IMMENSE DAMAGE TO PROPERTY.

The Loss of Life, However, Is Comparatively Small, Though a Few Additional Fatalities Are Reported-Growing Grain Mowed Down by Wind.

KANSAS CITY, Mo., July 2.—The storm during the past three days covered a large territory, and reports show that the entire eastern watershed of the Rocky mounains from the Nebraska and Iowa lines to Texas was swept by a storm. The storm focus embraced an area of two hundred square miles, with the southwestern corner of Missouri as a center. The greatest loss of life is reported from Winona, Mo., where eleven corpses have been found, with as many more missing.

At Baxter Springs, in southwestern Kansas, five were killed and seven were seriously injured by a cyclone that accom-panied the storm. One person was drowned At Van Buren, Ark., a mother and her babe were drowned. A family of five were encamped on the bank of Fish creek, in the Indian Territory. Nothing of them or their belongings was found except a part of their ways on on a mile of driftwood. part of their wagon on a pile of driftwood.

At Thomasville, Mo., where the rainfall was four inches in one hour, five persons were lost. Unconfirmed reports are re-ceived of loss of life as follows: Three at Fayetteville, Ark.; one at Paolo, Kan.; one at Richards, Kan., and six of a hunting party in the Indian Territory. This gives a known and probable loss of forty-This three lives. This total will be increa when the receding waters permit a thor-

ough search. Fields of grain that promised the most bountiful yield in many years were swept bare of vegetation. In several instances the seas of rain was abetted in their work of destruction by tornadoes. It is too early yet to sum up the loss, but the total is an palling, and those to whom the angry elements spared life have little left to sus-tain it. The stories are so similar that a statistical summary is all there is left to

Giles was blown off the foundation and burned up, and at New Albany, Kan., eight miles west, the roof of the brick school house was blown away, damaging the building to the amount of \$1,000, also the Christian church in course of construction was leveled to the ground. Swept All Before It.

ARDMORE, I. T., July 9 .- A terrific electrie, rain and wind storm swept over this section Sunday night, doing great damage. In certain localities the force of the wind equaled a tornado. The main force of the storm seems to have spont itself about fifteen miles southeast of Or, near Marietta, I. T., where a number of houses were blown down. Bob Brazil's house was blown from over the heads of himself and family, and they had a narrow escape. Mr. Hudson was killed by lightning at Bob station, twenty miles south of here. The large store of M. F. Michal & Co. was blown down. The wind swept everything in its path for an area of a mile and a half and several miles in length. Corn fleids, fences and buildings were laid down.

A BRAVE MOTORMAN.

Stuck to His Car When it Carried Him to Death.

East Livenpool, O., July 9.—An elec-tric street car running between this city and Wellsville got beyond the control of the motorman last evening and plunged over a bridge into a run, falling thirty feet. The car was smashed, and it was miraculous that any of the passengers escaped alive. As it was, only James Hamilton, the motorman, was killed, and he met death at his post after doing all he could to stop the car.

Thirteen others were more or less injured, among them: Mooley Coburn, a farmer, badly burt in the back, will probably die; Mrs. Maggie McDole, of this place badly injured about the head, back and shoulders, will probably die: Frank Green, a boy, hurt about the head, may die; Mrs. Frank Anderson, Rochester, Pa., budly bruised; Frank Anderson, Roches ter, Pa., badly bruised.

The passengers were crushed and fammed into the wrock of the car, and had not rescuers quickly arrived on the scene some of them would have been drowned, as the run was dammed and the water rose rapidly about the wreckage.

THE SITUATION AT ELKHORN. Threats of the Strikers Causes Gravest

Apprehension. BLUEFIELD, W. Va., July 9 .- The situation is very grave in the Elkhorn region Colonel White, Governor MacCorkle's private secretary, says the danger is humi nent and that trouble may occur at any time. A telegram from Governor Mac-Corkle to Colonel Tlerny says that if any more parading with guns is done by the miners the troops will be sent immediately.

Threats of burning the tipples are made and this, with the derailment of cars, has created serious alarm. The heavy guard of United States marshals, together with Governor MacCorkle's telegram, Colonel White thinks, has had a beneficial effect. The company here is in readiness to move at once if needed. Colonei White left for Elkhorn last night.

Negro Laborers Kept as Prisoners.

SAN ANTONIO, July 9.—Dr. F. Trolling, a prominent physician of this city, who was detailed one month ago to visit the negro colony in Tlahuililo, in the state of Durango, Mexico, and investigate the real situation and condition of the negroes who were removed from Alabama and Georgia last winter, has returned. He said there were 800 negroes in the colony walled in and closely guarded. Fully 50 per cent, are suffering from a discusse resembling malaria, from which a large number have died. The doctor says the colony company is developing 52,000 acres of agricultural land and overworking the negroes. As the latter are citizens of the United States, the attention of the de-partment of state at Washington will be called to the condition of affairs at the colony and an official investigation re-

quested. Not a Man Applied for Work.

CLEVELAND, July 9.—About 1,500 strik-ing workmen were gathered about the American Wire company's works yester-day. The company had placed notices that the plant would be started. A large detail of police was on hand, but there was no trouble of any kind. Not a man applied for work, and the starting of the works was postponed for the time being. No attempt was made to resume work at the Banckes wire nail or H. P. Nail com-pany's works. Nearly 5,000 men are idle on account of the strike.

Canadian Cabinet Crisis Imminent. MONTHEAL, July 9.-It is stated freely MONTREAD, July 16.—It is stated freely today, by members of parliament who know, that the dissolution of the Dominion parliament is near at hand. The French members have for some days been ready with a vote of censure of the government for their inaction in regard port it. MacKenzie Bowell is to resign shortly and Hon. John Haggart, minister coming premier.

Wholesale Jail Delivery. ASHEVILLE, N. C., July 0.-A wholesale delivery from the county jail occurred at Hendersonville during the night. The prisoners picked the locks to the cages, cut a hole through the plastering of the ceiling, then passed out through a ventilator by tying their blankets together and letting themselves down. Bloodhounds were telegraphed for, and it is thought the prisoners will soon be recaptured. Six made their escape.

Murdered by a Playmate.

Albion, Mich., July 9.—While playing ball two boys, Gustave Nauss, aged 12, and Ernest Kussroe, aged 10, became involved in a quarrel. Kussroe had a picket in his hand, which he had been using as a bat, and struck Nauss on the head with The blow ruptured one of the blood vessels at the base of the brain causing instant death.
