## Evening Herald.

PRIDAY, JULY 12, 1895.

How about the rookeries? They ought

Good houses for rent are scarce; the poor s are plentiful.

SENATOR QUAY is not a bit worried about the result. His victory is assured. Now let us have peace.

WHEN Quay commences to talk it can be accepted as a strong indication that his undertaking is a success, or about to be successful. His tongue is always silent in a crisis. Quay is now talking about the Hastings fight against him. His victory will follow.

\* AVTER considerable trouble a correct version of the Hastings-Quay fight has been properly placed before the people. They now realize that Quay has not been

'tagonizing Governor Hastings, nor his administration, nor the Governor's aspirations to become chairman of the Republican state convention, but has simply opposed a movement to make Gilkeson chairman of the Republican state committee. They have got hold of the kernel of the situation and see that it is a question of qualification as between Quay and Gilkeson and-well, we all know how the people

### MANY STRIKING WEAVERS.

Five Thousand Men and Women Out in Philadelphia.

PHILADELPHIA, July 12.-The strike of the ingrain carpet weavers assumed a more serious aspect yesterday, when the employes of thirteen additional mills went-out. The total number of idle mills is now thirty-five, and 5,000 men and women are out. Further reinforcements are expected before night, and the indications are that the struggle for and against the new schedule of wages will be fought stubbornly by both sides. Five mills capitu-lated yesterday and signed the new schedale, but these were small firms who have been paying nearly the same rates as those demanded, so their action does not materially affect the issue.

The streets in the mill district crowded all day, but there was no disorder. A special detail of police was stationed at the mill of C. H. Masland & Co., at Allegheny avenue and Amber atreet, which was running on full time. This mill is said to hold the key to the situation, because the style of looms used there permits of cheaper work. The greatest pressure was brought to bear on the employes to go on strike, and a meeting was held by them, but no decision was reached. Over 200 strikers attempted to enter the mill at noon, but were kept back by the police. They then crossed the street and waved to the workers in the mill to come out, but the majority of them remained indoors, even during the dinner hour.

Both sides are confident of success. The manufacturers affirm that it is impossible to concede the demands at this time because of the condition of trade, and de-clare that they will shut down rather than submit. On the other hand, the strikers say that they will win because this is not a strike of a labor organization, but of individual mills banded together by a com-

CANADA'S SCHOOL CONTROVERSY Only One of the French-Canadian Minis-

ters Has Resigned. OTTAWA, Ont., July 12.-The government yesterday afternoon made its promised announcement of policy in the matter of Manitoba schools. It is a reaffirmation of its first stand-to not bring in a bill re-establishing separate schools in Manitoba until the next session, in January, and after consultation has been had with the Manitoba government. As a result of this determination, Hon. A. R. Angers, minister of agriculture, a French-

Canadian, has resigned.

The rumors that Mesers, Ouimet and Caron, the other French-Canadian ministers, had tendered their resignations, were, however, shown to be unfounded. They had, they declared, remained away from the sittings of parliament until they were assured that such a bill would ultimately be brought in. They both made speeches saying that they had not resigned, and that they were fully in accord with their English colleagues.

Hon. Mr. Laurier, leader of the Liberals, yesterday noon moved to adjourn the house of commons as a vote of want of confidence, and a debate began which will last some days. There is thought to be little prospect of the government being defeated, as all the French Conservatives. with three or four exceptions, are content with the government's action.

Railroad men are exceedingly busy nowadays, freight and passenger traffic having greatly increased.

The Wooten engines in use on the P. & R. are considered by experts to be among the best in the country.

Luke' soothing syrup forc ross babies.

## REMARKABLE GROWTH.

How Christian Endeavor Societies Have Increased in a Year.

CHEERING RELIGIOUS STATISTICS.

Nearly Eight Thousand New Societies Organized and Nearly Every Country on Earth Represented-A Total Membership of 7,473,740.

Boston, July 12.—All Boston has sounded with the enthusiasm of the great army of young Christians now within her gates. The splendid welcome that was officially extended to the 53,000 delegates to the grand Christian Endeavor convention has gladdened their hearts, and three magnificent divisions of the multitude praised god in song and prayer. Even the immensity of the enthusiasm that prevailed yesterday at the mammoth meetings in Mechanics' half, and the two great tents, Williston and Endeavor, was exceeded last night by yet more mammoth gatherings at the same places.

Every address delivered last evening was of importance and interest. At the Mechanics' building Rev. Francis E. Clark,

REV. FRANCIS CLARK.

D. D., of Boston, founder and president of the society, delivered his annual ad-The address was also read in tent Williston by Rev. H. T. McEwen, Ph. D. of New York, and in tent Endeavor by Professor James Lewis Howe, of Lexington, Ky. Thus it was heard by 20,000 peo-ple, for in each of the tents the Endeavorers were 10,000 strong, and at Mechanics' building were gathered 9,000 more.

The story it contained was a story of success that exceeded hopes almost audacious in their extent, and it evoked the utmost enthusiasm, which was expressed in such hosannas as modern Athens has

never heard before.

The meeting in tent Williston was, perhaps, the greatest of the three. The address of Rev. Russell H. Conwell drew a great crowd; an address by Rev. Teunis Hamlin, D. D., of Washington, whose subject was "Washington, '96," was a very strong effort, while Mr. W. U. Pen-nell, of Washington, spoke in tent En-

deavor on the same subject.
Addresses By Dwight F. Moody at the Mechanics' building and by John G. Wooley, the noted Chicago temperance lecturer, who spoke in tent Endeavor on the "Christian Endeavor vs. the Saloon," were also great attractions. The choruses, too, at all three meetings surpassed all that has yet been attempted in music since the meeting began. Eight hundred singers were included in that at Me-chanics' hall, and each of the tents had a

quota of not less than 600. General Secretary John Willis Baer, of Boston, presided at Mechanics' hall. General Treasurer William Shaw, of Boston, led the meeting in tent Williston and Trustee Rev. J. Z. Tyler, D. D., of Cleve-land, directed affairs in tent Endeavor.

Secretary Baer's report shows a gain of 7,750 societies for the year, the largest increase for any consecutive twelve months during the fourteen years of the body's existence. The total number of societies is 41,239, including 2,645 in the United Kingdom; Australia, 1,509; Africa, 3; China, 32; France, 64; India, 117; Japan, 59; Madagascar, 93; Mexico, 25; Turkey, 39; West India islands, 63, and so on until every country is represented save five-Italy, Russia, Iceland, Sweeden and Greece. The total membership is 2,478,740. The trustees of the United Societies for Christian Endeavor last night decided upon San Francisco as the place for hold-

ing the convention in 1897.

The denominational rallies held in the afternoon in twenty-seven churches, halls and tents were attended by thousands of delegates belonging to the twenty-seven denominations represented at the conven-tion. More than a hundred clergymen and laymen spoke at these meetings on almost as many subjects.

The principal railies were: Baptist, at tent Endeavor; Congregational, at tent Williston; Presbyterian, at Mechanics' building; Disciples of Christ, at South End Tabernacle; Cumberland Presby-terian, at Union Congregational church; Methodist Episcopal, at People's Temple; Reform church in the United State First Presbyterian church: United Brethren, at Park Street church. These meet ren, at Para Street church. These meetings were led respectively by Rev. H. C. Vedder, Chester, Pa.; Mr. W. H. Strong, Detroit; Rev. George B. Stewart, D. D., Harrisburg, Pa.; Rev. Allan B. Philpot, D. D., Philadelphia; Rev. R. W. Lewis, Meridian, Miss.; Rev. Wallace McMullen, Philadelphia; Rev. Henry T. Spangler, D. D., Collegoville, Pa.; Rev. H. F. Shute, Dayton, O.

Dayton, O. Criticising Ambassador Eustis.

LONDON, July 12 .- The Chronicle this morning has an editorial commenting upon United States Ambassador Eustis explanation of his talk with a reporter of the Paris Figaro. The Chronicle says: "If he is really laughing all we can say is that he is the only person to whom the incident presents itself as a subject for merriment. We need hardly say that it would be im-possible for him to admit that he expressed such an opinion and retain his post. We readily believe Mr. Eustis, of course, when he denies the remark attributed to him about Canada." The Chronicle's editorial concludes that M. Routier is evidently a gentleman of considerable astuteness, that is more than any one can say of Mr. Eustls. The Morning has an article in a similar strain.

Moore Gets Five and a Half Years. NEW YORK, July 12.-Albert S. Moore, the defaulting treasurer of the East River Silk company, was yesterday sentenced to five years and six months in the state prison on one indictment for forgery in the second degree. He had pleaded guilty to nine indictments. The sentences under eight indictments were suspended.

Cures the Tobacco IN 4 TO 10 DAYS OR MONEY REFUNDED.

Use All The Tobacco You Want Till Your "Carving," is Gone.

NARCOTI-CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI-CURE is sold at the uniform price of \$5.00 a bottle, and one bottle cures. Money refunded if a cure is not effected when taken according

to directions.

Springfield, Mass.

Gentlemen:—Replying to yours of the 1st, would say that I have used tobacco for 65 years, and of late have consumed a 10-cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only II years old, and have never been able to give up the habit until I took Narcott-Cure, although I have tried other so-called remedies without effect. After using your remedy four days, all "hankering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bad effects, whatever. I am gaining in flesh, and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say, use Narcott-Cure.

Yours truly, W. N. WAITE. Springfield, Mass.
