The people can't swallow the Magoe-Martin pill, no matter how well the administration may sugarcoat it.

The manipulator of the "farmers against Quay" circular will hereafter sign his full name to all communications in the future—"Weary Russell."

GOVERNOR HASTINGS should call off his dogs of war. They have made a fizzle of the "farmers against Quay" advertising dodge. It has been so beneficial to Senator Quay's campaign his friends are urging the newspapers to accept all offers for publication at the highest rates they can get.

PRESIDENT CLEVELAND'S wife has given birth to a third daughter and the newspapers say that the President is chagrined, as he had hoped for a son. It is better as recorded. So long as the arrivals are girls there will be no danger of a second Cleveland getting into the White House.

THE people of Girardville are undoubtedly deserving of sympathy in the distress they suffer from a wretched supply of water, but Shenandoah can hardly give her the relief she looks for. The public water works of this town are not in operation and the people have not had an opportunity to see what supply they will derive from them, hence it is hardly probable that the Borough Council will, at this time, allow the Girardville people to draw upon the plant.

It takes a man with pretty good nerve to surrender a six-thousand-dollar position as a matter of sentiment and Frank Willing Leach's action in retiring from a Deputy Sheriffship in Philadelphia rather than desert Senator Quay in the battle that is being waged against him by the state administration commands general admiration. Mr. Leach is made of the kind of stuff that secured for this country the independence and liberty in which its inhabitants take so much pride and his action is in striking contrast with the followers of Governor Hastings, who are grovelling at the executive feet to pick up such crumbs as may fall from the bait-patrol hands; and it is safe to assert that if Mr. Leach occupied the gubernatorial chair he would not now be engaged in dispensing appointments with the sole object of buying up votes for the state convention, but would make a battle on his merits.

**From LaGrippe.**  
How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.  
  
No DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nervous, as LaGrippe.  
Mr. D. W. Hilson, state agent of the Mutual Life Insurance Co., of Kentucky, says: "In 1890 and '91 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker.  
When in this condition, I commenced using Dr. Miles' Restorative Nervine. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in excellent health since and have recommended your remedies to many of my friends."

Don't "match" jewels, work for variety of tone.

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by Gruher Bros., druggists.

**Marvelous Results.**  
From a letter written by Rev. J. G. Underman, of Diamondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Hives Junction she was brought down with pneumonia succeeding in grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at A. Wasley's drug store.

**What a Word Will Do.**  
Byron reminds us that a word is enough to rouse mankind to mutual slaughter. Yes, there is power in a word—Marathon, for instance. Waterloo, Gettysburg, Appomattox. Great battles there, but what a great battle is going on in many a sick and suffering body. In yours, perhaps. Take courage. You can win. Call to your aid Dr. Pierce's Golden Medical Discovery. It acts powerfully upon the liver, cleanses the system of all blood-taints and impurities; cures all humors from a common blotch or eruption to the worst scrofula, salt-rheum, "fever-sores," scaly or rough skin, in short, all diseases caused by bad blood. Great eating ulcers rapidly heal under its benign influence. Especially potent in curing tetter, scabies, erysipelas, boils, carbuncles, sore eyes, scrofulous sores and swellings, hip-joint disease, "white swellings" and enlarged glands.

Dr. Pierce's Pellets cure permanently constipation, biliousness, sick headache and indigestion.

### INSURGENT DEFEATS.

**News of the War in Cuba from Spanish Sources.**  
**REVOLUTIONISTS LOSE HEAVILY.**  
In One Engagement Alone the Number of Killed Was Two Hundred and Eighty, and Many Were Wounded—Entrapped Spaniards Fight Their Way Out.

HAVANA, July 9.—A severe engagement has taken place between the Spanish troops under the command of Major Aznar and General Rabi, an insurgent commander, at the head of a large force. Two hundred and eighty of the latter were killed.

It appears that Major Sanchez received information to the effect that a force of 1,500 insurgents, under the command of Rabi, had occupied strong positions near Manzanillo, province of Santiago de Cuba. Consequently the major sent a messenger to his superior officer, Colonel Aznar, proposing to the colonel that they should join their forces and make an attack upon the insurgents. The messenger, however, fell into the hands of the insurgents, who hanged him, and sent word to Major Sanchez, in the name of Colonel Aznar, to make an attack upon the insurgent position from a point which compelled the troops to approach the insurgents through a narrow thoroughfare.

Major Sanchez, recognizing the difficulty of the movement he was apparently directed by his colonel to execute, sent forward advance pickets of twelve and thirty men, respectively, under the command of two sergeants, with instructions to push forward to the right and to the left of the narrow thoroughfare referred to, and to be careful to take up advantageous positions from which they could protect the advance of the main body of the troops under Sanchez's command.

The sergeants cleverly followed out the instructions given them.  
Major Sanchez then advanced carefully upon the insurgent position, protecting his men by every inequality of ground. But, as he expected, the troops were no sooner inside the defile than the insurgents attacked them in force. The first charges of the insurgents were made with enthusiasm, and their machetes played havoc among the troops, who were hemmed in and unable to deploy on account of the narrow road they had to follow. But it was here that the two advance pickets under the two sergeants came to the rescue. From their elevated position they kept up a continuous and well directed fire upon the insurgents within range, and eventually, assisted by a charge of the Spanish troops, compelled them to retreat outside of the defile.

The troops pushed forward after them, and once in the open they charged the insurgents with great courage and compelled them to retreat hastily. The insurgents then sought refuge in the strong position they had previously left in order to attack the troops, but the soldiers carried this position and put the enemy to flight, with the loss upon the field of 280 killed. The troops lost fifty men in killed and wounded.

In another fight reported from Neguita, the insurgents under Rabi lost five killed many many wounded, while on the side of the troops one officer and four soldiers were wounded.  
News of another defeat of the insurgents has reached here from Bellanotas, in the province of Santa Clara. Bellanotas was garrisoned by an officer and fifty soldiers who occupied a fortified barrack building. The place was attacked by the insurgents under Castillo. The enemy built a large fire to windward of the barracks and the flames communicated to that building. The insurgent leader then sent word to the officer in command of the garrison, the soldiers forming part of the garrison, notifying him to surrender under pain of being burned alive with his men.

The officer sent word to Castillo in reply that he preferred to die fighting or to be burned to death than surrender to the insurgents. In the meanwhile some of the soldiers succeeded in extinguishing the flames, which threatened to consume the barracks, and while they were doing so the remainder of the garrison kept up a continuous fire from their rifles on the insurgents. The latter replied from every point, but the garrison held out gallantly for two hours. Suddenly Spanish reinforcements appeared, and the insurgents immediately retired, leaving many dead and wounded on the field.

**The Lone Highwayman Again.**  
READING, Cal., July 9.—The Redding and Alturas stage was robbed yesterday two miles above Morris Station by a lone highwayman. Supervisor Bass and a lady passenger were not molested. The highwayman took the Wells Fargo box and registered mail sacks, securing perhaps \$400. The robber is described as five feet and a half tall, and many believe it to be the veteran stage robber, Brady, as officers claim that he took that direction.
