YALE MAY MEET BRITISHERS.

The Winning English College Team Will Probably Visit This Country.

LONDON, July 3.—An informal meeting of the Cambridge University athletic club's committee took place yesterday afternoon, in order to consider Yale's conditional acceptance of the challenge of Oxford and Cambridge for a track contest in athletic sports. It was the unanimous feeling of the members present that if Cambridge defeats Oxford in the approaching intercollegiate games, and if Yale will then challenge Cambridge alone, Cambridge will accept the challenge. It was also the unanimous feeling of the meeting that Cambridge could not with dignity accept a challenge to compete with Oxford against Yale alone. The Cambridge men would prefer going to the United States with Oxford, provided Yale could make a similar combination with some American university.

The Oxford committee held a similar meeting to consider Yale's letter. At the conclusion of the meeting it was announced that they had arrived at practically the same understanding as arrived at by the Cambridge men. Messrs. Haran and Oakley exchanged views today on the subject of Yale's reply, and came to the conclusion that Oxford and Cambridge could meet Yale alone. Cambridge is extremely anxious to meet Yale alone.

Alleged Attempted Train Wrecking.

WASHINGTON, July 3.—Employees of the Baltimore and Ohio railroad think an attempt was made by robbers during the night to wreck one of its fast bound express trains near Monaca, Md., about 35 miles from here. The train was running at high speed, between 11 and 12 o'clock, when suddenly there was a terrific explosion. The crew stuck to their posts, and the train was brought to a standstill, when it was found that, though the cars had been considerably damaged and the locomotive and other parts of the locomotive scattered through the woods, no person had been injured. The train, No. 46, is known as the "money train," and it is thought that dynamite was used to wreck it in the hope of subsequently looting the express car.

Negro Puddlers Discharged.

PITTSBURG, July 3.—The Clinton mills yesterday shut down a "black" puddling, and all the imported Tennessee negroes were ordered to the office to get their time. The firm is now convinced that the wear and tear of the furnaces under colored puddlers, with a decrease in production, does not pay even at the \$3.00 scale. It has restored the rate to \$1 per ton, but declines to sign the scale, although this is the union price. The Amalgamated men refuse to return, saying that when they did so before the price was reduced very shortly afterwards. They will not resume unless the firm signs the union scale.

Denouncing Debs' Imprisonment.

WASHINGTON, July 3.—At a meeting of the Federation of Labor here last night resolutions were passed declaring that the imprisonment of Eugene V. Debs was an unwarranted and arbitrary extension of judicial power, and demanding legislation that will "give legal protection to organized labor and secure it in the future from arbitrary and unjust application of injunction under a gross and willful misconstruction of law." Grand Master Workman Sovereign was the principal speaker of the evening.

Revenge by Dynamite.

LEWISTON, Me., July 3.—In the village of Bonny yesterday a house containing five women was blown by dynamite placed beneath it by the rejected lover of one of the women. All the inmates were injured, three perhaps fatally. Luke Hoyle and Tim Hoise, both supposed to be the hand of Mollie Hoise, and Hoise was chosen. Hoyle stole enough dynamite from the drainage canal works to revenge himself in this manner. He was arrested.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, Headache, indigestion, constipation, dizziness, and to Electric Bitters. Only fifty cents per bottle at A. Waseley's drug store.

The New Jersey Scandal. TRENTON, July 3.—The senate investigating committee was in session yesterday at the state house to transact routine business. It was agreed to go on with the investigation early in September. Senators Daly and Herbert were appointed a subcommittee to examine into charges against certain officials in Hudson county, and Senators Voorhees and Ketcham will perform a like service in Essex county. Both committees will report their findings to the full committee. Should the evidence thus obtained warrant it, the counties named will be levied thoroughly before election.

Favoring International Bimetallism. LONDON, July 18.—The Times publishes a dispatch from Berlin regarding the conference between Mm. Fouquierol and Thery, vice president and secretary of the French bimetallic league, and Herren Mirbach and Kerdoff and Dr. A. v. v. v. on behalf of the German bimetallic union. The Times correspondent says that the conference resolved that the interests of husbandry, of industrial production, and of foreign trade for both countries demand a fixed ratio between gold and silver, and that this is only attainable through international bimetallism.

Colorado's Silver Democrats. DENVER, July 3.—The Democratic silver convention here yesterday was largely attended and a number of resolutions were adopted favoring the free and unlimited coinage of silver at a ratio of 16 to 1, and denouncing the financial policy of the present national administration. Thirteen delegates to the Democratic bimetallic convention to be held at Washington on Aug. 14 were chosen, and a committee was named to draft an address to the people on the silver question.

Senator Quay Confident. PHILADELPHIA, July 3.—Senator Quay is at his headquarters at the Hotel Metropolitan, where he arrived yesterday. The senator is still lame, but his foot is very much better, and he expects the inconvenience to disappear entirely in a few days. "I am confident," he said to a reporter, "that I will defeat the people who are fighting me, but I am free to admit that it will require stiff work to do it." This is the length to which Senator Quay will go for publication.

Killed by an Infernal Machine. DUBLIN, July 3.—A laborer walking through Boyne street picked up a tin canister which was lying in the roadway. He attempted to remove the cover, when the canister exploded, instantly killing the man, who was riddled with iron pellets with which the vessel was filled. The top and bottom of the canister were connected on the inside by a wire. The nature of the explosive contained in the can is not known.

Well Known Insurance Man Dead. NEW YORK, July 3.—President E. R. Harper, of the Mutual Reserve Fund Life Association, died yesterday at his home in this city, aged 59 years. He was born near Dover, Del., in 1843. After a long apprenticeship in banking and insurance he became president of the Mutual Reserve in 1881, which position he held until he resigned, the day before he died. He was a member of many clubs in this city.

Murdered and Hobbed on the Mountain. WILKESBARRE, Pa., July 3.—The body of John Reese, a wealthy resident of this city, was found on the mountain side, about fifteen miles from here, yesterday. He had been murdered and robbed. Mr. Reese started on Monday night to go to his farm, and the horse, with the empty buggy, reached there in the morning. Search was made and the body found. There is no clew to the murderers.

Crippled for Life by Gasoline. WEST PALM BEACH, Fla., July 3.—A can of gasoline exploded in the cabin of the schooner Pearl at Lemon City, on Lake Worth, scattering burning fluid over Captain Guy Bradley and Edward Ingalls, a passenger. Both were severely burned and Ingalls will be crippled for life. Two others were also slightly burned. The flames were extinguished with difficulty and the vessel saved.

Fakirs Routed by Indians. Tamaqua had a dual attraction yesterday, in the shape of two tented aggregations, one Pawnee Bill's Wild West Show and the other Sands & Astley's circus. The swarms of circus fakirs gathered around Pawnee Bill's tent and worked the shells and other skin games. The long haired Indian fighter ordered them to leave and when they refused he bisected a whooping band of Indians after them. The fakirs retreated in double quick time and did not return.
