of the officers, Mr. Gable objected and the committee did not think Mr. Gable had a right to raise objections.

Mr. Gable wanted to know whether Mr. Brewer had a right to have Chief Tosh at the brewery on legal business, or whether it was not work for people elected for that purpose and living on that work.

The report was finally accepted on a vote of 6 to 5, two of the members and the chairman not voting.

Mr. Gable asked if the Chief of Police intended to go wherever he liked and drink beer.

President McGuire replied that the ordinance prohibits officers going into places where intoxicating drinks are sold while on duty, unless called in on duty.

Mr. Dougherty reported Huckleberry alley in bad condition and without grade and the case was referred to the survey committee.

Mr. Gaffigan stated that the lockup was in bad sanitary condition and the President directed that it be attended to.

Mr. Gable stated that Contractor McAdams intended to test the water pipes Tuesday morning. The two reservoirs are all right.

Superintendent Betteridge said the pipes passing over the Kelley Run mines had been pulled down a little, but had been made secure.

President McGuire referred a request by Mr. D. R. James that a plug be placed near the slaughter houses to the water committee.

The report of the Chief of Police showed that during the month of June 63 arrests were made; 41 paid fines; 13 served time; 3 were discharged, and the fines collected amounted to \$94.

Mr. D. R. James reported the bridge on South Main street in a bad condition.

An Excellent Show.

Pawnee Bill's Wild West Show pitched its tents on the East side of the city, Thursday, and all day the grounds were swarmed with eager spectators. Both afternoon and evening performances were largely attended, and all were thoroughly pleased with the exhibition. All the different phases of frontier life were portrayed in a realistic and thrilling manner, and for an exhibition of its kind it is the best that ever visited Warren. The daring riding and feats of horsemanship exhibited by bands of Indians, cowboys and Mexicans, was of a high order, and filled the hearts of all with admiration. The booming throwing, by the Australian bushmen, was a novel feature and deserving of special commendation. In short the entire performance from start to finish was excellent, and held the closest attention of the large audiences.—Warren, (Pa.) Mirror. At Shenandoah on July 4th.

READY TO CELEBRATE

Joint Committee's Program For the Fourth.

LINE OF PARADE ARRANGED

Chief Marshal and Aids and All the Division Marshals Decided Upon at a Meeting Held Last Night.

Everything is now in readiness for a glorious celebration of Independence Day in town and with favorable weather the day should be a gala one. The patriotic spirit seems to be more extensive than it has been for several years past and unusual interest is manifested in the arrangements. With the parade by local societies, the parade and exhibitions by Pawnee Bill's Wild West Company, and the picnic of the Columbia Hose Company there should be sufficient attraction to crowd the town with visitors Thursday, and no doubt they will come in large numbers from all directions.

The joint committee having in charge the arrangements for the celebration met in the parlors of the Columbia Hose Company last night and took final action on the program, which is as elaborate one.

Yost Out.

R. J. Yost, of town, is no longer an attache of the Clerk of the Courts office at Portsville. Yesterday being the first of the month and salary day Mr. Yost received his voucher, and at the same time was informed that on account of retrenchment policy his services would no longer be required. It is given out at the court house that the County Commissioners decided that a reduction of expense was necessary and to accomplish this in part one of the clerks in the office mentioned would have to be dismissed. Clerk of the Courts Shortall was left to retain his son, or Yost, and, quite naturally, decided that the latter should go. Mr. Yost's friends wink the other eye, however, and say this explanation is only good so far as it goes; that the truth of the dismissal is part of a plan to give Yost political chastisement. This statement is given color by the fact that for some time reports have been public that Yost had received warning indirectly that unless he was more guarded in the expression of his sentiments regarding Senator Coyle there was a possibility that Clerk of the Courts Shortall might find that he could get along with one clerk instead of two. This has been common talk for at least two weeks and several days ago Mr. Yost admitted that he had received intimation that his position hung in the balance, so his dismissal yesterday was no surprise.

A Runaway. While Roberts' dairy team stood hitched to an evening post in front of the Columbia Brewing office on South Main street, this morning, some mischievous boy threw a lighted fire cracker at their feet. The explosion caused the animals to break away with sufficient force to tear down the post and they ran as far as Centre street, when a piece of the post that was dragged along tripped and threw one of the horses and they were prevented from running further.
