'RALLY 'round the flag, boys, and down with the traitors" and ingrates.

How the patriots of old would enthuse were they alive yesterday to see how American freeman celebrated their great deeds.

QUAY is in command at Philadelphia with his sleeves rolled up. No one knows better how to handle a winning campaign than he does:

----The people of Shenandoah know how to make a big demonstration. Yesterday's celebration was a brilliant success and reflected credit on the joint committee.

24 - 24 - 2 THE Shenandoah Republicans are thoroughly aroused and fully aware of the real fight now going on in the ranks. They are not biased by sentiment and will fight with their old commander, Senator Quay.

DURING the past several days the Supervisor has done some good work in repairing the streets. "Tis a pity that every street in town is not paved. It would add stability to the place and money to the borough treasury.

NOW THAT the test of the water works has proved satisfactory let the Borough Council decide upon the connections without delay and see what revenue can be gleaned from the plant. Water is not needed half as bad just now as revenue.

for One. "God gave us meat, but the devil sent us cooks," is a trite saying. From bad cook-ing, first eating and overeating, comes a whole train of diseases—indigestion, dyswhole train of diseases—indigestion, dys-pepsia, biliousness, catarrh of the stomach, headache, dizziness, and the like. God also gave us a brainy man, who com-pounded the "Golden Medical Discovery," a corrective of all the fills resulting from overeating and bad blood. Dr. Pierce, of Buffalo, has furnished in the "Discovery," a great desideratum in America, where everybody are in such a hurry to make money, they have no time to eat, and scarcely any time to live. It invigorates the liver, cleanses the blood and tones up the system.
